Mr. Russell W. Davis,
Bartlesville, Okla.

Dear Mr. Davis:

I'm mighty sorry about the confusion on the library board situation in Bartlesville, as published in the Tulsa World, both because we certainly want correct facts for the World and, as well, because I happened to be interested in libraries as a member of the Tulsa library board.

As chairman of your board, do you suppose it would be of any help for you to write out the board's statement, with a little background on the situation, and send it to me for a future story in the World? We'll be glad to do anything we can for you in this connection.

Sincerely

Lee Erhard
