To the City Commissioners
Bartlesville, Oklahoma

The Cherokee Chapter of the United Daughters of the Confederacy in Bartlesville wishes to request that you, the city commissioners, insist that literature of a historical nature which is placed in the library for the use of the public, be preserved in its original form and protected from damage.

We also ask that this type of reading material, books, magazines or records, never be destroyed without due notification to the public.

Some of the historical material placed in the library is very valuable because of its age and the fact that it is no longer being published. This should be preserved for posterity.

Especially do we ask that the records of the last World War compiled by Mr. Jl D. Talbott be cared for in the proper manner and made available to the public.

Thank you for your interest and support in the right handling of the library affairs. If we can be of service at any time, please call upon us.

Respectfully submitted,

Mrs. Gunter Lane
President

Mrs. John M. Helms
Secretary

Mrs. C. H. Burt
Mrs. S. M. Oglesbee
