FACULTY ENTERTAINS

Gave Reception to All Normal Students Last Friday Evening.

Last Friday evening the students of S. M. T. N. were entertained by the faculty. A splendid crowd assembled to have a "hearty shake with the receiving line," enjoy refreshments and a short but spicy program held in the chapel. It was as follows:

Instrumental solo, Miss Anna Quiett.

Vocal solo, Miss Vivian Nation.

Reading, Miss French.

Reading, Miss McPherson.

From the chapel they returned to the punch bowls and then departed for their homes. All reported an excellent time.

Kryl Concert Company Gave an Exceptionally Good Entertainment.

We were very highly entertained at the last number of the lecture course by the Kryl Concert Co. Miss Marie Kryl the pianiste, opened the program with a Bach number which was rendered remarkably well, but the Liszt Rhapsodie was the most appreciated.

Miss Josephine Kryl, violiniste, gave several numbers, the Faust Fantasia being the most familiar.

Mr. Kryl displayed wonderful skill and technique in his cornet selections.

This number was by far the best on the lecture course and indeed one of the best musicales of the season. The crowd was very appreciative, asking many encores, to which the company generously responded.

Everyone was delightfully entertained and well pleased with the entire program.

The next number on the lecture course is tonight, Everett Kemp the monologist.

Remember that we do job printing and that we guarantee it to be first-class in every particular. Don't forget.

MURDOCK SPOKE

Addressed S. M. T. N. Students in Chapel Last Wednesday.

Victor Murdock of Wichita, congressman from the eighth congressional district, and Progressive candidate for the United States Senate, made a short address in chapel on last Wednesday. He emphasized the necessity of self reliance and the importance of being able to make one's own decisions in life. The man who would be a leader among men or a good citizen in a free country must rely upon his own judgment. He said to the students, "Learn to think for yourselves; no friend can do your thinking for you."

Mr. Murdock is one of the ablest men in Kansas. He is known in Congress as the "Champion of Truth and Justice;" in Kansas he is known as the people's "Statesman Friend," who always fights in the open.

We have been fortunate this year in having so many of the most prominent people in the country with us in chapel.

Gov. Hodges, P. P. Campbell and Victor Murdock are among the many who have been with us,

Col. White of Kansas City Gave a Good Talk in Chapel.

A very interesting and educational talk was given by Col. J. D. White of Kansas City, Monday morning. Mr. Brandenburg had asked Col. White to address the students of S. M. T. N. at the suggestion of Senator Porter.

Col. White is a very successful business man and he told us the essentials of success. He said that success was not spelled with a dollar mark on each end. That a man was a failure if money was the only gain from his labors. He told us some of the hindrances to success of young people and gave examples

GOOD PROGRAM

Seniors Pulled Off Their Stunt Friday Morning.

Last Friday morning fifteen Seniors, all who were in town, met in Miss Leach's room for a last rehearsal. After decorating themselves with the sunflower, the Kansas emblem, they marched to the chapel rostrum, made their first bow to the school, and proceeded in a most admirable manner to deliver a Kansas Day program. Prof. Shepardson had charge of the music. The program:

Song, "America."

Preliminary remarks by the Class President, Mr. Cushman.

History of Kansas, Mr. Pomeroy.

"The Passing of the Sod House," Miss Benton.

"John Brown," Mr. Wheeler.

School Song, "Kansas."

President Brandenburg pronounced it the best chapel exercise of the year.

SHOT!

Agricultural Club Had Their Pictures Taken Last Wednesday.

The Agricultural Club met on Wednesday, January 21, and elected the following officers for the coming semester: Victor Hall, president; Fred Thompson, vice president; Olive Gardner, secretary; and Percy Beckett, reporter.

At the regular meeting, Wednesday, January 28, a flashlight picture was taken of the Club, while the meeting was in procedure. This meeting also brightened the outlook for the future, by adding several new members to our list.

We have some very instructive and interesting topics for the meetings this term. The subjects for discussion this week are: "Cashing an Education," "Experience with Lime," "Pruning Trees in Winter," "Marketing Dairy Products," and "The Farmer His Own Butcher."

THE RUTLEDGE PLACE

Mr. Harris has informed us that
some girl borrowed his pencil and
failed to return it. Now this is a
new pencil and cost a nickle. If
you have it you can save a great
deal of worry to Mr. Harris by re-
turning it immediately.

If you wish to have a dance in
1950 be sure to turn in a permit
now. To make the thing sure have
your permit printed and signed by
ten influential men. Be sure and
have the whole matter attended to
by a lawyer, and all swearing prop-
erly done.

We have been informed that Prof.
Yates took a hat that didn't belong
to him. We wish to inform the
public that it was an accident??

Miss Catherine Coman is back in
school again. She has been home
several days on account of the ill-
ness of her mother.

Mr. Harris is back in school.
Boys, get out your old snipe bags.

The leading characters of the so-
cial Friday evening were Prof. John,
star yell leader, Mr. Cushman, who
gave the Texas sneeze, Prof. Wil-
kins, who deserted the faculty to be
near that young lady, Mr. Hubbel,
who came when called.

The admirers of the Coach who
said: "I want to see Coach Fuhrer
in a dress suit for he'll look just
grand," were disappointed for he
refused to indulge. Those of the
social committee who dressed to
suit the occasion, to some of whom
it was a first experience, carried off
their part of the program exception-
ally well.

Miss McLean and Mr. Mitchell graced the top row at the "Roost" party. By the way, the roost party was one great success. No wonder the manager of the opera house gave S. M. T. N. exclusive right to the roost. Where could any one else have squeezed in?

Victor Murdock knows how to entertain college people and to give them in a very subtle way a moral principle that will stay with a great majority of his listeners. Even if he is a Progressive, he's O. K.

The Seniors' chapel morning was exceptionally well taken care of. The Juniors were all looking for each other after the program. We wonder why.

Patty De Yoe is all happy again. Sy is coming down to spend a day or two.

Are you going to Ft. Scott? If so are you going to the banquet?

Vance Randolph was disappointed because he didn't get to lead in prayer at chapel Friday morning.

The singing in chapel Friday morning was pretty good but we can improve a good deal yet. When others sing, get up and sing. If you can't sing make a noise. Remember everybody does not hear you as you hear yourself, and whether it adds to the music or not it adds to the volume and spirit. If you're not patriotic and enthusiastic all the time, be so as much as possible. It will help you and will help the school. Some of the people of this school have no idea how good it makes one feel to be enthusiastic and turn themselves loose and show a little college spirit. That's the kind of people who commit suicide because there's nothing in life.

Misses Lea and Grace Fox left Monday morning for Manhattan where they will attend K. S. A. C.

It is rumored that three girls from the "Nunnery" went to Frontenac Sunday and when they came home they had to have ice packs put on their heads. Too bad, and they were such nice girls, too.

Ask J. S. Rogers how to get in a locked door. He knows.

The Coach sure takes a lively interest in basket ball, doesn't he?

If you don't know how to do any thing but knock, keep your mouth shut.

to show how they had worked out. He said that the tobacco habit and the whiskey habit caused a great deal of trouble and said that not a county in which his company had mills allowed whiskey to be sold in it. His company is very particular in their selection of young men and when men are not addicted to these habits they will vote it out. He said good men were in demand and as there are not enough capable men to be had that there are always places for them.

He spoke especially of the bad effects of cigarette smoking and stated that he would not employ a man who used them.

ISHKABIBBLE!

Help! Somebody Kill It Before It Chokes
Itself to Death.

The fact has of late been apparent that some of our students are not interested in their work. It is therefore necessary that a new department be added to S. M. T. N. Competent authorities suggest Mr. Hanberry for head of this department, with Miss Crane for an assistant. They will be required to reproduce with added glamor, some of their already quite effective scenic demonstrations previously given in Sparkology. For a "lab," in which all available moments may be utilized, let us remodel the campus and adjust all the cozy nooks of both buildings. A few of the boys are gradually but reluctantly consenting to be martyred in service for experimentation. The girls are hysterically enthusiastic over the subject and have been assured that not only that much craved degree M. R. S., will gladly be conferred upon the foremost Spoonologists by Rev. Trout, but the suffix of the title will also be noticeably altered.

RUSSONIANS MEET

The Russonian Literary Society met Friday at 1:10 and elected officers. They are Leroy Andrews, president; Everett Matter, vice president; Maude McCool, secretary and Everett Babcock, treasurer. After the election of officers the program for February 27 was discussed.
