Dear Supervisor:

1. The class "Guidance of Children on The Elementary School Level" will visit in the different grades tomorrow. Each of you will have four visitors at the 10:00 a.m. hour. These people are to observe children and anything you or your student teachers are doing with the children will be acceptable for them to observe. They are to accompany the children to the play ground to observe their activities there. *Mr. Duncan will check the class role.*
2. I will be in Olathe all day tomorrow. I will probably not be back in time to attend the education dinner as we do not leave there until 3:30. The high school is holding a career clinic.

Dear Parents:

Mr. Mumaw, Head of the Music Department of the College, tells me that he is planning to start some new classes in orchestral instruments. We are anxious that every child have an opportunity to learn to play an instrument of some kind. If you would like your child to have the opportunity which is offered free of charge by the Music Department, please plan to see me sometime during the week of February 20. This class meets at 8:00 a.m. Tuesday and Thursday. We feel this is a real opportunity for the children. If you wish to rent an instrument you may do so for \$3.00 per semester.

Sincerely,

WATCHING FOR OLD SANTA—The spirit of the Christmas season is demonstrated by Sharon Priscilla Hooper, above, as she peers eagerly up the fireplace chimney for a first glance of old Santa. It is a scene that will be repeated over and over as youngsters wait for the crack of dawn Sunday morning. Sharon, 5-year old Horace Mann kindergartener, is the daughter of Mr. and Mrs. Milton S. Hooper, 112 West Billings.

Dear Parents:

This letter contains three important announcements:

1. The second grade children under the direction of Miss Carnagey and student teachers will present the January assembly program Friday, January 20, 11:00 a.m. in the Horace Mann Auditorium. The theme of the program is "The Eskimo Land". We hope you will plan to spend the hour with us. You are cordially invited.
2. You have no doubt been reading in the paper concerning the "Tide of Toys" TOT in which the school children in Pittsburg are participating. Each child is to contribute one good usable toy which will be sent to the children of Western Europe. This toy must be in good condition and will be a gift from your child to some child in Western Europe. This is a nation-wide campaign in which Pittsburg is assisting. The toys must be in the Horace Mann Laboratory School by Thursday noon as they will be collected Friday morning at 9:00 a.m.
3. We are sending with your child a carton for the March of dimes contribution. If you wish your child to contribute one or more dimes, please place them in the carton and return to the supervisor by Friday morning.

Sincerely,

Chen Hwa Tai Is Assembly Speaker

The theme of International relations and world understanding through culture was stressed by Prof. Chen Hwa Tai at the College assembly last Thursday. Two films on China were shown by Mr. Tai who acted as the commentator on the silent version of the motion picture, "China's Gift to the West."

Our visiting professors, Mr. Tai, and R. W. Wright, from Saskatchewan, Canada, as well as the foreign students in residence on the campus were introduced by President Hughes.

These included Elaine Duarte, from Hawaii, who led the devotions, and Hadine Inamine; Abdal-Rahmanan from Iran; William Allen and Carl Schecker of the Canal Zone; and William Blain from Winnipeg, Manitoba, Canada.

Babcock—Scifers Wed

In a ceremony performed December 28, Joan Babcock, daughter of Mr. and Mrs. Vernon E. Babcock, became the bride of Bob L. Scifers, son of Millard J. Scifers. Rev. W. Wallace Faris of the First Presbyterian church performed the double ring service in the First Methodist church.

Miss Margaret Ann Tinder was maid of honor. The best man was Robert Southard. Robert Barbero and Carl Jackson, jr., served as ushers.

Following the ceremony, a reception was held in the church parlor. Mrs. Carl Oehme and Miss Thelma Carnagey presided at the reception table.

Mr. Scifers is attending the air force aero-mechanics school at Wichita Falls, Texas. Mrs. Scifers is attending the College where she is a member of Alpha Sigma Alpha, Kappa Phi, and the Home Economics Club.

All School Carnival To Be Held Feb. 8

Campus Groups Invited To Have Concessions

An all-school carnival sponsored by the Women's Recreation Association and Delta Psi Kappa, will be held February 8, at 7:00 p.m. in the College gymnasium.

Any organization on the campus is invited to maintain a concession. A certain amount will be allotted to the group for expenses. The money taken in over the amount for expenses will be divided between the group and Delta Psi Kappa.

Any organization interested should contact Sue Grant or Miss Hazel Cave women's physical education office.

Handel's 'Messiah' To Be Presented

Handel's "Messiah", one of the greatest oratorios, will be presented on Sunday, March 12, with chorus, orchestra, and soloists, according to Prof. Otis J. Mumaw, head of the music department.

The College is presenting a series of oratorios in that they are presenting a different one each year, Professor Mumaw said. Brahms' "Requiem" and Rossini's "Stabat Mater" have been presented the past two years.

The chorus will be composed of college students, faculty members, and residents of this community. Rehearsals are held each Monday night in Music Hall at 7 o'clock.

Mr. and Mrs. Ivan Fugate, above, were united in marriage at an impressive double ring, candle light ceremony Dec. 20, in the First Methodist Church. Mrs. Fugate is the former Louise Burcham, a student of the College, member of Alpha Sigma Alpha sorority, and daughter of Mr. and Mrs. J. L. Burcham. Mr. Fugate is the son of Mr. and Mrs. H. D. Fugate. Following a short honeymoon the couple will be at home in Denver where Mr. Fugate is attending the law school of Denver University. Mrs. Fugate also will be attending school.

Seen above cutting the traditional wedding cake during the reception which followed their marriage Sunday afternoon are Mr. and Mrs. George L. Weiss, Jr. Theirs was a double ring ceremony performed Sunday afternoon, Dec. 18, in the First Presbyterian Church by Rev. W. Wallace Farris. The bride is the former Patricia Joy Sharp. Both are attending the College where Mrs. Weiss is a member of the Sigma Sigma Sigma social sorority. Mr. Weiss is a member of the Kappa Delta Kappa social fraternity.

Sharp-Weiss

Patricia Joy Sharp, daughter of Mr. and Mrs. F. S. Sharp, R.R.4, was given in marriage by her father, December 18, to George L. Weiss, jr., son of Mr. and Mrs. G. L. Weiss, sr., of Baxter Springs, in the First Presbyterian church. Rev. W. Wallace Faris read the double ring service.

A prelude of wedding music and the traditional wedding marches were played by the organist, Eugenia Johnson. Carole Didier sang the Sigma Sigma Sigma sorority sweetheart song, "I Love Thee", and "You Were Meant for Me".

The bride wore a ballerina length gown of champagne lace with pink and dark brown accessories, and carried yellow roses. Serving as best man for the groom was Harold Cook of Baxter Springs. Lee Roy Gregory and Robert Nichols, Baxter Springs, were the ushers.

Following the ceremony, a reception was held in the Swedish room of the Hotel Besse. Mrs. Ila Sharp, grandmother of the bride, was in charge of the guest book. Serving at the table were Thelma Weiss and Mrs. Mary Rosal, aunts of the bridegroom.

Both the bride and groom are students at the College. Mrs. Weiss is a member of Sigma Sigma Sigma sorority and Mr. Weiss is a member of Kappa Delta Kappa fraternity. They are at home at 615½ South Broadway.

Vets Must Start Schooling By 1951

Under the present law, World War II Veterans who intend to enroll for training or education on the GI Bill of Rights must do so before July 25, 1951. The only exceptions to this law, are those veterans who voluntarily enlisted and were discharged after July 25, 1947. These veterans have four years from the date of discharge to begin their training. The deadline for disabled veterans to complete their training is July 25, 1956.

Little But Mighty

Applying proof positive to the old saying that the best things come in small packages might well be true in this case. Joan Hughes, president of Alpha Sigma Alpha, measures up to four feet, eleven inches and weighs all of 85 pounds.

In addition to being an Alpha officer, Joan is the UNESCO representative from the biology department and a member of the Pan Hellenic Council. She recently received an invitation to join Kappa

Delta Pi, honorary scholastic fraternity. Joan was selected for the 1949-50 Who's Who among Students in American Universities and Colleges.

A biology major and chemistry minor at the College twenty year old Joan plans to become a laboratory technician following graduation next June.

A Pittsburg resident, Joan graduated from Pittsburg high school and has received all of her college semesters here.

Will Accept Bids For New High School Building

Work On Structure Of Modern Design To Begin During Late Spring

Contractors wishing to bid on the new training high school to be erected on the campus should place their bids with the state business manager in Topeka by Jan. 25, President Rees H. Hughes announced today.

Drawings for the structure may be viewed in the office of the state architect in Topeka or at the College, President Hughes said. The building, funds of which were voted in the last session of the legislature, is to be erected at an estimated cost of \$550,000. The school is expected to be one of the most modern of its kind in the state.

Plans call for modern styled, L-shaped structure, faced with brick and stone and trimmed with glass brick on the exterior and interior. Work on the building is expected to be under way by late spring, President Hughes added.

Bids on the new student union building to be constructed on the campus oval, are also expected to be opened in about thirty days, President Hughes stated.

Plan Activities For Religious Emphasis Week

Outstanding Leaders Will Appear On Annual Program

Plans for Religious Emphasis Week which begins Feb. 19, are being formulated, according to Charles Rinkel, who is general student chairman. Dr. Eugene Dawson is general faculty sponsor.

The program this year aims once more at the goal of giving each student on the campus the opportunity to hear, meet, and talk with outstanding religious leaders, the sponsors say.

The Reverend William Ferre, S. M., from the University of Dayton, and Rev. Herbert Hertel of the parish in Iola will be brought to the College by the Newman club.

Under the sponsorship of the YMCA and the YWCA will come Bishop Gerald Kennedy of Oregon, author and lecturer; Prentice Penberton, director of the Student Christian Movement in New England; and Genevieve Fowle, graduate of Bucknell University and the Danforth representative on the Kansas State College campus at Manhattan.

Committee heads and their advisors are: book exhibits, Virginia England and Miss Mary Sherfy; classroom appointments, Harriet Sloan; finance and arrangements, Gene Johnson and Prof. Bert Keeney; hospitality, Dick Slinkman and Prof. W. S. Davidson; organized houses, Jo Ann Sell and Don Overman; personal conferences, Barbara Weaver and Miss Flora Holroyd; program, Marilyn Mosier and Miss Hulda Berg; publicity, Carol Burke and Prof. George Ruggles; seminar, Arlene Bates and Miss E. H. Vincent; worship and spiritual resources, Russell Pegram and Miss Hortense Smith.

All School Carnival Will Be Held Soon

Tickets For Event On Sale In Women's Gym

An all-school carnival, sponsored by the Women's Recreation Association and Delta Psi Kappa, will be held February 9 at 7 p.m. in the College gymnasium.

Advance tickets are now on sale for twenty-five cents in the women's gym and from all organizations participating. These tickets will be good for five concessions as well as for a door prize that will be given at the carnival. Only persons holding advance tickets will be eligible to receive the door prize.

Any organization on the campus is invited to maintain a concession. A certain amount will be allotted to the group for expenses. The money taken in over this amount will be divided between the group and the sponsoring organizations. A few of the concessions to be represented are bingo, cake-walk, penny toss, ring toss, fish pond and a freak show.

Any organization interested in having a concession should contact Sue Grant or Hazel Cave in the women's physical education office.

Horace Mann Class Visits Kansas City

Fourth Graders Tour Places of Interest

The fourth grade class of the Horace Mann school went to Kansas City, Mo., this morning to visit several places of interest in the city.

While in Kansas City the group will visit the Union Station, the Nelson Art gallery, the General Motors plant, the Kansas City Star plant and the Swope park zoo.

Twenty-seven pupils of the class left Pittsburg this morning at 7:45 aboard a Kansas City Southern train. They were accompanied by their supervisor, Mrs. Perva Hughes, and the following student teachers: Miss Grace Hilkey, Mrs. Helen Hill, Mrs. Clara Thielen, Miss LeEtta Schmilke and R. D. Klink.

The group will eat a picnic lunch at Swope park. They will leave Kansas City this afternoon at 4:00 p.m. and will arrive at Pittsburg at 6:15.

According to Mrs. Hughes this trip is an outgrowth of interest which had its beginning when the group went through the Kansas City Southern locomotive, "The Southern Belle," when it was on display in Pittsburg this last spring. Since that time the pupils have been studying about the railroad and making plans for this trip which is a climax to their work.

This trip, which is the first for many of the pupils, will provide an experience in railroading for all the pupils. They will visit the train from the locomotive to the observation car. They will be provided the opportunity of eating in the diner and of seeing how the Pullman car is made up.

All arrangements for transportation, including bus transportation to all the places of interest in Kansas City, were made by the Kansas City Southern railway lines.

Matter Honored; At Work Soon

W. E. Matter, principal of College high school, has been appointed to serve as a member of the reviewing committee of the commission on secondary schools, of the North Central Association.

Mr. Matter will assist in reviewing reports of schools for membership in the association. He will attend a meeting of the association March 20, in Chicago.

Ill in Mt. Carmel hospital during the holidays, Mr. Matter is reported to be convalescing rapidly and is expected to be back at work soon.

ANNOUNCEMENTS

Council of Administration Membership Cards are on sale in the office of the Executive Secretary, 315 West Tenth Street, Topeka. Orders for these cards should be accompanied by the membership fee of \$3.00 for each card.

No single admission tickets will be sold but passes will be available for wives of Council of Administration members, and members of boards of education. All members of the teaching profession who attend are expected to be members of the Council of Administration.

The Friday evening general session, where Governor Luther W. Youngdahl will speak, will have a section open to the public without charge or required pass. This section will be separate from that occupied by members of the Council of Administration.

For the convenience of those who do not purchase their membership cards in advance, an enrollment table will be maintained in the lobby of the Kansan Hotel, Thursday evening beginning at 5:00 o'clock and Friday morning from 7:30 to 9:00. Administrators are urged to take advantage of this opportunity to purchase enrollment cards before going to the first general session. However, enrollment cards will be on sale at the High School on Friday morning and at the Municipal Auditorium on Friday evening.

The general session programs will begin promptly at the hours indicated. The officers urge you to make an effort to be in your seat before the program opens.

Council of Administration membership cards are not required for attendance at affiliated meetings.

New Graduate Course Offered for August ⁷⁻²⁸⁻⁴⁹

A new graduate course in education, State and National Organization and Administration 380, has been added to the list of subjects offered for the August session.

The new class, offered in response to the demand for a graduate level course in education suitable for majors of various departments, will be taught by Pro. C. W. Street and may be taken for two or four hours of credit.

AN ALUMNAE OF PITT STATE! ²⁻⁸⁻⁵⁰ Graduate Of Pitt State Reaches Top As Writer

With a record of sixteen literary successes to her credit and a seventeenth ready to go to press, an alumna of the College, Anne Tetlock Brooks, who was in Pittsburg visiting relatives during the holidays, has come a long way since she first began her writing as the author of children's stories.

Mrs. Brooks and her husband, Mark Brooks, also a Pittsburg College

writer in 1937 with juvenile fiction. The same year, she began writing syndicated material for the Chicago Daily News and the Philadelphia Ledger. In a short time, she was writing adult novels which were published with remarkable success.

One of her more recent novels is "Smoke on the River", a story of old St. Louis. It is a story with a historical background and required more than two years of research work. She prefers writing novels with a historical theme.

"It seems more worthwhile, and at the time, more interesting to me," she explains.

This novel, while still in manuscript form, was given a national literary award for the best unpublished novel by the National League of American Pen Women in 1946.

Several of Mrs. Brooks' novels are in the Pittsburg City Library, most of them written under her own name, Anne Tetlock Brooks, but some have been published under the names "Anne Carter" and "Cynthia Milburn", both old family names.

One of her stories, "Prudent Angel" ran recently in the Kansas City Star under the name "Anne Carter". Another book, "The Enchanted Year", has been purchased by the Star, but has not yet been published.

Her latest novel, now on the press, is titled, "Singing Fiddles", and is a story of the Oregon timber country. Mr. and Mrs. Brooks moved to Newport, Oregon in 1946, and since that time, most of her work has had an Oregon locale.

A niece of Mrs. Brooks, Dawn Tetlock, is a student in College High, and another niece, Diantha Tetlock, is a fifth grade student in the Horace Mann Laboratory School.

graduate, visited her sister, Mrs. E. L. Cline, 410 Winwood, and her brother, D. M. Tetlock and Mrs. Tetlock, 203 E. Ford.

Anne Brooks was born in Columbus, Kansas, and educated in the public schools there. After graduating from the high school in Columbus she enrolled in the College here, majoring in English, and graduating with the class of 1927.

Mrs. Brooks became a commercial

Three Films Shown At Horace Mann ⁷⁻¹³⁻⁴⁹

Three technicolor films on the subject of "How to Teach the Use of the Library to Students" were shown in the Horace Mann auditorium this morning and yesterday morning in connection with the work being done by students enrolled in library administration work this summer.

The films shown were "Know Your Library," "How to Study" and "Find the Information."

Friday, February 10, 1950.

Dr. Carroll to Denver.

Dr. Jane Carroll, professor of education and director of elementary education at the College went to Denver today to attend national meetings of the Association for Student Teaching and the Association for Supervision & Curriculum Development. Dr. Carroll is regional director of the latter organization for Kansas, Nebraska and Missouri. She will attend two executive board meetings in addition to regular sessions of the two organizations starting tomorrow and running through Thursday.

Fleischaker Entertains ⁷⁻²⁷⁻⁴⁹

Miss Ruth Fleischaker, assistant professor in the education and psychology department, entertained with a dinner party July 14 in honor of Dr. and Mrs. Richard S. Dabney. Other guests were Pres. and Mrs. Rees H. Hughes, Dr. and Mrs. Paul Murphy, Dr. Eugene Dawson, Dr. Helen Schuyler, Prof. and Mrs. Ross Lamoreaux, Mr. and Mrs. Clyde R. Baird, Robert Peters, Logan Duncan, Dr. Jane Carroll, Mrs. Perva Hughes, Mrs. Ethel Peck, Mr. and Mrs. Joe Nichols and Mrs. Hazel Meek.

Dr. Dabney is director of special education in Jefferson City, Mo. Mrs. Dabney is principal of the R.J. Delano school for crippled children in Kansas City, Mo.

Dr. and Mrs. Dabney were on the campus July 15 to lecture and present demonstrations of work done by exceptional children in the Delano school. In explaining the term "exceptional children" to the various classes in education, Dr. Dabney said that the term refers to handicapped children such as the deaf, blind, mentally deficient or retarded, or those who are speech defectives.

Dear Supervisor:

As you know, Mr. Kelley of Wichita was on the campus yesterday. He was pleased with the degree persons with whom he talked and told me that on his next visit, which will be some time during the week of March 6, he would like to interview students with sixty hours or more who would like to be placed in Wichita. They are in dire need of teachers and are taking a few persons without degrees. I think the same thing will be true in Manhattan. Please list the names, addresses, both here and home, of persons who would be interested in talking with Mr. Kelley. Will you please send this list to me not later than Wednesday, March 1. I should like to have it ready for Mr. Kelley and other superintendents who will be visiting us at different times this spring. I should like your rating on the persons as far as you can give at this time. I should like, also, to include in the list other persons on the campus who have taken work with you before this semester.

Sincerely,

Jane M. Carroll

HORACE MANN LABORATORY SCHOOL
KANSAS STATE TEACHERS COLLEGE
PITTSBURG, KANSAS
February 24, 1950

Dear Parents:

It is time to renew the Horace Mann membership in Junior Red Cross. As you know the Junior Red Cross is a very worthwhile organization and we feel that our children profit greatly from being members. If you wish your child to join the organization, please have him bring money to give to the supervisor by Friday, February 24. Any contribution is acceptable from a penny to \$1.00.

Sincerely,

Jane M. Carroll
Professor of Education
Director of Laboratory School

Friday: Miss Whitaker, Feb. 10, March 3, 24
 Miss Abbey, Feb. 17, March 10, 31
 Miss Towson, Feb. 24, March 17, April 7

At any time that circumstances make it necessary to use the auditorium during the physical education period for some other purpose, please notify Miss Cave as early as possible so that she may make the necessary adjustment of schedule.

II. Spring program - as soon as practices start for the spring program they will take precedence over the above schedule.

III. Room Supervisors please feel free to speak to Miss Cave about any procedure being followed by student teachers which is unsatisfactory. With three grades carrying on activity simultaneously it is impossible to locate all difficulties arising.

IV. If any student has cleared with room supervisor for a legitimate excuse from participating in activity, it will be appreciated if the room supervisor will inform the student physical education teacher. In case of injury to any student during the physical education period, the student teachers have been asked to notify Miss Cave who will clear with Dr. Carroll.

V. If any group of children are to be taken to chapel, for a field trip, or otherwise diverted from physical education period, it will be greatly appreciated if Miss Cave may be notified ahead of time so that she may instruct her student teachers accordingly.

SUGGESTIONS FOR WRITING LETTERS TO PARENTS

- I. Begin the letter with encouraging news.
- II. Close with an attitude of optimism.
- III. Solicit the parents' co-operation in solving the problems if any exist.
- IV. Speak of the child's growth-social, physical and academic.
 - A. Social (Citizenship traits)
 1. Describe traits: Attention, attitude toward school, care of property, co-operation, honesty, effort, fair play, neatness, truthfulness, obedience, promptness, reliability, self-control, self-reliance, concentration, courtesy and consideration, thrift, patience, appreciation, kindness, sympathy, orderliness, interest in associates, discrimination, politeness, respect for the rights of others.
 2. Undesirable traits: Selfishness, wastefulness, dishonesty, spitefulness, slow to respond, imprudence, carelessness, untidiness, rudeness, noisiness, insolence, cheating, courtesy, tattling, snobbishness, conceit, impatience, stealing.
 - B. Academic
 1. Interests: (a) In school activities; (b) In extra-school activities.
 2. Methods of work: (a) methods of attack; (b) purposing; (c) planning; (d) executing; (e) judging; (f) consistency in finishing work.
 3. Achievements: (a) growth in knowledge, appreciation, techniques; (b) list subjects in which the child is making progress and those in which he is not making progress; (c) Relationship of his accepted standards of his capacities.
- V. Compare the child's effort with his own previous efforts and not those of others.
- VI. Speak of his achievements in terms of his ability to do school work.
- VII. Remember it is our professional duty to know the reason why if the child is not making what, for him is normal progress. (Some suggestive reasons for lack of progress-late entry; absence; lack of application; health defects such as hearing, sight, under-nourishment.)

Dear Supervisor:

1. This is a reminder that Mr. Caldwell will send his Audie-Visual class here Friday, April 28, 10:00 a.m. in grades 4, 5, and 6 and 10:30 a.m. in grade 3. He is very pleased to have his class observe the work and will see that the black shades are up and provide any other equipment you need.

2. You who have men teachers, please talk with them concerning the smoking of cigarettes and ask them if they will refrain from smoking when with the children. Also, ask them to be careful as to where they throw their cigarettes. Yesterday one was thrown close to one of the evergreen trees and the grass and the tree were burned to some extent. It might have caused a fire here on the school grounds and in the school building. I am sure they will be glad to cooperate.

Dear Silver Stake Faculty Member:

On Apple Day you will be presented a sterling silver pin in honor of your twenty-five or more years of service for K.S.T.C. An Apple Girl will escort you to the stage to receive this. There will be no speaking and the pin will be handed you with your apple.

Please indicate below whether we can depend upon you to sit with the honor guests and be ready to receive this pin. If in any way embarrasses you to have attention called to this Silver Stake honor, we need to know that you will not be available. Please sign the following form and return to the Chairman of this part of the Apple Day performance.

Announce Engagemen

The engagement of Miss Joan E. Hughes, above, to Donald C. Lynn was announced this week by her mother, Mrs. Perva Hughes who holds a position on the College faculty. Mr. Lynn is the son of Mr. and Mrs. Vern Lynn, 121 West Billings. The wedding will take place June 16 in Saint Peter's Episcopal Church, Pittsburg.

Miss Hughes will graduate in June with a Bachelor of Arts Degree. She is a Biology major and a member of the Biology Club. Joan is acting president of Alpha Sigma Alpha social sorority, a member of Canterbury Club, Kappa Delta Pi, and Panhellenic Council. Joan also was elected to Who's Who Among College Students.

Don is a graduate of the College where he was a commerce major. Don is now Territorial Representative for Weber Costello Supply Company of Chicago Heights, Ill.

Dear Supervisor:

1. I believe the Apple Day Program will be of interest to all of our children. I would suggest that you take the children over early in order to secure good seats in the balcony as I imagine the auditorium will be well filled.

2. Bill Stephens has sent tickets for each of us for the operetta which they are giving March 23 and 24. It looks familiar, doesn't it? As most of you know it is planned after the operetta we gave last year. I was told by one of the music supervisors in the Pittsburg Public Schools that a similar operetta will be given this year by the Pittsburg school children.

3. I will be ⁱⁿ Wichita Monday and Tuesday, March 27 and 28, attending the Aviation Education Conference. I am going at the suggestion of President Hughes.

4. The First Grade program will be presented Wednesday, April 5, 11:00 a.m.

5. The date for the Elementary Education dinner will need to be changed. The date will be sent to you later.

SONGS FOR THE F.T.A. BANQUET

MY WILD IRISH ROSE

My wild Irish Rose
The sweetest flower that grows,
You may search everywhere
But none can compare
With my wild Irish Rose.

My wild Irish Rose,
The dearest flower that blows,
And someday for my sake
She may let me take
The bloom from
My wild Irish Rose.

WHEN IRISH EYES ARE SMILING

When Irish eyes are smiling
Sure, it's like a morn in spring;
In the lilt of Irish laughter
You can hear the angels sing.

When Irish hearts are happy
All the world is bright and gay,
And when Irish eyes are smiling
Sure, they steal your heart away.

HOME ON THE RANGE

O give me a home
Where the buffalo roam,
Where the deer and the antelope play;
Where seldom is heard, a discouraging word,
And the skies are not cloudy all day.

Home, home on the range,
Where the deer and the antelope play,
Where seldom is heard
A discouraging word,
And the skies are not cloudy all day.

TUNE: ROAMING IN THE MORNING

1. Yawning in the morning,
When the first alarm is rung,
Yawning in the morning
When the day is just begun;
When you are fully dressed
And you think you look your best
O it's awful, yawning in the morning.
2. Yawning in the morning
When the big Ben gives its roar,
You've only had two hours of sleep
And you would like some more;
How you wish you'd gone to bed
When the sun was setting red,
Then you'd not be
Yawning in the morning.

Dear Supervisor:

1. Please read the rules for the 1950 Chamber of Commerce Clean-up Contest to your children and note when you are to send in reports to me.
2. Please schedule all extra curricular activities such as the taking of pictures by the Audio-Visual Department, speakers brought in, etc. in my office before the activity takes place.
3. While I was on the Cedar Falls, Iowa Campus, I visited with Lucile Anderson. She sent her love to all of you. Since Waverly, Iowa, is only fifteen miles from Cedar Falls, Lucile, her sister, her mother and I drove to see Avis Grawe. Avis was asleep and the nurse did not think it wise to waken her as she is very ill. I left a pot of tulips for her and a note telling her that we were all thinking of her and wishing her well. I received a letter from her sister today. Please read it, check and pass on when you receive it.

Rules for 1950 Chamber of Commerce Clean-up Contest
Sponsored by Civic Affairs Committee

1. Eligibility - All pupils from first to sixth grade, inclusive.
2. Prizes - Free theatre tickets from Tom Steele and Fox Midwest Theatres to all eligible grade students who submit letters.
 - a. Cash building prizes or \$1.00 for the boy and girl in each school showing the best effort in their school in the clean up.
 - b. Grand Awards - Two bicycles - a boy's and a girl's - for the best showing in the clean up effort from among the eighteen building winners, one boy and one girl from each building. In addition, the committee has decided to offer second place awards of \$5.00 each to the runners up in the citywide contest. These will be selected from the eighteen building winners.
3. Rules - Starting Saturday, April 15, and ending Friday, April 21, pupils competing for the prizes should make a clean up effort around their homes and neighborhood. After the work is finished, the pupil should write a brief essay telling what he or she has done toward cleaning up the city this spring. This letter, signed by the pupil's name and countersigned by one or both of the parents, should be turned in to the pupil's room teacher before the close of school on Friday, April 21.

Each teacher should list the names of the entrants in her room, and take this list, together with the letters, to the principal of each school, who will make arrangements to select the boy and girl winners at that school for the two \$1.00 prizes offered by the Chamber of Commerce. The decision should be made on the best effort in the clean up and not on the merits of the essay. The essay is only the signed statement of what has been done by the pupil. So each of the nine schools will have one boy and one girl in the final contest for the city championship, the two \$5.00 awards and the two bicycles.

The principals will send the names of the two school winners and their essays to the Chamber of Commerce Civic Affairs Committee, c/o Chamber of Commerce, not later than Tuesday, April 25, at 5 p. m. A report on the number of entries at each school should be made at the same time, so arrangements can be made to furnish the schools with the theatre tickets.

The Civic Affairs Committee members will select the two grand prize winners for the 1950 city clean up championship, and also the runners up for the \$5.00 prizes. The grand prizes will be presented to the four winners as soon after the selection as possible, probably on Thursday, April 27.

Remember, the essays must be in the hands of the teachers by the close of school on Friday, April 21, to be considered and the school principals should see that the names of the winners from each school, their essays and the number of entries from each school reach the Chamber of Commerce by 5 p. m. on Tuesday, April 25. The cash prizes and theatre tickets will be sent to each principal for distribution to contestants on the list furnished by the teachers.

We thank each of you for your cooperation in the clean up campaign.

Dear Supervisor:

1. The Children's Literature class will tell stories to children at 11:00 a.m., 12:30 noon hour, and 3:00 p.m. each day.

These periods will be not longer than one-half hour in length. We have a schedule made out which Mr. Duncan will give to you. Mr. Duncan will be at each of these story hour periods.

The schedule is as follows:

11:00 a.m., Library, the grade scheduled is to appear on the day scheduled, if this is convenient with you and your plans.

12:30, noon hour, Library, Kindergarten-Primary children; Music Room, Intermediate Grades.

3:00 to 3:30 p.m. for Grades 3, 4, 5, and 6.

You may bring your children as scheduled if you wish. If you do not wish to attend the hour scheduled, please talk with Mr. Duncan.

2. Mr. Keeney has brought to my attention the painter who is to be on our campus April 24 and 25, Monday and Tuesday. He would particularly like the children of Grades 3, 4, 5 and 6 to attend the 2:00 p.m. lecture, Tuesday, April 25, "Master Pieces Which Impressed Me." Films will be shown.

If you wish to take the children any other period where Mr. Wilke will speak or paint, please talk with Mr. Keeney.

3. I will be in Leavenworth, Kansas, Sunday, Monday and Tuesday, April 23, 24, and 25 assisting Dr. Harl Douglass from the University of Colorado in making a survey of the Instructional Program of the Leavenworth City Schools. I can be reached through the Superintendent of City Schools.

PITTSBURG'S NEW CLEAN UP CHAMPIONS—Walter Webb, at left above, and Kay Shackelton, at right, are above as they received new bicycles this morning as 1950 champions in the fourth annual Chamber of Commerce clean up contest. The contest drew 742 grade entrants from the nine city grade schools. Young Webb, son of Mrs. Simeon Webb, is a fifth grader at Horace Mann school. Miss Shackelton is a sixth grader at Lakeside. The new bicycles were presented in special assemblies at both schools this morning and the presentations made by members of the civic affairs committee. The two were judged to have made the best clean up effort last week of the hundreds of pupils taking part in the contest.

Selected for Greatest Effort in Fourth Annual Chamber of Commerce Contest Last Week; 18 Win School Honors.

Walter Webb, fifth grader at Horace Mann training school, and Kay Shackelton, sixth grader at Lakeside, are the 1950 Pittsburg grade school clean up champions.

Announcement of the fourth annual Chamber of Commerce clean up contest winners and presentations of the grand prizes to the champs were made this morning by Louis Stroup, chairman of the chamber's civic affairs committee, which sponsored the contest last week. A record number of 742 grade pupils in the city took part in the contest this year.

Second Place Winners.

Second place winners in the city-wide competition were Harry Moore, fourth grader at Douglass, and Jacqueline Ann Cannon, fifth grader at Central.

The two champions received new bicycles as prizes at special assemblies at their schools this morning. The second prize winners will receive checks for \$5 each from the Chamber of Commerce as the city runners up.

The four major winners in the civic cooperation project were selected Wednesday by members of the civic affairs committee from among the eighteen school winners in the contest.

New Title Holders.

The Lakeside girl winner is the daughter of Mr. and Mrs. O. E. Shackelton, 1016 West Euclid. The Horace Mann championship winner is the son of Mr. and Mrs. Simeon Webb, 1910 South Broadway.

The 1950 clean up title holders succeed Elaine Simons, also of Lakeside, last year's girl winner, and Dickey Bellamy, who won the boy's title as a second grader at Central.

The eighteen school winners from the nine city grade schools were selected by teachers and the principals of each school. These eighteen were entered in the finals with the selection made by the civic affairs committee for the four top prizes.

The school winners, with the exception of the four top prize winners, will receive \$1 prizes from the Chamber of Commerce, and include:

School Winners.

Horace Mann—Young Webb, fifth grade, and Ann Farabi, fourth grade. The school had 83 contestants.

Lakeside—Robert S. Lemon, jr., sixth grade, and Miss Shackelton, sixth grade. There were 117 entrants in the contest from Lakeside.

Central—Ronald Bussey, second grade, and Miss Cannon, fifth grade. There were 44 letters entered at Central.

Lincoln—Myrna George, sixth grade, and James Lee Junet, grade not reported. Lincoln had 117 contestants this year.

Forest Park—Charles Coopridger and Jo Ann Post, grades not given. The school entered 49 letters in the contest.

Most at St. Mary's.

St. Mary's—Terry Gallagher, grade not given, and Jean Esch, sixth grade. St. Mary's had the largest number of entrants of any of the nine schools, 132 in all.

Eugene Field—John D. White and Jo Nell Doyle, grades not reported, with 125 entrants in the contest.

Douglass—Carole McAlpine, fifth grade, and young Moore, fourth grade, with 37 pupils entered.

Washington—Eddie Finley, third grade, and Doris Gilbreath, fifth grade. There were 38 contestants from Washington.

Get Show Passes.

Each of the 742 contest entrants will receive free show passes from Tom Steele, local manager for the Fox Midwest theatres. Mr. Steele made the same awards last year, when 633 pupils were entered.

The Jones store helped in providing the bicycles.

Dear _____:

The Art department of the college is holding a workshop for teachers the week of Monday, June 5. Miss Spencer is interested in having some of our children for demonstration purposes. The schedule is as follows:

Monday and Tuesday, June 5 and 6
9:00 a.m. to 10:10 a.m., Second and third grade Children
10:30 a.m. to 11:40 a.m., 5 and 6 grade children

Friday, June 9
9:00 a.m. to 10:10 a.m. fourth grade children

We are asking only a few of the children to come for these demonstrations and should like to know if we can depend upon your child to be in the Art Room, 103, Industrial Arts Building at the hours designated above. Please return the signed slip Wednesday to the Supervisor.

Sincerely,

Jane M. Carroll
Professor of Education
Director of Laboratory School

You may depend upon my child for the dates and hours scheduled above.

HELPS IN SCHOOL SURVEY.

Dr. Jane Carroll Returns From Leavenworth Assignment.

Dr. Jane Carroll, principal of Horace Mann, has returned from Leavenworth where she served with

a committee making a survey on the Leavenworth school system. The survey was made at the request of the Leavenworth superintendent, with an eye on improving the courses of study.

Serving on the committee, headed by Dr. Harl Douglas, dean of the

school of education at the University of Colorado, were representatives from Kansas State College at Manhattan, the University of Kansas, Kansas State Teachers College of Emporia and the College.

Dear Parents:

1. We wish to thank you for your very splendid cooperation in working out the Cantata and making it such a success. The mothers did a grand job with the costumes and the children in selling tickets. We do appreciate your hearty and strong cooperation.
2. Lunches will not be served Monday because the women will be preparing the lunch for our Tuesday picnic. If your child needs to eat at school, please send his lunch with him Monday. We will have a lunch room where he may eat.
3. In the European countries there is an attempt to teach English in a of the schools. They are in dire need of books. If your child has reading book or books in good condition which you would like him to send to the European children, we will be glad to receive them Monday. We have some here in the laboratory school which we will send. The cost of sending one book is 5¢. If you would like your child to contribute 5, 10, 15, 20, or 25 cents to send these books, we would be glad to have the money to help us pay the expense of the overseas charge.
4. We feel the Cantata was a great success. As you know, we will have a repeat performance Thursday, June 8. We will want the children for rehearsal on the following dates and hours:

Wednesday, June 7, 10:00 a.m. to 12:00 o'clock noon
and 1:15 p.m. to 3:00 p.m.
Thursday, June 8, 1:00 p.m. to 3:00 p.m.

We need every child to make the repeat performance a success. We hope you will see that your child comes to us for these rehearsals and for the repeat performance Thursday, June 8, 7:30 p.m.

5. Summer school for the Horace Mann children will begin Monday, June 12, 9:00 a.m. We are planning interesting activities and trips for the children this summer. We will be glad to have your child with us.
6. We thank you for your fine cooperation during this past year. We feel it has been an unusually good year for the children and hope that you feel the children have spent a profitable time with us.

Sincerely,

Jane M. Carroll

Rules for 1950 Chamber of Commerce Clean-up Contest
Sponsored by Civic Affairs Committee

1. Eligibility - All pupils from first to sixth grade, inclusive.
2. Prizes - Free theatre tickets from Tom Steele and Fox Midwest Theatres to all eligible grade students who submit letters.
 - a. Cash building prizes or \$1.00 for the boy and girl in each school showing the best effort in their school in the clean up.
 - b. Grand Awards - Two bicycles - a boy's and a girl's - for the best showing in the clean up effort from among the eighteen building winners, one boy and one girl from each building. In addition, the committee has decided to offer second place awards of \$5.00 each to the runners up in the citywide contest. These will be selected from the eighteen building winners.
3. Rules - Starting Saturday, April 15, and ending Friday, April 21, pupils competing for the prizes should make a clean up effort around their homes and neighborhood. After the work is finished, the pupil should write a brief essay telling what he or she has done toward cleaning up the city this spring. This letter, signed by the pupil's name and countersigned by one or both of the parents, should be turned in to the pupil's room teacher before the close of school on Friday, April 21.

Each teacher should list the names of the entrants in her room, and take this list, together with the letters, to the principal of each school, who will make arrangements to select the boy and girl winners at that school for the two \$1.00 prizes offered by the Chamber of Commerce. The decision should be made on the best effort in the clean up and not on the merits of the essay. The essay is only the signed statement of what has been done by the pupil. So each of the nine schools will have one boy and one girl in the final contest for the city championship, the two \$5.00 awards and the two bicycles.

The principals will send the names of the two school winners and their essays to the Chamber of Commerce Civic Affairs Committee, c/o Chamber of Commerce, not later than Tuesday, April 25, at 5 p. m. A report on the number of entries at each school should be made at the same time, so arrangements can be made to furnish the schools with the theatre tickets.

The Civic Affairs Committee members will select the two grand prize winners for the 1950 city clean up championship, and also the runners up for the \$5.00 prizes. The grand prizes will be presented to the four winners as soon after the selection as possible, probably on Thursday, April 27.

Remember, the essays must be in the hands of the teachers by the close of school on Friday, April 21, to be considered and the school principals should see that the names of the winners from each school, their essays and the number of entries from each school reach the Chamber of Commerce by 5 p. m. on Tuesday, April 25. The cash prizes and theatre tickets will be sent to each principal for distribution to contestants on the list furnished by the teachers.

We thank each of you for your cooperation in the clean up campaign.

Louis Stroup, Chairman
Chamber of Commerce Civic Affairs Committee

Dear Supervisor:

Thurs. 10 3:30 p.m.
The ticket selling contest begins Friday, May 12, 12:00 o'clock noon, and closes Thursday, May 18, 1:30 p.m. The room selling the greatest percentage of tickets will receive \$3.00; the next highest \$2.50, the next \$2.25; then in turn, \$2.00, \$1.75, \$1.50, \$1.00. This means that each room may look forward to some compensation for their efforts.

Wed. May 9
The tickets will be distributed to you Thursday or Friday morning.

Dear Supervisor:

The representative from "The Instructor" has sent some blanks asking that we give them to our student teachers to find if any of them wish to sign up for the next year. As a special inducement, they are sending a free copy of the May issue to every teacher. This May issue has for its theme "Our America". I think all that is necessary at your next meeting is to call their attention to this publication and find if they wish to sign, but of course we will not put too much pressure upon them to do so. It is up to them. The blanks are enclosed.

Dear Supervisor:

There will be an assembly program today at 2:00 p.m. in the Horace Mann auditorium. The children who have been working with musical instruments this year are presenting the program. A note will go out this noon concerning the assembly. Please have the children who are in the orchestra and program call their mothers this morning in order that they may be sure to be here.

Dear Supervisor:

1. No staff meeting tonight as I find that I am to be in Columbus for a talk.
2. If you would like to develop and demonstrate a core curriculum program, or an integrated program this summer throughout the summer session, please talk with me. I have had several inquiries as to the possibility of this being done. You do whatever you feel is best for you and your children.
3. Be sure that your requisition for equipment, supplies and anything else you wish for the coming year or summer session is in my office by Thursday of this week. I am planning to compile the orders Friday and Saturday.

Dear Supervisor:

I should like the name of all the children who will participate in the Horace Mann Cantata. Please list them as follows:

Girls on one list and boys on the other. Will you please have them alphabetically arranged?

I should like this list by next Tuesday, May 2, or earlier, if you can find time to make the list for me.

Dear Supervisor:

As you know, the tuberculin tests will be given today during the 10:00 and 11:00 o'clock hours. You will be told when to send your children down. Please make a list of all children who have signed cards and see that every child has the card in his hand to present to the nurse when he is to take his test. This is a requirement, and of course the card must be signed.

Please check each card to see if it is filled in properly before the child goes down to the clinic room.

Sincerely,

Dear Parents:

Tuberculin tests will be given to the Horace Mann children Wednesday, May 3. If you wish your child to take the test, please sign the enclosed card giving all the information requested on all sides and return it to the supervisor by Monday, May 1.

This is a school-wide tuberculin survey. The purpose is to find out if there are children in the school who harbor the germs of tuberculosis in their bodies.

A "positive reaction" to the test does not mean active T.B. but it does mean that the children should have a chest X-ray by their own physician if the test is positive.

The Horace Mann Staff would be happy if every child enrolled could take the test.

To the Graduate Division Faculty:

Below you will find a list of graduate students who expect to be ready for the oral examination in the near future, together with the names of the committee members who have been appointed to give the examinations. We have tried to be as considerate as possible with faculty members and at the same time be consistent with the candidate's program of study and the subject matter of his research project. At the suggestion of the graduate committee we are leaving the fixing of dates for these oral examinations to the department heads and chairmen of committees.

Dear Supervisor:

There is a call from the Kansas Book Fund and UNESCO for surplus Kansas elementary readers to ship to needy schools in Europe. This is the statement which is made, "English is a required subject in the schools of all the countries of Western Europe, but most schools are poorly equipped with books to teach the language. Kansas, on the other hand, has 44,000 unused, leftover elementary readers which cannot be used here except for waste paper. We can send books we do not need to schools which do need them for about 5 cents a book. This sum will cover packing and freight to New York. From there, the books will be shipped overseas by agencies engaged in relief activities abroad."

Let us suggest that each child bring five cents to send one book to a needy child to take care of the expense of transportation.

If any child wishes to bring books from home, they will be accepted, also, in this donation. Please read the questions and answers attached.

Will you please look through your books, find the ones which you can easily do without and send them to my office by next Monday, May 15.

Sincerely,

Jane M. Carroll

JHC:lh

Questions and Answers on the Kansas UNESCO Book Fund

1. Can the books be used in countries where English is not spoken?

Yes, particularly in those countries. The books were intended for children learning to read and write English as their native language. They will be used for children learning to read and write English as a second language. Modern language teaching requires that foreign languages be learned directly and naturally, without translation, just like the native language.

2. Isn't it extravagant to have 44,000 books left over which our schools cannot use?

No. There are eight books in the set of readers, so there is an average of 5500 surplus of each book, or 50 per county. This is a very small margin to have left over at the end of a five-year period. Moreover, a surplus at the end of the adoption period is a necessary byproduct of printing our own state textbooks. The state saves so much by being its own printer that the surplus is not an expense, but a slight lessening of the savings.

3. What happens to the books if they are not sent to Europe?

Someone is hired to tear the covers off and the books are sold for waste paper. This has been the procedure in the past.

4. Yes, The adoption period expires in 1951 on a set of language books and a set of health books. There is no indication as yet, however, that the State Board of Education will decide to make the same disposition of them.

5. If the books are no more good in Kansas, how do we know they will be good for children in other countries?

The books are now being used by all elementary school children in the state. They are being replaced by newer and better books, but they are not obsolete or unsuitable. For Kansas children, the alternative is improved books; for European children the alternative in many cases is no books at all.

6. What can I do to aid the Kansas UNESCO Book Fund?

You can collect 5 cents apiece from the members of organizations you belong to.

You can display "Send a Book" posters in schools, libraries, and stores.

You can suggest that children donate the price of a candy bar to send one book to a needy child -- or the price of a comic to send two books.

You can suggest that school children write letters to accompany their gift to schools abroad, and that the best letter be selected from each school.

You can urge teachers to set aside one week to remind children to bring their nickels. This week might be May 8 to 12. On and before May 10 (16th anniversary of the Burning of the Books) There will be special newspaper publicity and radio programs suggesting gifts of books to replace Europe's losses.

You can arrange a tag day on May 10, either in the schools or in the town, using "I Sent a Book!" tags to denote contributions of 5 cents or more.

You can write to the Kansas Commission for UNESCO telling if you plan to do any of these things, so that your newspaper and radio station will receive news releases which may help your campaign.

You can send your contribution, and those of your friends and organizations, to the Kansas Commission for UNESCO, Manhattan, Kansas

Dear Supervisor:

It has been suggested to me that we might like to give Miss Kilger, now Mrs. Dugan, a wedding gift.

It has also been brought to my attention that her mother died yesterday. I think we would wish to contribute money for flowers.

Please state your desires below.

HORACE MANN LABORATORY SCHOOL
KANSAS STATE TEACHERS COLLEGE
PITTSBURG, KANSAS
May 15, 1950

Dear Parents:

The annual Horace Mann picnic will be held Tuesday, May 23, 9:30 a.m. to 1:30 p.m. at the College Lake Park which is just east of the College stadium. If it is raining, lunch will be served in the Horace Mann building.

Miss Marriott of the Home Economics Department with the women who have prepared the school lunches this year will prepare the picnic lunch. This means that the mothers and fathers will have an opportunity to come early with no thought of lunch preparation. The amount charged for the lunch will be 36¢ for adults and 20¢ for children.

The lunch will be served at 12:00 o'clock noon by the mothers. Each grade will have a certain place assigned to it for the lunch period. Please plan to eat with the grade in which you pay for the tickets. This year we are asking each person who wishes to take lunch with us to have a ticket to present on Tuesday, May 23. We are doing this in order to insure each person the food for which he has made reservation. If, by any chance, your ticket is left at home, the supervisor in each grade will have a list of the persons making reservations and paying for tickets so that you need not miss your lunch if you forget your ticket. This will necessitate, however, your sending us the name of each person who has a ticket.

From 9:30 a.m. to 12:00 o'clock noon ~~Miss Cave and the~~ ^Pphysical ^Eeducat. teachers will direct a Field Meet. We are sure you will be interested in the events which they have planned.

If you plan to attend the picnic and eat lunch with us, please write the names of the persons for whom you are buying tickets on the following blank and return it to the supervisor by Friday, May 19, 1:00 p.m. Miss Marriott must know the number who are planning to attend by that time in order that she may plan the amount of food which should be purchased. We should like you to send the money with the reservations. It is much easier to check our account if this is done.

We hope you are planning to spend the day with us. We will try to serve promptly at 12:00 o'clock noon for fathers who have only a one-hour lunch period.

Sincerely

Jane M. Carroll

Dear Supervisor:

1. There will not be a staff meeting today, but we will meet together Wednesday, May 24, 2:00 p.m. in my office. Dr. Black will meet with us.
2. Please have your list of persons who have bought tickets at the picnic tomorrow as only those persons who have tickets are to have lunch. If any one forgets his ticket, you can check your list. If mothers come with small children, it will be impossible to serve them milk as we will only have enough for the persons who have tickets. Since we have such large groups, we find that we must limit food to the persons who have paid in advance. No persons coming in tomorrow can be supplied with tickets or with food.

Cinderella Steps From Fairy Tale

BOBBY SUE M'PHAIL, NINE, ADMIRES figures from the fairy story of Cinderella, complete with the prince's castle in the background. The figures were made for Bobby Sue by her grandmother, Mrs. W. E. Pigg.

By HAROLD O. TAYLOR.
Thanks to Granddaughter Bobby Sue MacPhail, nine, Mrs. W. E. Pigg got the opportunity to exercise that same right through which fathers and grandfathers get to buy—and operate—electric trains. Mrs. Pigg got to play with dolls again. Her playing has created for Bobby

Sue a lasting story of Cinderella. Under operation of files, saws, needles and what-have-you, all principal figures and then some of the fairy tale have come to life in playable size dolls. And what looks like months of effort at least came into being in about three weeks—if you count the night shifts Mrs.

Pigg worked to bring the project to the elaborate conclusion. Bobby Sue, daughter of Mr. and Mrs. Donald MacPhail 106 West Potlitzer, and the granddaughter of Mr. and Mrs. Al Williams as well as Mr. and Mrs. Pigg, was hearing

(Continued on Page Ten)

Cinderella

(Continued From Page One.)

about the story of Cinderella. "Grandma" Pigg told her the story. She even read it.

But Mrs. Pigg is a firm believer in visual education. And being sure Bobby Sue would enjoy the story more if she could "see" it, too, Mrs. Pigg went to work.

It was an actual case of starting from scratch. Mrs. Pigg built the characters almost in the order of their appearance in the story. There is Cinderella—in rags. There is the cruel step-mother, and the two haughty step-sisters of the heroine, all done in the costumes of the nursery story era.

Mrs. Pigg's next step was to create the fairy godmother. That was easy and fun. But when it came to lining up six mice and the pumpkin coach, that was something else. She found the white mice easily enough, but even in the "play" stage, she disliked handling them. And the pumpkin coach presented a real problem. At this season of the year she couldn't find a jack 'o lantern until she had "hunted all over town."

Then in adding the coach decorations, weighty pieces kept crushing in the top. Wire braces provided a solution there, and provided an idea for the "runners."

With this department closed temporarily, Mrs. Pigg turned to the coach and six of the brightly uniformed prince. The major problem here involved the three spans of white horses. All the horses Mrs. Pigg found were saddle stock.

According to the legend, the prince rode in his elaborate coach and no mention is made of his riding horseback. So Mrs. Pigg and some volunteers who by this time had become interested in the job set to work with files and unsaddled the horses. They were then painted white, blanketed and harnessed and when the tiny driver was installed on the seat, were all ready to whisk the make believe prince carrying the glass slipper—which had been added as the characters came into being—off on his journey.

Mrs. Pigg's sole omission was the tattle-tale clock. But that was taken care of easily. The entire display was set up in "Grappa" Williams' jewelry store.

Mrs. Pigg worked into the wee hours several mornings to rush the project. But it was lots of fun, she admits. And the effort was well worth while in the thrill for Bobby Sue when the set was unveiled for her.

And while designed for Bobby Sue, other youngsters have shared in the spectacle. Late last week Mrs. Pigg took the display to Horace Mann school, where Bobby Sue attends classes.

There were the anticipated childish comments. Mrs. Pigg expected that. But she was floored when one little boy—the cowboys and Indians type—came up and quietly and sincerely commended: "It was awfully nice of you to bring that out for us to see."

Hawaii May Day Program Theme

The fifth grade children under the direction of Miss Gladys Rinehart and student teachers will present the Horace Mann assembly program Monday, May 1, 2:00 p.m. in the Horace Mann auditorium.

The theme of the program is May Day in Hawaii, portrayed by the pageant "The Queen's Court." This is presented each year in Hawaii by the school children of those islands.

Pittsburg, Kansas, Wednesday, June 7, 1950.

TEACHERS GUESTS OF CITY.

Will Be in Pittsburg on Industrial Tour June 20.

Some 37 teachers are expected to be Pittsburg guests June 20 as part of the tour of Kansas agriculture, business, industry and education sponsored by the state chamber of commerce and the state teachers' association.

The teachers will tour the Pittsburg & Midway Coal Mining Co. plant, the Spencer chemical plant and Cherokee county lead and zinc mines that day. The following morning they will visit the McNally-Pittsburg Manufacturing Corp. before proceeding on their journey.

FIRST SUMMER ASSEMBLY.

College Program Tomorrow Morning to Be Panel Discussion.

The first assembly program of the summer session will be given at 10 a. m. tomorrow in Carney hall at the College.

A panel discussion on Henry Bowman's book "Marriage for Moderns" will be presented with Psi Chi, honorary psychology fraternity, in charge of the program.

Participating in the panel will be Dr. Eugene Dawson, dean of students; Professor Ralph W. Wright of the education and psychology department; Dr. Margaret Blaine of the language and literature department; and Miss Evelynne Cedarlund of the home economics department. The public is invited.

SCHOOL WORKSHOP ENDS TODAY

6-23-50
Dr. Seay, Leader, Speaks at Closing Session at College.

In the closing session of the rural education conference which was held as the concluding two days of a community school workshop at the College Dr. Maurice Seay leader, gave 10 characteristics which emphasize better living as a purpose of education. The characteristics are:

1. The schools should be concerned about the community resources. They should teach conservation and the wise use of resources.
 2. It should have a flexible organization and program which can be made subject to change.
 3. By using its immediate environment as a demonstration, the school can teach proper care and use of property.
 4. Better living can be taught if the school uses instructional materials which are related to the community.
 5. Coordinating the teaching program with other agencies such as the churches and libraries emphasizes better living.
 6. Schools should base their programs upon needs and interests of the pupil and community rather than depending upon compulsory attendance laws.
 7. Adults must be served as well as youth in the schools.
 8. The school should set an example of a "do" democracy in contrast to a "talk" democracy.
 9. Schools must maintain the conditions of teaching that are conducive to high morale within the faculty.
 10. An atmosphere of good cheer, happiness and good humor should be maintained in the school.
- "A well balanced total program does not exist where teachers and pupils are not happy," Dr. Seay said.

Pittsburg, Kansas, Tuesday, June 13, 1950.

OPEN LANGUAGE WORKSHOP.

Session Begins at College With 51 Students Enrolled.

A language arts workshop designed to acquaint teachers with methods and techniques of reading began yesterday at the College with 51 students enrolled at the close of the first day. Miss Kate E. Skinner, reading consultant for Ginn & Co., Chicago, is conducting the sessions.

The 2-week course, open only to senior and graduate students, is stressing close study of the new reading textbooks for grades one through six which were adopted this year by the Kansas State Board of Education. The new texts, published by Ginn & Co., will be used in Kansas schools for a period of five years.

Friday, June 23, will be open to all persons who wish to learn about the new textbooks. A Ginn & Co. representative will be present to answer any questions pertaining to the books.

DR. CARROLL TO BE BUSY.

Starts Round of Meetings With Sessions in Topeka.

Dr. Jane M. Carroll, supervising principal of Horace Mann, will go Wednesday to Topeka for a meeting with the Kansas Council of Women. As chairman of program of work committee, Dr. Carroll will attend an executive board meeting and dinner on Wednesday. Thursday she will attend the annual meeting of the council. These meetings are in connection with Kansas Day activities.

From Topeka she will go to Wichita to meet with the administrative council of the Kansas State Teachers Association of which she is a past president. This meeting will be held on Friday and Saturday.

The following week Dr. Carroll will go to New York City for a meeting of the National Association for Supervision and Curriculum Development. Dr. Carroll was recently elected director of the region covering Kansas, Nebraska and Missouri and will take office at this meeting.

Dr. Carroll will preside at one session of the New York conference.

Penmanship Clinic.

Ruth Kittle, author of the Kittle penmanship series used in Kansas schools, will teach classes in manuscript writing when the penmanship clinic opens Monday at the College. The clinic is designed primarily for elementary education teachers but anyone interested may sign up for the course between 8:30 and 9:30 a. m. Monday at Horace Mann.

SUMMER TERMS TO BEGIN NEXT WEEK

COLLEGE, HIGH SCHOOL AND HORACE MANN READY FOR NEW SESSIONS.

Enrollment of Near 2,000 Expected At KSTC; Starts Monday With Upperclassmen First.

Summer terms will begin next week at the College, College high and Horace Mann; administrators of the three schools said today.

College enrollment will be Monday and Tuesday, high school enrollment Monday morning and Horace Mann enrollment Wednesday morning. The College expects an enrollment of near 2,000. Dr. Eugene E. Dawson, director of the summer session, said.

Students with 120 or more credit hours will lead off the College enrollment at 8 a. m. Monday. Students with 90 or more credit hours will enroll at 9 a. m., 65 or more at 1 p. m. and 45 or more at 2 p. m.

Classes Meet Tuesday.
Tuesday, students with 20 or more credit hours will enroll at 8 a. m. and those with 10 or fewer at 9 a. m. The various classes will meet from 1 to 5 p. m. Tuesday for text book and lesson assignments with the regular class schedule beginning Wednesday.

College high enrollment will be from 8 a. m. to 12 noon Monday in room 102 of Russ hall. Approximately 150 students are expected for the summer term, Principal W. E. Matter said.

High school courses being offered include chemistry, American history, general mathematics, English, driver education, photography, visual education, industrial arts, biology and general science and art. Classes start Wednesday.

Horace Mann.
Horace Mann will enroll children from 8 to 10 a. m. Wednesday, Dr. Jane M. Carroll, professor of education and director of the laboratory school, said. An all morning session for children not previously attending the school will be held Friday and all children will start on a full day schedule Monday, June 12.

The program of activities for the school will be built on the theme "Air Age Education." A number of trips have been planned, including visits to airports in Pittsburg and other cities.

Morning classes from 9 o'clock until noon will be under the direction of Horace Mann supervisors. They are Mrs. Ethel Peck, Miss Velda Williams, Miss Thelma Carnagey, Mrs. Daphne Cross, Mrs. Perva Hughes, Miss Gladys Rinehart, Miss Ruth Fleischaker and Logan Duncan.

Crafts.
Crafts will be taught from 1 to 2 p. m. under the direction of Prof. Bert Keeney of the College art department. Swimming will follow from 2 to 4 p. m., directed by Prof. Prentice Gudgen, head of the College physical education department.

The College music faculty, headed by Prof. Otis J. Mumaw, will teach orchestra from 2 to 3 p. m. Playground activities, both morning and afternoon, will be conducted by Prof. Gudgen and members of his staff.

Several workshops have been planned for the College session in addition to regular class work. Dr. Dawson said. A few of these will start on Tuesday.

Workshop.
The second annual workshop on the junior high school will run from Tuesday until Aug. 5. Dr. Merie C. Prunty, head of the extra class division and director of student personnel at Stephens College at Columbia, Mo., will be the leader and Dr. William A. Black, head of the College education and psychology department, the local director.

A similar workshop on the junior college will be held during the same period. It will also be led by Dr. Prunty and Dr. Black.

The third annual short course for vocational teachers and administrators will be held from Tuesday to June 17. F. M. Dannenfelser, principal of Macomber vocational high school at Toledo, will be the leader and Dr. Otto A. Hankham-

WORLD UNDERSTANDING WORKSHOP BEGINNING

DR. CARLTON W. WASHBURNE
WELL KNOWN EDUCATOR,
AS LEADER.

College Has Outstanding Program Arranged to Give Teachers New Views on International Cooperation.

Dr. Carlton W. Washburne, nationally known educator, lectured on international understanding and cooperation at a workshop at the College today.

Dean of the school of education at Brooklyn College, Dr. Washburne is the author of the famed "Winnetka plan" for individualized instruction in the public schools. The plan was formulated while he was superintendent of schools at Winnetka, Ill.

He was selected by the state department to make a study of elementary and secondary schools in five South American countries. He has written several books dealing with education and is a member of the editorial boards of the "Journal of Educational Research," "Parents Magazine," and "The Instructor."

In Italy During War.
For three years he served with UNESCO in the state department as educational reconstruction specialist. He was in Italy during the war years as director of education for the allied military government.

The workshop itself will be designed to give teachers a better comprehension of how the whole school program may at different levels in all its activities, promote better understanding and appreciation of other peoples, and develop a spirit and a desire which will lead to cooperation.

Pres. Rees H. Hughes, active in UNESCO work since the organization's inception, asserted that no workshop being held on the campus this summer had a more vital message than the one on international understanding.

Other Leaders.
Other leaders here for the conference include Miss Hazel Kier, director of the intermediate education, Kansas City, Kas.; Victor A. Koltz, principal of Field Kindley Memorial high school, Coffeyville; and Miss Claire Schuman, specialist on inter-cultural relations from the Anti-Defamation League of B'nai B'rith in Chicago; Pres. Hughes; Dr. Alvin Proctor, head of the social science department; Dr. William A. Black, head of the education and psychology department; and Prof. Ralph W. Wright, visiting instructor in education and psychology, will also be speakers at the various sessions of the 2-week affair.

The workshop offers two hours of senior-graduate credit and is sponsored by the College and the Association for Supervision and Curriculum Development of the National Education Assn., Washington, D. C.

The public is invited to all the programs featured during the workshop, according to Dr. Carroll.

Social Studies Begin Monday.
The social studies section of the modern elementary workshop will begin Monday at the College. Dr. Jane Carroll, head of the Horace Mann training school, is directing the section. The leader will be Miss Ursula Henley, director of curriculum, state department of public information, Topeka. It will run until July 7 and carries with it two semester hours of graduate credit. Persons may enroll in the section from 8:30 to 9:30 a. m. Monday in Horace Mann.

Dear Faculty Member:

Will you please make the following announcement to your classes Monday and Tuesday, June 19 and 20:

"Repeat performance of the pageant "The Queen's Court" which was presented last spring by the Fifth Grade children under the direction of Miss Gladys Rinehart, Fifth Grade supervisor, will be given Wednesday, June 21, 11:10 a.m. in the Horace Mann auditorium. "The Queen's Court" is the pageant which is presented each May Day in Hawaii by the school children of those islands. This repeat performance is being given for the students enrolled in the college this summer. You are cordially invited."

Sincerely,

HORACE MANN LABORATORY SCHOOL
KANSAS STATE TEACHERS COLLEGE
PITTSBURG, KANSAS
June 27, 1950

Dear Parents:

As you probably know by this time the Horace Mann Laboratory School children are studying some phase of air-age education during this summer session.

In order to permit children to have the opportunity of seeing air ports both in Pittsburg and Kansas City, we have arranged a trip for the Horace Mann staff, student teachers and children to go to Kansas City Friday, July 14.

The plans for the trip are as follows: We will leave via the Kansas City Southern on July 14 at 7:45 a.m. and return on the 6:15 Kansas City Southern that evening. We will have student teachers and supervisors accompany the children; also Mr. Buford Fisher, who is assistant principal of the Laboratory School this summer. I am sorry to miss the trip with the children but I am leaving for a two months tour of Europe, July 5.

In the kindergarten and first grade, it is thought wise to have one parent per child or one parent for several children accompany the children. However we are not planning for parents to go on the trip outside of these two grades.

The Kansas City Southern is making a special rate for us. The children's fare, including the bus fare in Kansas City, will be \$3.10 per child. The adult fare, including the bus trips in Kansas City, will be \$4.52. In addition, there will be a charge of at least 50¢ or 75¢ per child and adult for lunch. On the rates given us the party must go together and return together. There will be no lay-overs or change of schedule on the fares quoted us.

Buses will meet us at the train in Kansas City to take us directly to the air port where we will visit until 12:30 p.m. The buses will wait for us and take us to Swope Park where we will have lunch and visit the zoo. On the way to the train the buses will drive us past the Country Club section, the Plaza, Nelson Art Gallery and Liberty Memorial, then to the station where we will board the 4:00 p.m. train.

If you wish your child to take this trip, please sign the attached sheet and return it to the supervisor by Thursday, July 6, 4:00 p.m. The Kansas City Southern needs a week to make final arrangements for the trip.

We believe this will be a happy and worthwhile outing for your child and we will use every precaution to make it a safe one.

Sincerely,

Airplane "Factory" in Horace Mann Fifth Grade

Pupils come early to help with plant being built in the fifth grade at Horace Mann school. Left to right: Lawrence Johnston, Robertson Strawn, Bob Christman, Larry Glover, Stephen Hart, Lawrence Gentry, jr., Stanley Roupp, Nancy Kledehn, Barbara Long, Diantha Tedlock.

Unless well versed in aeronautical terminology, a stranger who happened into Miss Gladys Rinehart's fifth grade, Horace Mann summer school, might well feel slightly dazed.

Ordinarily, the average fifth grade vocabulary does not include such words as anemometer, and stabilizer, to say nothing of spinner, drag wire, aileron and rudder bar.

The summer school fifth graders use these words with an ease foreign to most adults.

Why? The fifth grade is building an airplane! Not a run-of-the-mill toy plane either, but a very special one involving the use of blueprints and technical information.

This particular plane is to be mounted on wheels to facilitate easy

movement. It will have controls and will be large enough to hold on passenger at a time. Movement of the controls will not only cause the ailerons, rudder and elevator to move, but makes the plane roll and pitch very realistically.

The building of the plane is part of the over-all summer program based on air age training. The aviation theme is integrated into all subjects studied. As a part of their work in science, the children are studying weather maps and wind charts. They plan to set up their own weather station with an eye to making their own weather forecasts.

As a part of their language work, the children have written letters to

six major air lines requesting information on routes traveled, types of planes used, etc. Tracing of the routes used, study of each large city served by these routes and map reading will serve to coordinate with geography work.

Two College students who are majoring in industrial arts are assisting the children in building the plane. Robert Owens and Robert Powers help with the construction and answer questions concerning anything from reading blueprints to what size nail should be used.

The class plans several field trips as a part of the program. One will include the Pittsburg Municipal airport. As a concluding feature of the summer's work, a trip will be made to airports in Kansas City.

Dear Supervisors:
 If you wish to take your children to the assembly Thursday at 10:10, feel free to do so. The "King Cool Four" quartet will present the program. Please sit in our usual places in the balcony.

Ten Visiting Teachers Are Named to '50 Summer Staff

President Announces Additions To Supplement Regular Faculty

Ten visiting instructors are on the summer staff at the College, President Rees H. Hughes has announced. The ten are in addition to regular College faculty and the 23 leaders of conferences and workshops being held on the campus this summer.

Dr. Merle C. Prunty, head of the extra-class division and director of student personnel at Stephens College in Columbia, Mo.,

is teaching educational psychology and is the leader of the 8-week workshop on the junior high school. A native of Kansas, Dr. Prunty has been on the campus several times as visiting professor and lecturer of workshops. He received his degree from the Colorado State College of education and holds the LLD from Tulsa Municipal University.

Teaching graduate courses in the industrial arts department this summer is Dr. Ralph K. Nair. Receiving his BS and MS degrees from KSTC, Dr. Nair was awarded his D. Ed. from the University of Missouri. He has been teaching at the State College in Santa Barbara, California.

Herman Alwin is instructor in library science. Formerly a teacher in the Wisconsin high schools, Alwin teaches in Thornton Township High School and Junior College at Harvey, Ill. He received his BA degree from Lawrence College in Appleton, Wisc., and his MA from the University of Illinois.

Acting supervisor in the sixth grade at Horace Mann is Logan C. Duncan. Duncan's experience includes fifteen years of teaching in Kansas and Oklahoma schools. He was awarded his BS degree from Pittsburg last year and expects to complete his MS this summer.

On the summer staff of the education department is Buford Fisher, assistant dean of the junior college and director of teacher education at Iola. Receiving his BS and MS degrees from KSTC, Fisher had a fellowship while doing his graduate work here.

Mrs. Darlene Haring is an instructor in radio and television. Mrs. Haring has been doing work towards the doctorate degree at the state university in Iowa. She received her BS and MS degrees from Pittsburg.

A Pittsburg senior high school teacher, Miss Helen Messenger, is an instructor in the women's physical education department. Miss Messenger received her BS degree from KSTC.

Director of the news bureau and instructor in journalism is William A. Scott. Scott received his AB degree from the local College and his MA

from the University of Arizona. He has been teaching in the high school in Tucson, Ariz., for the past two years.

On the social science staff is Miss Grace Starlin, ninth grade teacher in world geography at Newton. This

is Miss Starlin's third summer as visiting instructor at KSTC. She received her AB from Emporia Teachers College and her MA from the University of Chicago. Instrumental in the inauguration of last summer's "roving bus" tour of the west, Miss Starlin is accompanying another group through the same area this summer.

Ray Vanderberg is instructor in journalism and advisor to the Collegio. Vanderberg is teacher in journalism and English at Northeastern A&M College in Miami, Okla. He received his BA from Southeastern State College at Durant, Okla., and his MA from Oklahoma University.

Winnetka Plan Author and Educator, Other Leaders Start Workshop Here

Dr. Carlton W. Washburne, famous author and originator of the Winnetka plan, and now Dean of the school of education at Brooklyn college, is on the campus as the chief speaker for the workshop on international understanding which began Monday.

Dr. Washburne was selected by the State Department to make a study of elementary and secondary schools in five South American countries. He has written several books dealing with education and is a member of the editorial boards of the "Journal of Educational Research," "Parents Magazine," and "The Instructor."

Expressing a hope that all would take advantage of the opportunities to hear the noted educator, Dr. Jane M. Carroll, director of the Horace Mann laboratory schools and director of the workshop, said that probably no person is better qualified than Dr. Washburne to discuss the pertinent issues involved in international understanding.

Other leaders here for the conference include Miss Hazel Kier, director of intermediate education, Kansas City, Kas.; Victor A. Klotz, principal of Field Kinley Memorial high school, Coffeyville; and Miss Claire Schuman, specialist on intercultural relations from the Anti-Defamation League of B'nai B'rith in Chicago. Prof. Ralph W. Wright, visiting instructor in education, and a native of Saskatchewan, Canada is one of the leaders.

The workshop offers two hours of senior-graduate credit and is sponsored by the College and the Association for Supervision and Curriculum Development of the National Education Association, Washington, D. C.

The public is invited to all the programs featured during the workshop, according to Dr. Carroll. "Especially do we hope that a large number of townspeople will attend the assembly address of Dr. Washburne on July 6," Dr. Carroll said.

Dr. Washburne will address a special meeting of the International Relations club in the cafeteria annex Wednesday July 5 at 5:30 p.m.

I have left the last half of the last week for final examinations since the period you have with these people is very short. It will not be necessary to give examinations other than the final unless you wish.

College Brings Notables To Campus

Prominent Educators Here For July Workshop Events

A number of outstanding educators will be on the campus during July to lead special workshops and conferences, President Rees H. Hughes has announced.

Recognizing that a large proportion of the summer enrollment would be teachers, President Hughes said that no effort was spared to bring the best persons in their respective fields to lead the events.

Dr. Merle C. Prunty, a visiting professor in education this summer, is leader of the eight week workshop on the junior high school and junior college. Director of student personnel at Stephens College, Columbia, Mo., Dr. Prunty was president of the commission on higher education of the North Central Association of Colleges and Secondary schools in 1930.

Today and tomorrow will mark the seventh annual College conference on Audio-Visual Education. Prof. L. H. Caldwell, College Audio-Visual director, will be in charge of the two-day event.

Red Cross

The Red Cross workshop for adult leaders began Monday and will be concluded Friday. Dr. Delbert J. Pugh, assistant director of the American Red Cross for the Midwestern areas, St. Louis, will be the leader.

E. P. Schindler, county superintendent of schools from Nevada, Iowa, is the leader of the science and arithmetic workshop for elementary schools that began Monday.

Guidance

Four guidance experts will direct the work in the fourth annual guidance conference tomorrow and Friday. Dr. Arthur E. Traxler, associate director of the Educational Records Bureau of New York; H. W. Dahler, director of vocational education for the city schools of Kansas City, Mo.; C. J. Morgan, director of the Division of Public Assistance, State Department of Social Welfare, Topeka; and Ella S. Barrett, supervisor of occupational information and guidance for the State Board of Education in North Carolina, will be the guest leaders.

Dr. John E. Jacobs, director of the division of teacher education and of the graduate division at Kansas State Teachers College, Emporia, will be on the campus July 24 for the conference on education for exceptional children.

The seventh annual conference on Audio-visual Education opens today with "Audio-visual Aids in Action" as its theme. The conference will continue through tomorrow and is open to all students enrolled in the summer session, and also to any persons who wish to attend. Professor Lewis H. Caldwell, Assistant Professor of Industrial Education and Director of audio-visual education and photography, of the College will be the director.

Dr. Washburne of Brooklyn College Assembly Speaker

Understanding, Prime Importance in School According to Educator

By Harold Ragan

"Teachers have the next generation in their classrooms. They have them day in and day out, week after week, during the formative years of the child's life. Understanding should be of prime importance in school. It should be the center of our activity in teaching children how many people from all parts of the world cooperate to make our lives possible."

This was the advice given by Dr. Carleton W. Washburne, Dean of the School of Education, Brooklyn College in the regular assembly held last Thursday.

"Mankind today is very much like a small baby. A baby is one organism and doesn't know it. He isn't aware that one part of his body is working

with another. Mankind is one and we don't realize it. We depend for everything we have on other people in all parts of the world. We keep acting as if one part of us can be hurt, and the rest of us remain all right."

Dr. Washburne compared the baby's circulatory system to mankind's transportation system. He compared our telephone, telegraph, and other communication set ups to the baby's nervous system. He pointed out that we thought that it was not our business when Hitler marched into the Rhineland and Mussolini invaded Ethiopia. One event led to another until Pearl Harbor, which event affected every one of us.

War is Discouraged

"Somehow, we have to realize that the world is one. Right now there is an ideological conflict going on. Should we be so insane as to allow the Korean incident to break into another war? It would accomplish nothing."

"Through all aspects of school life, teachers can help to tie all to other people. If we, as teachers, can awaken our own consciousness enough, we can awaken the minds of our children. Not through indoctrination, but through understanding as one world, one organization."

Aviation Emphasis Week Here July 24

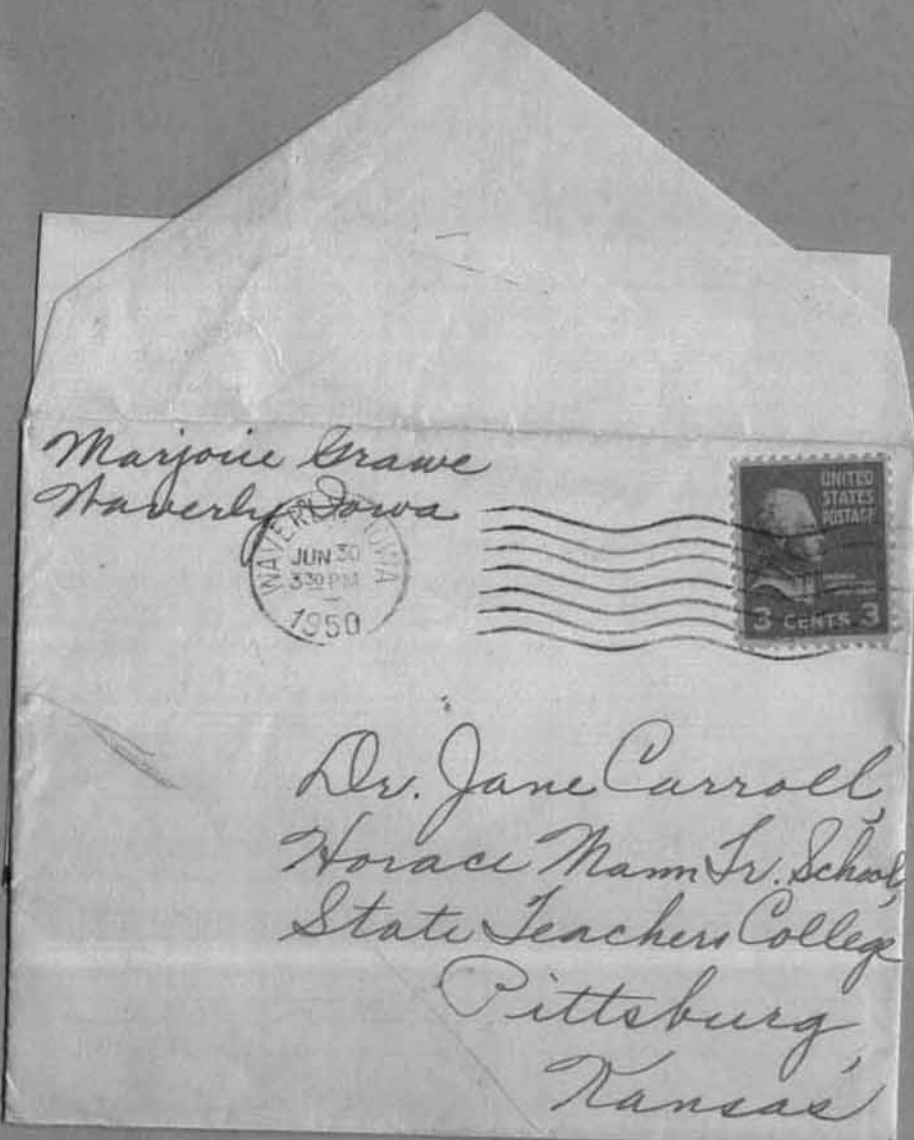

Plans Include Program, Air Rides Set July 27

Aviation Education Emphasis Week will be stressed at the College during the school week beginning July 24. Dr. R. G. Smith, coordinator of Aviation Education at the College has announced plans for the week.

July 25 at 9:00 a.m. there will be a special assembly in Carney Hall auditorium stressing the occasion. July 27, Mid-Continent Airlines will furnish DC-3 planes for passenger rides. The charge for this will be two dollars for one-half-hour ride. The rides have been featured for the past two summers. Plans are being made to schedule night flights for the first time here at the College.

Grade school children attending Horace Mann School will also be scheduled to ride on these planes.

Evan Evans, chairman of the Kansas Commission on Aviation Education, will make the address at the July 25 convocation in Carney Hall auditorium, Dr. Smith pointed out.

College Brings Notables To Campus

Prominent Educators Here For July Workshop Events

A number of outstanding educators will be on the campus during July to lead special workshops and conferences, President Rees H. Hughes has announced.

Recognizing that a large proportion of the summer enrollment would be teachers, President Hughes said that no effort was spared to bring the best persons in their respective fields to lead the events.

Dr. Merle C. Prunty, a visiting professor in education this summer, is leader of the eight week workshop on the junior high school and junior college. Director of student personnel at Stephens College, Columbia, Mo., Dr. Prunty was president of the commission on higher education of the North Central Association of Colleges and Secondary schools in 1930.

Today and tomorrow will mark the seventh annual College conference on Audio-Visual Education. Prof. L. H. Caldwell, College Audio-Visual director, will be in charge of the two-day event.

Red Cross

The Red Cross workshop for adult leaders began Monday and will be concluded Friday. Dr. Delbert J. Pugh, assistant director of the American Red Cross for the Midwestern areas, St. Louis, will be the leader.

E. P. Schlindler, county superintendent of schools from Nevada, Iowa, is the leader of the science and arithmetic workshop for elementary schools that began Monday.

Guidance

Four guidance experts will direct the work in the fourth annual guidance conference tomorrow and Friday. Dr. Arthur E. Traxler, associate director of the Educational Records Bureau of New York; H. W. Dahler, director of vocational education for the city schools of Kansas City, Mo.; C. J. Morgan, director of the Division of Public Assistance, State Department of Social Welfare, Topeka; and Ella S. Barrett, supervisor of occupational information and guidance for the State Board of Education in North Carolina, will be the guest leaders.

Dr. John E. Jacobs, director of the division of teacher education and of the graduate division at Kansas State Teachers College, Emporia, will be on the campus July 24 for the conference on education for exceptional children.

The seventh annual conference on Audio-visual Education opens today with "Audio-visual Aids in Action" as its theme. The conference will continue through tomorrow and is open to all students enrolled in the summer session, and also to any persons who wish to attend. Professor Lewis H. Caldwell, Assistant Professor of Industrial Education and Director of audio-visual education and photography, of the College will be the director.

Understanding, Prime Importance in School According to Educator

By Harold Ragan

"Teachers have the next generation in their classrooms. They have them day in and day out, week after week, during the formative years of the child's life. Understanding should be of prime importance in school. It should be the center of our activity in teaching children how many people from all parts of the world cooperate to make our lives possible."

This was the advice given by Dr. Carleton W. Washburne, Dean of the School of Education, Brooklyn College in the regular assembly held last Thursday.

"Mankind today is very much like a small baby. A baby is one organism and doesn't know it. He isn't aware that one part of his body is working

with another. Mankind is one and we don't realize it. We depend for everything we have on other people in all parts of the world. We keep acting as if one part of us can be hurt, and the rest of us remain all right."

Dr. Washburne compared the baby's circulatory system to mankind's transportation system. He compared our telephone, telegraph, and other communication set ups to the baby's nervous system. He pointed out that we thought that it was not our business when Hitler marched into the Rhineland and Mussolini invaded Ethiopia. One event led to another until Pearl Harbor, which event affected every one of us.

War is Discouraged

"Somehow, we have to realize that the world is one. Right now there is an ideological conflict going on. Should we be so insane as to allow the Korean incident to break into another war? It would accomplish nothing."

"Through all aspects of school life, teachers can help to tie all to other people. If we, as teachers, can awaken our own consciousness enough, we can open the minds of our children. Not through indoctrination, but through feeling as one world, one organization.

Horace Mann Pupils Thrilled by All-day Excursion to Kansas City With Train Trip No Small Portion

Thrilled over the sights of the big city, pupils of the Horace Mann school returned home early last night following an all-day excursion to Kansas City on the Kansas City Southern. It was their first train ride for many of the pupils.

They made the trip in three special cars attached to the Southern Belle. As the train pulled into Pittsburg last night, it was greeted by a large crowd of parents and friends of the traveling youngsters. Cars filled virtually all parking space in the vicinity of the KCS depot.

As the doors of the passenger cars were thrown open, the children came crowding out chattering over their experiences and anxious to tell mothers and dads about the trip.

One hundred and 62 children and 94 adults made the trip. The children showed little sign of tiredness although they had a busy day.

They left Pittsburg on the Southern Belle at 7:45 o'clock yesterday morning. Upon arriving in Kansas City about 10 a. m. the group was met at the Union depot by six buses in which the excursionists traveled to the Kansas City municipal airport where they were taken on an educational tour of the field. A representative committee from among the students was permitted visit to the airport control tower.

From the airport, the group was taken to Swope park for lunch, arriving there at 12:30 p. m. Following lunch, a tour was made when the children visited the zoo and took in other sights at the park.

The group returned to its station

about 3:30 p. m. to board the Southern Belle for the trip home.

Enroute to and from Swope park the excursionists were taken on a tour through the city.

The children made a good impression on those who helped with the tour in Kansas City, according to Mrs. Perva Hughes one of the administrative leaders from the school. The leaders were told the Horace Mann group was one of the best behaved groups of pupils to visit Kansas City.

Mrs. Hughes said the trip was "marvelous." On the trip to Kansas City, the children were served milk on the train and on the trip back home, they were served large cups of ice cream, she said.

All persons who helped with the trip on the train and in Kansas City were "very nice," according to Mrs. Hughes.

She said the trip was planned by Dr. Jane M. Carroll, principal of Horace Mann, but she did not make the trip with the pupils. She sailed last Saturday on the Queen Mary for a tour of Europe. She will return to the United States in September on the Queen Elizabeth, Mrs. Hughes said.

Administrative supervisors from the school accompanying the children in addition to Mrs. Hughes were Mrs. Ethel Peck, Miss Velda Williams, Miss Thelma Carnegey, Mrs. Daphne Cross, Miss Gladys Rinehart and Logan Duncan.

Mrs. Maurice Dudgeon, school nurse, also made the trip.

Others in the group included some parents of kindergarten pupils and student teachers.

Cantata Presented

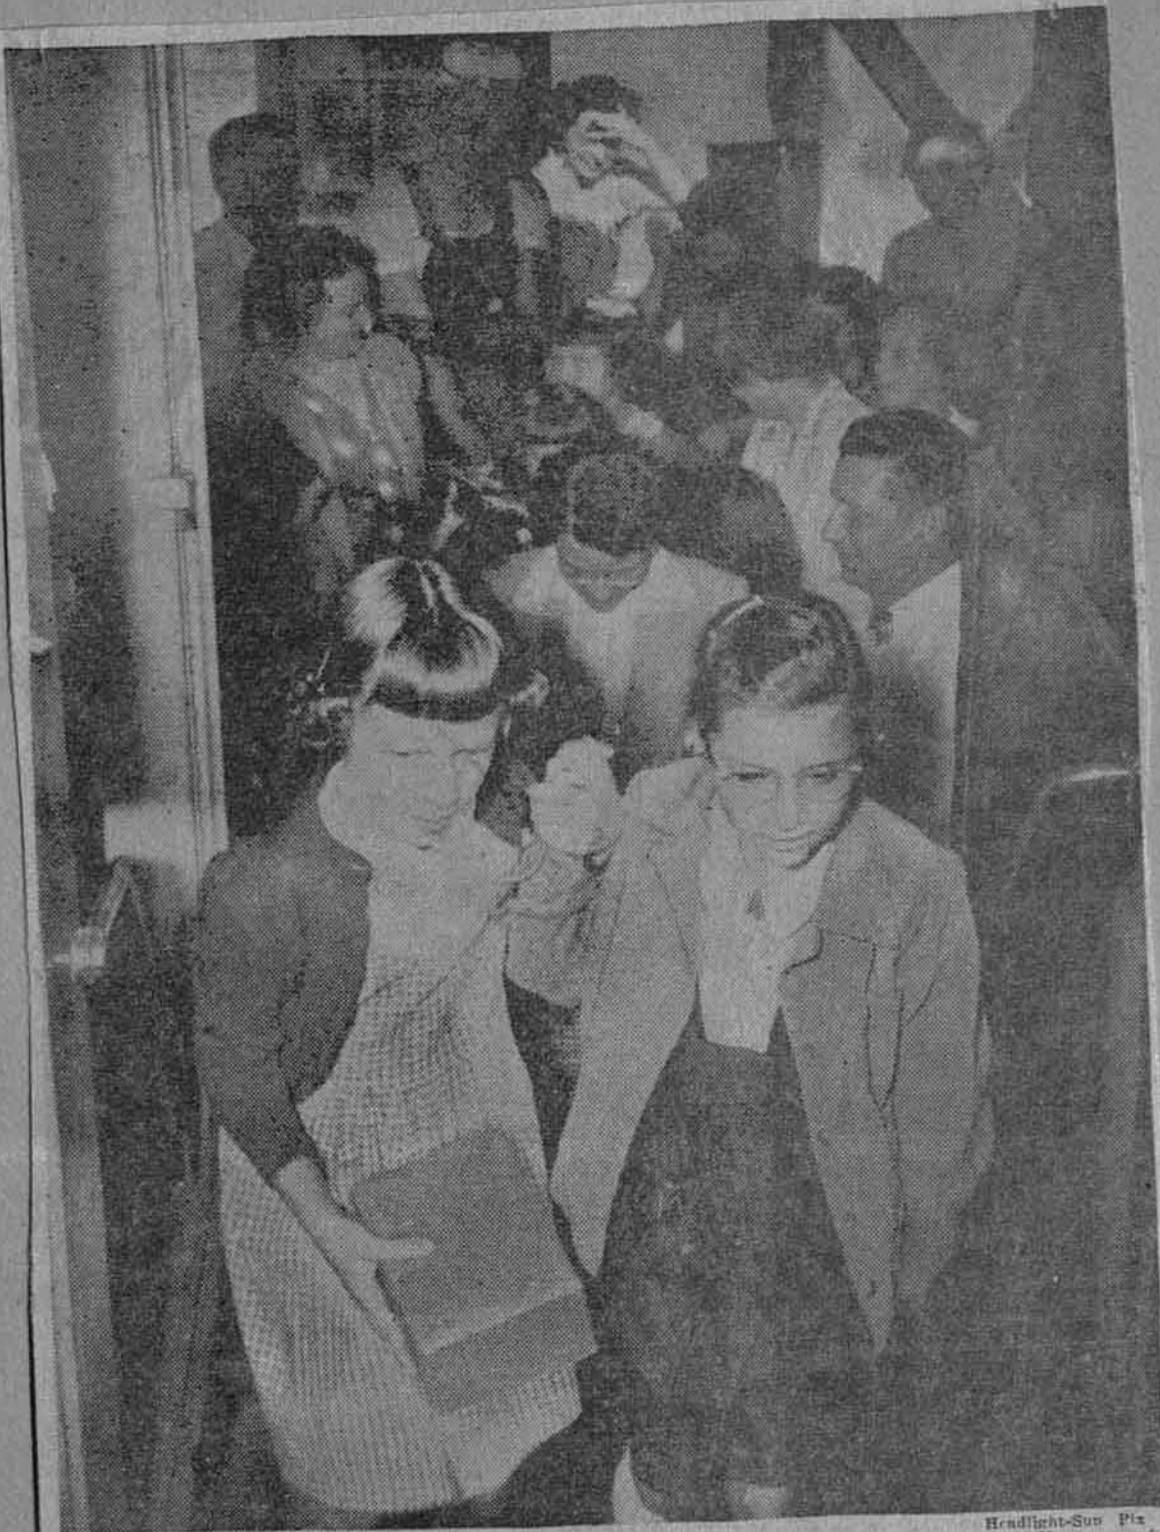

The Horace Mann cantata, "In Woodland," was presented before a near capacity crowd Thursday night in the College auditorium.

Dr. Jane Carroll, general director, said there were 260 pupils from kindergarten through the sixth grade participating in the production.

Members of the production staff were Miss Gabriella Campbell, music director; Miss Evelyn Triplett, dance director; Prof. D. D. Moore, stage director and Prof. Bert Keeney, art director.

Accompanists in the cantata were Mrs. Nelle Malone and Douglas Palton, piano; Fred Clem and Kay-elaine Graham, violin; Nadine Fleming, flute and Ed Stein, tympani.

A repeat performance of the program will be given at 7:30 p.m. Thursday, June 8.

YOUNGSTERS OFF TO KANSAS CITY—More than 250 Pittsburgers, all connected with the Horace Mann training school, at the College, took off this morning on a trip to Kansas City via the Kansas City Southern's Southern Belle. They will return at 6:15 o'clock tonight on the same train after a day of sightseeing in the city. For many of the 162 pupils in the crowd, it was their first train ride. The other 94 in the special party were Horace Mann teachers and College practice teachers. Shown above are two of the wide-eyed youngsters climbing aboard the train at the depot here. They are, left to right, Emily Jane Moon, daughter of Mr. and Mrs. Walter Moon, 1808 South Joplin, and Ann Farabi, daughter of Mr. and Mrs. Angelo Farabi, 104 West Quincy. Both are fourth graders at the training school. While in Kansas City, the party was to visit the airport, the Plaza shopping district, the Nelson art gallery, the Liberty memorial and Swope park for the noon lunch and a visit to the zoo. Three cars were added to the regular Southern Belle to handle the big party.

Cantata By Group At Horace Mann

⁵⁻¹⁵⁻⁵⁰
The Horace Mann Laboratory School will present a cantata, "In Woodland," tomorrow, at 7:30 p.m. in Carney hall. It has for its subject the forest in its varying moods, evidenced by the melodic charm of the music. To the cantata has been added appropriate dances.

The chorus is made up of children from grades three, four, five, and six. The dancers are children in the kindergarten, first and second grades. General director for the production is Dr. Jane Carroll. Miss Gabriella Campbell is music director.

CARROLL TO ZURICH MEETINGS

Will Attend Conference of Federation of University Women.

Dr. Jane M. Carroll, director of the Horace Mann training school, will be a member of the 10th conference of the International Federation of University Women which starts in Zurich, Switzerland, Aug. 5.

She will leave New York July 8 and will visit before the conference the following countries: Germany, Austria, England, Ireland, Belgium, Holland, Italy and France.

Buford Fisher, director of elementary education, will replace Dr. Carroll until her return.

Group Back From Trips

Classes on Exceptional Children Visit Institutions

Classes in techniques of teaching for exceptional children have returned from three field trips made June 23-24 and July 7-8 and 11. Approximately 58 students, accompanied by their instructor Miss Ruth Fleischer, spent two days in Kansas City visiting various institutions with emphasis on the observation of techniques of instruction used with children who deviate physically.

Places visited included: Kansas University Medical Center, Rehabilitation Center, De Lano School for Crippled Children, and the Andrew Drumm Institute in Independence, Mo.

On July 7-8, the group visited The Boys Industrial School and the Southard School and Camp in Topeka to observe methods used in instructing children who deviate because of psychogenic, neurological, and social reasons, and July 11, they went to the hospital for epileptics in Parsons.

Rinehart Completes Series Of Talks

⁵⁻¹⁵⁻⁵⁰
Miss Gladys Rinehart, fifth grade supervisor of the Horace Mann Laboratory School, told the children of grades four to eight of the Columbus schools last Wednesday afternoon of her travels in South America and explained articles representing customs, products, and culture of the different countries.

Thursday night, Miss Rinehart talked at a dinner meeting of the Cherokee County Teachers' Association at Columbus.

Miss Rinehart has made twenty-seven talks to various groups and organizations in and out of Pittsburg since her return in September after fifteen month's travel in South America and the Hawaiian Islands. Other out of town talks have been made at Galena, Girard, Fort Scott, and Arma, Kansas, Carl Junction and Grant City, Missouri, and Settle, Washington.

This was Miss Rinehart's second visit to South America and Hawaii.

Delta Kappa Gamma

⁵⁻³⁻⁵⁰
Rho chapter of Delta Kappa Gamma celebrated "Founder's Day" with a dinner at 6:15 o'clock Thurs-

day night, April 20, at the Hotel Besse. The speaker for the evening was Dr. Jane M. Carroll who spoke on the subject: "Why Teachers Are As They Are."

Miss Freda Hatton was in charge of reservations for the dinner.

The mail sent to this address will be accurately forwarded to me in any spot I happen to be.

I appreciate the work you are doing this summer. I believe we have never had a summer when children and teachers all seem to be so happy in their work and are so strong in their praise for what is being done in the different rooms.

I will think of you often particularly when it rains, but other times as well. I hope you will have a very pleasant August vacation.

Love and best wishes to you.

Dear Dr. Prunty:

We are to have Dr. Carleton W. Washburne on the campus next week. President Hughes feels it would be a good idea to have him appear in different classes during the two weeks he is with us. I wonder if it would be convenient for you to have him appear in your class Friday, June 30, 11:10 a.m. I believe that class meets in ~~312 Russ Hall~~.

Dear Supervisor:

Mr. Buford Fisher is in the hospital and will be unable to go with us. Mrs. Hughes and Miss Carnagey took the responsibility of buying the tickets.

GETTING TO THE STATION

There will be three special coaches on the back of the Kansas City Southern train. All children are to enter the same door and go through to their own coaches. Line up on the platform according to grades with kindergarten at the North. Mrs. Hughes (not the Fourth Grade) has the envelope of tickets and will go on first ahead of the kindergarten.

ARRIVING IN KANSAS CITY

When arriving in Kansas City remain in your seats and leave the train in the same way as you got on, which means the kindergarten will be first. We will enter the buses in the same order.

AT SWOPE PARK

There is a little train which charges 10¢ per child and 14¢ per adult for rides. You may be interested in your children taking this ride.

ICE CREAM

Arrangements are being made to serve ice cream on the return trip. There will be no extra charge for this.

Dear Parents:

We have found that Jim's Steak House will provide the lunch for us for the Kansas City trip. It will cost each person 50¢. Please send the money to the supervisor by Tuesday, July 11.

We would suggest that children not be given money for the trip. They often lose it and if they eat or drink extra food outside of that provided, they are sometimes ill. However, we leave it to you to do as you wish.

I leave today for New York where I will sail for Europe Saturday, July 8. I am sure that you will find that the plans for the summer are well made and under way. We are glad to have had your children this summer and hope that we will see them again this fall.

I thank you for your fine cooperation throughout the year and summer.

Sincerely,

Jane M. Carroll

Education for Exceptional Child Is Theme of Meet

A conference on Education for Exceptional Children will begin Monday with registration scheduled for 8:00 a.m.

This conference is primarily an orientation program for the education of the handicapped and exceptional child, with specialists in the fields of crippled children, speech, hearing, vision, and psychogenic and socially maladjusted children.

Throughout the state, increasing interest is being shown in the education of exceptional children, according to Miss Ruth Fleischaker.

A House bill was introduced in the 1949 session of the legislature creating a division of special education for exceptional children within the State Department of Public Instruction.

The bill defined "exceptional children" as children who are unable to attend the regular public school classrooms with normal children because of social or emotional maladjustment or any mental or physical defect.

The conference to be held here, will feature speakers dealing with education of children with orthopedic hearing, speech, emotional, visual or social deviations.

Campus personnel who will participate in the conference include Dr. William A. Black, head of department of education and Miss Ruth Fleischaker, sixth grade supervisor, Horace Mann Laboratory School.

1-week workshop will be Dr. Paul T. Dixon and Prof. W. S. Davison. The workshop, to be held Aug. 14 to 19 will be to study practice teacher experience in the field of training.

In addition to the above faculty members 31 others will remain on the campus for a 1-week seminar in counseling.

Faculty members on leave during August include R. Paul Bartolini, doing work on his doctors degree at the University of Illinois; Margaret Parker of the social science department, recovering from an illness at her home in Denton, Kas.; Eugenia Johnson, doing graduate work at the University of Oklahoma; Clay DeFord, doing work on his doctors degree at the University of Oklahoma; Dr. Jane M. Carroll, traveling in Europe; and Clyde Ray Baird, working on a doctorate at the University of Oklahoma.

FACULTY MEMBERS KEEP BUSY

Many Will Be Teaching or Attending Conferences.

August is vacation time for most members of the College faculty, but many will be busy at work even while off campus.

Pres. Rees H. Hughes will attend a conference of presidents of colleges of teacher education to be held Aug. 21-25 at Madison, Wis. Dean Eugene E. Dawson will be in Colorado Springs the same week attending a conference sponsored by the Hazen foundation.

Dr. Ernest Mahan, dean of instruction, Dr. Robertson Strawn, head of the language and literature department, and Dr. Alvin Proctor, head of the social science department, will be participants at a workshop in Minneapolis, Minn., beginning July 31 and lasting the entire month of August. The workshop is for the purpose of a cooperative study among institutions for teacher education.

Attending a 2-week cooperative study of evaluation in general education at a workshop at East Lansing, Mich., will be Dr. Helen Schuyler, Dr. Walter Pennington, Dr. Elizabeth Cochran, Prof. William H. Matthews, and Prof. Jean McColley.

Airplane Rides Feature Aviation Education Week

Hope to Make Public More Conscious of Air Age Training Program

Aviation Education Week is now in progress at the College with speeches and airplane rides among the activities designed to make the public more conscious of the integration of aviation with education.

Yesterday Evan E. Evans, chairman of the Kansas Commission for Aviation Education, spoke at a special assembly in Carney Hall auditorium as a part of the second day's activities.

Tomorrow students and faculty will again have the opportunity to take airplane rides, according to Dr. R. G. Smith, local coordinator of Aviation Education. The Mid-Continent Airlines will furnish DC-3 planes for flights beginning at 3:30 p.m. Tickets are \$2 for a half-hour flight and may be obtained at the business office. These rides have been a regular part of the program for the past two summers, but for the first time this year night flights are also scheduled.

Proctor Announces Two New Courses

Two new courses, The American heritage and The modern family in society, have been added to the social science schedule according to Dr. Alvin H. Proctor, department head.

The American Heritage, a five hour general education history course will replace history of civilization and American history 8. The modern family in society, a three hour sophomore course, will be offered as a required course for all social science majors and as an elective for all other College students.

The new course on the family will be taught by Robert N. Noble, who will receive his PhD at the University of Nebraska next month. The course will be offered as a supplement to and coordinated with the present home economics course on the family which is offered only once each year.

The aim of the Modern Family in Society course will be to prepare students for marriage and to train teachers. It will constitute a brief study of how the family began and developed, with most attention pointed to the modern American family and the social and personal factors involved in courtship, marriage and family life which create either successful marriages or divorces.

Hughes to Ottawa

President Rees H. Hughes attended the funeral of Fred M. Harris, chairman of the Kansas State Board of Regents at the time of his death, in Ottawa last Friday.

Saturday, President Hughes went to Topeka where he attended a meeting of the Revision of Standards Committee.

Education Group Holds Luncheon

The International Educational Committee with Dr. Alvin Proctor, chairman, met at a luncheon meeting at the Cafeteria annex July 20, to discuss the desirability of affiliation with a European College or University. The Operation Democracy Inc, has been in correspondence with the committee. They suggest the possibility of an alliance with the University in Holland. The committee viewed this favorably but suggested that we investigate the possibility of an alliance with a Scandinavian University.

A letter to this effect has gone to the Operation Democracy Committee.

Our committee hopes to have the setup for an affiliation well in hand by the opening of next school term.

An affiliation will mean a friendly and informative exchange of communication with the school selected.

The Horace Mann Laboratory school has been affiliated with a school in Chile for some time and they found it an interesting experience.

Horace Mann Holds Open House

The pupils and faculty of Horace Mann Laboratory School will hold open house all day today.

Parents and friends may visit classrooms and observe class activity during the morning from 9 until 12.

This afternoon from 1 until 3 in the Industrial Arts building, an art exhibit under the direction of Prof. Bert Keeney will be held.

Thirteen New Instructors on Fall Faculty

President Announces Additional Personnel To Augment Fields

Thirteen instructors have been added to the College staff beginning with the Fall, 1950 term, President Hughes has announced.

Norland W. Strawn has resigned his position of principal of High Schools in Cherokee, to accept the position of Instructor in Education and Psychology. Strawn received the B.S. and M.S. degrees from K.S.T.C.

Ulf Ostergaard, from Copenhagen, Denmark, has been appointed assistant professor in the Language and Literature Department. Ostergaard studied for seven and one half years at the University of Copenhagen and received the equivalent of a Ph. D.

Dr. Alice Elliott received the B.S. degree from K.S.T.C., Emporia, and M.S. and Ph.D. from Kansas State College at Manhattan. At the College, she will instruct classes in the Biological Sciences.

Dr. Paul T. Dixon received the B.S. degree from Central Missouri State College, and the M.Ed. degree and D.Ed. degree from the University of Missouri. He will be associate professor of Education and Psychology here at the College.

T. William Hall has been assigned to the Education Department. Hall received the A.B. degree from Kansas Wesleyan College at Salina, Kansas, the Th.M. from Iliff School of Theology, Denver, and the Ph.D. degree from Boston University Graduate School.

Genevieve Dixon received her B.S. and B.S. in Library Science from the University of Illinois. She attended the University of Chicago and earned her M.A. in Library Science degree. She will work in the Library.

Dr. Robert R. Noble has accepted a position as assistant Professor in the Social Science Department. He will

In addition to the above faculty members, 31 others will remain on the campus for a one-week seminar in counseling. In addition to the 30 listed in last week's Collegio, Miss Thelma J. Carnegie will attend.

Faculty members on 'leave' during August include R. Paul Bartolini, doing work on his doctor's degree at the University of Illinois; Margaret Parker of the social science department, recovering from illness at her home in Denton, Kans.; Eugenia Johnson, doing graduate work at the University of California; Evelyn Triplett, doing graduate work at the University of Oklahoma; Clay De Ford, doing work on his doctor's degree at the University of Oklahoma; Dr. Jane M. Carroll, traveling in Europe; and Clyde Ray Baird, working on a doctorate at the University of Oklahoma.

Plan Faculty Seminars In Counseling Aug. 7-12

University of Florida Dean To Lead In-Service Training

The first in a series of faculty seminars in counseling will be held the week of August 7-11, according to Dr. Eugene E. Dawson, dean of students. About 25 faculty counselors have indicated their intentions to attend the sessions.

Visiting leader will be Dr. W. M. Wise, dean of student personnel of the University of Florida. Dr. Wise, a recognized leader in the field, holds degrees from the University of Iowa and Columbia University and has been teaching at Louisiana State University this summer.

The seminar provides in service training for college counselors in the problems, methods, and opportunities of their work. Dr. Dawson pointed out that the counseling is now a recognized part of faculty assignments.

Faculty Participates

Faculty members who will participate include Dr. Claude Leist, associate professor of biological science; Prof. George Ruggles, assistant professor of biological science; Dr. Theodore M. Sperry, assistant professor of biological science; Kenneth L. Hillier, instructor of commerce and business administration; Milburn J. Little, assistant professor of commerce and business administration.

HORACE MANN LABORATORY SCHOOL
KANSAS STATE TEACHERS COLLEGE

PITTSBURG, KANSAS

July 20, 1950

Dear Parents:

In continuing the program on air-age education, Thursday, July 27 we are scheduling flights for children and parents at the airport. The plans are as follows:

Tickets have to be sold in flights of twenty-one to the flight, each ticket costing \$2.00. The first flight will start at 2:30 p.m. These flights have to be scheduled, consequently we will need to know not later than Monday, July 24, whether you want your child and/or yourself to make a flight. Since each flight costs us \$42.00, once a ticket is bought the money cannot be refunded unless the whole flight is cancelled. We are asking you to be responsible for getting your child to the airport and on the plane on time.

Accompanying this letter is an attached sheet that will be necessary for you to sign before we can schedule your child to a flight. Please return this signed slip accompanied with the money before the close of school Monday for we cannot accept it after that time.

This flight is arranged by the National Aeronautics Commission and will be under their sponsorship. We believe that this will be an educational flight for your children. Every precaution will be taken to make it a safe one and we know that it is one that they will enjoy. We appreciated your cooperation on the Kansas City trip and will appreciate your consideration in this.

Sincerely,

Buford Fisher
Director of Laboratory School

⁶⁻²⁸⁻⁵⁰The Chocolate Soldier

Operetta to Be Presented By an Original May 4 Cast

Oscar Straus's comic operetta, "The Chocolate Soldier," will be presented tomorrow evening in Science hall auditorium at 8:15 by the College music department under the direction of Prof. Otis J. Mumaw, head of the department.

The principal roles will be played by the same cast that successfully presented the operetta to a packed house, May 4, during the regular Spring term of the College.

The cast, backed by the College choir and orchestra, will include Delores Mingori, Pittsburg, acting the part of Nadina; Betty Jane Randolph, Joplin, in the role of Mascha; Mary Truog, Columbus, Aurelia; Bill Lohead, Weir, Bumerli; Bud Bennett, Parsons, Massarkroff; Bob Trimble, Webb City, Alexius; and Gus Dittmann, Frontenac, as Popoff.

"The Chocolate Soldier", based on George Bernard Shaw's satirical comedy "Arms and the Man", closely follows the incidents of the original story. It takes place near the Dragoon Pass in Bulgaria in 1815 while Servia and Bulgaria are at war.

The sentiment of the opera is evolved by the love affairs of Nadina with Lieutenant Bumerli and the young Bulgarian hero, Alexius, and comedy situations are furnished by the affairs of Mascha and Alexius. The episode of Col. Popoff's coat which is delivered to Bumerli in order to make his escape, its return, and the fact that strange things are found in the coat, make unusually humorous scenes when the participants are cast together during the succeeding scenes and situations.

Joan Hughes Weds Don Lynn June 16

⁶⁻²⁸⁻⁵⁰Miss Joan Elnora Hughes, daughter of Mrs. Perva Hughes, and Donald Clark Lynn, son of Mr. and Mrs. Vern O. Lynn, were united in marriage at 7 o'clock Friday night, June 16. The double ring ceremony was read by Rev. Willard I. Kile in St. Peter's Episcopal church. The church was attractively decorated.

The bride was given in marriage by her brother, Louis E. Hughes. She wore a gown of French bridal lace over satin with a full skirt and aislewide train. The basque bodice was styled with a round marquise yoke edged with tiny pearls above a bertha of lace. Her fingertip length veil of illusion fell from a halo of seed pearls. She carried a white prayer book, topped with white carnations and Johanna roses. Her only ornament was a string of pearls, belonging to her mother.

The bride's only attendant was Miss Roberta Evans. Robert Lee Piper was best man. Loren Phelps and William Grandy served as ushers.

Following the ceremony, the reception was held in the Arabian room at the Hotel Besse.

The couple left for a wedding trip to Colorado. For going away, the bride chose an aqua summer suit with white accessories. Her corsage was white carnations and roses.

After July 1, Mr. and Mrs. Lynn will make their home at 3138 West 44th Terrace, Kansas City, Kas.

Both Mr. and Mrs. Lynn are graduates of the College. He is affiliated with Phi Sigma Epsilon fraternity and Mrs. Lynn is a member of Alpha Sigma Alpha sorority.

⁶⁻²⁸⁻⁵⁰Mh. and Mrs. Don Lynn cut the traditional wedding cake at a reception held in the Arabian Room of the Hotel Besse following the solemnizing of their wedding vows in the St. Peter's Episcopal church Friday June 16.

Horace Mann Enrollment to 231

6-21-50
Horace Mann Laboratory School has a summer enrollment of 231 children according to Dr. Jane M. Carroll, director of the school. The kindergarten shows the largest enrollment with 54 and the second grade is next with 48 pupils.

Enrollment figured are expected to run even higher when current Bible schools and vacation camps are concluded.

Total number of teachers in training in the Laboratory School is 126.

Horace Mann supervising teachers are: kindergarten, Mrs. Ethel Moore-Peck; first grade, Miss Velda Williams; second grade, Miss Thelma Carnagey; third grade, Mrs. Daphene Cross; fourth grade, Mrs. Perva Hughes; fifth grade, Miss Gladys Rinehart; sixth grade, Mr. Logan Duncan; Exceptional children, Miss Ruth Fleischaker.

Mrs. Edwina Fowler Returns From Leave

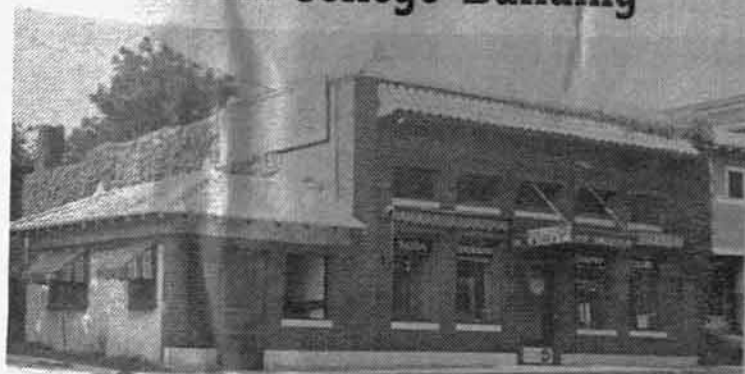

6-28-50
Mrs. Edwina Fowler has returned to her work in the Music Department after a nine months Sabbatical leave.

During that time she enrolled for the fall quarter at Northwestern University and visited universities, teachers' colleges, high schools and elementary schools in seven states.

Mrs. Fowler's purpose was to study the work in teacher training and laboratory schools. She was especially interested in the part played by the supervisor and in the opportunities offered the child for development of musical ability at different age levels.

MASTERS TO GET DEGREES

Newest College Building

Pictured above is the newest addition to the College plant. Just north of Porter Library, the former Collegiate has been purchased by the College to serve as a temporary Student Union and permanent school operated book store. Upon completion of the permanent Student Union building, now under construction, the fountain and snack bar will be transferred to that building. Beginning with the school year 1951-52 the College will institute a student book rental system.

Largest Class Since 1938 Will Receive Degrees Here

Dr. Nelson P. Horn to Give Address; Graduate Dinner to Be Held August 2

A record class of 65 candidates for the Master of Science degree, the second largest class of graduate students in the history of KSTC will graduate this summer, according to Dr. Ernest Mahan, dean of instruction. Commencement will be held Thursday, August 3, at 10:30 a.m. in the College auditorium.

The largest class of 66 Master's degree students was graduated in 1938.

Dr. Nelson P. Horn, president of Baker University, Baldwin, will deliver the address on the subject "Education and Democracy," President Rees Hughes has announced.

Make Dinner Reservations

The graduate dinner will be held in the Collegiate room of Hotel Besse Wednesday, August 2, at 6:00 p.m. Payment of the graduation fee entitles the student to a dinner ticket for himself. Extra tickets for friends and relatives may be procured from the Business Office. Reservations should be made by 5 p.m. Tuesday, August 1, Eugene E. Dawson, dean of students, has stated.

Candidates for the graduate degrees to be awarded this August are:

SOMETHING DIFFERENT

Eleven Colorful Library Projects Now on Display

By Harriett Sloan

Want to see something different in class projects? Then take a look at the eleven colorful displays located on the first floor of the library.

As a project for inducing people to read, Professor Herman F. Alwin recently divided his book selection class into groups of three. Each group chose books and other material to illustrate a particular topic, and the goal was to make the reading matter attractive through artistic arrangement.

The results show considerable ingenuity. Take the topic of "Kansas" for instance. The state's most famous products—Jayhawks, sunflowers, historical landmarks, colorful citizens, and even a model covered wagon—provide the background for books on the subject.

The juvenile interest in hobbies rates a table exhibit of books and posters with the slogan, "Time on your hands? Try a hobby."

Another table is devoted to elementary reading. Here the center of attraction is a miniature circus consisting of a cardboard merry-go-round and menagerie. This is surrounded by animal books and an album of children's books.

Selecting a career, a topic that appeals to young readers, is represented in a bulletin board exhibit by linking vocational books with pictures of professional people.

Other topics featured in bulletin displays include "Patterns of World Culture," "Sports," "Human Relations," "Science Fiction," "The Family Reads," "Peace, Universal Understanding," and "Holidays."

Working on this project was just one of the activities of the book selection class. "It calls attention of the people to the literature available," Prof. Alwin said.

Through developing the artistic arrangement of the bulletin board as well as choosing the books themselves, the prospective librarians should be able to go home and do these things in their own libraries.

HORACE MANN LABORATORY SCHOOL
KANSAS STATE TEACHERS COLLEGE
PITTSBURG, KANSAS
September 22, 1950

Dear Parents:

This year the Horace Mann orchestra is to be under the direction of Mr. Mumaw, head of the Department of Music; Mrs. Edwina Fowler, Music Supervisor; Mr. Charles Minelli, Director of the college band; Mr. Markwood Holmes, Director of the college orchestra and others of the music faculty. They will instruct the children in the use of the instruments. We feel this is an exceptional opportunity for the children in the Horace Mann Laboratory School.

The period of instruction for the orchestra will be from 8:15 to 9:00 a.m. on Monday, Tuesday, Wednesday, Thursday and Friday. Children in Grades 3, 4, 5, and 6 are permitted to join the orchestra. All mothers interested in having their children participate in this activity are to meet with the music instructors in the Horace Mann gymnasium at 3:00 p.m. Tuesday, September 26.

We hope you will be interested in your child joining this group.

Sincerely,

Jane M. Carroll

HORACE MANN LABORATORY SCHOOL
 KANSAS STATE TEACHERS COLLEGE
 PITTSBURG, KANSAS
 SEPTEMBER 19, 1950

Dear Parents:

The lunches for the Horace Mann Laboratory School Children will start Wednesday, September 20. We expect every child who finds it necessary to eat lunch away from home to eat in the lunchroom. The price of the lunch is 20¢. If you feel that you cannot plan for your child to eat lunch with us because of financial reasons, please talk with me about it.

Each child is to bring his 20¢ to the supervisor when he comes to school in the morning. No reservations for lunches will be accepted after 9:30 a.m. We are very fortunate to have this excellent lunch provided for us.

We have 300 children enrolled in the Horace Mann Laboratory School this year. We are glad to have your child and hope, with your cooperation, to give him the best in education. We will be happy to have you visit school any time you find it possible to arrange your schedule to come.

Sincerely,

Jane M. Carroll
 Professor of Education

COLLEGE ENROLLMENT IS UP

Figure Today 1,782, Twelve Above Year Ago.

Fall term enrollment at the College had risen above the figure of last fall today with Registrar J. U. Massey reporting 1,782 regular students on the campus, twelve above the figure of 1,770 on Sept. 26 of last year.

Veteran enrollment stood at 808 compared to 902 last year. The decrease in the number of veterans on the campus was more than offset by the increase in non-veteran enrollees, a total of 974 being reported compared to 868 for last fall. Vocational students were included in this figure. Late enrollments were boosting the total still higher, Registrar Massey stated.

Overall enrollment at the College, including special music students, College high training students, the Horace Mann laboratory school and correspondence students was set at 2,924 compared with 2,905 on Sept. 26, 1949.

The number of students in College high was six above that of last year. The Horace Mann laboratory school reported an increase of 51 over the 1949 figure.

The comparative figures to date for 1950 and those of Sept. 26, 1949 include:

Classification	1950	1949
Special music	30	48
College high	128	122
Horace Mann	306	255
Correspondence	678	710

Dr. Carroll to Speak To University Women

COLLEGE ENROLLMENT 1,767

Only Three Less Than Figure of Sept. 26 Last Year.

Fall term enrollment at the College today stood at 1,767, only three less than the figure of Sept. 26 last year, and a few more cards are expected to be turned in later this week, J. U. Massey, registrar, said.

Veteran enrollment was placed at 794, a decrease of 108 from that of the 1949 date, and nonveteran enrollment at 973, an increase of 105. Vocational students are included in these figures.

Overall enrollment of the College, including special music students, College high, the Horace Mann laboratory school and correspondence students, now stands at 2,899 as compared to 2,905 on Sept. 26, 1949.

A breakdown of the overall figure shows an increase of six in the enrollment of College high to date over the 1949 figure and an increase of 44 at Horace Mann.

Enrollment figures to date for 1950 and those of Sept. 26, 1949, include:

Classification	1950	1949
Special music	30	48
College high	128	122
Horace Mann	299	255
Correspondence	675	710

Some enrollment cards are still expected since students have the rest of the week in which to pay fees, Mr. Massey said.

Dear Supervisor:

desks

Please have the number of chairs and tables which you are not planning to use in your rooms to me by Monday morning 9:00 a.m. President Hughes wishes a list of these in order that he may talk with the Bowls Supply Company about buying them. This will include the tables and desks in Grades 2 and 5 even though the furniture has not yet arrived. The old tables and desks will be left until the new furniture arrives.

GREET FRESHMEN AT COLLEGE TOMORROW

BEGIN WEEK OF ORIENTATION
FOR NEW STUDENTS WITH
VESPER.

Other Meetings to Follow In Preparation for Enrollment Thursday; First Class Work Friday.

Orientation week at the College begins with a vesper service and reception for new students and parents at 4 p. m. Sunday in Music hall. Prof. T. William Hall, recently appointed director of College religious activities, will give the principal talk.

Intended to make the student feel at home faster and to help him plan his school work intelligently and with greater ease, the College will conduct a full week of the orientation program.

Tomorrow's program will be: Organ prelude, Glenn Clugston; call to worship, Wayne Shireman, presiding; invocation, Ted Huffman; greetings from the Pittsburg Ministerial Alliance; "Student's Faith," Bob Longstaff; vocal solo, Jo Ann Sell; address, Prof. T. William Hall.

Reception.

Following the services the reception will be held in the Music hall lobby. In the reception line will be Pres. and Mrs. Hughes, Dean and Mrs. Mahan, Dean and Mrs. Dawson, Dean Helen Schuyler, and Max Minor, president of the student council.

A more informal meeting for the students will be held Monday with group singing and greetings from Pres. Hughes scheduled. Dean Mahan will advise students on subjects offered and C. D. Baker of the guidance bureau will acquaint them with the testing and advisement program.

Freshman tests start at 9:30 a. m. with speech tests, an important phase of that day's program, coming later in the day. YMCA, YWCA and Alpha Phi Omega, national service fraternity, will sponsor a picnic and variety show at supper time.

Conferences.

Tuesday individual conferences, more tests and an all school party will be given for the students. Wednesday, after the final tests are ended, students will see a movie which was taken on the College campus. J. U. Massey, registrar, will give instructions on how to enroll.

Enrollment for freshmen will start at 8 a. m. Thursday in Porter library and will continue all morning. Separate convocations for men and women will be in the afternoon with Dean Dawson and Dean Schuyler presiding. At 8 p. m. an all school pep rally will be held back of the west stadium.

Class work for the entire College will begin at 8 a. m. Friday. Regular 53-minute periods are being scheduled.

Upperclassmen First.

College enrollment will start Wednesday with students having the most hours enrolling first. All students having 60 hours or more will have enrolled by 5 p. m. Those with fewer hours than 60, excepting freshmen, will enroll Thursday afternoon.

College high students will enroll Monday. Horace Mann students, including kindergarten, will enroll from 8 to 11 a. m. Monday with classes starting Friday.

At a special College assembly at 10 a. m. Friday, Drew McLaughlin, member of the board of regents and newspaper publisher from Paola, will extend greetings to students.

There is every indication that students enrolled in College will have their induction into the armed forces postponed or will be deferred to allow them to complete their college work, officials at the College said today.

In Healing Arts.

Walter Edgar, chairman of the local draft board, said that students enrolled in healing arts
