Senator Capper Is Forced to Decline

Beause of official affairs in Washington, Senator Arthur Capper has been unable to appear here for President Brandenburg's silver jubilee. His regret at his inability to be present was expressed in a letter to Dr. O. P. Dellinger of the College faculty. Senator Capper write to Dr. Dellinger:

"I have your letter of Jan. 7. From other mutual friends I have been hearing of the silver jubilee which your committee is planning to hold for Dr. W. A. Brandenburg. I have told them all, as I now find it my unpleasant duty to tell you, that the pressure of official business here makes it impossible for me to run out to Kansas for that occasion though I would like very much to do so. I have been proud to count Dr. Brandenburg among my very best friends and know of the outstanding and constructive work he had done at the Kansas State Teachers College. I am deeply appreciative of your thinking of me as the speaker at the exercises on Friday morning, March 18, and sincerely regret I cannot accept."
