Dear Mr Davis

your letter of May 10<sup>th</sup>  
was received -

In reply to your questions, peace, in my opinion is the important issue in the world to-day; the understanding of the U.S.S.R helps the cause of peace; the reading of Soviet Russia Today contributes to the understanding of the U.S.S.R; and finally placing this magazine in libraries seems the best way to get the public to read it -

your library's name is in the lists of the American Library Directory from which I chose a few libraries from each state -

Hoping you will feature SRT in your library  
yours sincerely  
Susan Woodruff
