ATTORNEY AT LAW

PAOLA, KANSAS.

October 3, 1926.

Mr. Oscar W. Shaffer,  
Girard, Kansas.

Friend Shaffer:

Yours of sometime ago received and have not answered it for the reason that I was away from home on the receipt of your first letter and have been so very busy that I could not accept your invitation to attend your road meeting; also your reception which I know I would have appreciated very much to have been with you. I will try to make good at my first opportunity.

I just received a letter from Mr. Clarkson and he states that all of the Counties except Johnson County, through our State have qualified and I am going to take this matter up with them in the near future and I think they will qualify immediately so that we will then be able to mark the road through our State.

With kindest regards to you and my many friends, I remain

Yours truly,

*Paul Russell*
