Teachers' Meets Held Over State

Corporon, Ramsey Are Elected Officers at Fort Scott For Next Year

Two of the faculty members of P. H. S. were elected as officers at the Fort Scott teachers meeting. They are Mr. Lester Ramsey, who is the chairman of the commerce roundtable, and Mr. William Corporon, who is the chairman of the English roundtable.

The interests and experiences of the teachers were varied. Miss Helen Lanyon said, "I received a traffic ticket in Fort Scott for parking in the wrong place." Mr. Gerald M. Carney took the band to Fort Scott to enter them in the band contest. He enjoyed hearing the mixed chorus from the Fort Scott junior college.

Miss Ferda Hatton visited at the home of her aunt, Mrs. W. E. Hill, while attending the meeting at Coffeyville. Miss Maude Laney had tea at the home of a former Pittsburg teacher, Mrs. John Landers (Miss Lucille Henneberry). Mr. Blaine Glendening visited in Kansas City after attending in Fort Scott.

Miss Frances Palmer and Miss Radell had dinner at Miss Radell's brother's, who is a former Pittsburg high school student. Mr. Ellsworth Briggs and Paul Byers stayed at the home of Mr. Briggs' cousin, Miss Helen Glaser, in Coffeyville. Mrs. Dora Peterson, while at the Topeka teachers meeting, visited the capitol building and saw Governor Landon. She enjoyed the speech of Senator Nye from North Dakota. She also attended the K. U.—Nebraska game.

Miss Calla Leeka enjoyed speeches made by Miss Reba Smithers of Kansas City, who stressed the importance of training high school girls to be intelligent, efficient, and considerate consumers—buyers; Mr. Parks of Fort Scott, who said, "Teach the boys and girls how to live rather than making a living"; and a member of the Board of Education of Paola who considers home economics the most usable part of the school curriculum.

Miss Esther Gable was interested in the speech made by Dr. G. W. Rosenlof, of the University of Nebraska. Miss Sara Stephens was interested in the English roundtable discussion.

Principal J. L. Hutchinson enjoyed the psychology roundtable discussion on mental hygiene and its problems.

After giving his speech, Estel Davis went to the foreign languages roundtable.

Committee Meets For Church Plans

Gordon and Sweet Manage Week of Participation; National Preaching Mission

A committee of sponsors and student representatives of the college, Y. M. and Y. W. C. A.'s, the Hi-Y and Girl Reserves of the senior High School and the young peoples groups of the various churches met Nov. 3; in the Y. M. C. A. building to make plans for their participation in the National Preaching Mission. This church week is to be held from Nov. 15 to 22. Dr. Harry A. Gordon of the Methodist church and Rev. Sweet of the United Brethren church met with these people. Dr. Gordon was elected chairman of the meeting. Miss Harriett Way was elected secretary.

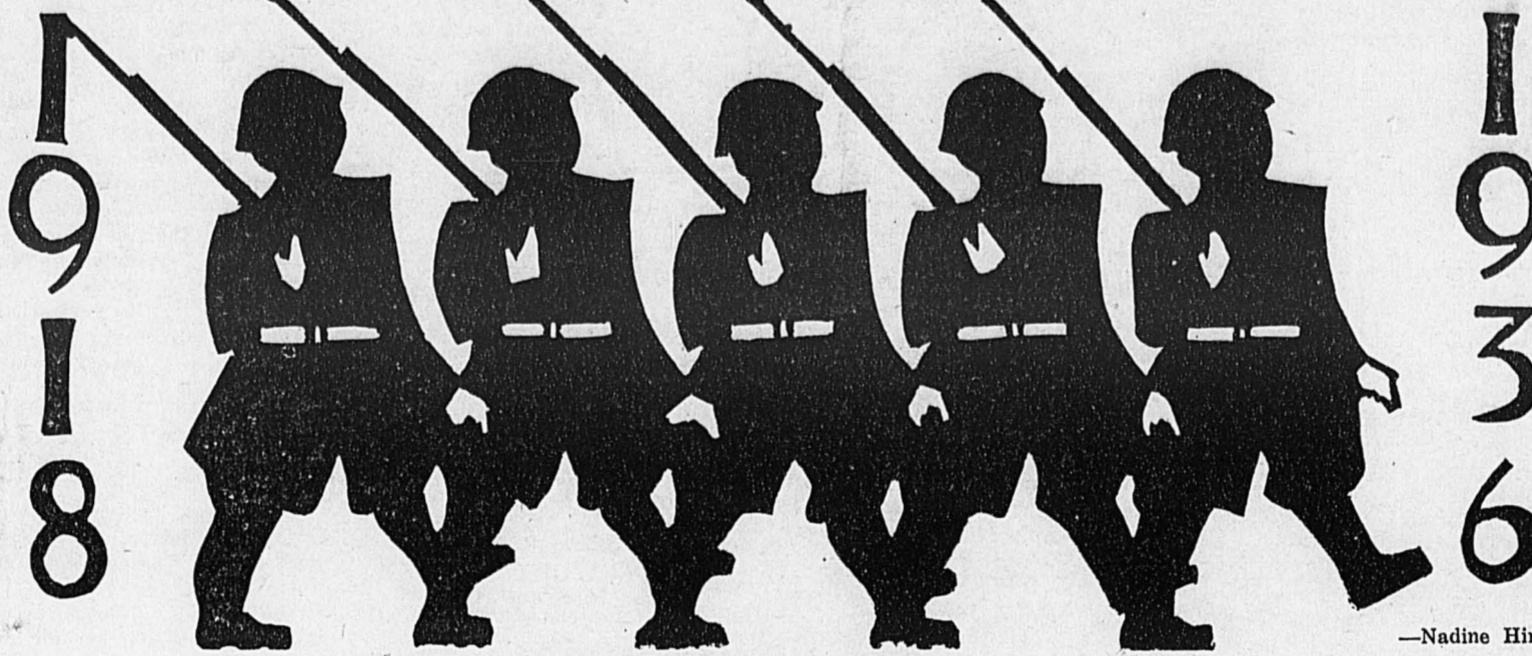

What the young people might contribute to the church week project was discussed. The conclusions adapted were that the young people's organizations should support this effort that the attendance and participation of young people should be stressed every night; and that by the use of personal contact in ever-widening circles, young people of these groups should attempt to inform other people of these church meetings and to bring them to the various churches.

All further plans will be worked out by young people each denomination with the aid of their minister.

Geneva Pence Better

The condition of Geneva Pence has greatly improved. She feels much better and thinks she will be back to school in a few weeks. At present she is still at her home on rural route one.

"LEST WE FORGET"

"They went with songs to the battle, they were young,
Straight of limb, true of eye, steady and aglow.
They were staunch to the end against odds uncounted,
They fell with their faces to the foe
They shall grow not old, as we that are left grow old:
Age shall not weary them, nor the years condemn.
At the going down of the sun and in the morning
We will remember them."

—From "For the Fallen" by Laurence Binyon.

It was the eleventh month, the eleventh day, and eleven in the morning when the first news was heard eighteen years ago Wednesday that the slanting steel lines laid down their rifles and bayonets. The World War was at an end. The Armistice was signed.

When our country called, 180 P. H. S. boys answered. All returned but four. A bomb from a German plane claimed one. Bullets, gas and wounds took the others.

In Miss Esther Gable's room on the third floor is a list, remember what they did for us and that it was their lives they gave.

Millions, as these, fought for one great cause, democracy. Or just what was the cause? We often wonder even today. Again Europe's slanting rows of steel are marching. Rifles over shoulders, they are swinging into the stride of war. Assassination of a noble was the spark that ignited the last war. What is the next to be? Cannot this world of ours live in peace?

Eighteen years seems a long time to some nations, so long that they are wanting to start another; but to those who fought and the 180 from P. H. S. it is but a short time.

Let us be a peaceful and more intelligent generation.—Elmer Frank.

WE MUST OBEY

Traffic lights have been installed at Eighth and Ninth streets for the safety of school students. Thus far they have been worthless. School students, including those of the senior high school, are paying little attention to the lights.

Tuesday afternoon, at the time classes were being dismissed, a steady string of the students crossed the Ninth Street lights on Broadway without even looking to see the color of the light. As the result motorists, who are always being blamed for the pedestrians' errors, were forced to halt to permit the students to continue on their way. From the time school was dismissed until most of the students had departed there was no noticeable watching of the lights.

If this is to continue an officer will be stationed at this point to see that the traffic rules are observed by the students as well as the motorists.

The students have said that they intend to meet the requirements of the public at Eighth and Ninth Streets.

Grads Give Program

Education Week Is Observed At Eugene Field School

The Eugene Field grade school, for education week, sent a mimeographed announcement of the week's program and a series of colored posters, showing the need for education, home to the parents, Principal Vernon A. Hoggatt said.

The speaker Monday night was Judge L. M. Resler. This was also homecoming night. On Thursday a class room demonstration was given and also an assembly portraying different phases of physical education. On Wednesday an Armistice Day program was given. Friday the program was given by the music department.

Nevella Miller Treated

Nevella Miller, an editor of last year's Booster, is a patient at Providence Hospital in Kansas City, Kan. She is being treated for a hand injury that she received when a child.

Hector's the greatest football player our school ever had. He says so himself.

Leading Educator Discusses Problems by Pointing out Faults; Students' Newspaper is Lacking

(By Paul Byers)

Dr. Robert Maynard Hutchins, president of the University of Chicago and a leading educator of the country at the present time, spoke at the Coffeyville and Ft. Scott gatherings of teachers last Thursday.

Dr. Hutchins spoke on "The Importance of Education" and outlined, as well, how his points might be accomplished to the best advantage.

His opening statement presented the problem of modern education in public schools—"The sheep look up and are not fed." He then spoke of high school teachers and said, "We cannot have good teachers as long as we can hire and fire them for no reason at all."

At the present the system prevailing gives each student the same possibilities, while they exist with various capacities. This could be improved by adjusting the educational work to meet the capacities of the student. Dr. Hutchins has taken a step in this direction in his own institution by allowing his upperclassmen to take such subjects as they wish providing that it is within their abilities to handle the work. The student may work as rapidly as he can, getting his degree when he has completed the required work.

He pointed out a few of our teaching defects and added, "The student is crammed full of facts which he is expected to regurgitate on an examination." After discussing the object of education he said that the educational system could not bring about a social change, only facilitate that change.

GRADE STUDENTS WATCH ACTUAL VOTING AT POLL

The students of the fifth and sixth grade history classes at Eugene Field watched a real city election on election day while the other schools, namely, the high school, Lakeside and Roosevelt were having their own polls.

V. A. Hoggatt, principal, said that the students saw the actual registering, checking, balloting and counting at Eugene Field where the fourth ward voted.

In a private interview Dr. Hutchins told that younger students are found to do better work in college than older ones and that it is useless, practically, for one to wait any length of time after graduation from high school before entering college, and added that one is certainly not the one to go to college if he does not seek intellectual education.

Concerning sports, Dr. Hutchins said that one should not indulge in sports in high school that he wishes to continue after graduation. Therefore football is not a good sport for general participation in high school for it is only carried to such prominence by the popular demand for entertainment. He gave intramurals the lead in that they usually provide sports that one could carry on with after graduation from school.

In his final comments Dr. Hutchins said that a high school paper is not a paper and should not take the work and time of the students unless it prints news, presents intelligent discussions on the modern and local educational problems, is allowed to criticize, fairly, the educational system in the city as well as its executives. The staff, he said, should refuse to put out a paper unless this is granted for one is not becoming sufficiently educated by merely recounting incidents about the school but must be allowed to work to the improvement of that school under the direction of its editor and sponsor.

Dr. Hutchins spoke in Coffeyville Thursday morning and in Fort Scott that night.

Model Atom For Chemistry

A model atom was made by Mr. Blaine Glendening, chemistry instructor, to show his students the structure of the atom. It was made of wood and wire with clips used to show the electrons. Thumb tacks were used to represent the electrons and protons in the nucleus. The structure of the atom was much simplified by his demonstration.

Have you seen Hector, who is this guy Hector where is this fellow Hector.

Band Takes Third Place In Contest

Players Win Twenty Dollars at Fort Scott; Teachers Meet Held In Conjunction

The Pittsburg high school band took third place in a marching contest held last Friday at Fort Scott in connection with the teachers convention there.

The band left Pittsburg Friday morning to go to Fort Scott in cars. At 9 o'clock they marched in a parade at which time, they were judged. The judge was Mr. Fitzgerald of the Emporia teachers college. Following the parade, the band marched to the Fort Scott stadium where the mass band practiced under Mr. Walter McCray of the college here. After an hour practice the bands were dismissed for lunch.

At one o'clock the bands assembled in front of the junior high school building and marched to the court house lawn where the mass band concert was given. Here the band were split up into sections and played as one large band of some 800 pieces.

The program for the concert was as follows: National Emblem March; Conqueror Overture; Americans We March; and closed with the Star Spangled Banner.

After the concert, the mayor of Fort Scott announced the results of the contest. The Pittsburg high school band was awarded twenty dollars as third prize.

K. F. K. U. IN OBSERVANCE OF EDUCATION WEEK

Education week, which is Nov. 9 to 15, is being observed by the University of Kansas over station K.F.K.U. The main theme is "American Schools at Work."

The Kansas Players will be on the program Monday night.

Speakers on other nights are Miss Rosemary Ketchum, Dr. E. H. Lindsey, Mr. Neal M. Wherry, Mr. F. P. O'Brien and Mr. R. A. Schwegler.

On three nights the program will consist partly of music.

Melvin Kodas Is Improving

Melvin Kodas, junior in Mr. William Row's home room, has been absent from school for some time on account of an infection in the eye. His condition is improving.

Observe Annual Education Week

Daily Assemblies Present Theme; Dr. G. W. Weede Is Speaker Yesterday

The annual National Education Week which has gradually gained importance in the public schools of America was duly observed by the school the past week with a series of five assemblies.

A week has been set aside by three national organizations: the American Legion, the National Education Association, and the United States Department of Education to bring attention of the parents to the schools of the nation, their aims, necessities and attainments.

American Education Week is gradually gaining more influence each year in establishing unity of the public in improving the schools. It celebrates the founding of the free schools as a significant achievement of the long fight for rights of the common people.

The strength of this week depends upon the fact that it enlists the cooperation of both home and school to build up an institution which is forever changing with the times and needs of the people. Education Week originated in 1921, because the World War showed the inadequacies of the people in regard to the extent of the knowledge of the people of our nation. As a result of the World War, Education Week was founded to prove to the people that their extent of the knowledge was inadequate to serve the country in time of crises. This is its sixteenth anniversary.

The Armistice Day program was a feature which was included in this week's programs. It was conducted by the American Legion. As Mr. L. Weatherwax stated Wednesday, "Education Week should be considered in the lilt of an armistice."

A resume of the week's programs is as follows: Principal J. L. Hutchinson presided over the Monday assembly. The program was arranged by Mrs. Dora Peterson, assisted by Miss Calla Leeka. Jack Paulin, junior, led devotions. Julia Anne Pogson sang "A Lass With a Delicate Air"—Arne. She was accompanied by Jennibel Evans, junior. Bailey Williams, also a junior, sang "I'm Waiting for Ships That Never Come In" and "I'm an Old Cowhand." He was accompanied by Jacqueline Gore, junior. Sup. M. M. Rose gave a talk on the history of American public schools. A picture concerning transportation was shown at a special assembly. Principal Hutchinson was in charge of the Tuesday meeting. Mr. Lester Ramsey had charge of devotions. The program consisted of three musical numbers, "I Love Life", "Sweet Mystery of Life", and "A Lass of Mine" by Mr. Carl Rodick of the college. Mr. William Row, debate instructor, gave a talk on the changing curriculum in the public schools.

Darrel Cochran had charge of the Wednesday assembly. Devotion were led by Estel Davis, senior. Students saluted the flag while the band played "Star Spangled Banner". A vocal solo, "Guns", was sung by Howard March-flag while the band played "Guns", senior. Virginia Cooper, senior, accompanied him.

Darrel Cochran then introduced Mr. Gire, of the American Legion, who in turn introduced the speaker, Mr. L. Weatherwax, of Wichita. The program was arranged by Mr. Marion Nation.

Thursday program was arranged by Mr. John L. White. Mr. Hutchinson was in charge. Bill Robison, senior, led devotions. "By the Bend of the River" and "Children of the Moon" were sung by the girls' glee club. Mr. F. M. Snodgrass introduced the speaker, Dr. G. W. Weede, director of athletics at the college, who gave a talk on his trip to Europe to see the Olympics.

Today's program, which was planned by the Hi-Y and G. R., was arranged by Mr. Blaine Glendening and Miss Florence White.

The cotton-picking machine that the Rust brothers are working on seems to be another brilliant effort of man trying to get out of a job.

One nick-name of Montana is Stub toe—"The Commercial Atlas of the World."

There's no pest like a little sister. If you don't believe it, ask Hector.

Dragons Romp Over Vikings In Annual Battle

Morgan, Ritter, and Begando Tally Touchdowns For Pittsburgers

Score Tied 6-6 At Half

Quarterback Hall Makes Only Counter For Parsons With A 33-Yard Run

The Purple Dragons of Pittsburg High virtually assured themselves a place in the two-way tie for first place in the SEK as they romped over the Vikings of Parsons to the tune of 18-6. It was the next to the last out of town game and they showed their host no mercy as they marched all over the Parsons field last Wednesday afternoon.

Although they won by a decisive score it was one of the hardest battles of the year. They now need only one more victory over Columbus on Thanksgiving Day to be in the money in the circuit race.

Outgaining the Norsemen on scrimmage, 222 to 77, the Dragons shoved across their first score early in the first period. After Joe Begando had gone in for J. Ritter at right half the purple machine started a drive from the Parsons 26 and put Begando across for the first tally. "Si's" place-kick was wide.

The Parsons eleven tied the score in the second stanza when quarterback Hall intercepted one of Fadler's laterals and raced 33 yards for a touchdown. His kick for the extra point hit the goal post and the half ended the score was 6-6.

Taking the kick-off at the half on their own seventeen Pittsburg marched down the field to the Vikings' seventeen only to lose the ball on downs. After one play the Black and

Gold team punted to the Pitt 37. From here the purple powerhouse came back with a thrilling assortment of passes, runs, and plunges with perfect interference to put Morgan around his own right end for a touch down.

In the final period Guden's men drove to the Parsons 10-yard stripe only to be penalized fifteen yards. Simonic came back with a 19 yard off tackle smash and from her Morgan passed to "Bloody Butch" Ritter for the final touchdown. The Parsons line surged forward on both of the latter touchdowns to block the kick for extra point.

Students Writing Foreign Countries

Sophomore English Classes Also Corresponding; Anyone May Join If He Wishes

The members of Mr. Corporon's class are writing letters to students of foreign countries. His sophomore English classes have also decided they would like to correspond with students of foreign lands. Anyone else who wishes to may do so.

Students may give Mr. Corporon their names and choice of the person to whom they wish to write.

These are the countries that the students have already chosen: England, Sweden, Denmark, Hongkong, France, Germany, Norway, Finland, Egypt, Australia, Holland, Belgium, Switzerland, Hawaii, Czechoslovakia, Japan, Spain, Puerto Rico, Argentina, and Italy.

One might choose from the ages of 14 to 20. If anyone wishes to know many of the mysteries and customs of far off lands, see Mr. Corporon now.

Dragons Became Emblem of P. H. S. In the Year 1929

In the year 1929 a very important event took place in this high school. This event marked the turning point of the luck of the football eleven. The school was beginning to become discouraged when the student body decided that perhaps a new name would help. They had been thinking about this a long time and finally decided to act.

After securing permission from Principal Hutchinson, the student body selected several names from which they would choose the name which would identify the school. There were many good suggestions among which was "Dragons."

The problem was put before the Student Council and after much debate decided that the Dragons represented all that they wished the team to signify. Thus we have our beloved emblem.

The first game which was played under this name was with Parsons. This team had always been the school's most deadly enemies. A miracle seemed to happen. The team lived up to their new name by slashing final score was 32-0 in the Dragons' favor. This was a good beginning for the teams which were to follow. The Dragons now have the reputation of being hard to beat and they are feared by their opponents.

Now do you know why we are Dragons?

Beats everything how all the senior boys get so big headed—see Hector.

Dragons Trounce Mustangs 58-0

Simonic Is High Scorer With 26 Points As Team Mates Tally 32 More

The powerful Dragons of P. H. S. once more turned on the steam as they went on a rampage last Thursday afternoon on Hutchinson field, trouncing the Iola Mustangs, 58-0. Pittsburg scored its first touchdown in the first two and one-half minutes of the game. After that Pittsburg kept the Mustangs on the defense most of the time. Simonic was high scorer with four touchdowns and two place-kicks, totaling 26 points.

The Dragons tallied 19 scores in the first period backed by the powerful plunging and running of Simonic. In the second quarter they were held scoreless, but in the third and fourth stanzas they again went wild, piling up 14 and 25 points respectively.

Although Guden started a new line-up, all of the players that were suited up were in the game before the end.

The juniors and sophomores who got a chance to show their stuff in the game showed Guden he will have some good material to work with next year.

Although the Iola eleven battled from the start to the finish, they were too light and could not break through the Dragon's stone wall line.

The lineups:
Iola
 Klink LE
 Moore LT
 Radley LG
 Hunter C
 Williams RG

AMATEUR NOTES

The Parsons team should be given credit for the way they played heads up ball Wednesday afternoon although they lost. It was only through quick thinking, speed, and some mighty fine interference that Hall got his 33-yard run for a touchdown.

This boy Hall of the Norseman crew played a bang up game. One of his punts went for 51 yards. He kept the Dragons back most of the time with long punts. He was also outstanding on his running and defensive playing.

Taking up Myles Pember, Parsons sports scribe, song of praise about the Dragons. We wonder like him how the Dragons ever lost to the Golden Tornadoes.

If you noticed very closely you saw the Millers and their Corporation of Cloke and etc from Chanute at the Parsons game.

Those who stick by their radio for sports broadcast if tuned in to WMBH Joplin heard the pride of P. H. S., the football team, receiving fame and fortune—we hope?

It looks like an easy day for Pittsburg when they meet Joplin next week. While they were trouncing Parsons last Wednesday Springfield walked away from Joplin, 26-0. Since the Dragons beat the Bulldogs, it looks like a sure victory.

For those who are interested in the statistics of the team, in the last nine games Pittsburg average is 20.7 to the opposition 2.3. The Dragons have been scored on twice. Coffeyville gained fifteen points and Parsons six.

Joplin Is Host To Dragons For Thursday's Tilt

Last Foreign Game Before The Annual Turkey Day Classic With Columbus

Locals Favored To Win

Dope Indicates Missourians Have Improved Since The Muddy Titan Battle

The Pittsburg Dragons appear to be the favored eleven in the tilt to be played on Junge field in Joplin next Thursday. As they meet the Red and Green aggregation from Joplin high, they will have a decided edge as they have had in past years.

The Dragons, the reverse of last year's team are on top while last year at this time they were bouncing around the cellar.

After taking a close game from the Parsons Vikings last Wednesday afternoon, the Purple eleven are virtually assured at least a tie for first place.

According to dope, the Pittsburg eleven should take the battle though Joplin has improved vastly during the latter stages of the season since they handed Columbus a 6-0 defeat at the start of their schedule.

This will be the last game before the annual Turkey Day classic with Columbus here Nov. 26.

Last year's game on Hutchinson field with Joplin team will be one not to be forgotten by those who attended. With less than 30 seconds to go, George (Gallop) Holmes snatched a pass from Jack Morgan and raced 45 yards for a touchdown. With "SI" Simonic's boot, the Dragons tied the slashing Red and Green eleven, 14-14.

Some of the Joplin players viewed the Dragons at the Iola just here last Thursday and promised a good, hard battle.
