Dear Cooperator:

The summer season is quickly approaching and plans are underway for the 1968 Breeding Bird Survey.

We greatly appreciate the assistance you gave us last year and we hope that you will be able to help us again this season. We would appreciate your completing the enclosed post card and mailing it to us immediately. If you are unable to run your route this summer, notification of this will enable us to contact your state coordinator in time to arrange for additional help to cover the route. Yes!

We regret that difficulties in getting our 1967 data processed will delay the completion of the report for several months. However, a copy will be mailed to you as soon as it is completed.

Sincerely yours,

Willet T. Van Velzen
