Girard, Kansas.

Dear Sir:

Yours regarding the J.H. situation received, would have answered, but thought some of our fellows would arrange to meet you in Ft. Scott yesterday, but they did not do so.

We were down at Scott Sat evening but talked to only a few. Does not look as though we would be able to do much but have a hearing before the East side bunch and ask them to leave the road as it is, and then appeal to the National meeting next year.

We have not taken matter up with you folks because did not see any way for you to control the Crawford Co. We have been trying to get the north end fellows lined up, but have not had much luck north of Miami. We may be through Girard Thursday to see if can do anything at Pittsburg meeting.

Yours truly

John O Morse
