## The Globe Trotter

Premior Benito Mussolini of Italy has turned author as well as statesman. He has dramatized the events which led to the unification of Italy in the play "Villa Franca."

One million Frenchmen can't be wrong. But their wives don't necessarily agree with them. A new drive for suffrage led by two of the most aristocratic women in France failed to convince the senate that women should be given the franchise. A bill giving all French women over 25 the right to vote was vetoed by the senate after being shelved for six years. It has been passed twice by the chamber of deputies.

Preparations are now well advanced for the celebration this year of the centenary of the death of Sir Walter Scott which occurred September 21, 1832. Pilgrimages will be made to the Loch Katrine district and to Douglas Castle.

Prospects for senate action this session on American adherence to the World Court are almost at the zero point. It seems that a majority of the foreign relations committee are in favor of putting off until tomorrow what they can't do today.

Filipino leaders continue to demand immediate and unqualified independence, but do they mean what they say? With Uncle Sam in the Philippines, Japan will confine its conquests to Manchuria.

Eamon de Valera, new Irish Free State president, was born in New York.

Don Alfonso XIII, outcast King of Spain, returned to France after a tour of the Holy Land without passport or papers of identity. He was not halted until he came to Germany. He crushed the inspector by saying, "Look here man, I am an admiral in your navy, a general in your cavalry, a colonel in your Uhlans, and I demand your salute." The inspector let him pass.

Spain will celebrate its first birthday as a republic on April 24. The Spanish people probably haven't any more actual freedom now than they had two years ago, but a democracy gives their politicians more to do.

Franklin D. Roosevelt, Governor of New York, is the leading Democratic candidate for the nomination at present, but his selection as the Democratic standard bearer is far from a sure thing.

India has never before occupied such an important place in world affairs. It is a country as large as Europe without Russia, and contains one-fifth of the human race.

Great Britain has resumed its ancient position among the powers of Europe. Not only is there a return of funds into sterling, but also there is unmistakable evidence of an enormous recovery of political prestige. Last summer it looked as though London had ceased to command and that Paris was supreme.

An international conference for increasing the price and use of silver is being considered by eight countries. The fact that Congress may ask President Hoover to call such a conference indicates a rising sentiment for a moderate form of bi-metalism. It is argued that the absence of enough gold to support the currencies of the various nations is crippling commerce and industry.

### SOCIETY

Miss Lois Scott entertained Saturday, March 26, with a farewell party for Miss Virginia Nelson, who is moving to Salina to make her home. Honors at bridge were won by Ella Campbell and Hazel Rogers. The guest was honored with a handkerchief shower by members of the Half and Half club and the Take-A-Dare club. Those present were Louise Le Chien, Hazel Rogers, Elizabeth Ann Murphy, Louise Baade, Harriet Bunniger, Frederica Theis, Helen Scott, Marjorie Nordyke, Dorothy Ann Crowe, Margaret and Ella Campbell, Treva Frazier, Jane Orr, the guest of honor and the hostess.

## Girl Reserves Meet

Nordyke, Innis, Baade, Buckley, and Owsley on Program

The Girl Reserve organizations met in the high school auditorium Wednesday, April 6, with the junior-seniors in charge.

The worship period, led by Marjorie Nordyke, consisted of Bible reading, prayer, and the singing of "Holy, Holy, Holy," by the entire organization.

John Innis, playing a clarinet solo, appeared first on a program of several musical numbers. Louise Baade program jaana are there rrrarod in followed next in line by playing a piano solo. Myrtle Buckley then gave a short talk on "Our G. R. Club". Myrtle's talk consisted of a mixture of compliments to the organization, advice to the girls, and a few facts about the club and proved very interesting and worthwhile.

"Romance," a violin number played by Junior Owsley, was the final number on the program. The remainder of the time was filled with the singing of G. R. songs.

## Crowd Attends Annual Mother and Son Banquet

Approximately Two-Hundred  
Present at Meeting Given  
by Hi-Y Clubs

### Edworthy is Speaker

Tucker, Trumbule, Masterson, and Helm Represents High School and Mothers

Approximately 200 persons attended the fifth annual Mother and Son banquet held at the Christian church, Thursday evening at 6:30.

Mr. B. V. Edworthy, state Y. M. C. A. secretary of Oklahoma, was the chief speaker for the banquet. He rendered an address equal to the speech which he gave before the student body of the Pittsburg high school, Thursday morning.

"This year and the next two years will be the most trying time for the younger generation since the World War," Mr. Edworthy stressed, "because it will be difficult to stay in school and carry on the plans for their future." He continued by stating, "The average education obtained forty years past was only the sixth grade, but not the average has automatically been raised to the second year in the high school; therefore our youth today must attain the highest possible education in order to succeed in the world today." He concluded by pointing out that the turning point in a boy's life occurs during his high school age.

Mrs. C. E. Tucker gave a short response in behalf of the mothers who were present at the banquet. Mrs. Tucker spoke highly of the Hi-Y camps and conferences which are held for the benefit of the Hi-Y boys.

James Masterson in responding for the boys, greeted the mothers and told the story of the origination of the great Y. M. C. A. which is established in fifty-three countries of the world.

Mr. J. L. Hutchinson, principal of the high school, presented to the presidents of the five Hi-Y clubs of '29 and '30 the certificates of affiliation. The following ex-presidents are: Ralph Price, Arnold Irwin, Raymond Karna, Eary Wilson, and Clinton Phelps. Mr. Hutchinson explained how the various seals on the certificates were earned.

Ed Trumbule, who is president of the B. V. Edworthy club at present, presided as toastmaster of the banquet. Jack Helm gave the invocation. Some of the distinguished guests at the banquet were Mrs. Dance, mother of the boy for which the local Joe Dance Hi-Y club was named; Mr. Welch, father of Jimmy Welch for which the Jimmy Welch club was named; Mrs. Carlson whose son was also an outstanding leader in the high school and for which the Bunny Carlson club was named; and Mr. and Mrs. B. V. Edworthy for which the B. V. Edworthy chapter was named. Mr. and Mrs. J. L. Hutchinson and son, John, were also present; and many high school teachers attended the banquet.

Don't forget to tell your parents about the Parent-Teacher meeting Monday evening.

## Edworthy Speaks to Student Body Here Thursday

Character, Open-Mindedness  
and Associations Stressed  
by Oklahoman

### Masterson in Charge

Local Club Named for Distinguished  
Visitor; Hi-Y Sponsors  
Entire Assembly

One of the most distinguished and interesting speakers who have been presented to the high school this year is B. V. Edworthy, Hi-Y man from Tulsa, Okla., who spoke to the entire assembled student body Thursday morning in the auditorium during the regular activity hour. Mr. Edworthy was introduced to the audience by Principal J. L. Hutchinson.

The general theme of his talk was, "Whatsoever a man soweth, that shall he reap, and whatsoever a freshman in high school soweth, be it in the negative or otherwise, that shall he reap."

The speaker advanced the theory that this generation has changed and is vastly different from preceding generations. He asked, "What's come over the world?" and answered "We have lighted up darkened corners." Carry on Life

Comparisons of the education of the last forty years with that of today were made by the speaker. He then stated that the average educational level was raised from the sixth grade to the second year in high school, and to be a success one must acquire that level.

The speaker continued by saying that what the world expects of the young people is to carry on life and at the same time build a new structure for the soul, disregarding binding conventions. "To do this three characteristics are necessary," he further explained, "open-mindedness, depth of character, and the acquiring of good associations; and you cannot be open-minded without being able to share."

Religious Knowledge Necessary  
One of the most normal kinds of boys or girls that you'll find as you go across the college campus," stressed Edworthy, "are those who know Jesus Christ."

In closing he stated that when a young person does a thing he should ask himself, why do I want to do it? What will I get? and Where will it lead me?

Besides numerous other activities B. V. Edworthy is now Oklahoma state Hi-Y secretary and has been for four years. Six years previous to this he had served in the same capacity in Kansas.

James Masterson had charge of the program while John Hutchinson led in devotions.

## Wilson Speaks on Interesting Nature Subjects

Joe Wilson Announces Close of  
Annual Contest; Brandenburg Gives Pins

### Senior Royalty Reigns

Mixed Chorus, String Quartette, and  
Elizabeth Murphy Give Con-  
test Numbers

"The lowest creatures look upon us as we look upon God."

"Did you ever watch a dog in his sleep and hear him bark? Perhaps he was chasing a rabbit in his dream." With these remarks on the peculiarities of nature, Mr. W. C. Wilson, owner of the Pittsburg cornice works, opened his speech as he appeared before the assembled student body in the high school auditorium Friday, April 9.

Since he is former city park commissioner, Mr. Wilson stands out as one of the leading naturalists in this community. As his subject, Mr. Wilson choose "Nature." He brought many interesting points to the minds of those present.

The speaker went on to say that when you look upon a swarm of bees, perhaps you do not realize that the wise man could be able to gain knowledge from them.

The wasp, according to Mr. Wilson made paper before man did and man has never been able to improve upon its methods.

In conclusion he commented, "Tune your heart and mind with the little folk around you and they will certainly repay you for the time you have spent with them."

Joe Howard, president of Mr. Huffman's home room, announced the program. Willetta German was in charge of devotions.

Varied Program Given  
The string quartette, composed of Bob Gibson, Mona Shultz, Martha Jean Shay and Elizabeth Ann Murphy, played "Canzonette," by Mendelssohn.

Elizabeth Ann Murphy gave her contest number, "D Minor Concerto," by Goldtman.

The mixed chorus sang the required number for the contest, "Dawn." Miss Brandenburg, girls' physical education instructor, presented pins to the champion basketball team. The girls' gym classes have been having a tournament. Isabelle Bornhauser's team, "The Hotshots," defeated Clysta Dudgeon's "Torpedoes" in the final game of the tournament.

### Seniors Win Contest

Joe Wilson, advertising manager of Purple and White, made an announcement concerning the Annual sale. He introduced Edna Blackett and Clint Rankin, the senior royals and winners in the annual contests and announced that the sophomores ranked second in the selling of Annuals.

Anna Hill, representing the junior class, challenged the sophomores to a third contest; and Ursel Coulson, challenge in behalf of the sophomore sophomore president accepted the class.

### SENIOR ANNOUNCEMENTS ORDERED FOR GRADUATION

The senior announcements have been ordered by the class individually. For the first time the class has had the choice of four types of announcements ranging from 3.8 cents to 4.7 cents. Between 2500 to 3000 have been ordered. The Connet Printing company received the contract this year and these amazingly low prices have been well received and appreciated by the parents, students, and faculty. Never before in the history of P. H. S. has it been possible to get genuinely engraved announcements at such low rates.

It will be many years before Great Britain consents to an All-India Federal Government. India buys ten per cent of the total exports from Great Britain each year. If India were allowed to exercise independence in foreign relations, financial affairs and trade policies, it would fatally disarrange the present economic order. When India is no longer one of Great Britain's chief customers, it can hope for independence.

## Vocational on Tour

Home of "Blue Books" at Girard Is  
Visited at Invitation

Visiting the Haldeman-Julius Publishing company's printing plant, the Crawford County court house and the Crawford county state park, Tuesday morning, constituted a very interesting and educational tour taken by the vocational printing classes of the high school, under the supervision of Mr. Brewington, instructor.

Mr. Haldeman-Julius by letter had invited an inspection of his publishing plant in Girard where the famous "Blue Books" and many other magazines and periodicals are printed.

Entering the pressroom first, the visitors had the different types of presses explained to them. The Goss Rotary press upon which the weekly newspaper is printed was being repaired and the students observed the workman replacing the parts at that time.

Pierre Laval, former French premier, will have an opportunity to come back to power in the May elections in France. There are 612 deputies to be elected. Nineteen years ago Laval was elected a deputy for the first time, and in 1924 was leader of the socialist and radical party. His first cabinet position was as Minister of Public Works. Five years ago Laval left the house for the senate where he did not affiliate himself with any political party. A year ago he was elected premier. His government fell only a few months ago. So far as cabinet rank is concerned he traded positions with the present Premier Tardieu.

## Faculty Chooses Honor Students From '32 Class

Scholarship, Leadership, Service,  
and Character Constitute  
Required Merits

### Select Nineteen Pupils

Society Organized in 1924; Constitu-  
tion Still Valid; Numbers  
Change Each Year

Possibly one of the most outstanding scholastic honors which can be conferred upon any senior of Pittsburg High School is membership in the National Honor society.

The merits upon which such a privilege is based are scholarship, service, citizenship, physical qualities, leadership, character, and high standards of society. With this object in view, many underclassmen have been encouraged to attain and carry out ideals of better scholarship, better membership in the family, and better conditions of health. Through these ideals, they have rendered service for service's sake.

### Announced by Principal

After much deliberation and study on the part of the faculty, the National Honor society for the 1932 class has been officially announced by Principal J. L. Hutchinson. Those who have been chosen for membership are Edna Blackett, Margaret Campbell, John Hutchinson, Milton Zacharias, Helen Magie, Lois Hallacy, James Masterson, Junior Owsley, Edna White, Grace Brand, Bert Hill, Dick Sanford, Ruby Fulton, Albert Massman, Joe Wilson, John Beiser, Mary Daniaux, Mildred Holt, and Maybelle Cox.

### Constitution Still Valid

The Pittsburg division of the National Honor society was originated in the Pittsburg Senior High School in the year 1924. Since that time it has functioned properly and efficiently. The constitution that was drawn up at that time is still valid, according to authorities; the main provisions concern the qualities for membership, the method of selecting members and the stipulation that students may be removed by the same process.

There is no certain number to be chosen, but just as many as are fitted to that position are taken from the upper third of the class. The same high ideals of character must be retained if permanent membership is desired on the part of the student.

## Stuessi Breaks Record

One-Mile and Half-Mile Events Won by  
Former Pittsburg Student

Wesley Stuessi, former high school graduate, broke the Missouri junior college half-mile record in a meet between Kemper, Wentworth, Marysville, and several other junior colleges. Last week in the dual meet between Wentworth and Marysville, Wesley won the mile.

Wesley is attending Wentworth Military Academy at Lexington, Missouri, and is a first year man, having been graduated from Pittsburg last year.

During his high school career here, he ran in the half-mile and relays. The only reason Stuessi didn't go further in track here is because he did not enter until his senior year and did not have much experience.

Wesley was a member of the National Honor Society and the high school can point with pride to the honors he has already obtained in both scholarship and athletics.

The British people are patting themselves on their backs for the heroic way they taxed themselves to balance their budget. When the house and the senate get through with our own revenue bill we can do a little back patting ourselves—and a lot of digging into our pockets.

A fellow from Minneapolis came to St. Paul the other day just to look around and find fault. He approached a fruit stand, picked up a large melon, and asked with a sneer:

"Is this the largest apple you have in St. Paul?"  
"Hey," bellowed the owner of the fruit stand, "Put that grape down."

## Society

Crowds may come, and crowds may go; but when this particular crowd assembles, everyone enjoys himself. Yes, and herself, too.

The state park was host Friday night to the following seniors: Clairece Dell, Maxine Repass, Maxine Karns, Mary Elizabeth Repass, LaVon Gardner, and Jerry Walker. Then to make this weiner roast complete, Glen Hall, (College High), Claude Burke, Lee McDonald, Paul Ludlow (old grad), Cass Levi, and Bill Tuke added their much desired presence.

## MODERN WORDS

"Loveable"  
Loveable, loveable, How I'd love to be your one and only  
Could you care a little bit for only me?  
Loveable, loveable, I'm so happy just to be around you,  
I was mighty lucky that I ever found you free  
I call you loveable, that's the name that fits you like a glove,  
Beautiful, wonderful, made for me to love,  
Loveable, loveable, all my life you'll be the one I care for  
Could you find a little love to spare for me?

"I'm So in Love"  
I'm so in love, so much it hurts and aches.  
I'm so in love and what a difference it makes.  
Oh what a feeling, this feeling of romance.  
My heart is full of the thrill of this one chance.  
Two loving arms, right now are holding me tight.  
Those tender lips, tonight will kiss me goodnight.  
I've said goodbye to the girls I used to lie to.  
And honey you know why too,  
I'm so in love.

## Veterans Present Play

High School Pupils Assist in Giving "West of Broadway"

The Spanish American war veterans presented "West of Broadway," April 7, in the auditorium of the high school under the direction of Mary E. Wilson, of the National Producers company.

The play showed a stock company on and off the stage. Specialty numbers were given between scenes and a prologue featuring the pupils of the Moynihan school of dancing, was also given.

High school students in the cast were Rosa Belle Kelly, Robert George, Howard Dailey, Jack McElroy, Mary K. Fennimore, Richard Tripp, Eleanor Dixon, Josephine Waskey, Cozallita Iserman, Lois Liveley, Edith Sammons, Irene Deill, and Wilma Shoemaker.

Others in the cast were Walter Lemon, Fred Hagler, James Hazen, Ruby Brous, Ruth Stamm, Lois Sealey, Frank Hansford, J. Frank Hopkins, Mary M. Foresman, Ovsy Rae Taylor, and Carl Blackwell.

## Corridor Echoes

Helen Magie: "Mad at me for biting you, pal?"

Myrtle Buckley: "What makes you so hot when you blush?"

Grace Brand: "That's the first 'D' I ever made."

Wilma Shoemaker: "Oh, why aren't you going to the dance? I am."

Jesse Graves: "Nope, I've changed my mind. I'm broke."

Bert Hill: "Don't worry, we'll have our chemistry."

Miss Trimble: "Your loyalty is overwhelming, Margaret."

Treva Frasier: "Come on up, I want you to see something."

Maxine Karns: "Take us out to see the dress you had your picture taken in."

Margaret Benelli: "I wish Miss Stamm would grow a little, I almost 'socked' her the other day."

Maxine Repass: "And Margaret really hates her."

Clarice Dell: "We went out to the State park to see the buffalos."

Maybelle Cox: "I put that picture there by special request."

Miss Costello: "My, yes, she was dressed in a blue creation."

Mr. Jordan: "I'm partial to my blondes."

## CARNEY DEMANDS COMEDY

There is surely an advantage in keeping your weaknesses in the darkest corner you can find, because they are always so enjoyable when someone accidentally discloses your innermost joy and you must face the situation coolly and calmly.

This time Mr. Carney is the unfortunate creature who accidentally "slipped" and right in the presence of a Booster reporter too.

Perhaps, as the situation stands, Mr. Carney's great delight in the comedies shown with each performance at our local theatres has been kept quiet by his relatives and friends. Yet the time has come when a certain journalist is ready to tell the world that Mr. Carney nearly always asks about the comedy before giving the cashiers their money. So far he has been quite easy to please, but who knows when he might suddenly refuse to attend a theatre because they fail to present his favorite comedians? The cashiers don't!

## POETRY

Poetry ever has been a medium of self-expression to the old, the young, the weak, and the strong. Proof that man has gazed into the eyes of love, halted in the rush of his routine work, struggled from beneath the encircling masks of morbidity, or lifted the thin veil that envelops the supreme joys of existence may be found in poetry, the ever-widening art of setting daily happenings to musical rhythm.

Epic poetry, lyrics, sonnets, ballads—any number of various kinds have grown into the present scope of civilization. The fortunate man or woman who possessed the ability and means to acquire a place in the former poet's columns of America was looked upon as a genius, an unusually intelligent person, someone to be respected and looked upon as great.

Now, in this workaday world that we have established, a poet is a common person. By anyone who has the ability, be it natural or acquired, poetry can be written in a fashion.

Simultaneously with the increase of poets and poetesses comes a greater competitive standard and those aspiring to become famous must first triumph over their lesser foes. Poetry is an art at its crucial point!

## ALMOST GOODBYE

Trying to cultivate a "nose for news" keeps the journalist sniffing all the time. Writing a story or delighting in a "scoop" marks another epic in their training and another step toward their success.

As the ending of just another school year darkens the horizon, the Boosters are summarizing their stories and attempting to judge their successes. We hope you have liked our paper thus far, and that you will not lose interest in it as the last few weeks slip by.

Sophomores and juniors, remember the Booster will be published next year and the next. You are very fortunate in that you will still be able to support the Booster and publish the news.

The seniors' chances are gone, but they will readily admit that will always remember the P. H. S. student publication, THE BOOSTER.

## AROUND THE CORNER

The deadline creeps upon us, we must wake to its nearing and act. April 15, is around the corner, seniors. If we intend to let our friends know and remember our graduation, we'll send them one of those lovely cards, and we'll have to order them before five o'clock tonight.

Imagine buying the best kind of cards at 47c apiece. That's so cheap that even Miss Trimble said she would feel as if she were cheating someone to buy them at that price.

At 57c a dozen and \$1.13 for two dozen cards, announcements from Pittsburg seniors ought to go all over the U. S.

Hurry—it'll soon be five o'clock.

## Cost of Dates Averaged by Ebbie and Nebbie Found to Be Tremendous in Spite of World Wide Depression

Today in thousands of homes children are crying for a sip of milk and a crumb of bread, lying on the floor dirty, ragged, wretched, gradually becoming inanimate objects of despair, suffering extreme poverty, and destitute. While homes are being wrecked by this world-wide depression, girls around P. H. S. and K. S. T. C. are gold digging with all their ability to separate all the handsome male yokels around P. H. S.—K. S. T. C. from their hard earned greenbacks. From many a young man we have heard a tale of woe after having a bad night financially. "The Greeks had word for them."

Statistics reveal a very unusual and astounding fact that certain boys have the knack of having cheap dates (it must be love) and others have the opposite talents.

It is rumored that certain faculty members cost their gentlemen friends in the whereabouts of ten to fifteen dollars a week. It is also rumored that a certain senior boy has the knack of having five dates with a girl for the sum total of \$0.45 or an average of \$0.09 a date. We would like to know where his parking place is. However, he said the sixth date was quite a different matter.

## MORE ABOUT THE BENELLIS

"Want to see us when we were little?" "Boy, just both halves together again." "Which is the best looking?" And even more questions and answers "rained" forth at noon in the shorthand class just the other day.

As this story wasn't written to create suspense, it might be well to explain that this conversation resulted when Margaret Benelli produced from her "handy-bag" a picture of Bud and his better half, taken when they were about so big.

However a snappy conclusion was reached when someone piped, "Which one is you, Margaret?" Margaret came back with "Well, even when we were that little, Bud wore pants and I wore dresses." Hurrah for pal Margaret.

Just a tip, too. This same picture has a prominent position in the Purple and White. Look for it.

There, little senior,

## INTHUPID

The editor of a small town newspaper explains the loss of the letter "s" from his composing room as follows:

"Latht night thome theanking theoundrel thtote into our comphing room and pilfered the cabineth of all the eththeth! ## SPRING

When the green of the trees  
Bends on her knees

To the grass;  
And the blue of the sky  
Heaves a heavy sigh

I love the lass.  
When every pretty thing  
Seems to want to sing

With their class,  
And violets want to know  
The reason why they grow

In a mass.  
Just let the west wind blow  
Oh, no, no, no, no!

I love the lass.

## Class Reads "Colomba"

French IV Students Begin New Book Based on Corsican Habits.

The French IV class has begun a new book, "Colomba," written by Prosper Merimee. It is a story dealing with the old savage customs of inhabitants of Corsica, an island situated close to France.

Orso della Rebbia, sent while still very young to the mainland to be educated at a military school, returned to Corsica very much civilized in ways and habits. While Orso was away, his father had been killed, and according to Corsica traditions, Orso was honored bound to kill the murderer of his father.

Orso would have let the affair take care of itself but Colomba, his sister, still an inhabitant of the island, makes plans in which she uses her power to force Orso to do his expected part.

The English travelers, Sir Thomas Nevil and his daughter, Miss Lyda, who come to the island, help to make the story quite an interesting one.

## WAY ENTERTAINS FACULTY

The Faculty club of Pittsburg High School met Monday evening, April 11 at the home of Miss Harriet Way, 407 S. Elm. A discussion on "Governor Woodring's Tax Limitation Amendment" was led by Mr. Hutchinson, principal, after which the teachers enjoyed a short social hour. Refreshments consisting of chicken salad, rolls, olives, coffee, and mints were served by Misses Trimble, Waltz, Brandenburg, and Way.

Father: "Hard at work never killed anyone."

Son: "That's just it; I want something with a little danger in it."

## NELLIE'S NOOK

Some suggestions for your cotton graduation are organdy, cotton-lace, and net, and some extremists are even introducing pique for evening dresses. Pique is a novelty and probably will appeal to many who are looking for something different.

New bags and belts are shown made of wooden beads woven into colorful patterns.

For wear with the sandals which are so popular right now there is the sandal hosiery. A minimum toe and heel reinforcement makes it very appropriate.

The problem of keeping light cuffs clean has been solved by transparent cellulose cuffs, neatly bound in black. They fasten on with a rubber band snapped around two buttons.

Leather belts are shown with flow-ers of leather instead of buckles. Flowers are used everywhere—in place of a bow, a sleeve, a buckle, and even a fur.

## Water Colors Used

Miss White's Artists Ask for Contributions of Flowers for Art Models

An artistic group lives in this institution. Although not much is heard about it publicly, the members of this group live and flourish while they do much for the school.

According to Miss White, instructor of the only group of the kind in the school, the students of the art class are trying to gather pretty flowers to use for models. Much difficulty is being experienced in finding a variety of blossoms, due to the recent cold weather. The students will appreciate any contributions.

The materials being used are pastels and water colors. The art people have just begun to use the water colors for effects.

## CURRENT TOPICS OF THE DAY

In spite of the 1932 depression the plans for Chicago's 1933 World Fair are progressing just as if there had been no slump. The Hall of Science building, situated on Chicago's lake front, is nearly completed.

has begun an extensive tour in Europe and is now in Egypt. He's getting a great kick out of the pyramids and somber desert conventionalities.

Kentucky scored a point when Senator A. W. Barkley from that state was elected to be the keynote speaker of the Democratic National convention which opens next June in Chicago.

Tourist in the Switzerland have reported a great delight in the spring-time carpet that covers the beautiful Swiss landscape. Truly it appears to be the place where spring is most wonderful.

The dedication of the magnificent tribute to "The Father of His Country" will be a great event to the city of Alexandria, Va. It is a Masonic memorial built by the Masons and is nearly completed. Calvin Coolidge laid the cornerstone, but President Hoover will officiate at the dedication, May, 12.

Newspapers entered in the 1932 All American Critical Service of N. S. P. A. may expect their scorebooks and ratings soon after May 1.

The democratic party's march up the presidential hill of 1932 was thrown into temporary confusion when the house revolted against party leaders and voted down the sales tax, the most important part of the proposed revenue bill.

Party lines were broken, the leaders lost control in the house, when a vote was taken on the billion dollar revenue bill as it was first drafted. But a reunited House of Representatives is well on the way toward balancing the budget.

One casualty in the revolt against the sales tax in the house is Speaker John N. Garner, whose presidential boom was bounding along on his reputation as the perfect driver of an unwieldy house.

Congressman Gilbert N. Haugen, republican, Iowa, has set a new record for continuous service on the house. On March 23 he had served thirty-three years and twenty days. It sounds as though he were a case for the payroll board.

Meher Baba, the Indian spiritual leader whose disciples call him "the Messiah," and "the god man," will speak for the first time in eight years when he reaches the United States this month. He comes to establish a spiritual retreat similar to Mahatma Gandhi's in India. When he made his vow of silence eight years ago it was to last until he reached New York.

# Purple Dragons All Victorious

## Dragons Defeat Trackmen From Bourbon County

Caldwell Brothers Put Tigers of Fort Scott in Sack for First Time

### Noor, Javelin Star

Fort Scott Doped High for S. E. K. Honors, Take Defeat From Local Trackmen

Handling all spectators and patrons of Purple Dragons' sport the biggest surprise of their life, the Dragons piled up a substantial lead and fairly romped on Fort Scott's pride at the Hutchinson field Tuesday evening. Bob Caldwell colored Pittsburg athlete, held his record of being in the century and 220-dash, when he defeated the Nemesis of S. E. K. of last year. Running comparatively slow dash, he finished at least three yards ahead of Ricketts of Fort Scott. Ricketts had a bad leg and as a result did not run in the 220 which Pittsburg took 1-2-3. Bob Caldwell took first Charlie Harlan took second, with Radford Walker nosing out a Fort Scott entry for a close third.

### Noor Defeats Brinkman

Tom Brinkman, holder of the state record of 184 feet, was hard put when Dennis Noor, Pittsburg freshman, took first place in the javelin from him with a heave of 151 feet 2 inches. Brinkman was not up to his usual form but despite this was doped to win the javelin. Noor's throw was far better than any other effort he ever made. "Skeets" Caldwell was beaten in the discus by a throw which he easily bettered last Friday at the college by more than a foot. Thomas was running at top form to take the low hurdles from Seelye of Fort Scott and he then returned to anchor the quarter-mile for the winning half-mile relay team. Charlie Harlan took the quarter mile in slow time but his victory was indisputable. Rip Wills and Don Elliot of Pittsburg tied Meeks of Fort Scott for first place in the pole vault. Ralston of Fort Scott swept the field in the shot-put while his team-mate, Brodbeck, nosed out "Skeets" Caldwell in the discus.

## Brothers Surprise

Bob and Ralph Caldwell Take Majority of Honors on the Field

Are those Caldwell brothers good or are they good? Bob and Ralph have showed their abilities much to the dismay of other schools. In the inter-class, Bob won the 120 yard low hurdles while Ralph placed fourth; he also won the 220 yard dash and came out second in the 70 yard high hurdles and discuss while Ralph won the discus; Bob won the broad jump and was on the winning 880 relay team and Ralph decided to call it a day by being on the winning mile relay team.

Last Friday both Caldwells starred at the track meet between Pittsburg, Cherokee, Girard, Arma, Cockerill, Frontenac, and College High. Bob took first in the 100 yard dash in 10.6 seconds and in the 220 yard dash in 23.1 seconds and was on the winning half-mile relay team. Ralph took first in the discus, throwing the plate 110 feet 10 1-2 inches, and he was also on the same half mile relay team with his brother.

Then came the Fort Scott Pittsburg meet. Bob won first in the 100 yard dash and 220 yard dash. Ralph only placed second in the discus even though the best throw did not reach the mark he made at the other meet. Both were again on the winning relay team.

This is the only year they have been out for track, and they are indeed going a long way. They certainly saved the track team this year and may be back next year.

Nathan Newman came out for track practice two nights and won a first in the broad-jump with a springy leap of 20 feet three and one half inches. McCarty won the high sticks although pressed by Seelye of Fort Scott.

Pence Wins 880 Easily  
Othal Pence, hard working Pittsburg athlete, kept in the list of undefeated, when he won the half-mile away ahead of the rest of the field. Pence has been working all year on the half mile and should finish high by the end of the season. Pittsburg, classed as a weak team for this year, numbers some of the most dreaded members of S. E. K. league competition of last year among its victims. They are San Romani of Frontenac, Ricketts of Fort Scott, and Brinkman of Fort Scott.

## Sports Review

The sports world is mourning one of its greatest losses of the year. Phar Lap, the mighty race horse is dead. No longer will the followers of this great sport classic see the magnificent head stretched out and thrill as Phar Lap goes thundering down the track to victory.

Paavo Nurmi, the great Finnish distance star, has been disqualified for the Olympics this year, but he has met his equal in an American high school student, young Venzke, who recently broke the American record for the mile.

In speaking of the Olympics, no one can pass up Ben Eastman, of Stanford University. Eastman broke the world's record for the 440 yard dash, making it in 46.4 seconds. Ben doesn't stop there though. He breaks the world's record for the half-mile, covering the track at the Stanford L. A. A. C. meet, in 1:51.3. The United States will have the finest talent that they have ever had in the Olympics this year; and unless the other countries spring a surprise, America should win again this time.

Those who saw the 1928 Olympics still remember that heart breaking event in the race where the real winner failed to win.

Ray, the American star, after the fastest run the track has ever known, fell just short of victory with a torn ligament and Nurmi won the race in a record breaking time!

Since Big Bill Tilden has passed to a professional standing, the tennis championship has been a see-saw affair.

Frank Shields, Johnny Doeg, and Ellsworth Vines each seemed capable of filling his shoes, but in a season their grandeur died down.

The tennis master will appear in Kansas City this year and it will be worth anyone's time and money to watch him play.

Discus throw—Won by Brodbeck, Fort Scott; Caldwell, Pittsburg, second; Willard, Fort Scott, third. Distance—109 feet 11 inches.

High jump—Won by Henderson, Fort Scott; Summey and Jackson, Pittsburg, and Meek, Fort Scott tied for second. Height—5 feet 7 1/2 inches.

220-yard hurdles—Won by Thomas, Pittsburg; Seelye, Fort Scott, second; McCarty and Lively, Pittsburg, tied for third. Time—29 seconds.

880-yard run—Won by Pence, Pittsburg; Easter, Fort Scott, second; McGlothlin, Fort Scott, third. Time—12:18.8 minutes.

220-yard dash—Won by Bob Caldwell, Pittsburg; Harlan, Pittsburg, second; Walker, Pittsburg, third. Time—24 seconds.

Javelin throw—Won by Noor, Pittsburg; Brinkman, Fort Scott, second; Willard, Fort Scott, third. Distance—157 feet 2 inches.

Broad jump—Won by Newman, Pittsburg; Brown, Pittsburg, second; Cooper, Fort Scott, third. Distance—20 feet 8 1/2 inches.

Mile Relay—Won by Pittsburg (Pence, Thomas, Wright, Castagno). Time—3:55.4 minutes.

The final game of the tournament was played Saturday morning, April 2, between Clysta "Shorty" Dudgeon's Torpedoes, Runner-up, and Isabel Bornhauser's Hot Shots. A good game was played by both teams but the Hot Shots won with a score of 23-9. Isabel Bornhauser rated as high point "man" of the tournament making 77 points in the four games in which she played.

The box score for the final game:

Hot Shots (23)

## First Victory of '32 Season Won by Purples

Pence Pulls Surprise to Win Half-Mile From Archie San Romani

### Cherokee Takes Second

Caldwell Brothers Prove Major Upset by Taking Three Firsts Between Selves

Coming through with the pep of former purple teams, this year's track representatives swept all competition aside from the Mineral Belt league and won the first meet of the season, although slightly pushed by a team from Cherokee, coached by Fred Hudson.

Pittsburg took five first places, the same as the Cherokee team, and scored 53 points. Cherokee, second, scored 41 points. Girard had 21; Cockerill, 19 1/2; Arma, 18 1/2; Frontenac, 13; and College High of Pittsburg, 10.

Because of rain and chilly weather, no exceptional time or distances were turned in by the trackmen. Ralph Caldwell of Pittsburg hurled the discus a distance of 110 feet 10 1/2 inches, for a first place and his brother Bob Caldwell won all sprint events, the 100-yard dash in 10.6 seconds and the 220-yard dash in 23.1 seconds.

Half-Mile Won by Pence  
Othal Pence took one first place for Pittsburg when he outspurred Archie San Romani of Frontenac to win the half-mile in the slow time of 2:14.5. Pittsburg's other first came when a half-mile relay team composed of the Caldwells, Harlan, and Thomas took a first.

Cherokee took five firsts in the 440-yard dash, shot-put, medley-relay, broad-jump, and mile-relay. Peel and Fitchner were the main cogs in the Cherokee victories in the quarter-mile and relay races. Zupan of Cherokee took two firsts, the broad jump with 20 feet 8 inches, and the shot-put with a heave of 43 feet 1 inch. San Romani of Frontenac took first in the mile, though hard pushed by Cowan of Girard, in 4:56.6.

### Other Firsts Well Divided

College High took two firsts. Glen Hall won the high hurdles in the time of 18.1 seconds, and Benoit won the pole vault with a height of 10 feet 3 1/2 inches. Cockerill took two firsts. Burnick won the low hurdles with a time of 29.1 seconds and McAlpine won the high jump with a leap of 5 feet 6 inches. Arma took one first when Korach heaved the javelin 142 feet 10 inches to take a first place. Girard did not get any firsts but came in for third place with many seconds and thirds.

## Memories of Last Year

The annual tri-state music contest began at the college Wednesday, April 22. The various solos, instrumental and vocal and the quartets entered Wednesday and Thursday; the organizations will take part Friday.

With the tick of the clock that marked the hour of five Friday, April 10, the annual Purple and White contest ended. Brinn and Phelps, the senior royalty, were declared King and Queen, having sold 341 annuals. Iwensby and Cumiskey, the sophomore royalty sold 146 annuals to win the position of Prince and Princess. The juniors sold 104 annuals, making a total of 591 annuals sold.

In a poster contest for high school students conducted by the state Board of Health, Wayne Harris won fourth prize and Wilber Williams received honorable mention.

## Sidelights of Meet

Oh, boy! Maybe that track meet wasn't a thriller. Pittsburg was ahead about one-third of a point nearly all the way, and it wasn't even funny.

Noor's a hero now. Brinkman, who holds the state record of a hundred and eighty some feet, could only throw the javelin around a hundred and fifty-six feet. Noor decided it was his chance to make so he threw the pointed pole a hundred fifty-seven feet and a few odd inches to win the event.

Bob Caldwell did the unusual and swept the dashes with an ease that was astounding. He must get frightened because he just simply ran away from the rest.

Othal Pence ran away from the rest of the distance men in the half mile event. Then, as if that weren't enough, he immediately ran on the relay team. Othal has been winning the half-mile steadily, much to the surprise of critics.

Fort Scott was doped to take seven firsts, but the Dragons showed the stuff they are made of and held them to three firsts.
