OF  
CANEY, KANSAS

## ALVIN T. JONES

*It has been his unusual pleasure to present high school diplomas to members of two generations of his own family: Alvin Jr., Dwight, Janet, and to a grand-daughter, Nancy Lee Jones.*

*Mr. Jones was born at Reading, Kansas, where he grew to manhood and received his public school education.*

*Certain circumstances made it impossible for Mr. Jones to attend college; but while working in his parents' dry goods store, he enrolled in a correspondence course, studying at night and giving special attention to mathematics. Upon the completion of this course, he accepted a position in the auditing department of the General Santa Fe Offices at Topeka, Kansas.*

*He was married to Myrtle Watson on June 11, 1911, and they established a home in Topeka.*

*Several years later as a result of a severe illness, Mr. Jones was compelled to resign his position and seek less confining employment. Mr. and Mrs. Jones returned to Reading where they bought and sold livestock until he had sufficiently recovered his health to accept a position with the Empire Gas and Fuel Company at El Dorado, Kansas, which later became known as Cities Service Gas and Oil Company. For over thirty-five years he has been an executive of this company.*

*While Mr. Jones has proved that by hard work and much determination one can succeed in the business world without a college education, he has always encouraged high-school graduates to seek higher education if possible.*

*Mr. Jones has always endeavored to show a personal interest in the student body, the teachers, and the public in general.*

*It is to these years of sterling and unselfish service to the Caney Public Schools by Mr. A. T. Jones that this Kane Kan is hereby dedicated.*

## Dedication

*Perhaps no other man in Caney has given more time and thought to the welfare of the Caney schools than has Mr. Alvin T. Jones, a senior member of the Board of Education.*

*He has completed twenty four years in this capacity, and during the last twenty years has served as its president.*

*During his tenure of office a beautiful stadium was built, and his dream of a new grade school building will become a reality soon.*

Greetings:

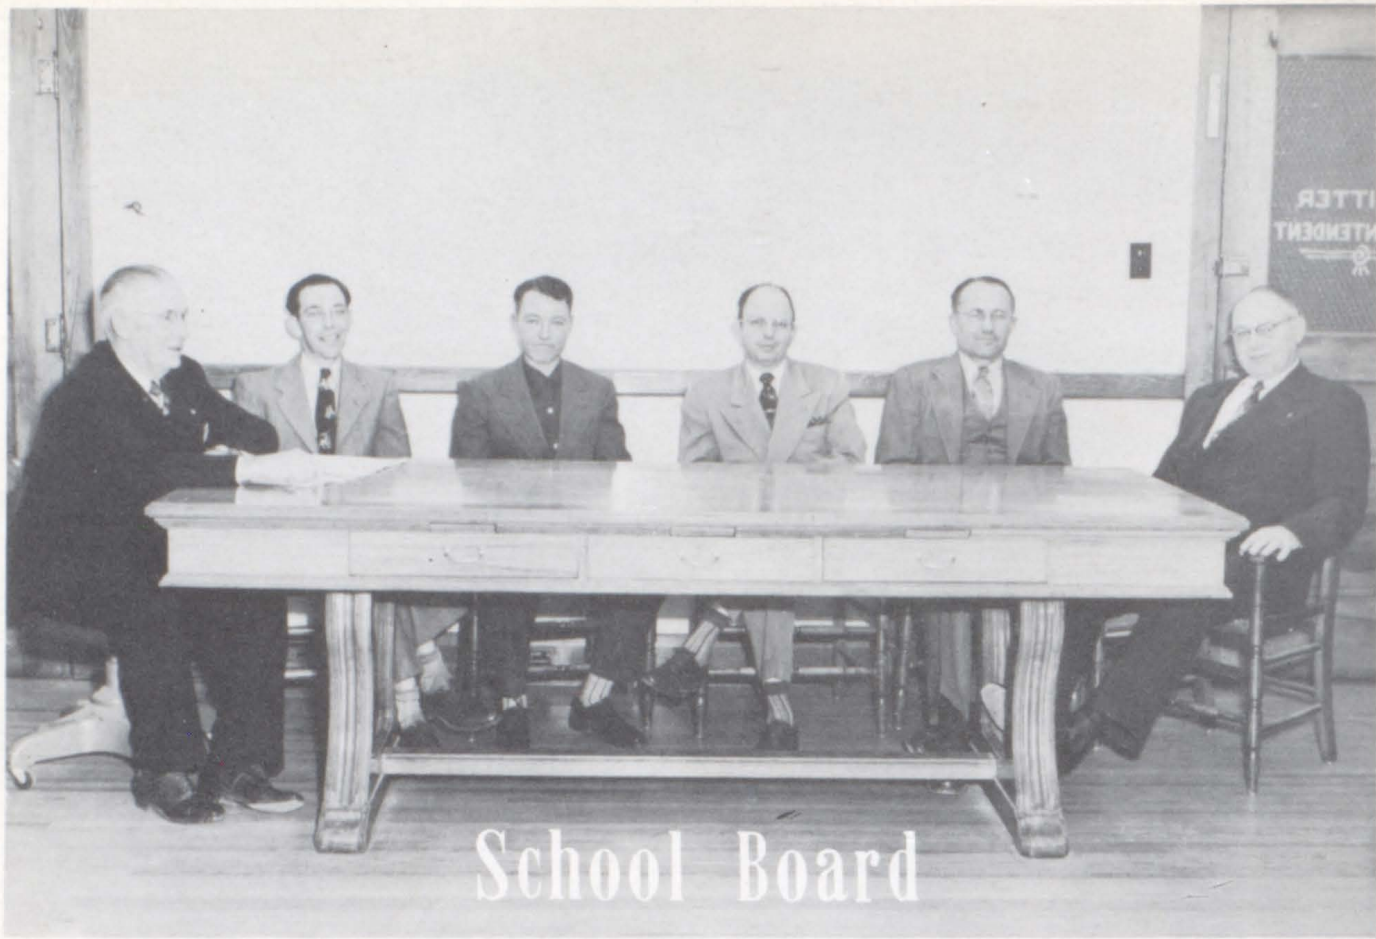

It is a pleasure to write this short greeting for the 1953 Yearbook, to congratulate this year's staff on this splendid book, and to offer a challenge to the oncoming classes to equal or excell.

A good many years ago, a speaker at my commencement made this statement, "Hitch your wagon to a star, but keep the back endgate in." These words do not fit our present day method of expressing a thought; but to me, this seemed to be good advice. Over the intervening years this has meant to me that we should have ambition and aim at the best; but we must not allow ourselves to become discouraged at failures, stoop to dishonorable methods, allow ourselves to be anything but fine ladies and gentlemen in a world which at times rewards some for foul play. So today I would like to leave this thought as my wish for each student: "Hitch your wagon to a star," but do not forget to attain your success by working with and being kind to others.
