To The Hon. Board of County Commissioners
of Crawford County Kansas.
Girard Kansas
Gentlemen:-

We the undersigned, hereby propose to gravel the roads
on the Jefferson Highway in your County, as per the enclosed
specifications which require 880 Cu Yds of gravel per mile, after
the grading has been completed, and to give a surety bond for the
faithful completion of the work on or before the first Monday in
September 1916, for the sum of \$1500.00 per mile, payment to be
made in cash, 90% the first of each month, and balance on completion.

If the County does not do the grading, we estimate that
it ought to cost not over \$100.00 per mile, for the grading, ditching,
and smoothing of the roadway preparatory to placing the chatts.

Very Respectfully Yours,

WILLIAMS CONSTRUCTION CO.

SPECIFICATIONS FOR GRAVELLING THE JEFFERSON HIGHWAY OR OTHER ROADS
IN
CRAWFORD COUNTY KANSAS

Grading, Ditching and Preparing the road for the gravel.

This work is understood to be done by the County Commissioners, with
their good road machinery, and the cost of same is not included in
these specifications or estimate.

Gravel to be spread nine inches deep in the center, and spread about twelve feet wide, and
which will later be scattered to about 14 ft. wide.
This will require 880 Cu Yds per mile.

Payments: to be made in cash, 90% on or before the 5th of the Month
following that in which the material was furnished or the work done.
