# DEDICATION

To the College Co-ed, whose presence on the Campus adds much of beauty, of inspiration, of sociability, and all of those finer qualities which contribute to a well rounded education, this, the Co-ed-ition of the Kanza is dedicated.

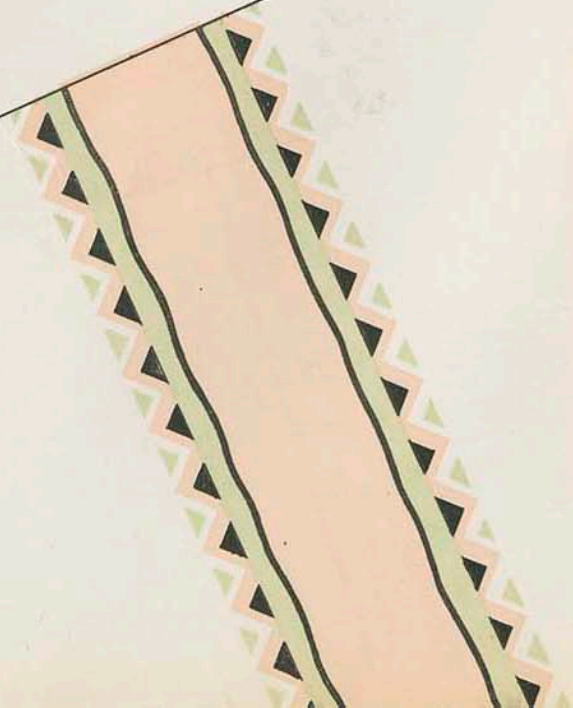

# FOREWORD

The College is not resting on laurels won, or dreaming idle dreams of the future; rather it is acting, achieving, and growing in the present. The staff has attempted to portray for a book built true to the present is the best book that can be built for the future

## PRESIDENT'S GREETINGS

To the Students and Alumni of K. S. T. C.:

We are pleased to express our appreciation of the faithful services rendered by the Kanza Staff, a service and devotion which has resulted in the production of this beautiful volume.

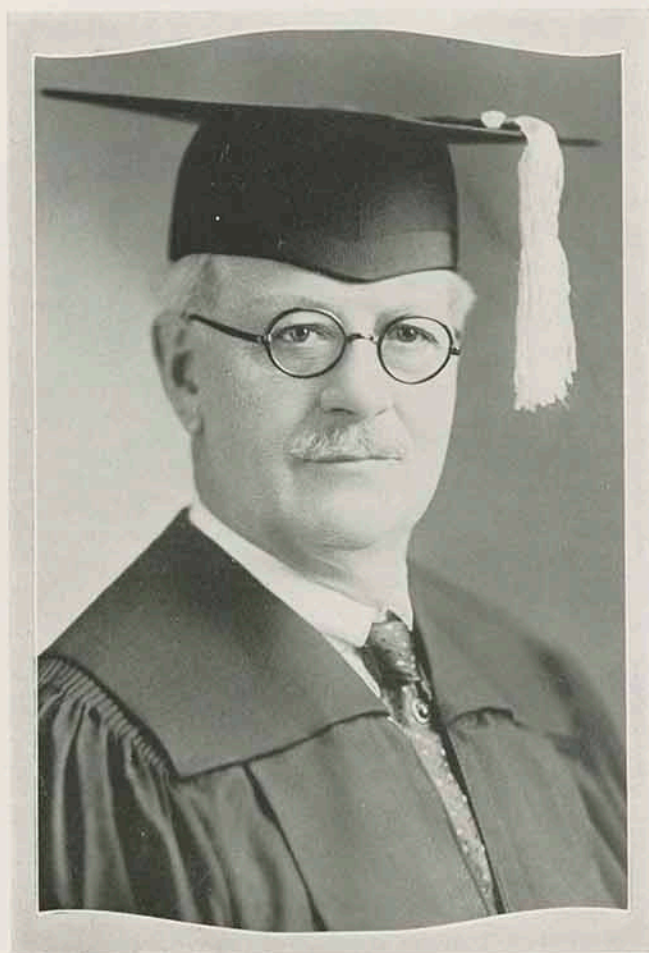

While there are many things we might speak of respecting the splendid progress of K. S. T. C., we wish only at this time to extend these sincere greetings and best wishes of the faculty and president of the Kansas State Teachers College.

Please remember that we are here to serve not only the students on our campus, but those who have gone into the fields of service. Kindly let us hear from you when you think our assistance will help you.

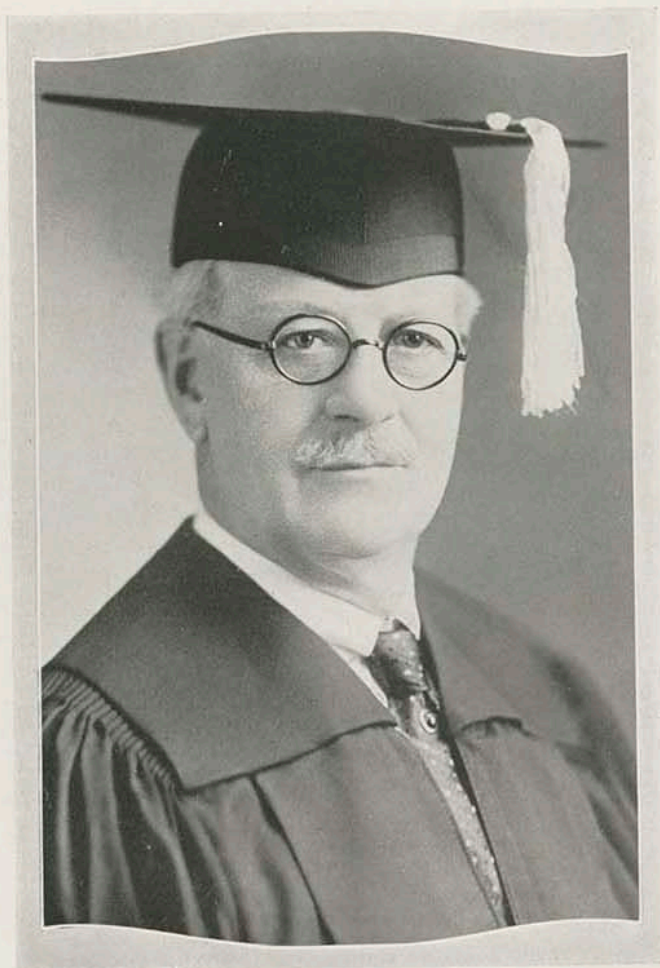

Yours for a greater and better K. S. T. C.,

W. A. BRANDENBURG,  
President.

G. W. TROUT, A. M.  
DEAN OF THE COLLEGE

G. W. TROUT, A. M.  
DEAN OF THE COLLEGE

## GREETINGS

It is indeed a great pleasure to be back once more upon the job in our beloved institution. As many of you know, the school year 1928-29 was my opportunity for a leave of absence that I might do some advanced work. The experiences of the year were of special value to me and I feel that I have many new contacts and ideas which will be of great help to me in my work among you. I am, therefore, very happy to be called upon by the Kanza Staff to bring greetings to the faculty, student body, alumni and friends of this institution.

I am sure that K. S. T. C. was never better organized and never presented a higher standard of work in any and all of the departments than at the present time. The institution, which has been so dear to your hearts and which today is as dear to the hearts of the alumni, friends and faculty who have known it through its struggles and development, is ready to serve in a wider capacity and on a higher scholastic plane than ever before. Therefore, as Dean of the College, I wish to assure each and every one of you that your Alma Mater will always be ready to welcome you to all of its privileges and to share in all of its joys.

It has been my great privilege to have been directly or indirectly connected with your Alma Mater from the beginning and it has been a joy to invest my life in its growth and development. May its democratic spirit forever remain. May the loyalty of its alumni be unshaken and steadfast. May the progress and enthusiasm of those on the campus be upward and onward until we have attained at least a partial realization of the ideals of the founders of the institution and those who have had the direction of its growth and development.

Sincerely yours,

G. W. TROUT  
Dean of the College.

HATTIE MOORE MITCHELL, A. M.  
DEAN OF WOMEN

## GREETINGS

As I watch students passing from class to class and hear the snatches of conversation peculiar to college life, I say again to myself, "Youth is God's second chance to make a better world."

To be sure, some passing our office door are among those who heeding neither "slow down" or "danger" signals, have lost sight of the ultimate aim of life. They speak the vernacular "getting by," "jolly the prof," "filch a notebook," and are kin to the man "at the foot of the hill with nothing to unload."

Through the halls past our door there go those happy, helpful, dynamic souls who have a share in legitimate college activities whether of works and worth or fun and frolic. These are they who in later years will say, "We helped in putting K. S. T. C. on the map."

Over the door sill into the class room another type of student passes—not unduly extravagant in waste of time or talent. A poise acquired by genuine preparation and hearty co-operation reveals the abiding aristocracy of the college campus. This type of student reminds us of the saying, "The bird that flutters least is longest on the wing."

For fifteen years we've watched this "passing by our door," and as our thoughts play truant wandering back to yesterday and yesterday's yesterday, faces come to us of those who probably never again will cross the threshold of K. S. T. C. halls, but who are meeting the challenge, "Youth is God's second chance to make a better world."

Cordially,

MRS. HATTIE MOORE MITCHELL,

Dean of Women.

L. M. COLLINS, M. A.  
DEAN OF MEN

## GREETINGS

It is with hearty appreciation of your efforts that I extend greetings and best wishes to the students of our Kansas State Teachers College.

K. S. T. C. stands for opportunity. The students receive more than lesson assignments and library references. You learn to be at home in all lands and ages; to count nature a familiar acquaintance and art an intimate friend; to gain a standard for appreciation of other men's work and the criticism of your own; to carry in your pocket the keys of the world's library and feel its resources behind you in whatever you undertake; to make hosts of friends among the men of your own age who are to be leaders in all walks of life; to lose yourself in generous enthusiasms and co-operate with others for common ends; to learn manners from students who are gentlemen and form character under professors who are Christians—this is the offer of the College for the best four years of your life.

Cordially yours,

L. M. COLLINS,  
Dean of Men.

## ART

ELSIE LEITCH BOWMAN.  
HEAD OF DEPARTMENT

The aim of this department is to prepare students to meet the demands of the public schools for supervisors and departmental teachers of art. It also gives training for those who expect to make art their life work.

There has been a steady growth each year in numbers and in interest. The department now offers a degree in art. Graduates are successfully teaching in surrounding towns of Kansas and of neighboring states and in some of the larger cities of the East. Others, specializing in some particular line of work, are now holding positions in the commercial world.

The College Art Club was organized in 1921 and, with the co-operation of the school and city, has brought fine exhibits to the campus. The paintings which have been purchased by the club are hung in a room in the new Music Hall. In this collection of nine pictures are a very fine etching by Frank Brangwyn and a painting by an early American artist of the Hudson River school.

The faculty of the department consists of Elsie Leitch Bowman and Bertha A. Spencer. The offices and classrooms are on the second floor of the Industrial Arts building.

## BIOLOGICAL SCIENCES

O. P. DELLINGER, PH. D.  
HEAD OF DEPARTMENT

To teach men how to live and grow old with a healthy body and an optimistic mind, how to live comfortably and peacefully with God and the forces of nature, are the aims and ideals of all biological instruction. From its inception in this institution the Biology Department has been organized around the thought that knowledge finds its functions in the conduct of life.

Two new members have been added to the Biology Department: Dr. Mary Renich, Ph. D., University of Illinois, who has the classes in physiology and anatomy; and Mr. J. A. Trent, M. A., University of Illinois, who is in charge of the teacher training courses of the department. These, together with Mr. J. Ralph Wells, who has the bacteriology and health courses, Mr. H. H. Hall, who has the nature study and field biology work, Mr. Claude Leist, who has the botany and zoology classes, Mr. George Ruggles, who has taught the agricultural courses the present year, make up the teaching staff. Two members of the staff are away on leave of absence doing work toward their Ph. D.: C. H. McDonald, Fellow in Physiology, Johns Hopkins University, and R. A. Riedel, Fellow in Education, Columbia University.

The department has recently placed students in the graduate schools of the University of Oklahoma, University of Illinois, University of Nebraska, University of Tennessee, University of Michigan, University of Southern California, Washington University, and the University of Kansas. These students hold either fellowships or student assistantships.

Beginning with the summer session students may work toward a M. S. degree in the department. At present graduate work will be limited to the field of general biology.

## CHEMISTRY AND PHYSICS

J. A. YATES, PH. D.  
HEAD OF DEPARTMENT

The staff consists of W. B. Parks, O. W. Chapman, W. H. Matthews, E. W. Jones, Margaret Coventry, Leo Hudiburg, and Charles Jordan. Professors Coventry and Hudiburg have been on leave of absence during the present year for the purpose of completing their work for the Master's degree. Mr. Jordan has been helping care for the work of the two professors during this time.

The department has been given the permission to offer major or minor work in chemistry for the Master of Science degree. A friend of the department has been supplying the College library for many years with the Journals of the American Chemical Society, along with closely allied magazines. This library material furnishes a good background for reference material for Master's work in chemistry.

The student who chooses his major in chemistry may select a minor in any department which offers a major or minor in the graduate division of the College.

The aim of the department is to co-operate earnestly and effectively with all other departments and interests of the institution.

## COMMERCE

W. S. LYERLA. A. M.  
HEAD OF DEPARTMENT

Alumni and former students who have not visited K. S. T. C. for several years will find upon returning, considerable change in the Department of Commerce. The extensive growth of the department has made it necessary to remodel the fourth floor of Russ Hall to accommodate the increasing number of commercial students. The entire south end of the fourth floor is now occupied by the department.

While the greater number of students who graduate in this department become teachers, yet many recognize the opportunity offered by the department to secure a knowledge of work in business administration as well as in work along secretarial lines. In the curriculum such courses in business administration as market management, advanced accounting, business organization and management, business finance and business law have been added, thus giving students who plan to become either commercial teachers or business men and women a broader conception of business principles and practices.

Two new members have been added to the faculty this year—J. U. Massey and Lillian I. Miller, who have just received the Master's degree from the University of Denver and the University of Colorado, respectively. The department faculty, now numbering six, consists of W. S. Lyerla, J. U. Massey, Willa M. Dush, Lillian I. Miller, L. C. Guffey and Hallie Bennington.

Recognizing the need of fostering high scholastic attainment, a chapter of Pi Omega Pi, a national honorary commercial fraternity, has just been installed on the campus. Junior and senior students majoring or minoring in commerce and who rank high in scholarship are eligible to membership in this fraternity.

## ENGLISH

I. G. WILSON, A. M.  
HEAD OF DEPARTMENT

Eight regular instructors and two assistants have made up the teaching staff of the English Department for the College year of 1929-30. Two or three additional teachers will, as usual, be employed to help during the first term of summer school.

Each full-time member of the staff is the holder of a master's degree. Each specializes in some part of the field of English, while teaching at the same time one or two of the numerous freshman classes. The advanced classes therefore are marked by a note of authoritative-ness and nearly all freshman are instructed by permanent members of the faculty.

I. G. Wilson has headed the department since 1921 as professor of English; his specialties are grammar and "Reading in Literature." Miss Lucy Harmon, associate professor, joined the staff in 1922, after five years as a high school teacher; the English novel is her special field. Ernest Bennett, associate professor, came into the department from that of foreign language the same year; his specialty is journalism. Miss Elmina E. Graham, professor, joined the staff in 1922, coming here from the faculty of Ottawa University; her specialties are Shakespeare and the survey courses in English literature. Miss Margaret Haughwout, associate professor, joined the staff in 1923, after having taught in two colleges, the Knox School for Girls, and having been county superintendent; her specialties are modern poetry and advanced writing. Miss Dora Robertson, assistant professor, came to the College the same year from an instructorship in the Columbus Community high school; her specialties are American literature and the essay. Mrs. Adele Mehl-Burnett, assistant professor, resigned the headship of the English Department in the Iola Junior College in 1926 to come to K. S. T. C.; her specialties are Chaucer and the drama. Mrs. Mae L. Gale, assistant professor, became director of supervised student teaching in the department in 1927, after several years of supervisory experience in the public schools.

Part-time assistants in the English Department this year have been Mrs. J. U. Massey, formerly Miss Josephine Burgard, an alumna, and Mrs. Forrest Bryan, also an alumna.

## ENGLISH

I. G. WILSON, A. M.  
HEAD OF DEPARTMENT

Eight regular instructors and two assistants have made up the teaching staff of the English Department for the College year of 1929-30. Two or three additional teachers will, as usual, be employed to help during the first term of summer school.

Each full-time member of the staff is the holder of a master's degree. Each specializes in some part of the field of English, while teaching at the same time one or two of the numerous freshman classes. Part-time assistants in the English Department this year have been Mrs. J. U. Massey, formerly Miss Josephine Burgard, an alumna, and Mrs. Forrest Bryan, also an alumna.

## FOREIGN LANGUAGES

MRS. LEETA S. GUERNSEY  
ACTING HEAD OF DEPARTMENT

S. J. Pease, head of the Department of Foreign Languages, is directing a department which is fast growing in popularity. Each semester more students are enrolling in language courses, both ancient and modern.

Mrs. Leeta S. Guernsey is the acting head of the department during the absence of Mr. Pease who is doing work toward his Doctor's degree at Chicago University. The Spanish classes are taught by Mrs. Guernsey. Miss Mary Ellen Howe conducts a live and growing department of French. Miss Florence Johnston who received her Master's degree from the University of Iowa last year is the new member of the staff. She teaches the classes in Latin.

A new impetus has been given language study through the travel bureaus and eminent travelers. German classes show a steady growth since its reinstatement. Majors in languages are common in the College and graduates in the field report interest in their classes.

## GEOGRAPHY AND GEOLOGY

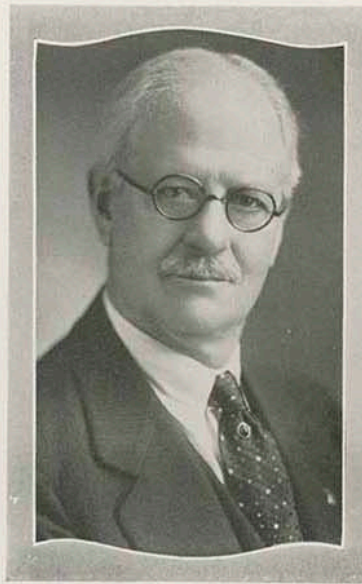

EULALIA E. ROSEBERRY, M. A.  
HEAD OF DEPARTMENT

The department of Geography and Geology has a three-fold purpose: To prepare teachers for the teaching of geography and geology; to give students a basic knowledge of the subjects which may later lead to specialization; and to correlate with other departments of the College. In addition to the head of the department, the staff consists of C. E. Abernathy, M. S., E. M., Professor of Geology; Helen B. Hinn, M. A., Assistant Professor of Geography; Claude McFarland, M. S., Professor of Geography.

The staff hopes not only to promote the efficiency of teaching in the field of geography and geology but also to bring about an increased interest in the subjects in order that more people may profit by the rich benefits which may be derived from a knowledge and understanding of the various places of the subjects.

## HISTORY AND SOCIAL SCIENCES

G. W. TROUT, A. M.  
HEAD OF DEPARTMENT

The Department of History and Social Sciences is especially happy to greet its constituency and again proclaim its readiness to serve. Last year, Dean Collins acted in the capacity of head of the department during the absence of Dean G. W. Trout. The department has made steady growth and advancement, both in the number of courses offered and instructors to give these courses as well as the organization of the work in the department following a closer sequence of relationship in the social studies.

Beginning with the summer term of 1930, the department will offer a limited number of Graduate courses for those who are desiring to take either a major or a minor in history and social sciences for the Master of Science degree. It is our ambition to offer work that is equal to the work offered in any Graduate Division of any institution.

At present, there are nine instructors on the teaching staff of this department, all of whom are well equipped for their work. We hope to be able to serve you in the future even better than we have in the past.

## HOME ECONOMICS

JOSEPHINE A. MARSHALL, M.A.  
HEAD OF DEPARTMENT

The central aim of home economics teaching today is to give a broad, comprehensive viewpoint as to the meaning of the home as the institution in which future citizens are definitely trained for progressive social activity. This viewpoint places emphasis on factors of personality and human relationships; on the development of character and ideals rather than on activities and skills.

But just as a successfully managed industry rests on the foundation of pertinent activities efficiently performed, so does the home depend largely upon the smooth running of its machinery for opportunity for its highest development. To that end training in the fundamental skills which the business side of homemaking necessitates becomes a part of the home economics curriculum.

The Department of Home Economics of the College recognizes the need for training in both phases of homemaking. Its curriculum includes courses in foods and clothing, in housewifery and management, with their related aspects of science and art, in child development and training, and in home and family. It also prepares students for teaching the subjects in schools through its courses in methods and supervised teaching.

There are eleven members of the home economics staff: Annie Marriott, foods and institution management; Pearl Garrison and Mabel Frances Henry, textiles and clothing; Louise Gibson, methods and supervision of practice teaching; Carrie B. Green, vocational home economics and child development; Alza Rodgers, household management and supervision of the Home Management House; Beatrice Olson, nutrition; Mamie Engel, art; Mrs. Blanche Little, vocational training center, Frontenac; Ruth Thornton, scouting; and Josephine A. Marshall, director of department, home economics education, and modern family.

## INDUSTRIAL EDUCATION

A. H. WHITESITT, M. A.  
HEAD OF DEPARTMENT

The chief motive for founding this school was the training of industrial arts teachers, and while its curricula has been extended and strengthened until it is now recognized as a first class college, the Industrial Education Department, ever mindful of its birthright and mindful of its mission and opportunities, is always seeking to maintain the enviable reputation that it enjoys among its educational sisters throughout the country.

Since the last issue of the Kanza we have adopted and are working with an entirely new and revitalized curriculum; one which has received some very favorable commendation from eminent authorities.

The faculty of this department has recently dedicated itself to the task of improving its teaching methods which are in harmony with the latest and best thought and growing practice in the field of industrial education. It has undertaken a stupendous task but one which will ultimately place every course in the department on the "instruction sheet" basis. This will be another mark of progressiveness and leadership in the training of industrial arts teachers.

The department faculty is: E. W. Baxter, G. E. Braley, F. K. Bryan, R. M. Coffelt, F. H. Dickinson, R. W. Erskine, R. E. Farnsworth, O. A. Hankammer (on leave of absence at Ohio University), H. V. Hartman, C. F. Kopp, R. J. Nevins, C. R. Wasser and F. R. Werst.

## INDUSTRIAL EDUCATION

A. H. WHITESITT, M. A.  
HEAD OF DEPARTMENT

The chief motive for founding this school was the training of industrial arts teachers, and while its curricula has been extended and strengthened until it is now recognized as a first class college, the Industrial Education Department, ever mindful of its birthright and mindful of its mission and opportunities, is always seeking to maintain the enviable reputation that it enjoys among its educational sisters throughout the country.

Since the last issue of the Kanza we have adopted and are working with an entirely new and revitalized curriculum; one which has received some very favorable commendation from eminent authorities.

The faculty of this department has recently dedicated itself to the task of improving its teaching methods which are in harmony with the latest and best thought and growing practice in the field of industrial education. It has undertaken a stupendous task but one which will ultimately place every course in the department on the "instruction sheet" basis. This will be another mark of progressiveness and leadership in the training of industrial arts teachers.

The department faculty is: E. W. Baxter, G. E. Braley, F. K. Bryan, R. M. Coffelt, F. H. Dickinson, R. W. Erskine, R. E. Farnsworth, O. A. Hankammer (on leave of absence at Ohio University), H. V. Hartman, C. F. Kopp, R. J. Nevins, C. R. Wasser and F. R. Werst.

## MATHEMATICS

J. A. G. SHIRK, M. S.  
HEAD OF DEPARTMENT

"The primary purpose of the teaching of mathematics is to develop those powers of understanding and analyzing relations of quantity and of space which are necessary to an insight into and control over our environment and to an appreciation of the progress of civilization in its various aspects; and to develop those habits of thought and action which will make those powers effective in the life of the individual."

This is the platform which we have adopted for the mathematical instruction in this institution. By its realization mathematics will be of the greatest achievements of the human race. Mathematics is the heritage of symbolic thinking, and the study of it is the best means of securing an ability to think apart from a concrete environment.

This department offers many courses of practical nature, such as statistics, theory of investments, analytical mechanics, and surveying. They are also cultural in that they give an insight into the processes used in many fields of industry and business as well as in many lines of research.

Each year about sixteen young men and young women graduate with a major in mathematics, most of whom enter the teaching profession. Others find profitable employment in business and industrial positions for which the practical nature of our courses provides a desirable training.

The present faculty of the department is made up of L. E. Curfman, W. H. Hill, R. W. Hart, and F. C. German.

## MUSIC

WALTER McCRAY, B. MUS.  
DIRECTOR OF MUSIC

The Music Department extends greetings to all students and alumni and invites all to visit the Music Hall and see what a finely equipped building we have in which to give more efficient training in music.

All the music work of the institution is now given in the new music building. While the studios and classrooms have aided materially in the presentation of our music work, we feel that the greatest need of the department has been met in the fine auditorium, which serves as a rehearsal room for the chorus, glee clubs and orchestra, and the band room, which meets the needs of our band.

We now have sixty-six graduates of the music supervisor's course in the field teaching and we have many others in other lines of music work. This year our enrollment has shown a very satisfactory increase over last year, and with our present equipment and well equipped faculty we feel certain the Music Department will go forward this year.

## PHYSICAL EDUCATION - WOMEN

IRMA GENE NEVINS. M.A.  
DIRECTOR OF WOMEN'S PHYSICAL  
EDUCATION

Miss Irma Gene Nevins became Director of Women's Physical Education in 1928. Miss Carrie Hupp was the first department head, when physical education was made a major department in 1929.

Other members of the staff are: Miss Ruth Wilson, supervising teacher of physical education in the three Training schools, and Miss Ruth Luther, who has charge of the extra curricular work. Under her supervision successful volleyball and basketball tournaments have been played.

The department sponsors the Women's Athletic Association, an organization composed of girls interested in sports, dancing and hygiene. The swimming club is also sponsored by the department.

The department aims to minister to the physical needs of all the students, through hygienic, educative and recreative activities. It fosters the formation of healthful habits in achieving the fourfold life, which is physical, mental, moral, and social health.

## PHYSICAL EDUCATION - MEN

GARFIELD W. WEEDE, D.D.S.  
HEAD OF DEPARTMENT

Man has always engaged in play and sports, but only in recent years have the many health and moral benefits to be derived from athletic activities been fully recognized. To help the students of K. S. T. C. secure these higher values as well as the physical values which have been the accepted ones in the past is the primary aim of the Men's Department of Physical Education and Athletics.

We have had a fine response to the physical education classes in our inter-collegiate teams. We trust all who have been in "gym" classes or participated as members of inter-collegiate or intra-mural teams have profited from their experiences.

All those who are graduating we exhort to keep up some regular systematic form of daily exercise, believing that if you do you will make greater success in your chosen fields of endeavor. We hope more and more of those who continue in college will enter wholeheartedly into the spirit of the physical education program. Join a class or team and get the play spirit.

Required courses in any department of college work are not usually the most pleasant ones. Physical education is no exception we realize. We don't enjoy your forced attendance any more than you. We do enjoy work with those who secure pleasure from the same. If assigned a class attend regularly and cheerfully and by doing so we feel sure you will get better results physically, socially, and ethically.

The staff of the Men's Department is as follows: G. W. Weede, Director of Department and track coach; John F. Lance, instructor and basketball coach; George Walker, instructor and high school supervisor; Edward "Blue" Howell, instructor and football coach; George Small, instructor.

## PSYCHOLOGY AND PHILOSOPHY

CHARLES BERTRAM PYLE, PH. D.  
HEAD OF DEPARTMENT

No word is more frequently upon our lips in these days than the word psychology, indicating the importance in this subject in every realm of thought and action. The last decade or so has witnessed a rapid extension of the principles of psychology in the field of law, medicine, industry, vocational guidance, religion, and education. A knowledge of the subject provides correct laws of method and procedure. Philosophy furnishes the background for all educational theories. It establishes the ends of education while psychology provides the means of attaining them. Psychology and philosophy also serve to prepare students for advanced work in these respective fields.

To this end twenty-two courses are now offered in the undergraduate department (there were eleven three years ago) to meet the demands of the differentiated curricula of the College. During the last year nine courses were offered for students in the Graduate School. A major of twenty-four hours is offered leading to the Bachelor of Science degree. For the first time a major leading to the Master of Science degree will be offered in the summer of 1930 and the following year.

Professors L. D. Morgan and H. E. Euler, associates in the department and C. B. Pyle, head of the department, extend best wishes for the realization of your fondest dreams in the teaching profession.

## RURAL EDUCATION

E. E. STONECIPHER, M. S.  
DIRECTOR OF RURAL EDUCATION

Rural Education is demanding increasing attention throughout the country and in keeping with the movement, K. S. T. C. has set up an improved curriculum for the training of rural and small town teachers and the Division of Rural Education is extending its service.

The resident enrollment is about double that of last year and the work in the field has been extended both as to content and territory served.

The Gleaner, a monthly publication of the department, is sent each month to more than 1,200 teachers, board members, rural school administrators, state legislators and others interested in rural education.

Miss May Hare is assistant and critic teacher in the department.

## SPEECH

JOHN R. PELSMA, PH.M.  
HEAD OF DEPARTMENT

To be able to speak clearly, forcefully, gracefully and effectively is an open sesame to leadership.

The Department of Speech aims to make each student an interesting reader and an effective speaker. To this end the department is offering thirty-six hours of work in fifteen separate courses.

The present faculty consists of Prof. J. R. Pelsma and Asst. Prof. E. Madge Jones. Ten years ago when Professor Pelsma was placed in charge of the department there were twenty-eight students enrolled; last year over 575 were registered in one or more courses. Ten years ago students participated in four debates, last year in forty-six. Ten years ago two students tried out for oratory; last year there were thirteen. Ten years ago six readers were sent out to clubs, lodges and other organizations; last year this number increased to 126.

In the past ten years fifty long and forty-eight one-act plays were staged by the department, netting above cost of production over \$3,000 which has been spent for stage properties, electric fixtures, furniture, curtains and scenery. A \$1,000 curtain was hung in the new Music Hall last summer.

To say the most in the briefest time and to say it well remains the departmental aphorism.

## RESEARCH BUREAU

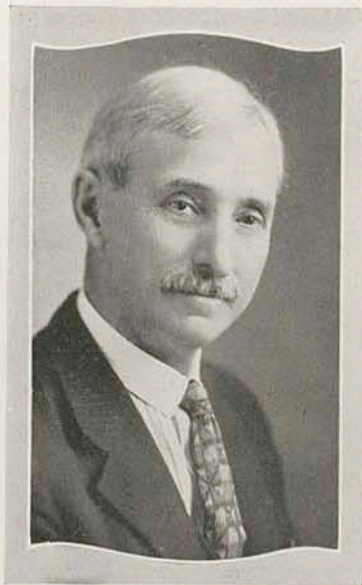

EDGAR MENDENHALL, M. A.  
DIRECTOR OF RESEARCH

The Bureau of Research under the direction of Professor Edgar Mendenhall, continues to function as an essential phase of our educational activities. In a changing civilization it becomes constantly necessary to gather facts, organize and interpret them. The Bureau is attempting to make its contribution to meet this need.

A growing service the Bureau is rendering consists in the distribution and interpretation of the standard tests.

## REGISTRATION

J. F. MITCHELL, A. M.  
REGISTRAR AND EXAMINER

The registrar's office seems to be at the main intersection of the various highways that students must travel to attain what we call an education. Apparently there is no detour past this place no matter how worn the road becomes. Partly on this account, it would be a matter of deep regret to us if we should not be able to help you when you "turn in" here.

Though the business of managing the registrar's office grows more and more complex with each succeeding semester and the work, arising from these increased duties, occupies us all more completely in the round of the days, yet we want the students, alumni and faculty members of our institution to know they are always welcome and that we stand ready to help whenever we can be of assistance to any of them.

Miss Eva Edwards is Assistant Registrar. Nettie Hembree, Leona Johnston and Georgia Weir are assistants in the office.

## WILLARD HALL

HATTIE MOORE MITCHELL  
DEAN OF WOMEN

When a young girl enters college, the grape vine swing is a memory, a very pleasant memory.

When her college days are "yesterdays," memories still should be pleasant memories, and K. S. T. C. is proud to have a building on the campus, built and equipped for comfort and pleasure to offer young women who choose this college as their Alma Mater.

Willard Hall is centrally located as to class rooms, library and cafeteria; is fireproof and modern in every respect. The individual rooms for the residents are conducive to study and comfort.

One large recreation room, together with two smaller adjoining parlors, furnished with piano, overstuffed chairs, davenports, floor lamps, library tables and a "cheery fireplace is one of the most attractive places in the Hall. 'Tis here the residents meet each evening and enjoy a "social hour" before retiring to their rooms for study.

During the year, various social affairs are enjoyed and those who have lived in the Hall will never forget their Christmas seasons there, hearing the Christmas carols through the halls and seeing each girl rush from her room to join the merry makers singing as they march to the parlors to investigate their "stockings" and enjoy the annual breakfast given by the housemother.

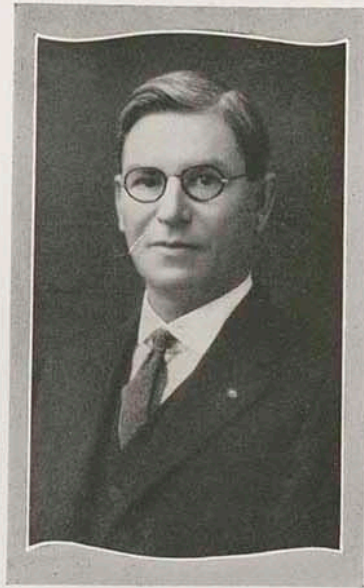

Every house is not a home, but Willard Hall with Miss Eleanor D. Kase, who is vitally interested in the health and welfare of each resident, is an ideal college home.

To J. E. Lofton, the custodian, is due the credit for the artistic arrangement of the lawn and the general air of the thoughtful care and preservation about the premises. He is never too busy to strap a trunk, repair the buzzer or provide a new light bulb.

By virtue of my position as Dean of Women, it is my privilege to have the general oversight of Willard Hall, and my chief regret is we cannot accommodate all the requests for reservations in the home.

The latch string hangs out to former students whenever they are on the campus, and the "glad hand" of welcome is extended to college women who plan to make Willard Hall their college home.

## EXTENSION

L. A. GUTHRIDGE  
DIRECTOR

After a prolonged illness Professor Guthridge is back on the job again. His many friends, those in school and those in the field, are glad that he is able to continue as director of the extension work of the College.

The Kansas State Teachers College of Pittsburg was one of the very first among the teachers' colleges to recognize the importance of extension service.

Extension-class work is given by regular members of the College Faculty in various centers. The number and length of recitation, and the quality of work required conform to the standard set by the leading colleges and universities of the country.

In correspondence study the same high standard set for the extension class work is maintained. The student is required to prepare a written manuscript for each assignment required in the course. The manuscript must show evidence that the student has a grasp of the subject matter comparable to that of a student of the same subject in residence. In addition the student is required to pass a written examination.

## GENERAL OFFICE

BELLE PROVORSE  
FINANCIAL SECRETARY AND  
SECRETARY TO THE  
PRESIDENT

As the name implies, the General Office is a place where many different kinds of transactions are handled. In a way, it is a sort of information bureau where questions are cheerfully answered and assistance rendered in various ways. All institutional funds are handled in the General Office. Enrollments, dormitory rents, orders for the different departments, and the cafeteria are requisitioned, vouchered, and paid.

Every faculty member some time during the day usually enters the General Office if for no other reason than to look for his mail. The General Office is under the efficient direction of the Secretary to the President, Miss Belle Provorse, who has as able assistants, Miss Alma Cassin, Miss Martha Schneider, Miss Hazel Sheppard, and Miss Beulah Lashley.

The College P. B. X. is located in the General Office. Forty-eight telephones, with four outside lines, are connected with the P. B. X. Mrs. Harold Stover, the College telephone operator renders excellent service from 8 a. m. to 5 p. m.

## BOARD OF REGENTS

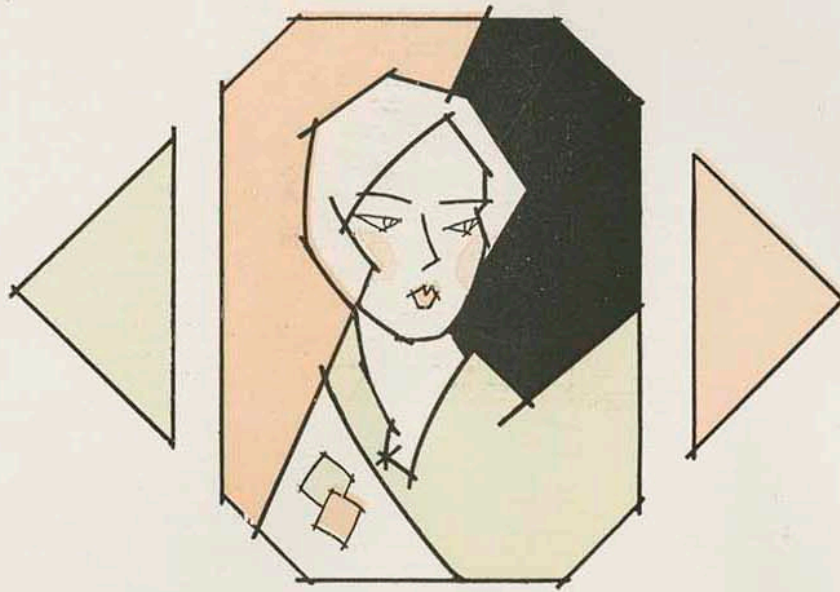

W. Y. MORGAN  
CHAIRMAN

The State Board of Regents is the official governing body for the state educational institutions. W. Y. Morgan, Hutchinson, is the chairman of the board.

The other members of the board are: Charles M. Harger, Abilene; C. W. Spencer, Sedan; C. B. Merriam, Topeka; B. C. Culp, Beloit; Oscar S. Stauffer, Arkansas City; C. C. Wilson, Meade; M. G. Vincent, Pittsburg; and W. E. Ireland, Yates Center.

Each year the board visits the College in a body. This year they were present on Commemoration Day, Friday, April 11, as the guests of the College. The members of the board visit the campus at other times when convenient. The College is always glad to have them come and keep in close touch with the activities and growth at K. S. T. C.

## GRADUATE COUNCIL

MITCHELL      PRYOR      DELLINGER      PYLE      PARKS  
FRITZ      ANDERSON

The Kansas State Teachers College of Pittsburg was authorized in June 1929, by the Board of Regents, to confer the Master of Science Degree. The President appointed a Graduate Council consisting of Dr. O. P. Dellinger, Chairman, Doctors H. C. Pryor, C. B. Pyle, W. B. Parks, R. A. Fritz, E. M. Anderson, and Registrar J. F. Mitchell.

Graduate work was organized by the council in two departments, Education and Psychology, leading to the Master of Science Degree with a major in education and a minor in psychology. At the beginning of the summer session, 58 students enrolled in the Graduate Division. In March, 1930, the President authorized the council to organize graduate work in five additional departments: History, Biology, Chemistry, Home Economics, and Industrial Education. With the opening of the 1930 summer session, the departments of Biology, Chemistry, History, Home Economics and Education will offer majors and Psychology and Industrial Education minors leading to a Master of Science Degree.

The administrative council for the year 1930-31 is composed of Dr. O. P. Dellinger, Chairman, and Doctors H. C. Pryor, C. B. Pyle, J. A. Yates, Ralph A. Fritz, Ernest M. Anderson, and Dean G. W. Trout. Registrar J. F. Mitchell is secretary to the Council.

## O ALMA MATER, BEACON BRIGHT

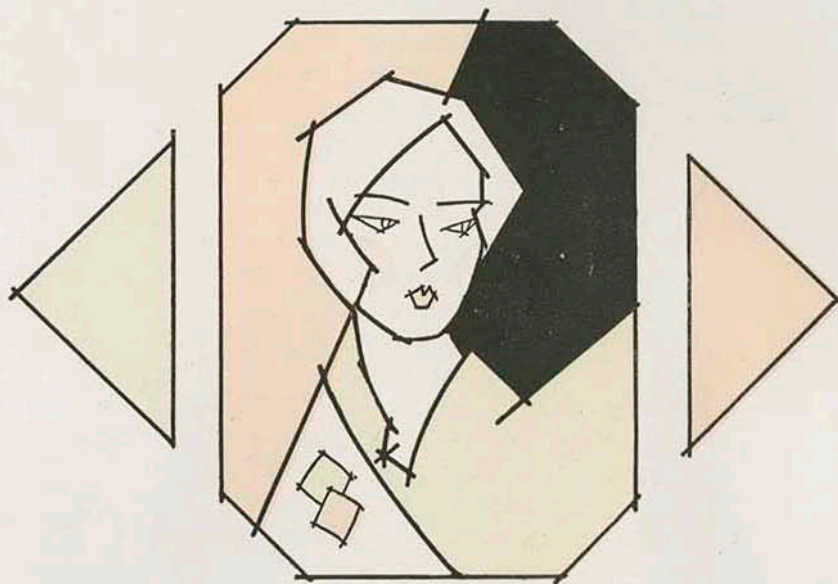

Edgar Nelson Mendenhall, Ph. B.

O Alma Mater, Beacon Bright  
Of southeast Kansas plains,  
Thy sons and daughters lilt their love  
In these deep, heartfelt strains.  
Thy classrooms, halls, thy fields of strife  
Our heart-strings intertwine;  
Our souls, our minds thy imprint bear,  
Their dross thou didst refine.

Pierce darkness, Mater, shed thy rays  
Upon tradition's chain;  
Unfetter minds and haste the time  
When Truth and Justice reign.  
Shine on, O Mater, Beacon Bright  
Of southeast Kansas plains,  
Light others' steps to heights beyond  
Our vision and refrains.

Burn bright, O Beacon; in our hearts  
Shall altar embers glow,  
Vestalled by Love's eternal flame,  
Unquenched by Age's snow.  
O Alma Mater, Beacon Bright  
Of southeast Kansas plains,  
We pledge our constant love for thee  
In these, our heartfelt strains.

LOUCILE GALLAGHER  
MAID OF HONOR

## SOPHOMORE IMPRESSIONS

### Monday, September 9

I go back to college again tomorrow. Are there any resolutions I ought to make? I believe I shall keep a diary. I never tried it before but now that I have become an important sophomore I may need it for reference when I write my memories.

### Tuesday, September 10

Enrollment day again. I managed to get through early, thanks to my experiences of last year. After enrolling I helped sell freshman caps. Great sport that!

### Wednesday, September 11

Y. M. Stag at the Gym. tonight. We had a good time. Plenty of doughnuts and cider.

### Thursday, September 12

Jim Straley, champion funny man, read the Freshmen rules at assembly. After assembly the freshies got a taste of leather, much to the chagrin of some of them.

### Friday, September 13

Attended a fraternity party this evening and am now wearing a pledge button. Haven't seen anything of the much talked of paddles yet.

### Friday, September 20

I have let a whole week slip by without writing. There wasn't much to do but go to classes. Just arrived home from the Y. W.-Y.M. mixer. O. K. if you like to play ring-around-the-rosey.

### Saturday, September 21

First football game of the season. The Old Grads copped the big end of a 6-0 score. The day was known as "Blue Howell Day" in honor of our new coach. He had a very presentable team for the time he has had to work with them.

### Tuesday, September 24

Primary class elections today. Two candidates eliminated from the four classes. Attended the reception for students at one of the churches tonight. It certainly is a help to have such a reception for the benefit of the new students who are strangers in the city. Doughnuts and cider always good.

### Thursday, September 26

The general election today accomplished a little more than the primaries. I see seven honor points for myself now. They will help.

### Friday, September 27

Have just finished putting liniment on my right arm. I don't suppose I'm the only one to do it after returning from the faculty reception. Oh, that receiving line!

## SOPHOMORE IMPRESSIONS

**Saturday, September 28**

Had a parade this noon and then went to the Talequah football game. Score 13-7 in favor of Talequah! Get in there and fight! At the show tonight I almost kicked over. Heh! Heh! Pete Gabriel, a freshman was sitting by me and when an elephant knelt in the picture, Pete says "Button." I'm still laughing.

**Tuesday, October 1**

Professor Shirk talked about astronomy in Y. M. C. A. this morning. A very interesting subject if you know anything about it—which I don't.

**Wednesday, October 2**

Hooray! We get our special train to Wichita. Won't that be fun? We had a frat picnic out east of town tonight. Good enough.

**Friday, October 4**

Whew! Here I am in an out of the way corner of Wichita trying to write a little before I forget. We arrived here on the special after a large time was had by all (throwing folded Collegios). We paraded down the street led by the world's most ancient looking Ford. Here we are home again. The score was a 0-0 tie. Oh, man, let me crawl in bed.

**Saturday, October 5**

The all-college party was postponed so I did not miss it by going to Wichita. Saw a gangster picture, "Alibi," at the auditorium tonight.

**Thursday, October 10**

Got a student directory after assembly this morning. Now I can find her telephone number and address.

**Friday, October 11**

First all-college party tonight. heartily enjoyed by all participating. When we left the gym., the freshies were guarding the campus. I wonder if any of them went up and slept in the Y. M. C. A. room as I did last year.

**Saturday, October 12**

"Doc" Weede Day. Big parade downtown to generate pep. It didn't help much because Washburn beat us 12-7. At the half the freshmen staged an open revolt and "got away with it."

**Sunday, October 13**

Spent the day at Bella Vista, Ark., running around over the hills, and drinking that wonderful spring water.

## SOPHOMORE IMPRESSIONS

### Monday, October 14

Classes are getting boresome already. These Indian summer days invite me to the woods instead of the campus.

### Tuesday, October 15

What can I do this afternoon? I get considerable pleasure out of just loafing.

### Wednesday, October 16

The first College bus arrived today. Little Herbert is going to use it for a toy.

### Thursday, October 17

After assembly today the freshmen assumed for themselves all the sacred rights and privileges of the upperclassmen. In a well organized body they paraded across the campus, desecrated the forbidden marble stairs, disturbed classes, discarded their caps, paddled a few upperclassmen, and disbanded for lunch before continuing their activities.

When they returned, the freshmen found that the pepleless, indifferent upperclassmen had suddenly been changed into a mighty army of revenge. Whose one war cry was "meat"! From 12 to late in the afternoon a long, gay line across the length of the oval applied the leather to everything that bore resemblance to freshmen.

All-College picnic this evening in Lincoln Park. Later there was a line party or rather a mob party at the Midland. "College Love" was the picture and it was plenty good.

### Friday, October 18

Sorority rush week began today. Just try to get a date now.

### Saturday, October 19

Football game with Hays at Hays today. We won 12-0. Good enough! The picture, "This is Heaven," at the auditorium tonight just fit my mood.

### Monday, October 21

Staged a big parade downtown today in celebration of our victory over Hays. I hope we have 'em often.

### Tuesday, October 22

One of the St. Louis Cardinals spoke at the Y. M. C. A. meeting this morning.

### Thursday, October 24

The Gorilla-Kampus Kat picnic materialized on East Quincy this evening. Everyone seemed to enjoy the event.

### Friday, October 25

The sophomores defeated the freshmen 9-0 in their annual football game. The freshmen are supposed to continue wearing

their little caps. At the College Hallowe'en party tonight some guy smacked me with a wet towel. Doggone him!

### Monday, October 28

Another one of those deep blue Mondays.

### Tuesday, October 29

I heard a really good reader tonight. His name was Edmund Vance Cooke. I'd like to hear him again some time.

### Wednesday, October 30

Thrills and heart throbs! School is dismissed for teachers' meeting. Now our poor, overworked teachers can go to Wichita or Topeka and do some shopping.

### Monday, November 4

Back to the old grind today. Vacation passed quickly. Saturday our boys held C. of E. to a 0-0 tie. Not bad, Gorillas.

### Tuesday, November 5

Catch a page full diary, old man. During vacation one of the frat brothers got married, and now I have a cigar. What shall I do with it?

### Wednesday, November 6

The "profs" are certainly piling on the work—the after effects of the recent vacation.

### Friday, November 8

Had a class party tonight. Intended to have a picnic, but the weather cooled off too much.

### Monday, November 11

Armistice Day. College seems to be too busy a place to observe the day. Some instructors are of such importance that they go on talking instead of observing the two minutes silence at 11 o'clock.

### Tuesday, November 12

"The Cotter's Saturday Night," a play by Burns, was presented at the auditorium tonight. It was better than I had anticipated.

### Thursday, November 14

John Lentz spoke at assembly this morning. His subject was "Rushing Through Russia in Search of the Truth." I wish he had talked longer.

### Friday, November 15

All-College party celebrating Home Coming day. Hot time.

### Saturday, November 16

It's a great day. Yeah! After the fraternities and sororities had decorated their houses, it began to rain.

## SOPHOMORE IMPRESSIONS

**Monday, January 13**

I saw in the paper this morning that the game at Springfield was cancelled because the lights went on a strike. I'll bet Springfield is glad.

**Tuesday, January 14**

Our team played Washburn tonight. We got a darn good team.

**Wednesday, January 15**

Physical Education Demonstration at the gym tonight. Talk about your fancy gymnastics. They had it all there.

**Thursday, January 16**

Went to see the three "One Act Plays" tonight. Very good entertainment.

**Saturday, January 18**

I saw "Doug" Fairbanks in "The Iron Mask" tonight. That was certainly a good picture. After the show our team beat Hays 23-16.

**Tuesday, January 21**

Our team beat C. of E. tonight.

**Thursday, January 23**

Our team can't be stopped. They beat Springfield tonight, 34-23.

**Friday, January 24**

A real girls' basketball game preceded the all-College party tonight. We had more room tonight because the tables were gone.

**Saturday, January 25**

Tonight's entertainment consists of "Nathan Hale" in pictures and a girls' basketball game, to be followed immediately by several hours of sound sleep.

**Monday, January 27**

I eventually got through enrolling today. It seems to become harder every time. What will it be when I'm a senior?

**Wednesday, January 29**

The team beat Southwestern and Wichita. Those boys are putting K. S. T. C. on the map more than ever.

**Thursday, February 6**

The boys are making a real conquest of it. They've beaten Hays, Washburn and the Carey Salters, now, and by large scores, too.

**Friday, February 7**

In the Collegio today I read that the geology class is to go to the Grand Canyon National Park this summer. Gee, I would like to go.

**Saturday, February 8**

Tonight has been a full one. They had the saddest Tom Mix picture over at the auditorium. I haven't stopped laughing

yet. Then we dashed over to the gym where our noble boys romped on Southwestern. Between halves, a surprise act, in the form of a girls basket ball game was given. My right eye is becoming black where Bill Brandenburg poked his elbow into it in that historic brawl.

**Monday, February 10**

The big event came off tonight. The Kanza Queen Contest. Boy, that was some parade. The picture was good too. Rudy Vallee in "The Vagabond Lover."

**Tuesday, February 11**

Wichita went down in defeat tonight. Her team must have fallen arches.

**Tuesday, February 18**

The Misner Players presented "Dear Old Dad" and "Grumpy" at the auditorium today. The cast was swell, especially the little short fellow. Small people can do lots of things. After the play we watched the Emporia Teachers get defeated.

**Saturday, February 22**

The other big bus arrived today. I wonder if "Herb" will drive them both.

**Sunday, February 23**

It's almost a shame not to let the other teams win once in a while. Poor Drury. Heh! Heh!

**Friday, February 28**

C. of E. and the Emporia Teachers both went under the K. S. T. C. axe. "Doc" Weede gave the score during the dance at the gym tonight. What a team. Twenty straight wins and no losses. Something ought to be done about it.

**Monday, March 3**

Something was done about it. Classes were broken up all day after a slight misunderstanding with a couple of very conscientious instructors. A pep chapel was held and the entire student body formed an immense parade down through town with the team in "Prexy's" car in the lead. In the afternoon we had a dance and at night a bonfire, followed by a movie. What a day!

**Tuesday, March 4**

A championship jubilee was held in the Auditorium tonight and we saw an exhibition of school talent.

**Wednesday, April 2**

We had stunt fest practice tonight. From what the fellows say I'm a red hot leading lady. Ah, well.

What good is a diary anyhow? I'm going to chuck this one. I'm tired of writing. I think I can remember the rest. I guess other people can, too.

## SOPHOMORE IMPRESSIONS

houses it had to rain. We paraded to and from the Emporia special train. Emporia won 19-0. Not so good.

**Sunday, November 17**

Had our informal last night and it was too late to write anything until today.

**Monday, November 18**

I'm still sleepy. Didn't get much out of my classes today.

**Thursday, November 21**

The Arden Play, "The Clean Up," was presented tonight. I began to wonder if the heroine was really going to turn out a heroine, but she did.

**Friday, November 22**

I heard the returns on the Springfield game today. I do hate to write down all these defeats.

**Tuesday, November 26**

I don't see how that Mardoni guy does that magic stuff, and how could his wife tell the color of my tie when she is blindfolded?

**Wednesday, November 27**

Thanksgiving vacation begins today. That is one thing for which I am thankful.

**Monday, December 2**

Classes again today. Had a good time this vacation and am sorry it had to end.

**Tuesday, December 3**

Not much to do.

**Wednesday, December 4**

Less to do than ever.

**Thursday, December 5**

Just assembly today.

**Friday, December 6**

All school party tonight. The orchestra was good.

**Saturday, December 7**

I went to hear that Oxford debate team tonight. They were hard to understand but when I caught on I was able to get the good of their many jokes as well as good facts.

**Wednesday, December 11**

Not much to do this week until tonight. The Horner Players presented "Take My Advice" and furnished a good evening's entertainment.

**Friday, December 13**

Had another class party tonight. I nearly died laughing when our lady sponsor contested in the pie-eating contest.

**Saturday, December 14**

I saw the picture "Evangeline," starring Dolores Del Rio, at the auditorium tonight. She surely did have tough luck.

**Monday, December 16**

The Festival Orchestra and Chorus gave their annual concert tonight at the auditorium I wish I were in that orchestra again this year.

**Wednesday, December 18**

Our basketball team surely did pound the Oklahoma City University team tonight. I hope they keep it up.

**Thursday, December 19**

Had a Christmas program and sang carols over in the middle of the campus. Then went to the second Oklahoma City University basketball game. Either our team is mighty good or they were mighty poor. The future will decide.

**Friday, December 20**

Everyone is all packed up ready to go home just as soon as classes are over.

**Monday, January 6**

Here I am, back on the job again. I had a swell time during vacation but surely missed the school activities even in that short time. Of course, though, I didn't have such a bore some time.

**Tuesday, January 7**

Our team played Arkansas University last night and beat them 36-23. Our team must be good. Hell week starts tonight. Snowed today. Tough!

**Wednesday, January 8**

Went to the second game with Arkansas University last night. We won 51-20. Our team IS good. Our first midnight trip comes off tonight.

**Thursday, January 9**

Got in at two o'clock this morning. Had to measure a bridge out on east Quincy. Pretty cold. Another tonight.

**Friday, January 10**

Last night we had to look for a sign with the name of an active on it. Got in at 4:30 a.m. and didn't find it either. 11:30 p.m. Just got home from an all school party with a hike only half an hour away. Poor feet.

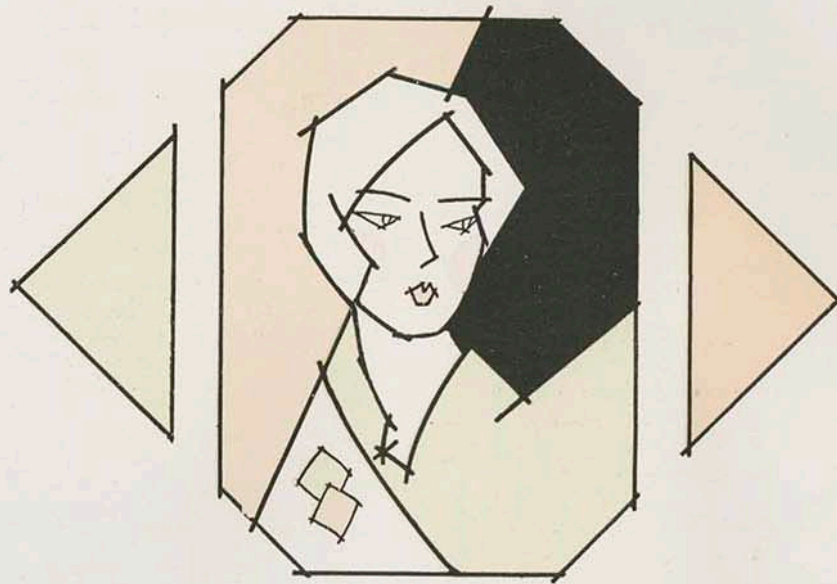

**Saturday, January 11**

Trip last night wasn't so bad after all. Only had to go to the north end of town and count the windows in a school there. The one tonight is to be the one that puts hell in Hell Week.

**Sunday, January 12**

Got in at about 7:15 this morning. We had great fun. The actives caught most of the hell. We were supposed to hike about twenty-two miles but we only walked about six. Cars sure do come in handy.

# PAN-HELLENIC COUNCIL

MYRA KOENIG  
PRESIDENT

## OFFICERS

MYRA KOENIG	—	—	—	—	PRESIDENT
EVELYN BUTLER	—	—	—	—	VICE-PRESIDENT
MARY KATHERINE WILLIAMS	—	—	—	—	RECORDING SECRETARY
LOIS TERRILL	—	—	—	—	CORRESPONDING SECRETARY
ROSE HUDSON	—	—	—	—	TREASURER
MISS ROSEBERRY	—	—	—	—	SPONSOR

The Pan-Hellenic Council was organized in July 1920, for the purpose of fixing the date of Rush week; passing and enforcing rush rules, regulating other matters pertaining to local Pan-Hellenic life; encouraging all chapters to take an active interest in all school and college activities for the common good; and striving to develop a closer inter-sorority fellowship.

The local Pan-Hellenic is an association of Greek-letter societies competing with one another whether the societies have national affiliation, or are merely local in scope.

Rivalry between sororities is not limited to the competition for members. A sorority of the right type aims to be a character builder, an intellectual stimulus, a school of manners, and a strengthener of religious faith, and it should direct its efforts to surpassing its rivals in fine endeavor, and thus make the sorority a power for good in the College community.

The Alpha chapter of the Alpha Gamma Tau was established at this institution in the fall of 1924. The purpose of this fraternity is to bring the students of chemical, physical and geological sciences into a closer fellowship, to promote a closer relationship and understanding between faculty and students, and to make possible the keeping in touch with the present day achievements in the various fields of physical science.

Dr. William C. Bagley is known as the founder of Kappa Delta Pi. The first chapter was organized at Urbana, Illinois, in 1909. At the present time there are fifty-five chapters. Kappa Delta Pi is an international honorary society in education. Its purpose is to encourage in its members a higher degree of consecration to social service, and to this end it maintains the highest educational ideals, and fosters fellowship, scholarship, and achievement in education work.

Juniors and seniors who have maintained a high record of scholarship, who possess leadership, and who declare their intention of taking their degree from the Kansas State Teachers College are eligible for membership.

Regular meeting of the chapter is held at seven-thirty the second Wednesday of each month. After the business meeting a lecture along some educational line completes the program.

The students pledged the spring semester were:

WILLARD BINNS	GERTRUDE BORDEN
HELEN BONER	ELNORA DRURY
FRANCES COLEMAN	BLAINE GLENDENING
LENA COMER	GLADYS GRAHAM

## HISTORY AND ACTIVITIES

Beta Delta chapter, Phi Mu Alpha, Sinfonia Fraternity of America, brings to a successful close its second year at the Kansas State Teachers College, Pittsburg, with twenty-four active members, six alumni and one honorary. President W. A. Brandenburg, who was initiated as a charter member with 21 others on Oct. 9, 1928 was conferred an honorary membership by the chapter. While Prof. Walter McCray, head of the K. S. T. C. Music Department, is not a member of Beta Delta chapter here, he holds a membership in the Alpha Beta chapter at Drake University, Des Moines, Ia., and he is active in an advisory capacity in Beta Delta chapter.

Few changes were made in the list of chapter officers, when it was decided at the beginning of the year to retain for a second year the same president, vice-president, historian and warden. Dwight G. Davis was chosen secretary to succeed Clarence Best, and Eugene Worsham was named treasurer, succeeding Carl Carter. The former secretary and treasurer graduated last year.

The chapter, which in 1928 began a custom of community Christmas singing on the campus, with a huge tree as a shrine, was in charge of the second annual sing last Christmas. Though cold weather kept many away, the event was an impressive and successful one, President Brandenburg giving a short address via loud speaker, a device which also was used in broadcasting carols from the organ in Carney Hall.

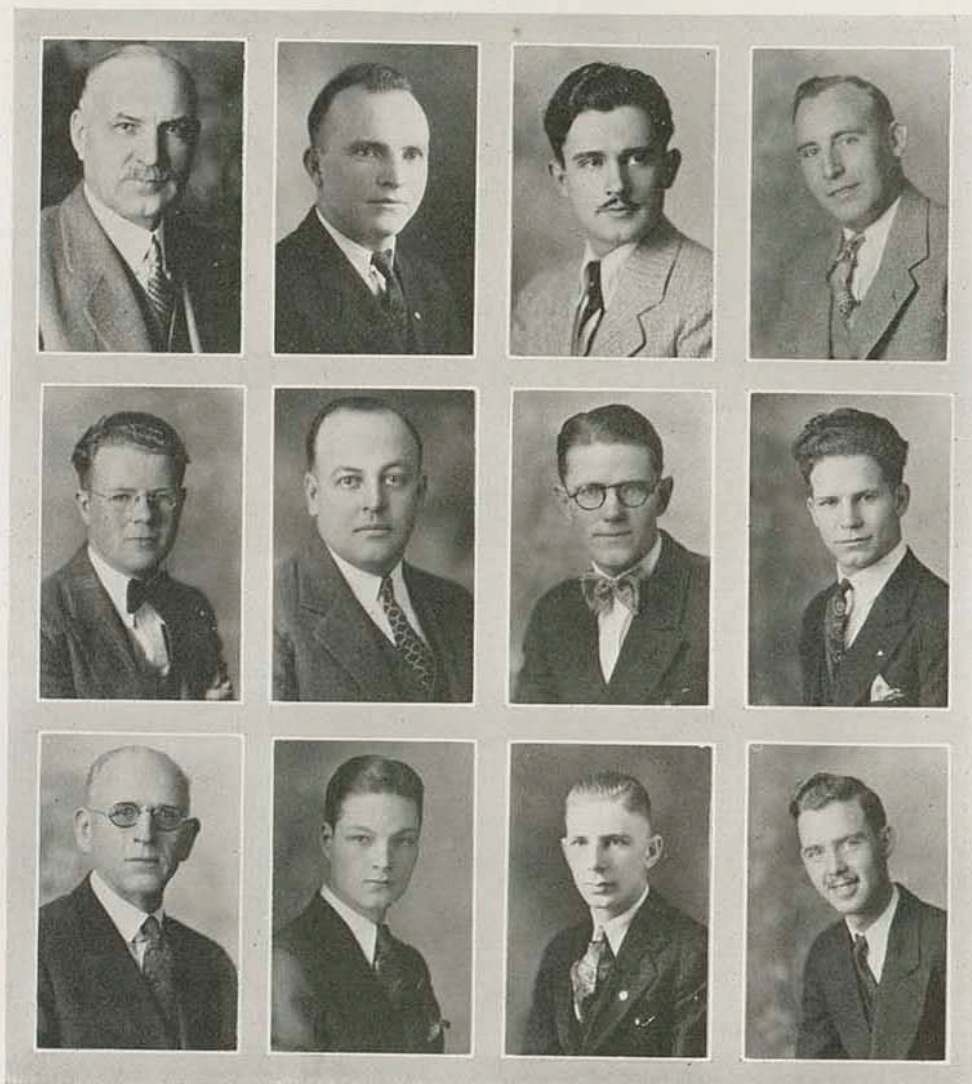

Two annual days of special observance, October 6, chapter anniversary day, and October 9, national Sinfonia anniversary day, were observed jointly when the members attended a special musical service at the First Presbyterian church.

The chapter arranged an all-American musical program for Sunday afternoon, May 4, in the Music hall auditorium. These programs are required annually of all Sinfonia chapters.

Beta Delta chapter repeats its pledge of dedicating its best efforts to the continued growth of music in the Teachers College and the tri-state district.

The order was established to promote fellowship among commercial teachers; to encourage, promote, and create interest and scholarship in commerce; to encourage and foster high ethical standards in business and professional life; to teach the ideals of service as the basis of all worthy enterprise.

Membership is limited to upper classmen majoring or minoring in commerce who show evidence of good moral character and who have met the scholarship requirement. The fraternity is composed of fifteen chapters located in teachers colleges and university schools of education.

## GOLD AND CRIMSON

Alma Mater Song of K. S. T. C.  
Students and Alumni

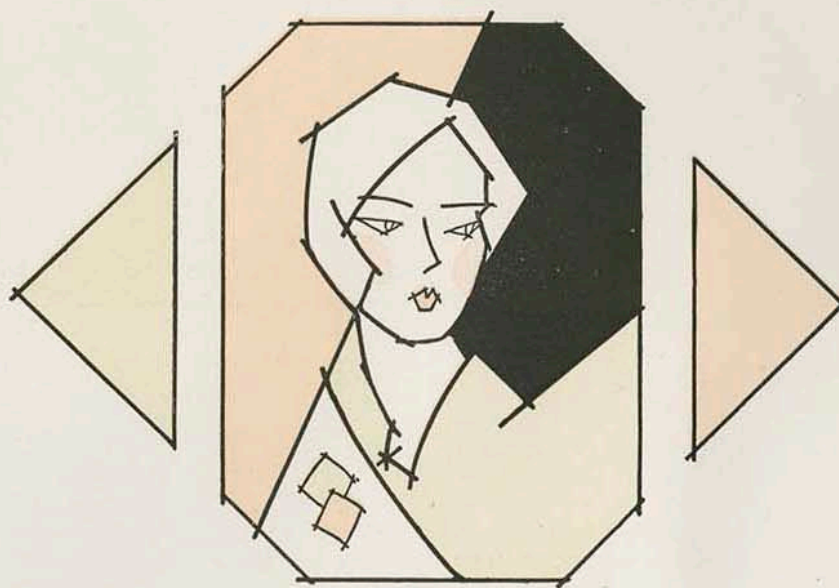

On the Plains of Southwest Kansas,  
'Neath an ever cloudless sky,  
Far away from surging ocean  
And the storm bird's plaintive cry;  
With her prairies rolling westward  
Where the redmen once roamed free;  
With her ensigns proudly waving,  
Stands our dear K. S. T. C.

Let her worthy sons and daughters  
For our College proudly stand,  
Shielding zealously her honor  
In one brave unbroken band;  
Let them hold aloft her banner  
With a stout and steady arm  
Rallying her children 'round it,  
From the city, town and farm.

### Chorus:

Let us greet the Gold and Crimson  
With a strong and cordial cheer;  
Let our hearts be ever loyal  
To our Alma Mater dear.

MUSIC

## MUSIC

FESTIVAL ORCHESTRA  
WALTER MCCRAY, CONDUCTOR

The Festival Orchestra was organized in the fall of 1914 to accompany the Festival Chorus in the first presentation of Handel's Messiah. This organization now has a complete symphony instrumentation and the past year has appeared in all the leading cities of southeastern Kansas in a symphony program. It serves not only as a laboratory for our conducting and orchestration classes but gives the students an opportunity to play and study the best in music.

## MUSIC

FESTIVAL CHORUS AND ORCHESTRA

The Festival Chorus was organized in October, 1914, and has appeared as a part of the Spring Music Festival every year, singing the choral works of the great masters. In the fifteen years of existence of the chorus more than twenty of the great choral works have been sung. This organization has been a great factor in developing and bringing to the student body the best in music, and not only the student body has profited by this organization but its influence has extended over this state and surrounding states.

## MUSIC

MEN'S GLEE CLUB

WALTER MCCRAY	—	—	—	—	CONDUCTOR
DWIGHT DAVIS	—	—	—	—	ASSISTANT CONDUCTOR AND PRESIDENT
RALPH GIFT	—	—	—	—	VICE-PRESIDENT
EUGENE WORSHAM	—	—	—	—	MANAGER AND TREASURER
WILLIAM DALE	—	—	—	—	SECRETARY
CHARLES WALKER	—	—	—	—	ACCOMPANIST

The Men's Glee Club, working in connection with the Festival Orchestra, made several appearances in neighboring towns this year. The club appeared in Chanute in a program sponsored by the Women's Federation of Music Clubs of Kansas.

Among the numbers which the club had in repertoire were: "Pilgrims' Chorus" from "Tannhauser," Wagner; "Hark! Jolly Shepherds," Sir Thomas Morley; negro spirituals, and others.

Prospects for next year's club are bright as several members are returning. The club is made up of men on the campus with outstanding voices. The group has been fortunate to have as its conductor Professor Walter McCray, head of the Music Department.

The Polymnia Club, the girls' glee club, was organized to form the nucleus of the women's section of the Messiah chorus. Since that time it has not only increased in membership but has also increased in the field of its endeavors.

Due to the purchase of school busses the club has been able to reach many high schools in southeast Kansas, carrying to them a little of the spirit as well as the accomplishments of K. S. T. C. Not only has the club been working in advertising the school but also co-operated with the Men's Glee Club and the orchestra in the concert given in Chanute before the State Convention of Women's Music Clubs.

As in previous years the Polymnia Club has been under the able leadership of Miss Gabriella Campbell.

The Student Council consists of nine members. The president is elected at large from the student body, and each of the four classes elect two representatives to serve on the council.

The work of the council consists of initiating student policies, expressing student opinion, and carrying out those junctions which are given to the council by its constitution, as the sale of freshman caps, the enactment of freshman rules, the holding of school and class elections, the sponsoring of hobo day and stunt fest, and the management of school picnics and excursions.

The College Art Club was founded October 18, 1921, by students of the Art Department. It is a chapter of the American Federation of Arts.

The purpose of the College Art Club is to promote interest and appreciation in art.

This has been done through exhibits of local art work and the financing of traveling exhibits. In conjunction with the Spring Festival the Club sponsors an annual art exhibit of the work of masters in the field of art.

## WOMEN'S ATHLETIC ASSOCIATION

BACK ROW: (LEFT TO RIGHT) MCGEE, CUTSINGER, CAMPBELL, OLDHAM, E. RODDA, LONG.  
SECOND ROW: WILKINS, L. RODDA, LUTHER, GARLOCK, WARREN, NAIL.  
FRONT ROW: KRIEGSMAN, BENDETTO, WILLIAMS, WALTON.

### OFFICERS

MARY GARLOCK	—	—	—	—	PRESIDENT
EMMA BENDETTO	—	—	—	—	RECORDING SECRETARY
MARTHA RYCZEK	—	—	—	—	SEC.-TREAS.
GLADYS CUTSINGER	—	—	—	—	HIKING CAPTAIN
MISS LUTHER	—	—	—	—	SPONSOR

The Women's Athletic Association is an organization open to any girl on the campus. Membership requirements are based on the point system, one hundred points being necessary to gain entrance. Fifty percent of the points must be earned from sports and athletics; thirty percent from health; and twenty percent from the general section. After having earned one hundred points and upon being initiated into the Association, a W. A. A. emblem is given to the new member to wear on her sweater.

There are also many awards and prizes well worth working for after becoming a member. When 700 points have been earned a "K" is given the worker; the award for 1200 points is a pin. The highest award is a silver loving cup given for 2,000 points. The Pittsburg W. A. A. is proud that one of her girls, Mary Garlock, has earned a loving cup. The list of things to be done and the points received can always be obtained from the sponsor or president.

## WOMEN'S ATHLETIC ASSOCIATION

BACK ROW (LEFT TO RIGHT): LUTHER, CAMPBELL, WALTON, OLDHAM, WOODS, MCGEE  
LAMBERTSON.  
FRONT ROW: LONG, GARLOCK, WILLIAMS, RODDA.

The W. A. A. strives to have its members become "all-around" college girls. Although it is primarily an athletic association, as the name implies, many other activities are sponsored by it so its members will not become one-sided.

During the year picnics, weiner roasts, parties, and hikes are given. Some of the miscellaneous activities to be enjoyed are swimming, horse-back riding, tennis, tumbling, skating, and hiking. The W. A. A. also sponsors the Girls' Athletic Associations of the Junior and Senior High Schools; Health Week; Play Day for high school girls of the county; Intramural Basketball and Volleyball tournaments; sport teams; and the Petticoat Prom.

The Petticoat Prom! We had a lot of fun with our "dates" in their borrowed tuxedos. Who says one can't have fun at a Petticoat dance? If you don't believe it, ask Miss Nevins, Miss Luther or Mary Roy.

The W. A. A. has a lot of fun during the year and adds pep and spice to the regular curriculum as well as requiring work and co-operation from a good active member. The W. A. A. cordially invites every girl to work and play in the organization and urges that she begin her activities for membership at the beginning of the school year.

The staff has attempted to break away from tradition this year and introduce a modernistic atmosphere for the Kanza 1930. A theme has been chosen which follows the trend of the campus. An altogether new method of presentation has been used and special type and arrangement, designed to meet the qualifications of a more modern volume, are embodied in the yearbook.

The book has been compiled with the best interests of the undergraduate group in mind. It is the hope of the Staff that the volume has more than achieved all the many wishes for its success and that it will be received with as much enthusiasm as it is offered.

### The Y. M. C. A. Aims

1. An honest respect for personality.
2. A brotherhood to include all men in our fellowship.
3. A closer relation to and a more accurate knowledge of God.

Carrying out our program, Dr. Mendenhall of Friends University led the campus in religious thought for three days. In the fall various outside speakers were brought before the students. Harold Colvin, Lyman Hoover, and William Braisted, secretaries of the Rocky Mountain Region of the Student Y. M. C. A. came in touch with our men.

The outstanding event of the year, Village of the Nations, consisted of speakers from Persia, Korea, Japan, India, Philippines, Mexico, and Italy. Exhibits from many countries were on display.

The Y. M. C. A. foreign interest is now centered in the Hoover-to-China project.

## ARDEN PLAYERS

SCENE FROM "THE CLEAN UP"

The Arden Players are a group of students on the campus who annually participate in three plays. The plays this year were: "You and I," "The Clean Up" and "Not Herbert."

Parts in "The Clean Up" were played by Mrs. R. C. McFeaters, Paul Ham, Betty Cavis, Ted Wallower, Mabel Wilson, Albert Batten, Frances Trowbridge, Robertson Strawn, and Ruth Cox.

When sufficient number of points have been won, members are eligible to Theta Alpha Phi, national dramatic fraternity. Forty-nine students are now either active or alumni members of the national organization.

The plays the past year were directed by Miss E. Madge Jones of the Department of Speech.

The Home Economics Club was organized in December, 1919. The purpose of the club is to further the intellectual and social development of its members and to support and uphold the aims of the department.

The Home Economics Bulletin is a student edited bulletin published quarterly. The first issue was published June, 1920. The purpose of the bulletin is to keep the alumnae and student body more closely united in promoting the best interests of the department. The bulletin staff is composed of representatives from each college class.

The Industrial Arts Society is an open membership organization of the Industrial Education department of K. S. T. C. It is the largest of its kind and attempts an extensive and continuous progressive program. Membership is open to any major or minor in industrial education.

The purpose of the society is fourfold: To present its members with an ever broadening view of their job and of the immediately related fields; To give a supplementary knowledge of classroom method; To create and stimulate a vital interest in industrial education; and to provide for its members a wholesome and congenial social life. This purpose is realized through programs twice a month consisting of lectures, discussions of timely topics and motion pictures of an industrial and informational nature, and through social gatherings held each semester.

The Industrial Arts Society has had a very successful year which, indeed, is not unusual, and looks forward to greater successes and increased growth along with the inevitable growth of the Department of Industrial Education.

The Charles W. Eliot Education Club was organized in 1927. The purpose of the club is to foster an interest in educational problems and to promote a professional fellowship between its alumni and the active members and faculty. This has been done by maintaining a service bureau to assist those in the teaching profession.

The membership of the society is open to students and faculty who are interested in educational problems.

The Newman Club is a College organization for Catholic men and women. It is affiliated with the national organization, which has representative chapters in all the leading state colleges and universities. It receives its name from the late Cardinal John Newman.

The aims are to broaden the social life of the students, to improve the scholastic work, and to promote a feeling of fellowship and good will. The club meets each Tuesday morning at 10:10 in room 203 Music Hall and provides interesting programs. Faculty members of the club and others give talks and discussions which are educational as well as entertaining. Social activities consist of hikes, parties and other affairs outside of school work.

To parlane Shakespeare summarily, the heavy objective The Collegio set up for itself, was to "hold a mirror up to the College."

But few changes were made. A stronger editorial page was attempted, a definite sport page was created, an announcement column was maintained. "The Rover's" column broke the formality of the front page and added sidelights of human interest, but throughout greater emphasis was placed upon accuracy and thoroughness. Co-operation was given the Kanza staff in promoting the Collegio-Kanza "King Contest" at the end of the year.

No news-editing classes either semester put a slight handicap upon the staffs, but as a whole, the tone of the paper was probably improved over preceding years. H. Harold Kelley, Howard Jenkins, Mabel Wilson, Elizabeth Rodda, Ruth Shriver, Mrs. Lena Comer, Glada Strode, Helen Boner, and Robertson Strawn composed the first semester's staff.

Catherine Robson, Martha Ryzek, Maxine Boner, Kenneth Dunn, Lloyd Rountree, Raymond Scott, and Mabel Wilson made up the staff of the second semester.

H. Harold Kelley and Bert. "B. Frank" Gould served throughout the year and deserve special mention for the high standard of their departments. Kelley conducted the "Poem-A-Week" column and Gould wrote the "Cub's Column." Mabel Wilson was the only assistant editor to serve both semesters.

Ray Heady of Pittsburg completed his second and final year as editor-in-chief. He leaves this spring via the graduation route. Leland Smith of Arkansas City rounded out his first year as business manager. Prof. Ernest Bennett served as journalism instructor and advisor. Prof. R. M. Coffelt supervised the printing. All the work of publishing The Collegio is done by students of the two departments.

The Collegio tried to treat all organizations and departments equally. Criticism was given where the editors thought criticism was needed and compliments were distributed likewise.

How well the publication accomplished all these things will be left to the faculty and the students to judge.

The Board of Student Publications was created by By-Law 19 of the Student Council. The personnel of the board consists of students and faculty members, chosen or elected as the vacancy demands.

The purpose of the board is to choose the editor and business manager of the Kanza and Collegio, and "to make and enforce rules governing the sponsoring and supervision of the publications over which it has jurisdiction." This is the third year that the Kanza has been produced under the direction of the board.

## REVIEW OF FOOTBALL SEASON

BY HOWARD JENKINS

One win, two scoreless ties, and six defeats is a summary of the 1929 football season; but a mere summary does not tell the entire story. Pittsburg had the greatest defensive line in the conference for three games—the Wichita, Hays, and College of Emporia clashes. Time after time the great Gorilla forward wall stopped the opposition inside of the ten-yard line. It held when it

most needed to hold, but the ineffective thrusts of a backfield composed of two veterans and two first year men, broke its spirit and as a result the season was a disastrous one.

Possessed of great latent strength, but handicapped by numerous injuries, and off to a bad start in the early season games, because of insufficient number of practices

the team did not play the football of which it was capable. The installation of a new system under the direction of a new head coach, Edward "Blue" Howell, delayed early progress, even if its record does indicate the opposite. The progress was not in the games won, but in a new spirit of aggressiveness and determination, and in the development of the first year material upon which next season's team is to be built.

Nine games were engaged in by the Gorillas, six in the Conference and three outside, the "Old Grads," Tahlequah, and the Springfield Teachers. In the most muddled play in the Conference for years, the Gorillas were in the thick of things until the championship Emporia Teachers sent them into a tie for last place by defeating them here on November 16. Two weeks later Southwestern and Pittsburg battled on Brandenburg Field for sixth and seventh places in the Conference standings with Pittsburg obtaining the cellar position as a

permanent possession. The Gorillas also dropped the three non-conference games.

On September 21 with only six days of practice, the Gorillas tangled with a team chosen from thirty-six "Old Grads" who returned from coaching jobs in splendid condition to defeat their Alma Mater 6-0. The "Old Grad" score came early in the first quarter when Carl Killion hit the line for a counter after the Graduates had advanced the ball down the field on straight football. An "Old Grad" line containing

such stars as Brickly, Herod, Hoffman, and Folk smothered the Gorilla drives while the exceptional passing of Gudgen, "Old Grad" back, kept the Red and Gold matriculators constantly worried.

Taking their defeat very seriously, the Gorillas engaged in a week of strenuous practice and on September 28 they met the Northeast Oklahoma Teachers College of Tahlequah on Brandenburg Field, but were defeated 13-7. The Oklahoma team was light and fast, and held a slight advantage

over their heavier opponents as the day was the hottest of the football season. Scoring on a pass in the first quarter, the visitors held the lead until the middle of the second period when Rice scored on a line plunge from the 2-yard line and Smith kicked the extra point to give Pittsburg a 7-6 advantage.

Encouraged by their first scoring of the season, the Gorillas battled the Tahlequah gridsters on even terms in the third quarter. Most of the period the ball was in mid-field

with both teams unable to gain ground. But the game was decided early in the last quarter when the Oklahomans returned a Gorilla punt to the Red and Gold 5-yard line. On the fourth down the Tahlequah tribe carried the ball across and a moment later added the extra point by the same route. This ended the scoring although the Gorillas opened up a desperate, last-period, passing attack which threatened at times.

Conference play for Howell's squad was inaugurated at Wichita, October 4, where

the two teams clashed to a 0-0 deadlock. It was only the superior play of a great Gorilla line that prevented a defeat for K. S. T. C. as four times the Wheatshockers were held inside the 8-yard line for four downs. Pittsburg lost its best chance to win when a Gorilla end muffed a pass on the Wichita 8-yard line with a clear field before him.

Washburn was the guest of the Gorillas the next week-end, October 12, and departed with 12-7 decision over their hosts as a souvenir of the day. A costly fumble by the

Pittsburg safety put the Ichabods in a position for their first score which came as a result of a 15-yard pass in the first quarter. The kick for the extra point was blocked. Another touchdown was added to the Washburn scoring in the closing seconds of the first half, making the score 13-0 at half time. Coming back fighting in the second half, the Gorillas held the Ichabods on even terms in the third period and scored a touchdown and the extra point to outplay them in the final stanza. The score

Weight: 185

resulted from a pass, Kahler to Smith, with Smith kicking the extra point.

Hays fell a victim to the onslaughts of the Gorilla tribe, October 19, on the Tiger's home turf, 0-12. Here again the great line of the Gorillas was functioning; it held Hays to a solitary first down and a zero score. All of the scoring was made by the Pittsburg ends; Burroughs intercepted a pass on the Hays 25-yard line and carried the ball over the goal line while Roberts

was on the welcoming end of a 15-yard, six points, aerial flip.

Two weeks of practice elapsed before the Gorillas invaded the stronghold of Conference football, Emporia, and held the College of Emporia to a 0-0 tie. The game was featured by flocks of passes, but neither team had the power to score when within the 8-yard zone. Pittsburg obtained eleven firsts-and-tens while holding C. of E. to five first downs.

On November 16, Pittsburg was knocked out of the title race by the Emporia Teach-

## FOOTBALL

Weight: 175

ers, 0-19, on Brandenburg Field. Burnett and McCoy, Emporia backs, were the mainsprings in the defeat. Burnett crashed through the middle of the line for six points after four minutes of the first quarter had elapsed. Another counter came in the second period when Emporia took advantage of a bad Pittsburg punt and carried the ball over. A pass was good for the extra point, making the score 0-13 at the half. Emporia concluded the scoring in the third stanza when she recovered a Gorilla fumble on

the Red and Gold 39-yard line and carried the pigskin over for the third touchdown of the game.

Journeying outside of the Conference for the next tilt, Pittsburg met with another defeat on November 21, when the Springfield Teachers took the long end of a 14-10 score on their home grounds. The two teams battled evenly during the first half and neither was able to score. The first score of the game came to the Gorillas in the third quarter when Smith kicked a field

## FOOTBALL

**JAMES BURROUGHS**  
West Plains, Missouri  
Sophomore

goal from the 20-yard line. Aroused by the apparent defeat staring them in the faces, the Springfield gridsters unleashed a powerful attack in the last period and scored two touchdowns in rapid succession to run the score to 14-3 in their favor. Not to be outdone the Gorillas scored when Rice plunged over from the 6-yard line and Smith kicked the extra point.

Thanksgiving found Southwestern invading the Gorilla lair for a battle to determine which would keep out of the cellar position in the Central Conference. Southwestern won the game by booting a field goal late in the last quarter. Both teams played on even terms for the greater part of the game; both lacked scoring punch inside the 10-yd. line. The field goal was the only score of the game and the contest went to Southwestern, 3-0.

## BASKETBALL

Francis Wachter, Frontenac; sophomore; two letters; guard; height, 6 feet 4 inches; weight, 175.

Wachter was one of the mainsprings of the defense as indicated by his all-conference ranking. He did not rely on his defensive ability alone as he is an artist in taking the ball off the back-board, in picking out a team-mate and passing to him, and in making follow-in shots. He held many of his opponents scoreless.

Ernest Schmidt, Winfield; freshman; one letter; center; height, 6 feet 3 inches; weight, 175.

This lanky, blonde lad accounted in a great way for Pittsburg's championship team. Schmidt possesses a world of ability and under the basket is seldom stopped. He was the Gorilla's greatest offensive player and finished second in the conference scoring with 127 points. Another honor collected by Schmidt was his all-conference center station by unanimous choice.

## BASKETBALL

Clarence Ratzlaff, Buhler; sophomore; two letters; forward; height, 6 feet; weight, 165.

Ratzlaff was a sensation this year and gave the fans several exhibitions of uncanny accuracy, utter fearlessness in obtaining the ball after the tip, and unusual ability to take the ball off the backboard. He made an all-conference forward berth and finished third in the conference scorings with 109 points.

Tom Scott, Pittsburg; senior; four letters; forward; height, 5 feet 11 inches; weight, 162.

Scott was rarely sensational but always consistent, dependable, a steadying pillar when the going got rough. He held the team to a "heads-up" grade of ball and was honorary captain for most of the games. Tom won an all-conference second team position by virtue of scoring 78 points in the conference race.

## BASKETBALL

William Kincaid, Jasper, Mo.; senior; two letters; guard; height, 6 feet; weight, 175.

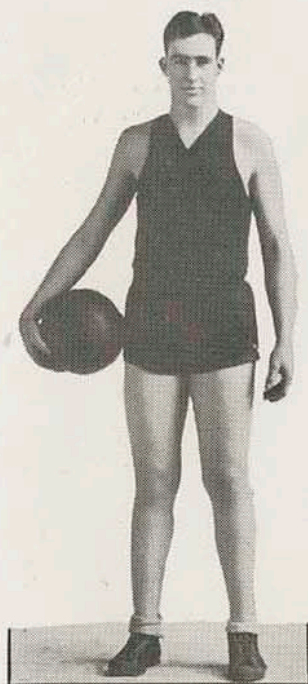

Kincaid showed an immense improvement over his previous season's play to establish himself as a fast, hard-driving, wide-awake guard. Bill was ready to go at top speed at all times and his aggressiveness made him a hard man to stop. He landed a second team berth on the all-conference selections.

Kay Goforth, Winfield; senior; four letters; forward; height, 5 feet 10 inches; weight, 155.

Four years of college basketball with a letter each year, a regular for three years, a member of three championship teams, conference high scorer and all-conference forward in 1928, summarizes Goforth's collegiate career. Kay was steady and played a consistent game. He leaves school this year to join the ranks of the alumni.

## BASKETBALL

Gus Babb, Washburn, Mo.; freshman; one letter; center; height, 6 feet 3 inches; weight, 180.

Coming from Missouri, Babb has the "show-me" attitude ingrained in his make-up and he proceeded to convince the Pittsburgh fans that he has the possibilities of a great basketball player. Tall, rangy, with a lot of fight, "Just" has a bright future before him. Three more years should bring this future to a realization.

Elmer Johnson, Hutchinson; junior; three letters; forward; height, 5 feet 9 inches; weight, 156.

Ability to dog the ball was Johnson's chief asset, although his long side shots added numerous points. Five baskets credited to Johnson in six minutes of play against Wichita pulled that game out of the defeat column. "Ollie's" liking for fast, rough ball made him a very valuable man to insert in the frantic, closing minutes of close games.

## BASKETBALL

Leland Lewis, Newkirk, Okla.; junior; three letters; guard; height, 6 feet 1 inch; weight, 190.

Extending his athletic activities from the football field to the basketball floor, Lewis proved a dependable guard who could take the place of one of the regulars whenever necessary. Slanting his passes from his fork hand, "Babe" fooled many of his opponents by his unusualness. He has another year in which to represent K. S. T. C.

Sumner Roberts, Wellington; freshman; one letter; guard; height, 5 feet 11 inches; weight, 180.

Roberts is another football man who does not confine his activities to the grid-iron. Sumner capably filled one of the reserve guard positions and played in fifteen of the twenty games. He has three more years of competition in which to demonstrate to a greater extent his ability to handle a ball.

## BASKETBALL SUMMARY

Sweeping all opposition before them like chaff before a hurricane, the Gorilla basketballers of 1930 ran up a total of 20 consecutive victories without a loss to establish themselves as undisputed champions of the Central Conference and as mythical state champions. With wins over Arkansas University, title-holders of the Southwest Conference for the last five years, Springfield Teachers, Drury College, Oklahoma City University, Parsons Junior College, and double wins over each of the other six conference teams, the Lance-coached squad evinced to fans and critics that it was the greatest basketball team ever to represent K. S. T. C. and one of the fastest quintets ever to perform in this section of the country.

An abundance of excellent freshman material combined with seven lettermen gave Coach John Lance the basis of his team, but it was not this material alone that made the team a great one. It was Coach Lance's superior coaching, untiring efforts, and ability to get the most out of his men that were largely responsible in placing the Gorillas at the top of the standings. Lance took the lanky Schmidt and transformed him from a great defensive player into a highly potent offensive threat. Schmidt fitted in excellently at center and it was mainly because of his playing that the team rose from its fourth place position of 1929 to the champion this year.

Clarence "Pansy" Ratzlaff was another who showed the effects of Lance's grooming. Last year Ratzlaff was ineffective in his basket work—so ineffective that not much was expected from him this year, but he started playing brilliant ball the first game of the season and continued throughout to climax his performances with eleven field goals in the last game of the season against the Emporia Teachers.

William Kincaid's stellar work this year reflected excellent coaching as his 1929 playing was never above mediocre. This season he was one of the fastest and hardest driving guards in the circuit and fitted in nicely with Wachter as a super-excellent defensive unit.

Tom Scott and Francis Wachter, the other two members of the first five, rose to the greatest heights of their careers. Their playing of last year was far above average but this season's brilliant showing forced all previous performances into the shadows.

Showing the same coaching that made the first team formidable, the reserve five composed of Elmer Johnson and Kay Goforth, forwards, Gus Babb, center, and Sumner Roberts and Leland Lewis, guards, presented a unit of reserve strength that was ready at all times to step into the places of the regulars and and continue to win for K. S. T. C.

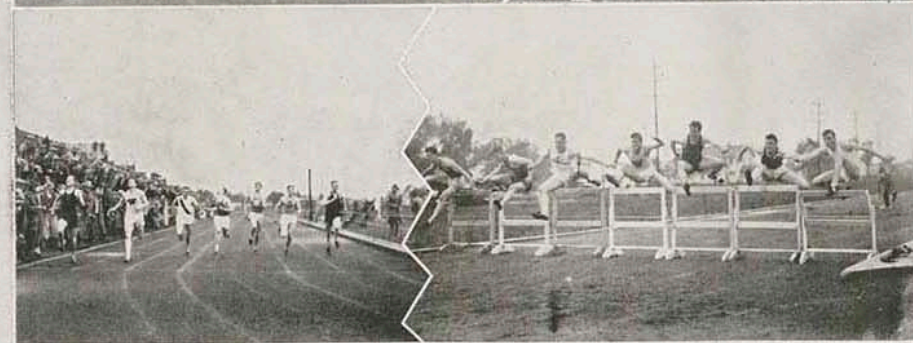

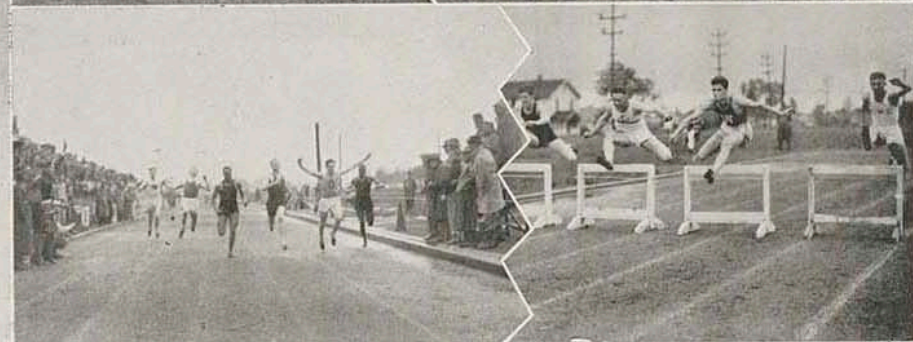

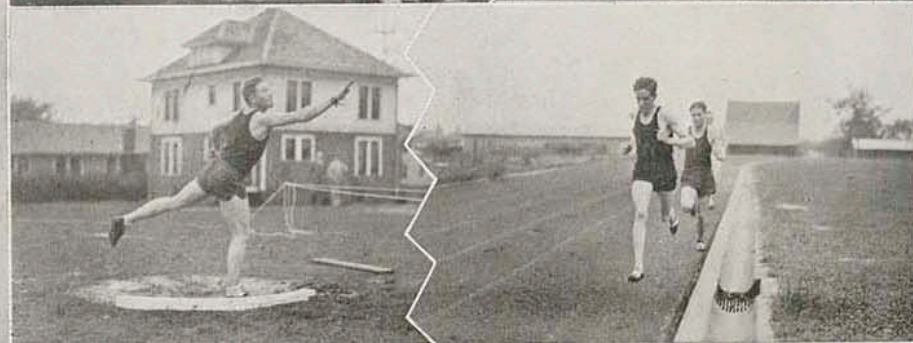

Coach Lance has made a habit of winning championships. In the eight years that he had been at this institution, he has collected five title buntings. The five titles were in the period of years from 1925 to 1930. Four of these were in a row—from 1925 to 1929—but the continuity was broken when last year's team finished in a tie for fourth place.

During the season the Red and Gold representatives collected a total of 788 points in the 20 games—an average of better than 39 points a game—to their opponents' 442. Wichita University was the only team that was able to score more than 30 points against the Gorillas, and in ten of the 20 struggles Pittsburg scored better than 40 points per game. Schmidt, Wachter, and Ratzlaff made the all-conference first teams, and Scott and Kincaid made the second team. Schmidt and Ratzlaff finished second and third in the conference high scoring, trailing Grove of Wichita by a few points.

## THE BOYS IN ACTION

## TRACK AND FIELD

Robert Schroeder, Chase, freshman, one letter. "Bob" is a tall boy who is serving his first year in school and also on a Gorilla track team. Proverbial timidity of freshmen doesn't bother Schroeder as he broke the school record in the high jump and scored in many of the meets in which the Gorillas engaged.

Emory Duggan, Ceder Vale, junior, one letter. "Dug's" persistent work and hard training won him a letter this year. He gives his opponents plenty of competition in the mile. He copped a fourth in the conference meet this spring. He has another year.

## TRACK AND FIELD

Earl Green, Kincaid, junior, three letters. "Chub" took time off from his domestic duties to toss the discus for the Red and Gold squad. His sails average around 130 feet and wins many points for the Gorillas. We are glad that "Chub" has another year of competition as the school can use him.

Palmer Snodgrass, Augusta, Sophomore, two letters. Despite the fact that he was greatly handicapped by injuries, Palmer turned in many good races. "Oscar" runs any of the dash events and holds down positions on the sprint, medley, and mile-relay teams. He is conscientious, putting everything he has into his races. The school likes Palmer and welcomes him back for two more track seasons.

## TRACK AND FIELD

Joy Cullison, Urbana, Ill., junior, two letters. "Slick's" running is done largely on the mile relay team where he performs in a consistent manner. At times he is called upon to enter a dash event, the quarter, or the half-mile; he does equally well in any of these. Cullison has one more year of competition; K. S. T. C. is glad of that.

Loy McEnterfer, Isabel, senior, two letters. "Mac" is the ace of the Gorilla quarter-milers. His time is usually around fifty seconds flat for a lap; occasionally is clocked in less than fifty. Loy can also do a fast hundred, and two-twenty, besides running on the sprint, medley, and mile-relay teams. Loy's college competition ends this spring. He will be missed.

## TRACK AND FIELD

Clyde Nicholson, Maise, sophomore, two letters. "Nich" puts up his best race in the two-mile event. Endurance rather than speed is his distinguishing trait. Clyde placed well in the dual meets where he usually finished in one of the first three positions. He took a first in the dual meet with Springfield in the two-mile. He has two more years.

Dale Cole, Wichita, sophomore, two letters. Cole returned to school this semester after an absence of two years and made his second varsity letter. Dale is a half-miler and is used as a reserve for the two-mile relay team. He has a world of endurance and this coupled with his hard work makes him a valuable man.

## TRACK AND FIELD

Clarence Ratzlaff, Buhler, freshman, one letter. "Pansy" is the best of Pittsburg's high hurdlers. This is his first year of college competition but he runs a fast race already. Aggressiveness and willingness to work are his main characteristics. Ratzlaff should acquire several hurdle records before his track days are a part of the past.

Archie Hahl, Bushton, freshman, one letter. Archie likes the half-mile and mile events. He is a consistent performer and is a utility member of the relay teams. Archie often runs three-quarters of a mile on the medley relay team. Freshman inexperience has hindered Archie this spring but he has three more years in which to develop.

## TRACK AND FIELD

Maurice Gardner, Arma, freshman, one letter. Gardner is another freshman who showed that he possesses unusual athletic ability. The broad jump is his speciality and he is a valuable man in this event. Gardner took several first places this spring in the dual meets. He has three more years to improve.

Clifford Madison, Hutchinson, freshman, one letter. Madison is a star of the team. He runs the hundred, two-twenty, and quarter-mile in exceptionally fast time; he excels in the broad and high jump. "Cliff" holds the school record in the high jump with a 6 feet, 3 $\frac{3}{4}$  inch leap. He is also a strong member of the relay teams. Three more years ought to give "Cliff" plenty of chance to make a great name for himself.

## TRACK AND FIELD

Joseph Winchester, Minneapolis, junior, three letters. Joe specializes in the half-mile: he runs it like most athletes do the hundred—at his best all the way. A record of 1:57.3 in that event at the Kansas-Missouri meet belongs to Winchester. He also holds a berth on the medley and two-mile relay teams. He has another year of competition. We hope he breaks the conference record again next year.

James Waner, Florence, junior, three letters. A boy in size but a man in deeds—this describes Waner. The mile and two-mile are his special events but he turns in good time in any of the races from the 440-yard dash to the five-mile cross-country run. He is a member of the two-mile relay team and has another year in which to demonstrate his versatility.

## TRACK AND FIELD

Max Lafferty, Fredonia, senior, four letters. Max obtained his track prestige in the pole-vault. Lack of competition in this event this spring prevented him from attaining his best heights but his vaults, consistently near 12 feet, were good for many first places. This is Max's last year in a Red and Gold suit.

Rowlen Keithly, Nevada, Mo., junior, three letters. "Missouri" is the premier speed merchant of K.S.T.C. It took Rowlen three years to acquire this title, but a :09.8 century and a :21.8 furlong in the Kansas-Missouri meet gives him the position without any doubt. Rowlen also fills important places on the shorter-distance relay teams. He has another year.

## TRACK AND FIELD

Walter White, Oswego, senior, four letters. "Vic" is the greatest shot-putter in the history of the school, and one of the most outstanding in the United States this spring. His heaves of the iron pellet travel anywhere from 45 feet to nearly 49 feet. He placed in all of the big relays of the country this spring. This is his last year.

Herbert Benson, Canon City, Colo., senior, four letters. "Herb" is a high jumper. He is never sensational but he is always dependable. Basketball puts Benson in good condition for track as he has also made three letters in that sport. His jumps average near the six-foot mark. This season climaxes Benson's athletic career.

## TRACK AND FIELD

Evan Travis, Tyro, senior, four letters. Travis completes his college competition this spring. As a freshman, Evan gave promise of being a sensation with a javelin, but too much work ruined his arm and he was never able to equal his mark of 198 feet, 8 inches of 1926. His throws are still good enough to keep him at the top of the conference spearmen.

Floyd Shaw, Winfield, senior, four letters. "Salty" completed his college career this spring, an enviable record in which he has collected enough medals to stock a jewelry store. Shaw's time in the dashes is fast; his records prove that. Shaw's track days are over but his name will be remembered in K.S.T.C. athletic history.

## TRACK AND FIELD

Robert Poncha, Pittsburg, senior, three letters. "Bob" staged a great comeback this spring. Forced out of school last year because of his physical condition, Poncha recuperated for a year in Colorado. He returned to school and won a position on the sensational two-mile relay team. He turns in good time in all of his races. This is his last year.

## TRACK AND FIELD

The greatest track and field team in the history of K. S. T. C. and probably the most prolific-scoring, college machine in the United States in 1929 are the titles given to the Gorilla squad of this season. Versatility was the aim and achievement of the team; co-operation was their motto. Scores of 92—39, 105½—25½, 103½—27½, and 128½—27½ in the four dual meets against Arkansas U., Springfield Teachers, Emporia Teachers, and the Westminster Bluejays of Fulton, Mo., respectively, prove the power of the team. Placing in nearly every event in which they entered in the Illinois, Texas, Southern Methodist, Kansas, and Drake relays puts the Gorillas in a class by themselves as a superior aggregation and in a position to be termed the most powerful college squad in the United States.

Dr. G. W. Weede was coach of this team and to him must go a just share of the glory. Pittsburg track teams of the past three years have placed K. S. T. C. on the athletic map of the nation, but this could not have been possible if it were not for the splendid spirit of co-operation that has prevailed, especially in the 1929 team. Glory and medal grabbing was not a motive in their success, but pride in their school, their records, and their reputation influenced the members to train conscientiously, to work in harmony with one another, and to run their hearts out in their endeavors to keep the Red and Gold banner at the top of the heap.

Convention Hall at Kansas City Mo., Feb. 8, was the scene of the initial showing of the 1929 team. Walter "Vic" White, weight star of senior ranking, heaved the iron pellet to a new record of 46 feet 5¾ inches, breaking his record of the previous year by more than three feet. Garland Richardson stepped his best race of the year when he finished third in the open quarter-mile against strong competition. The mile relay team (Snodgrass, Cullison, Keithly, and Waner) weakened by the absence of McEnterfer who was unable to compete because of illness, dropped a dual race to the Wichita U. quartet.

A month of training in the gym and on the campus oval conditioned the squad for an invasion of the Illinois relays, March 16. White repeated in the shot,

defeating Walsh of Notre Dame by one inch with a heave of 46 feet, 1 inch. Waner, Poncha, Cullison, and Winchester comprising the two-mile relay team dashed to a victory but lacked .4 of a second of tying their record of the year before (8 minutes, 9.9 seconds). A second in the mile relay (Keithly, Snodgrass, Cullison, and McEnterfer) fell to the Gorilla squad, and a third in the college medley relay, (Cullison, Winchester, Waner, and Hahl) an event for which they did not prepare.

Journeying south for their next appearance, the Texas relays at Austin, March 29, the Gorillas found ideal weather and a faultless track. At that meet thirteen new records were established and three were tied under an avalanche of the best track and field talent the nation could produce. The Gorilla sprint medley relay (Cullison, Keithly, Snodgrass, and Winchester) tied their own record of 3:35.2 set the year before. White captured a third in the shot, and the two-mile relay (Cole, Hahl, Poncha and Waner) turned in a brilliant performance when they captured a fourth, competing in the university division with the universities of Chicago, Missouri, and Nebraska finishing ahead of the Gorillas in the order named. The unofficial time as taken by "Doc" Weede was 7:59.3, a dazzling time for a college team. The mile relay in the college division developed into a dual affair between the Gorilla team (Keithly, Cullison, Snodgrass, and McEnterfer) and the Oklahoma Baptist U. team, old rivals of the Gorillas. The Baptists broke the meet record set by the Weedenmen the previous year when they crowded the Gorillas into second place after a close race. The new record is 3:22.5.

The next day, March 30, the Gorillas were encamped at Dallas for the first annual Southern Methodist U. Relays. A third in the college medley relay, (Cullison, McEnterfer, Snodgrass, and Winchester), a third in the shot by White, and a second in the half-mile sprint relay (Cullison, McEnterfer, Snodgrass, and Keithly) were the best the Pittsburgers were able to turn in.

A week of rest followed before the Gorillas again tested their spikes against competition in a dual meet, April 13. Arkansas U. was the victim and the Red

## TRACK AND FIELD

and Gold lads swept to an overwhelming victory, 92—39. Only two first places were lost, the high and low hurdles with the Gorillas securing firsts and seconds in nearly every event.

Springfield Teachers invaded Brandenburg field, April 17, but were repulsed with a sweeping 105½—25½ score. Thirteen first places reposed in the laps of the Gorillas after the deluge was over; the mile event was the only one to escape. Bob Schroeder set a new school record in the high jump when he cleared the bar at 6 feet, 1½ inches.

The seventh annual Kansas relays, April 20, claimed the attention of the Weedemen, but a sea of mud and rain held them to one first place and three thirds. Poncha, Cullison, Waner, and Winchester obtained the two-mile relay, first-place trophies, while the rest of the team had to be contented with thirds in the shot-put, half-mile relay, and mile relay.

Two relay teams and a shot-putter were the personnel of the squad which traveled to the Drake relays on April 27 where mud and rain again handicapped the athletes. White repeated his victory of the year before when he tossed the shot 47 feet 4½ inches. Revenge was secured for previous defeats when the half-mile relay team (Keithly, McEnterfer, Snodgrass, and Madison) circled the half-mile and finished in first place ahead of the Oklahoma Baptists. Hahl, Waner, Cullison, and Winchester secured a second in the two-mile relay.

Stopping at Emporia, April 29, on their return from the Drake relays, the Gorillas were joined by the remainder of the team and proceeded to administer a 103½—27½ runaway over the Emporia Teachers in a dual meet. Clean sweeps of the century, 220, 880, mile and two-mile races, the high and broad jumps, and the pole vault helped to pile up the largest score in the history of the meets between the two schools. Cliff Madison was high point man with two firsts and a tie for another.

The Westminster Bluejays of Fulton, Mo., engaged the Gorillas on Brandenburg field May 3. The Gorillas plucked their feathers for a 128½—27½ score. The

100, and 220-yards and the pole vault were clean sweeps for the Weedemen, while first and seconds were obtained in the 440, half-mile and two-mile runs, and the high and broad jumps. Cliff Madison set a new school record in the high jump with a 6 feet, 3¾ inches leap.

Central Conference honors remained in the lair of the Gorillas when Pittsburg captured the conference meet held at Emporia May 10 and 11. Pittsburg more than doubled the score of its nearset opponent, Wichita, piling up 70½ points to Wichita's 35. Madison was high point man with first in the century, high jump and the broad jump. The meet was run off in a torrent of rain that prevented fast time in the races and good performance in the field. Eight first places fell to the onslaughts of the Weedemen and 19 men of the 23 entered in the preliminaries qualified for the finals. Keithly gave a good account of himself by tying a conference record in the 220 yard dash held by Ralph Titus, Pittsburg, with a :22.1 seconds race.

Fifteen Red and Gold tracksters qualified at the conference meet for the second inter-state meet held on Brandenburg field May 18. Thirteen colleges from Missouri and Kansas entered men in this meet. A heavy rain made a lightning fast track but turned the field into a sea of mud. Nine records fell to the wayside, five going to the Gorillas. Keithly came into his own after three seasons of mediocre work and flashed up the track for new records in the 100 and 220 yard dashes, with a :09.8 clocking for the century and a :21.8 for the 220, Keithly secured for himself the throne of premier speed merchant of the college. Joe Winchester star of the 1929 track team, was timed at 1:57.3 for the best race of his career as he led the half-milers to the tape for a new school and meet record. Breaking another record which they had set the year before, the Gorilla half-mile quartet (Snodgrass, Cullison, McEnterfer, and Keithly) did the two laps in 1:30.4. Madison continued his stellar work and broke another record by hurling himself thru the air for 22 feet, 2½ inches in the broad jump.

## STUDENT COUNCIL

BACK ROW (LEFT TO RIGHT): PEASE, PRYOR, DELAHUNT, WILLIAMS.  
FRONT ROW: FULTON, ABERNATHY, VILMER.

The Student Council has enjoyed one of the most successful administration in the history of College High due to the co-operation of the faculty and student body with the Council.

The Student Council is the student governing organization and is composed of seven members. The president is elected by the student body as a whole. A boy and girl representative from each of the three classes make up the other six members.

In accordance to the custom, the Council assumes charge of all activities not controlled by other organizations.

### COUNCIL MEMBERS

EUGENE ABERNATHY, PRESIDENT

ESTHER PEASE, SENIOR

WENDELL WILLIAMS, SENIOR

TWILA FULTON, JUNIOR

BERNARD DELAHUNT, JUNIOR

NONA VILMER, SOPHOMORE

HUGH PRYOR, SOPHOMORE

## SENIOR PLAY

SCENE FROM "MAN OR MOUSE"

The College High senior play, "Man or Mouse," a three-act comedy by Owen Lee, was presented in the College auditorium under the direction of Miss E. Madge Jones of the Department of Speech. Mrs. Mae L. Gale, sponsor of the class, assisted in the coaching.

### Cast of Characters

## FOOTBALL

BACK ROW (LEFT TO RIGHT): SHANNON, GUINN, ABERNATHY, JONES.  
MIDDLE: WANER (COACH), BIDDLE, DELLINGER, INGLE, CRAIN,  
FRONT: ELLIOTT, BAKER, HALL, FLEENER, SEAL.

College High School football boys fought in a manner in which their school is justly proud of them. The team was not crowned with many victories although a close score prevailed in all except one game.

The College Preps were handicapped in that they were much smaller than their opponents, in addition to having only a small number of boys to select material from. They practiced and played hard, doing their very best in every game. The coach (Waner) was well pleased with the fine cooperation which the team gave at each game. The team was very fine in quality with each man showing clean sportmanship throughout the season.

College High School spirit is on the upward trend which gives evidence of a fine cooperative spirit for another year.

## BASKETBALL

BACK ROW (LEFT TO RIGHT). SPAULDING, WEEKS, G. HALL, ADAMS (COACH), GORE, WILLIAMS.  
FRONT ROW: RYAN, THEISING, SHANNON, ROBSON, D. HALL.

C. H. S. won seven out of the thirteen games that were played before the tournaments opened, starting the season off fine by winning four games straight. The next game, at Mulberry, was lost by one point in an extra period. But the next week Erie was sent home with the small end of the score. The next encounter was with Cherokee. So with four victories and two defeats, the second round was started.

Girard on her home court was the first victim, the final score being 16-15.

The next Friday night College Hi lost to Frontenac in an extra period. For the second time McCune was defeated—this time by a margin of over fifteen points. The remaining three games were all lost—the final one, with Cherokee, the champs, being dropped by only two points.

Then entering the class B tournament, College Hi went to the semi-finals and won their consolation game. At this tournament, Robson won a berth on the all-star team.

At the Class A tournament held at Pittsburg, C. H. again went to the semi-finals by beating both Mulberry and Cherokee but losing to Parsons. Shannon was given all-star honors for center position.

Howard Adams, coach, is to be commended for his work in building an all around team, and to Jim Theising star forward, is due praise for leading the league for individual honors. As high point man, Jim scored a total of 84 points, an average of 7 points a game.

### League Schedule

Girard 10	15 C. H. S. 16	15 Girard
Frontenac 20	25 C. H. S. 21	23 Frontenac
McCune 20	28 C. H. S. 33	10 McCune
Mulberry 13	18 C. H. S. 30	33 Mulberry
Erie 20	25 C. H. S. 18	21 Erie
Cherokee 21	7 C. H. S. 15	17 Cherokee

## STAFF ACKNOWLEDGEMENT

Worn and weary, weary and worn,  
All the night they plodded on;  
Saw not the light nor break of morn—  
And then there came the dawn.

The poet may never have undertaken the task of producing a college yearbook but he had a conception of how a staff feels. To create such a volume as the Kanza does require a great amount of thought and labor, but there is a feeling of satisfaction when the task is completed.

The staff wishes to express their appreciation for the assistance and co-operation which has made possible the production of the book. To the studios for their patience and help we are grateful. The student body, the organizations, and the faculty have done their part. The advertisers have responded in a fine manner.

Much extra time and labor has been necessary to print the Kanza in colors as it is this year. To the printing faculty and the student assistants must go the credit for this splendid work.

Miss Catherine Robson in her capacity as associate editor gave valuable assistance in the art work as well as in the ordinary editorial tasks.

Because of her commercial training, Miss Jessie Matson has been able to help the business manager keep his records in the best of form.

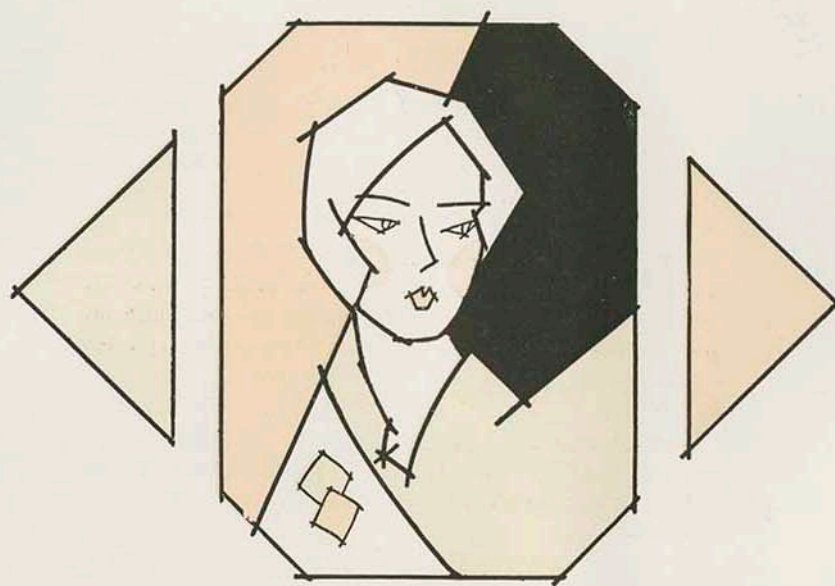

Credit for the feature work in the book goes to Harvey Denny. Howard Jenkins has been responsible for the material for the entire athletic section. He deserves credit for the able manner in which he has handled it.

We again thank all who have helped in the production of the Kanza 1930.

Sincerely,

LEON W. BURGESS, Editor-in-chief.  
LLEW WILLIAMS, Business Manager.

## BRIEF STATEMENT OF THE AIMS AND OBJECTIVES OF KANSAS STATE TEACHERS COLLEGE

A TEACHERS College is an institution of higher learning with curriculum broad enough, and with scholastic standards high enough to merit the title "college." Not only should it be a college in every sense of the word scholastically, but professionally as well.

A teachers college of today should not be a college bound by outgrown educational traditions; but an institution whose educational cross section is a replica of the social life of the community to be served by its graduates.

The Kansas State Teachers College, Pittsburg, belongs to Class "A," the highest classification of the American Association of Teachers Colleges.

Since 1915 it has been accredited as a Teachers College in the North Central Association. It is also fully accredited in the classification of Liberal Arts Colleges in the North Central Association.

With such accreditation graduates of the College are admitted to other institutions, either for undergraduate or graduate study with the same accreditation as that extended to other Class "A" Teachers Colleges, or Liberal Arts Colleges and Universities.

At present, graduates of the Kansas State Teachers College of Pittsburg are holding Graduate Fellowships in Johns Hopkins University, Michigan University, Nebraska University, University of Tennessee, University of Southern California, University of Kansas and Washington University

### The KANZA is printed on a ... BABCOCK ... Cylinder Press

... a press backed by nearly half a century of successful experience, and better today than ever before, having many valuable features which are not obtainable on any other printing machines. Thousands of these presses are being used throughout the world.

Babcock Presses are well-known for close register, lastingly rigid impression, ease of make-ready, and durability. Many Babcock Presses from twenty to forty years old are still in service and producing first grade work.

In addition to Flatbed Presses, this Company manufactures a well-known line of Cutters and Creasers, and the Babcock Two-color Sheet-fed Rotary. The latter is a high speed machine for big runs, printing a 50x72 sheet, two colors at a time.

More information about Babcock Presses will be forwarded on request.
