Mr. D. K. Berninghausen,
Cooper Union Library,
Cooper Square,
New York, 3, N. Y.

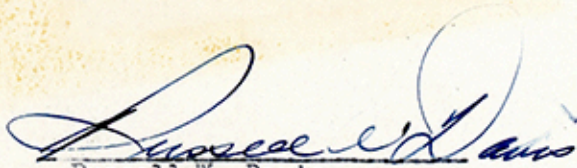

Dear Mr. Berninghausen:

I am forwarding my entire file to you to-day, by first class mail. It is complete, including the copies of our reports and the original letters from the office of the Attorney General. The newspaper clippings are arranged in sequence beginning at the first, one to a page, and these sheets are numbered. The delay has troubled me but some of the material had been lent and I had to wait for its return.

Your anonymous correspondent has a lucid and enviable style and sets forth the occurrence very honestly. The company interference which is mentioned is widely conjectured but I believe it and the unknown correspondent is in a position to know positively.

Our Board agreed fully on the contents of the reports and feel that our position in relation to this community situation is clearly set forth in the reports and the attachments.

Sincerely,

Russell W. Davis
