INDIANAPOLIS, IND., July 27, 1926

SPECIAL NOTICE

This will advise you that the ballots for the election of International Officers will be sent to all Local Union Secretaries, by registered mail, not later than November 16, 1926. This is being done in order to insure delivery of the ballots to each Local Union Secretary and for the additional reason that we may know, through the postoffice authorities, to whom the ballots were delivered.

I ask Local Union Secretaries to co-operate with me in this very important work.

Fraternally yours,

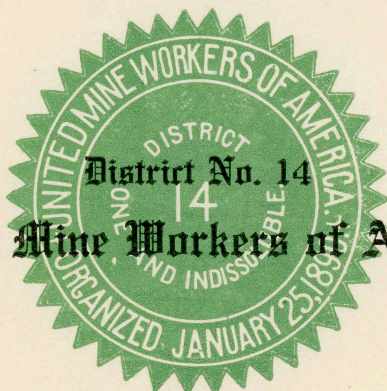

Secretary-Treasurer

United Mine Workers of America

Mr. Earl Maxwell,
Sec. L.U. 2397,

Dear Sir and Brother: -

Your communication of July 22nd received. I heartily agree with you that we can expect very little if anything from our Commission in Kansas City, and in the case of the motorman and the airman at 19, we have exhausted all our recourse with Riley Davison, and Joint Board Member Fitzgibbon is going to Kansas City tonight to argue those two cases orally.

In the case of Brother Tom Long, we are to get a definite answer from Davison not later than Thursday, as to whether or not he will start him. His contention is that it may interfere with his insurance if he starts Brother Long. He has agreed to come into the office Thursday and tell us definitely whether or not he will start Brother Long.

With best wishes to your membership, and kind regards to yourself, I remain

Yours respectfully,

M L Walters

President District 14
