

Jefferson Highway Campaign Fund.

List of towns and counties that have been asked to contribute to the promotion fund for the Kansas Division of the Jefferson Highway. The Directors and County Vice Presidents have been called together for a general conference at Paola, Kan., Friday April 14th at 2 P. M. Mr. Clarkson, who has been selected as the General Manager of the entire 1800 miles of the highway is expected to be at the meeting. It is to be the first general meeting held since the work was started.

It is the desire of the Directors that each town or county that has been asked to contribute to the campaign be ready to report at that time either as "Paid" or that suitable provision has been made for their part. The financial matters should all be arranged ^{before} by this meeting so that all future efforts may be directed to the road petitions and road matters.
