April 30, 1935

Miss Henrietta M. Crotty
Senior High School
Webb City, Missouri

My dear Miss Crotty:

No doubt you have heard about our Commemoration Day celebration planned for May third. A splendid program has been outlined for the day, and a sufficient number of apples have been placed in cold storage to pass out to the "older" as well as the "younger" children of K.S.T.C.

The banquet at the College Cafeteria in the evening, six-thirty, will be a love feast around the "family" table.

As a part of the program, the committee has suggested that the degree classes be featured. In going over the class of 1914 your name comes to the committee as one capable of giving a lively, snappy, and to the point toast, to your class. Time limit, one minute. We shall be happy to have you represent your class on this occasion, and be a guest of K.S.T.C. Will you do it? We are counting on you. Please don't fail us.

Sincerely,

Chairman, Committee on Degree Toasts

February 19, 1935

Mr. William Allen White
Emporia, Kansas

Dear Mr. White:

Our Founders Day Committee has asked me to extend an invitation to you to deliver the talk on the occasion of our thirty-second anniversary, March 22nd.

It will be very pleasing to me personally to have you accept this invitation. The occasion is a very informal sort of one. The talk will be made at the chapel hour, 10 o'clock, Friday. The audience will be made up of students, faculty, and friends of the school - just the sort of thing that you are perfectly familiar with.

Thanking you kindly for your favorable consideration of the request, I am

Most cordially,

Commemoration Day

January 18, 1935.

Mr. Victor Murdock,
Wichita, Kansas.

Dear Friend:

Friday, March 22nd is Founders Day at the Kansas State Teachers College of Pittsburg. We have thought over all the men we would like to have talk to us informally for an hour, or two or three, and we can think of no man we want more than you. Will you come and do it? It is just a simple informal observance of the thirty-second anniversary - no put-on, just a good friendly time, and you will enjoy the visit to the school, and while we know you like us, we will make you really love us. Please don't say no.

Your friend,

Representatives of classes in S. M. T. N. and

ALUMNI BANQUET ENDS APPLE DAY

Dr. C. E. Rarick Speaker This Morning; Gemmel and Miller Will
Speak at 3 and 6:30

The big feature of the alumni banquet, climax of the "Apple Day" program here today, will be the presentation of the class cakes, according to L. A. Guthridge, chairman of the committee in charge of the program for the day. Each graduate class will be presented with a birthday cake and a member of the class will give a toast.

W. L. Rambo of Paola, president of the alumni association, will be toastmaster at the banquet. C. M. Miller, state director of vocational education will be the principal speaker. Mr. Miller graduated from K. S. T. C. in 1920 and since then has held several important positions in this part of the state. The program will be interspersed with school songs. President W. A. Branderburg will give the final address.

Banquet Open to Students

The banquet, Mr. Guthridge announced, will be open to students as well as alumni as the students are interested in the most important anniversary of their College as well as the graduates.

Classes were dismissed for the day at ten o'clock this morning when the program started with an address in Science hall by C. E. Rarick, president of Hays college. Miss Roseberry gave a short history of "Apple Day" and the apples were distributed by twenty-four senior girls. It has long been a tradition to give apples to the students and faculty on Commemoration day but this practice has been abandoned for the last few years. This was the first time since 1932 that apples were given.

Student Council Program At 2:00

The Student Council is sponsoring an afternoon program in Music hall beginning at two o'clock. The program will include a contralto solo by Lavonne Graham-Holden, well known Pittsburg singer, a tenor solo by Clyde Neibarger, and a violin solo by Robert Gibson.

George Gemmell, who graduated from K. S. T. C. in 1920 will speak. Mr. Gemmell is now in charge of the Home Study department at Kansas State college at Manhattan.

Two announcements of the program have been made over KGGF at Coffeyville and several hundred letters of alumni all over the United States. Mr. Guthridge expects a large alumni attendance.

C. E. Rarick, president of Hays College, who is principal speaker for the day, was for several years Head of the Extension Division of Hays college. He became acting president at the death of president Lewis and was recently formally elected president.

RARICK OPENS CELEBRATION
WITH ASSEMBLY SPEECH

MAY 10 1935
PROFS GIVE APPLES

Gala Festivities End With Alumni-
Senior Banquet Friday
Night

Climaxed by a banquet attended by seniors and alumni who filled the Cafeteria, Commemoration Day activities May 3 revived the traditional Apple Day on this campus. The celebration, directed by L. A. Guthridge, registrar, began with a special program at which Dr. C. E. Rarick, president of Fort Hays State College was principal speaker.

A special feature of the assembly was "The Apple Story," by Miss Eulalia Roseberry and the distribution of free apples to the students.

The principal speaker in the afternoon session sponsored by the Student Council was Dr. George Gemmel. The speaker at the banquet was C. M. Miller, prominent state educator.

The origin of "Aple Day," as the occasion is also known, was explained to the Commemoration Day audience by Miss Eulalia E. Roseberry, head of the geography department, who has been a member of the College faculty almost since it began.

When K. S. T. C. was first founded, she explained, the faculty numbered only five or six and the student body only a small number of young men and women who had faith in the future of the institution. The College then known as "Auxiliary" until it should have procured a building of its own.

Money for Russ Hall in 1905

In March, 1907, the legislature was induced by a group from Pittsburg to appropriate \$150,000 for the first campus building. It was a custom of the legislature to "fine" anyone who won a favor. The men from Pittsburg were fined a barrel of apples, and thus a custom was established.

Mr. C. E. Rarick, president of Fort Hays State college, gave the address. Dr. Rarick spoke on the philosophy that lies back of the efforts of present-day institutions of learning. A summary of his address is printed on page three.

Music Opens Program

The program was opened with several musical numbers. The popularity of the quartet, composed of Warren Edmunson, Oscar Stover, Clair Mills, and Robert Myers, was shown when they were called back for two encores. They sang "Nola," "Ole Miss Hannah," "Ole King Cole," and Quartette from Rigoletto."

The orchestra played "Creme de la-Creme," a musical Melange, chiefly operatic; by Tobani, with Walter McCray directing. Robert Myers gave the vocal solo, "Sweet Alice Ben Bolt."

The Woen's Glee club, under the direction of Miss Gabriella Campbell, sang "Gnome and Goblin," by Elliot, and "To be Sung on the Waters," by Shuberry.

The Men's Glee club, under the direction of Mrs. Edwina Fowler, sang "On the Sea," by Buck, and "The Prayer of the Great Chief," by Cadman, with Robert Myers as soloist.

At the close of the program big red apples were distributed by senior girls to all members of the audience.

Student Council Program

The afternoon program, sponsored by the student council and under the direction of Clarence Stephenson, president, was held at the Music Hall.

Dr. George Gemmell, graduate of the College in 1920, was the featured speaker at the assembly. Mr. Gemmell is now head of the study department of the Kansas State College of Manhattan. Congratulating the institution upon the celebration of its birth day the speaker talked of his early experiences here and the forward strides which had been taken since his departure.

of its catalog, the President said, and in its alumni directory. He then summarized statistics showing the important positions now filled by K. S. T. C. alumni. "Yet we have only begun," he commented.

At the speakers' table sat a representative of each of the twenty-three degree classes that have been graduated from K. S. T. C., the first being that of 1913. Before the last course, these class representatives gave toasts to their fellow alumni and presented to them a cake bearing the class numeral. The persons giving the class toasts were as follows:

1913: Mrs. Lena Martin (Smith, Girard, Alumnian editor.

1914: Miss Annie Marriot, professor of home economics. Miss Marriot took the place of County Judge J. Lawrence Wheeler, Durant, Okla., who was unable to be here.

1915: John L. Hutchinson, principal of Pittsburg senior high school.

1916: Miss Dorothy McPherson, supervisor of instruction in Pittsburg.

1917: Miss Nena Smith, Girard.

1918: John Fleming, superintendent of Iowa schools.

1919: Marion M. Rose, superintendent of Pittsburg schools.

1920: Weir W. Van Norsdall, principal of the Crawford County community high school, Arma.

1921: John P. Sheffield, superintendent of Cherryvale schools.

1922: Miss Mary E. Costello, normal training instructor at Cherokee County community high school, Columbus.

1923: Simeon Webb, state senator from Crawford County.

1924: Wallace Guthridge, mathematics instructor in Parsons Junior College.

1925: Lucy See, English instructor in Arma high school.

1926: Ardie F. Bowlus, superintendent of Arcadia schools.

1927: Blaine B. Nolan, superintendent of West Mineral schools.

1928: Miss Edna Vehlow, high school instructor at Moran.

1929: Helen Brandenburg, physical education instructor at Joplin.

1930: Willis E. Lamson, superintendent of Scammon schools.

1931: Orben V. Powell, high school science instructor at Galena.

1932: Louise Fink, commerce instructor at Alba, Mo., high school.

1933: Ione Brunetti, English and Spanish instructor at Chanute high school.

1934: Irwin Luthi, graduate student at the college.

A decorative scheme designed by Miss Belle Provorse was carried out in college colors and with special lighting effects.

The tables were elaborately decorated with distinctive menu and program folders and with glowing candles set in candelabra.

Extracts from Dr. Rarick's speech given at the first convocation at 10:10 Friday morning are the following:

"In times like these we are driven to fundamental considerations—we are forced to consider the philosophy that lies back of our activities. Probably one of the most valuable compensations that comes from the inconveniences and anxieties of the present is this very one of being forced to consider fundamental reasons for carrying on any activity.

Many Reasons For Hope

"The history of this civilization is, of course, a long story, with all the variations which inconsistencies and uncertainties give to such a record. There have been in it the elements of decay and serious threats to continued existence. However, civilization has survived. Out of the comparative chaos and inconsistencies of the present and of the past, there are many indications of virility, of progress, and of hope.

"Among the hopeful indications of the present moment, is the apparent zest which our people have for education. It seems to be a faith with them.

"Another cause for encouragement is the wide distribution of the opportunities for educational advancement that exist and the widespread privileges of various kinds that have resulted to society through the use of these opportunities.

Large Responsibilities

"The zest for education and the

wide distribution of its opportunities imply large responsibilities. Educational leaders are now faced, as never before, with the stern and practical problems of carrying democracy to heights of understanding and to types of service that are necessary to its finest functioning.

"We may well commend the public of this generation for having arrived at the place in its thinking where broad opportunities have been made available to all children. The people have not been mistaken in arriving at this philosophy of action.

"There are those who would exclude it (music) from our schools. They seem to be unmindful of the fact that music is the most universal language of any form of expression that is known. Everywhere, and at all times, beautiful and desirable music brings mental acceleration. It energizes life. It renews hope. What greater service could come from common endeavor and sacrifice than to make available to young life the qualities here suggested, derived from instruction in the appreciation and execution of music.

Status Of Real Teacher

"Incidentally, may I remark that the real teacher is the one who can cause the student to enter this realm of the unknown and the untried with rich and full preparation, and with an impetus that cannot be denied.

"We need artists. We need them in the workshop, in the kitchen, on the farm, in the homes, and in all society. Individually we need to be artists. We each need the thrill that comes only to him who once, at least, has learned the joy of producing on this level of true artistry something which society may value.

"But let us look also at the spiritual side of our problem. One quality may be sufficient for our purpose. Education has contributed to results here. Let us take the abstract quality of honesty, that particularly desirable and necessary element in worthy character and group living. In spite of the emphasis which our pessimistic friends place upon what they term the 'debauchery of human character', I wish to affirm the general advance in the element of integrity or honesty that is found in human society.

Faith In Social Future

"I tell you seriously that my faith in human society is unwavering. If there were no other reason than that found in the absolute integrity of purpose and product of our industries and of our commercial activities—the absolute integrity of society's warp and woof as indicated here, I would have evidence enough.

"Undoubtedly there is much for our education system to do yet. This will involve large expenditures of money, rather than lesser amounts. It will involve more schools, not few schools; more pupils, not a fewer pupils; a longer term, not a shorter term; a social order that supports education as an investment.

ALUMNI MAGAZINE MAKES ITS DEBUT ON APPLE DAY MAY 1, 1935

The first issue of "The Alumnian," newly inaugurated magazine for the alumni of K.S.T.C., appeared at the Commemoration Day banquet Friday night, May 3. "The Alumnian" is to be published semi-annually by the Alumni Association of K.S.T.C., and sent free to all members of the association.

Mrs. Lena Martin Smith, '13, of Girard, is the editor-in-chief, while Ernest Bennett, '17, associate professor of English at K.S.T.C. and L. A. Guthridge, '20, registrar of K.S.T.C. are associate editors.

In order to show how the College has progressed since the departure of the alumni, the bulletin tells of many of the activities of this and the past few years. President W. A. Brandenburg and Dean G. W. Trout both offer greetings to the old grads.

New Feature

One feature of the new journal is "Your Alma Mater's I. Q.," a list of questions and answers compiled by Miss Belle Provorse, which tells about the school, what it does, and how it is rated with other schools. "The Alumnian" also includes the traditional "Apple Story" as told by Miss Eulalia E. Roseberry.

S. L. Householder, '20, of the Service Bureau, compiled numerous alumni notes as well as writing the articles on the reunions of old grads in other towns. A message of greeting by W. L. Rambo, '20, superintendent of schools at Paola, who is the president of the association, was included.

A short story of the beginning of the bulletin and its hopes and a series of excerpts from the broadcast messages made throughout the year by different faculty members over KG GF, Coffeyville, were the main contributions made by Mrs. Smith besides editorials.

Several Special Articles

Statements by the heads of the departments describing the work of their groups, and an article on the graduate work was written by Dr. O. P. Dellinger, chairman of the Graduate Council.

The officers of the Alumni Association are: president, W. L. Rambo, superintendent of schools at Paola; vice-president, Weir Van Norsdall, high school principal at Arma; secretary-treasurer, L. A. Guthridge, registrar.

The executive committee in addition to the above officers, is composed of E. E. Stonecipher, director of Rural Education and Extension; Miss Belle Provorse, secretary to the president; S. L. Householder of the Service Bureau; Miss Gabriella Campbell, of the Music department; and Ernest Bennett of the English department.

NOTED SPEAKERS ARE PART OF ELABORATE PROGRAM PLANNED FOR GALA COLLEGE APPLE DAY

Special Music and Speeches by **C. E. Rarick and Miss Eulalia Roseberry To Feature Morning Assembly; Kenneth McFarland and C. M. Miller Will Speak**
at 2:30 and 6:30 Meetings

With an elaborate program which will make it one of the gala events of the year, K.S.T.C. will celebrate Commemoration Day for the College next Friday, May 3. Known as "Apple Day," the celebration will begin with an assembly at 10 o'clock when C. E. Rarick, President of Hays College, will speak. The alumni banquet in the evening will wind up the day.

Miss Eulalia Roseberry, head of the Geography department, will also speak at the chapel services and will give a brief history of "Apple Day." The faculty distributes apples free to the students and visitors at this assembly.

Special Music

A special musical program under the direction of Walter McCray, head of the Department of Music, will also be presented. Among the features to be given will be several numbers by the orchestra and the glee clubs combined.

The Student Council has also been preparing an unusual program to be presented in the afternoon at 2:30. This will include a talk by Kenneth McFarland, superintendent of schools at Anthony, and a former student at this school. Mr. McFarland was also senior class president here.

There will be a banquet to be held in the cafeteria at 6:30 to which the seniors will be invited for the first time, although this is held especially for the alumni.

Alumni-Senior Banquet

Charles Marvin Miller, state director of vocational education, will be the principal speaker at the Commemoration dinner. Mr. Miller took his bachelor's degree at K.S.T.C. in 1920, and after holding important positions in this part of the state, was named to head the vocational work in Kansas conducted under the terms of the Smith-Hughes law.

According to Registrar L. A. Guthridge, several hundred letters of invitation have been dispatched to alumni all over the United States.

"We are anticipating a good attendance on the part of the Alumni," Mr. Guthridge said.

Although the Commemoration Day exercises are not new in themselves, this will be the first time for many years that this occasion has been celebrated as a separate affair.

It has been combined, in the past few years, with such festive celebrations as the senior class day. This year's program will be the largest held in recent years, the last having been a gala affair in 1928. Apples were last given to the students in 1932.

Tickets for the dinner will be on sale early next week and will cost only 50 cents. All students are invited by the committee to attend for undergraduates are as much interested in the most important anniversary of their college as are the graduates.

An announcement of Commemoration Day was made over radio station KGGF, Coffeyville, Wednesday night and will be repeated next week. The committee, headed by Registrar L. A. Guthridge, is working for a big attendance of alumni from all this part of the country.

Secured as the main speaker for the banquet during the Apple Day program is Prof. C. E. Rarick, President of Fort Hays Teacher's College at Hays, Kan.

For several years Prof. Rarick was head of the Extension Division of the college there. He became acting head of the college upon the death of President Lewis and was formally elected president a few months ago. He is recognized as one of the outstanding educational leaders in this section of the country.
