GOVERNING THE

KANSAS STATE
FEDERATION
OF LABOR

AS AMENDED AT CHANUTE
MAY 9, 10, 11, 12, 1921
PREAMBLE.

Whereas, a struggle is going on in all the nations of the civilized world between the oppressors and the oppressed of all countries; a struggle between the capitalists and the laborer, which grows in intensity from year to year, and will work disastrous to the toiling millions if they are not combined for mutual protection and benefit.

It therefore behooves the representatives of the bona fide trade and labor unions of the state of Kansas to adopt such measures and disseminate such principles among the mechanics and laborers of our state and country as will permanently unite them to secure the recognition of the rights to which they are justly entitled.

We, therefore, pledge ourselves to assist each other in securing the best possible wages and best treatment to the laboring classes by all honorable means, and we will withdraw and use our influence to have others withdraw all patronage from any unfair employer.

We further pledge ourselves to assist in guaranteeing to each national and international organization affiliated with this Federation and also those affiliating with the American Federation of Labor their trade autonomy or control of their own business.
