Mr. H. A. Russell
Fort Scott, Kansas.

Dear Harry:

Enclosed find a copy of the last application of our outlaw friends regarding J. M.

Evidently they expect to bolster up their claim all they can. If you have an extra copy of constitution wish you would send it to me.

Evidently Clarkson is basing his right to call a meeting upon the failure to hold a state meeting the year before, but seems to me that the fact that the National meeting in Jan'y 22 recognized the old ~~xxxx~~ director as Kansas Directors would cure any defect existing prior to that time.

Think we should get a copy of St. Joseph meeting minutes showing that you Paul Russell and the others were recognized there as the Kansas Director, but expect considering the complexion of office there some one will have to go there to get it.

Yours truly

John O. Morse
