## Interstate High School Contests Are Scheduled

Entries From Kansas, Missouri  
And Oklahoma Here for  
Scholarships

To Be Held April 17

Professor Edgar A. Mendenhall in  
Charge of Committee for  
Affair at KSTC

The date for the annual interstate high school scholarship contest at the College has been set for April 17. Last year this event drew teams from 44 different high schools. In recent years Paola has been the perennial grand prize winner.

The announcement bulletins of the contest have been mailed out to high schools in three states—Kansas, Missouri and Oklahoma as advance information for prospective competing schools.

Professor Edgar A. Mendenhall has been selected as chairman of the scholarship committee, a position he has held each year. Professor Mendenhall is being assisted by a committee for the contest composed of Miss E. Louise Gibson, Dr. O. A. Hankammer, Professor E. E. Stonecipher and Professor E. W. Baxter. The chairman said that he hoped to have an enthusiastic response to the announcement and expects at least as many entries as last year.

Any high school in Kansas, Missouri and Oklahoma with two years of accredited work is eligible to enter. Two contestants may enter in each department except in speech, in which there may be only one entry.

Professor J. R. Pelsma, head of the speech department at the College, will be in full charge of the speech contests. The physical education department for women will conduct a physical efficiency test in connection with the scholarship contest. Certificates will be issued to eight girls placing first and second in either of the junior or senior high school years.

Students winning first place in any of these events will be awarded a freshman scholarship at the college. For students placing second and third there will be other awards. No student is eligible to more than one scholarship. The dramatics group winning first place will be awarded a silver cup.

Each school may enter five students for the grand prize. These students will be given composite-objective tests covering English, mathematics, American history, general science, Latin, industrial arts, home economics and general information. Dr. E. M. Anderson is in general charge of these tests.

The awards for this contest will be made at the college auditorium at 5 o'clock the afternoon of the contest.

It is yet undecided as to when the faculty of P. H. S. will pick students to enter the contest, but it will probably be done sometime in the near future.

## Faculty Meet Soon

To Be Held At Stephens' For Study  
Of Curriculum Revision

The second faculty meeting after the change in schedule to allow for a further study of curriculum revision will be more like the regular club meetings. It will be held at the home of Miss Sara Stephens on Feb. 16.

The program will be as last time based on talks taken from the pamphlet entitled, "Improvement of Instruction." Those who will take part in the program will be as follows: Mrs. Dora Peterson will speak on "Public Health," Miss Madge Waltz on "Housing," Mr. Lester Ramsey on "Purchasing Goods," and Mr. Ellsworth Briggs on "Conservation of National Resources."

## Senior Girls Vote

The dress for girls for graduation was decided upon in a meeting at 8:20 yesterday afternoon. A vote was taken as to what type they were to wear. They decided to wear a formal dress for commencement; a sports or street dress for baccalaureate; and a sports or simple afternoon dress for the banquet.

## Notice!

Today a box is to be posted either outside or just inside the journalism room 204. This box is for teachers and pupils to contribute suggestions, comments, poems and articles if they wish. Everything put in the box must be signed. Indicate whether you want your name to appear with the article if it is printed. Unsigned articles will be discarded.

## Mineral Debates Pittsburg Here

Meetings Are In Row's And  
Waltz's Afternoon Classes,  
But Not Judged

Debates between Mineral and P. H. S. were held Tuesday afternoon. The debates were to be on Monday, but because of sickness of one of the Mineral debaters, they had to be postponed. The debates were scheduled throughout the afternoon—each Mineral team debating twice and Pittsburg teams once.

The Mineral debaters are as follows: negative, Ruth Sharpe and Edith Bell; affirmative, Maurice Canfield and Myrl Pickering. They were accompanied by Mr. Eugene Taylor, debate coach, and Glen Callow, former Pittsburg high school student.

The Pittsburg debaters are affirmative, Howard Marchbanks and Jim Hand, Howard Mosby and Bailey Williams; negative, Alene Michie and Mary Virginia Hubert, Billie Ann Hutto and Bob Pratt.

Three debates were held in Mr. Row's afternoon classes while the other was in Miss Madge Waltz's fifth hour sociology class.

## Students To Take Tuberculosis Test

Dr. Clifton B. Hall and Velma Hall  
Will Give Examinations in  
Crawford County

An appeal is being made by the physicians and school officials for the full cooperation by parents of the junior and senior high school students by letting them take the tuberculin examination. What this county is doing is part of a nationwide drive to destroy this dread disease.

Between Feb. 22 and March 1, Dr. Clifton B. Hall, head of the board of health tuberculosis division, will be in the county to give the tuberculin tests to the students who have secured permission from their parents to take the test. He will be assisted by Mill Velma Hall of Topeka.

The students whose tests report positively will be given the X-ray examinations at a later date. The cost of these X-ray tests will be defrayed by the money raised through the sale of Christmas seals in Crawford County last year. All of the work will be free.

The tuberculin tests are approved by the Crawford County Medical Society, the National Tuberculosis and Health Association and by school officials.

## Striking Students Win

Columbus Boys And Girls Put On  
Demonstration Monday

The student body of the Columbus High School went on a strike last week because they did not want a change to be made in their principals. They resumed their classes on Monday.

The students held a mass meeting Monday morning and finally decided to declare a truce until the board meeting which was to be held Monday night but which was changed to Wednesday night. The students decided to resume their classes until they hear what the board decided to do. The present principal, Mrs. Ethel Lock, stated that the attendance was back to normal.

## Grad to New Post

Louis Stroup '22, who has been news editor of The Pittsburg Sun, has moved over to take the same place on The Pittsburg Headlight. Mr. Stroup is filling the place of Mr. Clyde Nelbarger, who left Monday to assume a post on the telegraph desk of the Oklahoma City Times.

## Forty-Five Members Compose Orchestra to Play for the Musical Production of P. H. S.

(Billie Ann Hutto)

This week we turn to the orchestra, probably one of the most unappreciated units in the production of the opera, yet there is no single unit which does as much work in the production.

This year the orchestra for the opera is composed of forty-five students, all of whom are experienced in dramatic work.

They have twenty-three numbers to learn.

One of the features is the set of chimes which are to be used in the most important moment of the whole show. They are to be played by Xava Graham, junior.

The two accompanists are Virginia Cooper, senior, who was the accompanist for the "Mikado" last year and assistant accompanist for the "Pirates of Penzance" in her sophomore year, and Jennibel Evans, who was the assistant accompanist for the Mikado. The concert master is Kathleen Conley, senior.

Much hard work is in store for the members of the orchestra and especially for the accompanists who in reality help coach the members of the cast in their parts, have to learn the parts themselves, and practice as long and diligently as any of the cast.

A new feature this year: the orchestra will not play the overture until everyone is present and the doors are closed. The house lights will be turned off and the spot put on the orchestra.

Most of the members are experienced, and this is what it takes to play for this kind of performance, because in a show of this type anything might happen. They must be on their toes to catch the mistake of the soloist. They may have to adjust the volume to fit the singer or even skip a few measures to catch up with him without having to be told what to do by the director.

Members of the orchestra are as follows:

Violins: Kathleen Conley, Billie Louise Heimdale, Joan Shriver, Richard Kennedy, William Halliday, Katharine Fikes, Laura Bain, Maxine Endicott, Jane Henderson, Merle Dean Hadlock, Pauline Swab.

Violas: Bill Ebert, Marie McCrea, Selita Carlisle, Nadine Sale.

Cellos: Maxine Petty, Gladys Brim, Howard Greenwood.

Bass: Leo Webster, Anita Greenwood, Jeanne Stevens, Opal Brooks.

Flute: Bob Stover.

Oboe: Bob Crews, Steve Elliott.

Clarinets: Phillip Webster, Bob Voss, John Wilson, Don McCollister.

Horns: Raymond Mannoni, Frances Dowty, Gerald Prideaux, Richard Carpenter.

Cornet: Harold Walker, M. D. Mason, Francis Dyer.

Trombone: Sam Von Schritzt.

Tuba: Alvadore Suffron.

Tympani: Donald Griffin.

Chimes: Xava Graham.

Accompanists: Virginia Cooper, Jennibel Evans.

## NO MORE TARDIES

A ruling concerning tardies has been made known. It states that if a student is tardy three times without what is termed a good excuse, he will be suspended from school immediately. Principal J. L. Hutchinson says that this high school has made a very poor record, and a stop must be effected at once!

## Grads On Honor Roll Former P. H. S. Students Make High Grades at College

Four P. H. S. graduates were on the first honor roll at the College, according to an announcement given Monday by the registrar. These students made straight "A" grades during the first semester. The students are Willette German '34, junior; Vertie Mae Hume '32, junior; Leota Lance '36, freshman; Jeanne Malcolm '36, freshman.

The second honor roll was comprised of nine students from this high school. The honored are as follows: Rex Armstrong '34, Wayne R. Jones '35, Harold Franklin Lanier '36, Roberta E. Matuschka '34, Dorothy May Mitchell '34, Cora M. Montgomery '36, Faye C. Smisor '36, Garth Thomas '34, V. Patricia Webb '34.

## Typists In Dual Meet

Lundquest's Key-Pounders Will Contest at Arma, Feb. 26

A typing contest has been scheduled between Arma and Pittsburg for Friday, Feb. 26. Those who have been chosen by Mr. C. H. Lundquest to compete will go to Arma. The contest is to be for ten minutes and in the form of a dual meet. The five highest in each of the advanced and beginning classes will compete. These students have been chosen according to their speed and accuracy. On March 26, Arma will come here for a similar contest.

In the first part of April there is to be a state contest. Information concerning this test will be given later.

## Assembly Today

The College girls' glee club sang several selections in assembly this morning. The devotions were led by Miss Harriet Way and Leo Webster was in charge of the meeting.

A motion picture on Lincoln's life was shown.

Superintendent M. M. Rose attended a meeting of superintendents Wednesday at Girard. The meeting was to discuss legislation involving schools.

ABE LINCOLN

Abraham Lincoln, sixteenth president of the United States, was born in Hardin, now Larue, county, Kentucky, on Feb. 12, 1809, and died on April 15, 1865, in Washington, D. C.

In 1830 the Lincolns moved to Illinois and Abe, at the age of twelve, went to Salem where he helped build flatboats, load them with products, and float them down to New Orleans. In Salem he studied law while he kept store. He practiced law in Illinois until 1860 when he ran for the presidency on the Republican ticket and defeated Douglas, his opposing candidate and famed debate opponent.

He issued the Emancipation Proclamation, which later resulted in the freeing of slave property valued at three billion dollars.

In 1842 he married Mary Todd. They had four sons: Robert, who died in 1926; Edward, who died in infancy; William, who died in the White House; and Thomas, who died in 1872.

Abraham Lincoln was assassinated in Washington at Ford's Theater on April 15, 1865.

## Eight Debaters Go To Parsons

Two Teams Enter Tourney Today to Make Return Trip If Not Eliminated

Off to Parsons! The debaters are off on another fray. They left by automobile this morning at 8:30 o'clock and were accompanied by Mr. William Row, debate coach.

Two teams of equal strength have been entered. One consists of the affirmative: Jim Hand and Howard Marchbanks; negative: Billie Ann Hutto and Bob Pratt. The other affirmative: Howard Mosby and Bailey Williams; negative: Alene Michie and Mary Virginia Hubert.

The drawing will start at 10:15 after which the debates will start.

The P. H. S. debaters will return tonight, and if they have not been eliminated at that time they will go back tomorrow to compete again. As soon as a team loses one debate on Saturday they are immediately eliminated. Whichever team should win this debate tournament will be eligible to enter the state tourney at Lawrence.

The reason Parsons has been chosen for this annual debate is because it is indifferent to debate as they have discontinued the subject in their high schools and also because of its good location.

The P. H. S. debaters have been working hard in preparing for this fray in that they have been forming new speeches and having practice debates. Mr. Row says that they are expected to show some pretty stiff competition for their opponents and that he thinks they stand a good chance of winning something this year.

## Chorus Sings In Chapel

College Girls Glee Club Entertain  
Wearing New Robes

Members of the College girls' glee club entertained in assembly today, directed by Miss Gabriella Campbell, music instructor of the College.

Something entirely new in the history of the school has been adopted for this year, and it is the new robes in which the girls participated today. They are blue and gold and make a very attractive chorus.

The chorus has appeared at Coffeyville over KGGF and at Fort Scott. They have also appeared on numerous programs here in town. They plan to make other out-of-town trips soon.

## MATH CLASSES STUDY FACTORS, PROPORTION

The mathematics classes of Miss Jessie M. Bailey are busy at work. The algebra class is now studying factoring and is working some in work notebooks.

The geometry classes are now beginning to study proportion and also working in work notebooks.

## Former P. H. S. Music Director To Sterling, Ill.

J. J. Richards Will Be In Charge  
Of Municipal And School  
Bands There

Taught Here 6 Years

"Triumph of Alexander," Overture,  
Is His Most Well-Known  
Composition

J. J. Richards, well known composer and former director of the Pittsburg high school band, will leave Pittsburg soon to take up residence in Sterling, Ill., where he will have charge of the municipal and school bands of that city. He is under contract to take over duties in that city on March 1.

Mr. Richards, who at one time was ranked among the ten best cornet players in the United States, started his study of cornet and trombone at the age of twelve. He traveled for many years with the Barnum and Bailey circus as solo cornetist. Later he became director of the Ringling Brothers circus band, a post he held for ten years. On leaving the Ringling organization he took charge of the Barber-Colman factory band at Rockford, Ill., in 1918.

Mr. Richards left Rockford to come to Pittsburg to take charge of the local high school band. He later resigned here to take up conducting of a concert band during winter seasons in Florida. In recent years Mr. Richards has been in charge of a music store here besides directing the Civic and Shrine bands.

J. J. Richards as a composer has composed more than 80 published compositions. Probably his best known work is an overture, "The Triumph of Alexander," which is one of the numbers that is to be played by the present high school band at its concert in April. This number was first published two years ago. It was first played in Pittsburg by the Municipal band under the composer's direction. Recently Mr. Richards has been working on a new overture, which is as yet unnamed.

In leaving Pittsburg Mr. and Mrs. Richards will bring to a close nearly eighteen years of residence here, broken only at intervals.

Mr. Richards came to Pittsburg high school in 1921 and left in 1927 after six years of instrumental teaching here. Mr. Richards composed the march, "Hutchinson Field," which was named in honor of the high school and bears the principal's name.

## Skating Party Is Held

Sponsored by the Pep Club Friday  
From 10 Until 12

Spills? Thrills? Sure, and if you didn't go, you really missed something. The pep club had its third skating party Friday, Feb. 4.

The skating party was held in the old business college and lasted from ten o'clock until twelve. It was, as usual, sponsored by the pep club and tickets were sold by the officers. The money that was cleared will be put into the pep club fund, which will be used to buy something for the school at the end of the year.

## Teachers Ill This Week

Miss Esther Gable, clothing instructor, Miss Mary Nelson, office secretary, and Miss Clara Radell, Latin instructor, were absent because of illness this week.

# THE BOOSTER

Published by the journalism and printing classes of the Pittsburg Senior High School.  
Entered as second class matter, October 4, 1926, at the post office of Pittsburg, Kansas, under act of Congress, March 3, 1879.  
Advertising rates 25 cents per column inch; 20 cents by contract. Telephone 482 and ask for Booster representative.

### THOUGHT FOR A DAY

We do not live in a cloistered and protected world, immune from difficulty. Sin and mistake, our own and that of those about us, will have their evil way with us, and bring us their bitter fruit. But trouble ought to be met frankly and with courage. To try to evade it, or to deny that it exists is but to double its power to torture us. To face it squarely, to challenge it to an instant issue that shall be decisive, this is the secret of all who have overcome.—Daily Altar.

### SOME SUCCEED

There are many factors that contribute to the success or failure of an individual, not in business alone but in all phases of life.

The first of these is having a definite aim in life. All people have a dream of what they desire to be, but only the workers can call theirs a definite aim. That alone is not enough; it must be high and idealistic, worthy of any man—one that will not benefit you alone but others as well, for real happiness is derived from making others happy.

Another very important aim is self-reliance. That is having faith in your own capabilities. Of course, one must have ambition to succeed and attain prominence in his life's work. Few prominent figures in history had poor health, hence it also is a necessary requisite for success.

Successful business men are honest. Dishonesty eats away one's self-respect and esteem just as surely as tiny drops of water eat away the stone.

Training, although not always to be obtained in school, must be had for success. Training nurtures efficiency which is composed of four very important parts. They are the abilities to think, remember, act and imagine. Once one has these qualities he is on the ladder of success and he needs only two things to keep him there; they are tenacity and perseverance. While one is on this ladder he obtains the last requisite of success—experience.

One must have a combination of all these things—not any one, but developing them all to the correct extent—that spells success in any language.

—Melvin Kodas, junior

### THE U. S. CONSTITUTION

Have you as high school students ever thought just what the Constitution of the United States means to you? It grants you privileges that otherwise you wouldn't enjoy; it establishes for you a stable and responsible government. This wonderful masterpiece was drawn up by our forefathers in the year 1787. It was adopted by a convention called for that purpose, ratified by each state separately, and went into operation on March 4, 1789.

Here are some of the privileges you have under the constitution. It makes you a citizen of the U. S., which is one of the greatest privileges. It makes you equal with all men before the law. It guards your property rights. It assures you of a speedy trial. It sanctions your bearing arms for the protection of your life and home and others too numerous to mention.—M. Mc.

### THE RED CROSS

In times of national emergency there is always one agency which is foremost in the field to aid in helping the sick, hungry and homeless people. Great praise is due this organization for their efforts during the present crisis in the places where the flood has done the greatest damage.

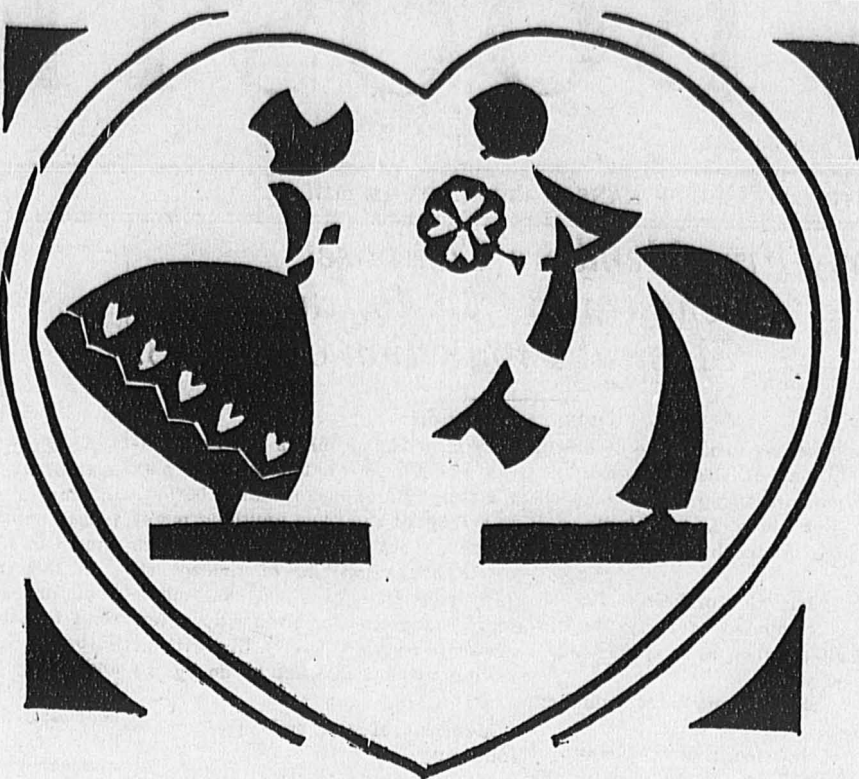

The Red Cross has been of much assistance in cooperating with other relief organizations to alleviate the situation which exists there. The Red Cross is a strictly non-profit organization which owes its maintenance and success to the generosity of the American public who in time of national emergency will contribute to the cause of relief.

In every national catastrophe the Red Cross has been one of the first groups to bring in food, clothes, doctors and other much needed supplies. Regardless of whether the emergency be earthquakes, floods, hurricanes, etc., the Red Cross has been ever present with help.

The Red Cross was organized in 1884 in accordance with the international convention which was held in Geneva, Switzerland. Since this group was formed by the convention it has been increasingly helpful in fighting the spread of pestilence and diseases and in administering help and relief to those who need it.

The cooperation of the America people has always been generous when assistance was needed by fellow citizens. Through such an organization as the Red Cross we have been able to do our bit in aiding others.—Mildred T.

## Hearts and Flowers

"Roses are red, violets are blue; sugar is sweet, and so are you." John takes advantage of the day and tells Elizabeth that he loves her. Of course, he could tell her on other days, but St. Valentine's Day seems to give him more courage. Take note: He says it with flowers!

### WHAT OTHERS SAY

#### IMPROVEMENTS HELP

"Burr! I'm cold." This is what the country school teacher of yesterday heard. But she did not reach over and turn on the heat at the radiator for instead of having finely equipped heating facilities there was a big drum stove in the center of the room. The stove was cared for by one of the largest boys in the school, who often would make such a noise when shaking the ashes out that the teacher would have to stop talking.

The water was not obtained by the turn of the handle either, for it had to be carried from the nearest neighbor's home in a large granite bucket.

"Giddy-up Charley." This was a frequent phrase of the by-gone days, also. Yes, you're right, Charley was a horse. They had horse power in those days, too, but not the same kind of horse power. It was the real horse power.

These all show why students of today should appreciate the miracles of scientists and should show their appreciation by preserving instead of destroying school property. The heating and water equipment which was absent from the school of yesterday, is for our use and is a decided advantage, although most people and students do not look at them in that way. Keep these things for other people who will be in contact with them after you have gone.

—The Argentinian

#### BIRTHDAYS

Feb. 12—Lorraine Blanken, Virginia Forrester, Jane Baxter.  
Feb. 13—Douglas Moore, Jeanne Burke.  
Feb. 15—Kathleen Conley, Kathryn Largent, Bert Nunn.  
Feb. 16—Bernice Troxel.  
Feb. 17—Harvey Evans, Eileen Jones, Dorothy Wheeler, Reba Alieth.  
Feb. 18—Marie Hoss, Clifford Johnson.

#### ALUMNI

1930—Fred Sellmansberger is attending K. S. T. C.  
1931—Frank Gavin is an employee of the A & P Food Stores.  
1932—Helen Magie is Mrs. Wally De Armond.  
1933—Dennis Lee Montee is assistant manager of the Regent and the Star theaters in Newton.  
1934—Betty Jean Fink is a student of K. S. T. C.  
1935—Warren Loy is enrolled at K. S. T. C.  
1936—Margaret Hamilton is employed with the Fox theaters.

#### PUPIL PORTRAITS

##### Senior Girl

The girl has blond curly hair and blue eyes. She is not very tall, but she does have a big personality. She sings a lot and is in the glee club.

You can find her in Miss Bailey's G. R. group and in Miss Laney's home room. She runs around the halls with Sue Major or Marjorie Mangrum. Meet her, and you'll find out that she is a good sport.

Her name is in the jumble and an ad.  
ram, gray, wag, goner

##### Senior Boy

The senior boy has dark hair and brown eyes. This fellow has a very pleasing personality and is quite clever. He is a member of the orchestra and the band.

Last year he and Warren Graves, senior, won the amateur contest which was presented in assembly. He is seen around the halls with Warren, too. His name is in the jumble and an ad.

hill, Mid, Yaa, Will

#### FROM OUR POETS

##### PRANK OF A RADIATOR

I'm only a radiator  
And though growing very old,  
I'm the nucleus of the people  
Who suffer from the cold.

They gather round to warm themselves  
But my heat is far from pleasing.  
They're forced to sit upon my back  
To keep my steam from freezing.

—Norman (Smitty) Smith.

### SPARKLING SPUTTERS

(Rollie Emmitt)

Perhaps some people would be interested to hear about some of the things that happen Friday mornings just before the paper is going to press. Two weeks ago it seems that the editor was absent-mindedly ransacking a stack of copy in a desperate effort to find an important story, only to find that a linotype operator was setting corrections on it at that moment.

Oh, by the way, has The Wandering Reporter been asking anyone questions lately? If you've been reading the column recently, you'll be wondering what she may ask next.

Francis Dyer boasts that he can sit on a horse backwards. Careful, son, even saw horses are sometimes too rough for drug store cowboys.

Speaking of Scotchmen, Yours Truly hears that one was known to go down to the Black Sea to fill his fountain pen.

A member of the P. H. S. faculty still cherishes the memories of his College days; that is, he never wears a hat.

A guest at a banquet asked a friend across the table, "I wonder if they'll serve us with Roman cake?" Confessing his ignorance, the friend replied, "That seems to be a new one on me, I don't believe I know what it is."

"Well, of course, you recall the incident that Rome fell."

When one orders chills at a restaurant, he seldom realizes how clearly his coin is inscribed (in God we trust.)

When Alma Mater was built in 1921, Major Hoople was wanting the job of paperhanging for the building. Now he is wanting to be in charge of polishing the handles on the inside doors.

Two weeks previous Yours Truly got a plenty good write-up in the "Dragon" and "Spotter." Now, like the advertising staff, I am firmly convinced that it pays to advertise.

Paul Muni, film star, is called a man of many faces, although he is NOT a politician.

An inquisitive journalist asked one of the printers, James Ryan, if he was the one called "Ducky." "Oh, no," he replied, "I'm the one they should call 'runt'."

Sooner or later an actor learns to use the sweeping gesture. This is usually accomplished by practicing it with a broom.

#### TRAGEDY IN ONE ACT

She loved me. Showed it in her every move, in her every action. I did not love her. I told her so. I implored her to let me alone. She said nothing. She continued to pester me. I vowed a terrible vow to slay her. One night I sat silent as she lingered on my shoulder. With a loud cry I struck her with all my might. She gasped. She died. I heaved a sigh of relief. I just cannot bear mosquitoes.

There are 2,000 blends of tea.

### SPOTLIGHT SPOTTER

(Billie Ann Hutto)

So they say:—

Marx Tavella—"I've got an awful aching headache."  
Lorraine Holloway—"Did anyone tell you anything about me?"

Valentine notes.—

Mr. Glendening played Cupid for Fred Schlapper when he made Sam give him the seat next to Mary Katherine Jones. . . . Bob Stover writes his valentine greetings in Morse code. . . . Brush up on it, girls, and maybe you'll get one, too.

Beverly McCracken—"Miss Laney, you ought to switch to Postum."

Miss Laney—"I'm going to switch a couple of kids I know."

Maxine Petty and William Halliday call each other "Sweetheart" and "Boy Friend" . . . . Virginia McQuitty plays her part so well in the opera that she can't resist the temptation to stick out her tongue at Virginia Strecker. . . .

Reporter—"The team went down to defeat."  
Green Listener—"Is that what you mean by the 'Lowdown'?"

The unheard of.—

Have you ever seen—A ship waving its yard-arm? . . . . A sword fish swallow a sword? . . . . A candle without an old flame . . . . A blond shadow? . . . . A foam blanket keep a fire warm?

Study in Verse.—

Of all the things in this world that verge  
On idiocy.  
One phase of it as it would seem  
Most probably to me  
To be a helter-skelter scrap  
Of thoughtless poetry—  
Thus in the realms of my mind's eye  
Much farther would I guess  
Could go a farther little piece  
Extreme in simpleness.  
So when I say this poem's "Nutz"  
I'm sure you will say "Yes."

#### Senior personalities—

S—arah Sample.  
E—lizabeth McGregor.  
N—orlin Lewis.  
I—ris Keplinger.  
O—livia Albertini.  
R—ex Wiles.  
S—am Von Schritztz.

#### WANDERING REPORTER

(Betty June Carder)

Question: What do you think of the girls' sharing expenses on dates?

Howard Marchbanks '37—"If a boy doesn't have gumption and money enough to pay for them both, he shouldn't ask for a date."

Jewel Carney '37—"I don't like it if you're on a date."

Bill Magie '38—"It's all right when the girl asks the boy to a dance for her to buy the ticket, but that's all she should do. The boy should pay for everything else."

Jean Cowan '38—"I don't like it because it's more expensive in the long run."

Charles Bishop '37—"I don't care whether they do or not."

Dewayne Turner '38—"I think it's okay if the boy is a little shy of money."

Maxine Puffinbarger '39—"I don't think they should, but of course it depends upon the boy's income."

#### BOOKS WE LIKE

##### UNDER TWO FLAGS

by OUIDA

Bertie Cecil is a rather happy-go-lucky sort of a fellow in the English brigades. He is a good soldier but his main pastime is his horse, Forest King, novels and wines. Cecil's name is forged to a note and he is forced to flee from the country. He and Roke, his servant, join the French service to fight against the Arabs.

He nearly loses his life when he is attacked by four Arabs but a girl called Cigarette saved him. Later she saves him and his army from riding into a death trap; through her bravery she loses her own life. Cigarette is buried with all the military honors. Cecil is later pardoned by his country and allowed to return home to England.

#### CAN YOU FIND 'EM?

Here's a challenge—find the teachers' name.

Tales of war—Attno.  
Tales of New York—Wor.  
Tales of Shakespeare—Ranref.  
Tales of woe—Laswt.

### THE DRAGON WHISPERS

(Mary Virginia Hubert)

Dear Readers:

You know I'm not the sort of a person who would gossip but have you heard?—that Nancy Dalton had a date with Paul Byers, they went to the show—Jean Cowan has wanted a date with Bob Evans for so long, and when he decided to ask her, she was not at school—De Wayne Turner received a note from a girl asking him to come to the dancing school, said he would know her when she winked three times—Rollie Kessel took a sudden interest in basketball practice when Betty Lu Hastings asked him for a date—Russell Lindgren is looking for a girl to go steady with him—Jack Bates wants to ask Mildred Todd for a date, but he's 'a-fraid' to—Leo Ensmen would like to have a date with Kathleen Karns but he has cold feet, too—Maxine Hubbard had a date with Etzel Davis for the first time since last year—Gloria Wiles has a crush on the new boy who just moved here from Ft. Scott—Jacque Gore is going steady but I can't tell you his name on account of mama won't let me—Leroy Uttley and Esther Packard seem to feel that way about each other—ask Bill Millington about his newly discovered ankletis—May Rogers has tied herself to Earl Perry with his tie pin—Lee Worthington has a darling little cooking apron with the cutest little butterflies on it—Lyle, who works at the restaurant across the street, has a great big crush on Aldena Harrison—Alvadore Suffron signs notes to Ruth Delaine Collins and writes Finley Porter's name to them—(Fin says they're amateurish)—Billie Baer wants to learn how to skate from a senior named Patton—ask Jim Hand about his girl from Parsons and see if he will blush for you—last Thursday Ed O'Connor had a date with a girl from Parsons and one Mickey Garrison has a boy friend coming from Kansas City at three o'clock in the morning to go to the valentine dance with her—Virginia Forrester is very jealous of Leonard Schroeder, so be careful, girls.

—M. V. H.

### AS OTHERS LIKE US

Dear Etiquette Editor,

I'd like very much for you to straighten me out on the idea of borrowing clothes, is it to be considered strictly taboo or is it permissible?

J. L.

J. L., the safest rule concerning your problem is try to wear your own clothes always. They were bought to express your own individuality, and someone else's selection of clothes may not be at all suitable for you. There are times, of course, when a lady must borrow. Here are a few rules of this borrowing game that are not to be broken:

Never borrow any garment that the owner has not worn herself.

Do not borrow anything that you cannot afford to replace.

Expect to lend your own clothes to any girl from whom you borrow.

Return garments carefully laundered and pressed.

Return anything you borrow promptly with a word of thanks for its use.

Yes, there are times when borrowing is permissible but remember to borrow like a lady!

#### TIMELY TUNES

One, Two, Buckle Your Shoe  
One, two, buckle your shoe,  
Put on your coat and hat.  
I play a game like that  
While I'm waiting for you.  
Three, four, open the door,  
Hurry for heaven's sake.  
I count each step you take,  
While I'm waiting for you.  
Five, six, my heart does tricks  
As I picture all your charms.  
Seven, eight, you're at the gate  
And you walk into my arms.  
Nine, ten, kiss me again,  
Just as I hope you will  
While I'm waiting for you.

#### Good Night My Love

Good night, my love,  
The tired old moon is descending.  
Good night, my love,  
My moment with you  
Now is ending.  
It has been heavenly  
Holding you close to me.  
It will be heavenly  
To hold you again  
In a dream.  
The stars above  
Have promised  
To meet us tomorrow  
'Til then, my love,  
How dreary the new day will seem.  
Though for the present, dear,  
We'll have to part,  
Sleep tight, my love, good night,  
my love,  
Remember that you're mine, my love.

In Tibet there are no wheeled vehicles used.

## Society

### Farewell Party

Shirley Ann Gay, who is leaving to make her home in Joplin, Mo., was honored by a farewell party, Feb. 2, at the home of Kathleen Karns. The guests were Betty Lashbrook, Mary Jane Keller, Betty Dene Quier, Barbara Williams, Betty Oertle, Betty Jean Crain, Virginia Pigg, the hostess and the honoree; Leo Ensmann, Alvin Mielke, Bailey Williams, Jimmie Gerwert, Gene McClarrinon, Mac French, Bob Johnson, and Bill Griffith.

The Pogson assembly held a business meeting Saturday, Feb. 6. Plans were made to start a drill team under the direction of Mr. V. E. Babcock. The girls decided to have a ging-ham dress frolic Feb. 22.

### Party

The girls of the Methodist League gave a party Saturday, Feb. 6, for the boys of the League as a result of losing a contest of attendance. Prizes at games were won by M. D. Mason and Marjorie Mangrum.

### Line Party

The cast of the Christmas play of the Methodist Church attended a line party at the Midland Tuesday, Feb. 9.

Mr. and Mrs. Robert Dorsey announced the birth of a daughter Feb. 2. Mrs. Dorsey was Mary Eileen Ferns. Both parents graduated from P. H. S. in 1934.

## SENIOR YOUNGSTER IS MINUS MEMORY

These seniors! Anyone would think from the way they act they were freshmen going around without knowing what it's all about.

The other night one of the up and coming youngsters of the senior class (Sue Major) was going home from school thinking of everything she had to do. Of all nights to have to take a music lesson! She had so many other things to do and it would be plenty cold walking up there in the snow. But just the same she got ready and walked to her music lesson. When she arrived at her destination much to her surprise, dismay and embarrassment, it was not the day she was supposed to be there. So the next night Sue went sheepishly back again to her lesson.

## G. R.

The Girl Reserves met in the auditorium Wednesday, Feb. 10. Miss Jessie Bailey's group was in charge of the program. Lois Dickey had devotions. The program consisted of a violin solo by Billie Louise Heimdale, an accordion solo by Opal Brooks and a violin solo by Joan Shriver. Sue Major then taught the girls the words to some new songs and led them all in group singing.

The Girl Reserve cabinet met in Miss Florence White's room Tuesday night after school. Reports were made by the vice president, the program chairman, the service chairman, and the publicity chairman, the work they had done in the past month.

## Hi-Y

In the meetings of all the chapters, Wednesday, the local fellowship cards, which were issued by the advisory council, were given to the members.

**Joe Dance Chapter**  
The meeting was on world brotherhood. Warren Walters, chairman of the world brotherhood committee, led in the discussion on racial problems.

**Jimmie Welch Chapter**  
Rex Lee Wiles, world brotherhood chairman, opened the meeting with questions on current events, which led to a lengthy discussion.

**Bunny Carlson Chapter**  
Etsel Davis, president, opened the meeting and later gave charge of the program to Dan Riordan, who conducted a discussion on world brotherhood.

**David New Chapter**  
Charles Bishop, president, called the meeting to order. He then turned the program over to the vice president, Leonard Sellmansberger, who conducted a discussion on Bible questions.

**B. V. Edworthy Chapter**  
The members of the J. L. Hutchinson club were guests of the B. V. Edworthy chapter. J. B. Townner, a prominent business man, talked to the boys and discussed with them the functions of business and vocations.

## Industrial Arts Course Has Work to Develop Citizenship And the Manual Skills, Too

(By Beverly McCracken)

Two of the most essential and practical phases of the industrial arts course, namely, woodwork and drawing, are offered in this high school under the supervision of Mr. Theodore Carnino.

The purpose of general education is to provide experience which will develop the individual into a useful, happy, and successful citizen. It is the function of the industrial arts work to supplement and aid general education in realizing its aims by providing experiences which will fit the individual through his knowledge, skills, attitudes and accomplishments to be more useful as a producer, more appreciative and happier as a consumer, and more valuable as a citizen. The things for which the industrial arts teacher assumes a large measure of responsibility may be quoted from the Standard of Attainment in Industrial Arts Training as follows:

To develop in each pupil:

1. An active interest in industrial life and in the methods of production and distribution.
2. The ability to select wisely, care for, and use properly the things he buys or uses.
3. An appreciation of good workmanship and good design.
4. An attitude of pride or interest in his ability to do useful things.
5. A feeling of self-reliance and confidence in his ability to deal with people and to care for himself in an unusual or unfamiliar situation.
6. The habit of an orderly method of procedure in the performance of any task.
7. The habit of self-discipline which requires one to do a thing when it should be done, whether it is a pleasure task or not.
8. The habit of careful, thoughtful work without loitering or wasting time.
9. An attitude of readiness to assist others when they need help and to join in group undertakings.
10. A thoughtful attitude in the matter of making things easy and pleasant for others.
11. A knowledge and understanding of mechanical drawing, the interpretation of the conventions in drawings and working diagrams, and the ability to express his ideas by means of a drawing.
12. Elementary skills in the use of the more common tools and machines in modifying and handling materials, and an understanding of some of the more common construction problems.

Under the present set-up, drawing is being taught the first nine weeks followed by woodwork the remainder of the semester. Under this program, students merely acquaint themselves with the course in drawing. If ample room were available, the instructor would suggest that a special course be offered in drawing for those who have a desire and interest after taking the introductory course of nine weeks. There have been enough boys ask for the special course in drawing to make a class possible.

Besides bench work, wood-turning and wood-finishing are offered. Since there was inadequate space for the finishing of projects, permission was granted last summer to insert two doors which made it possible to have an inside entrance through the stock room to the adjoining room, which has been made into a finishing room. This has proved highly satisfactory since the boys no longer use the corridor entrance when going from one part of the wood-work department the other. The new entrance

to the woodwork room from the stock rooms has made it very convenient for the instructors to check on lumber used by students. A small filing cabinet is being placed on the wall just inside the entrance from the stock room. This cabinet is to be divided into six compartments, one for each class and each student is arranged alphabetically according to his class period. On leaving the stock room with lumber, each student records on his card the number of pieces, sizes, kinds of wood and number of board feet contained therein. On Fridays of each week, the instructor records from these cards to his permanent record, thereby having an accurate check of lumber used all through the semester. This method has proved highly satisfactory to all students.

The woodwork department is very well equipped with best machinery; namely, band saw, jointer, planer, table saw, mortiser, four lathes and a grinder. Safety, both in the use of machinery and general shop practices, is highly stressed. Safety signs have been provided and large cards bearing instructive and caution signs have been placed at various places in the room. Only the older and more experienced boys are permitted to use the machinery. This system has been very successful in preventing accidents.

This course is offered as an elective. Two units of work which constitute a minor, may be had. Students are allowed one credit for work done in junior high school and are permitted to take three more credits. Many boys have expressed their desire to specialize in industrial arts and are extremely fortunate in having so near them the industrial arts department of the Kansas State Teachers College, under the able leadership of Dr. William T. Bawden, head of that department.

According to Mr. Carnino, very much interest has been shown by the students this year. Many students desiring to take woodwork this semester were compelled to wait until next fall due to conflicts with other subjects and the increased number desiring the course.

Projects are mounting in size and number, consisting of modernistic bedroom suites, about twenty cedar chests, breakfast sets, writing desks, porch swings, chests of drawers, vanity dressers, beds, and many other articles of a smaller nature. Those boys who cannot afford to make projects are given an opportunity to do general repair work on school furniture.

Instead of the old check-room system of checking tools, a new system has been installed whereby lockers at work benches have been provided with locks, 24 in number, and a separate set of tools inserted into each locker. These tools consist of one jack-plane, a smooth plane, one inch chisel, one-fourth inch chisel, screw-driver, steel rule, try-square, marking-gauge, brush and mallet. All tools are numbered to correspond with the number of each locker, which is locked at the end of every period. Each boy secures his key from the key-box located just inside the woodwork entrance and proceeds to his bench where he will have access to his tools immediately, thus eliminating approximately twenty minutes wasted by the old checking out system.

This course is highly recommended and every boy should feel it his duty to have some of this work.

### Jack Tryon Makes Salad

In the boys advanced food class, Jack Tryon, post grad, made a pineapple salad which he took to Mr. Fritz Snodgrass. The instructor of the boys physical education and hygiene classes commended Jack on his cooking very highly. He said that the salad was fine, had an excellent flavor and was arranged attractively on the serving plate, but—where was the pineapple?

In America, there are twice as many licensed pilots as licensed planes.

### NEW ENTERTAINING BOOK AVAILABLE FOR SOPHS

A book containing games, stunts, and tricks has been made available at the P. E. offices for every sophomore physical education student in the high school.

The book is for the student's use in his spare time, for entertaining at parties, and for parlor games use. Entertainment is not the only objective of the book; to develop a person physically is another objective of some of the stunts.

Advertise in the Booster

## IDEAL MEN ARE FOUND—THEY CAN COOK!

How many of us realize that we have some good boy-cooks in our midst? Not very many, probably. But Yours Truly happened to pass the foods room, third hour and saw many ambitious "cookers" just cooking away.

Yes, girls, these fellows can actually cook, and they can boil water—not many can do that.

So far there haven't been any serious accidents, but we imagine there has been much spilt dish-water and burned fingers. Even the girls aren't perfect, boys—that's one consolation.

Just ask Frederick Schlapper how they are doing 'cause he is one of the "cookers."

## Student Council

Members of the student council had their group picture taken for the year books at Ferguson's studio Monday afternoon. The representatives left the school at the sound of a bell about three o'clock. Each member paid 35 cents.

The social welfare committee which does some of the best work of the organization is still sending cards. These cards go to teachers and students who are absent from school three or more days.

The sanitation committee has reported that the student body are growing careless about the way their school looks. Students are asked to watch the waste paper in the hall.

The private and public property committee has received a blue purse to add to its collection of lost and found articles. If any one has lost anything, he is asked to call for it in room 105.

The law and order committee would like to have more boy proctors. These are needed in the lunch room.

This committee also asks students not to come out the south cafeteria door. A poster will be placed there reminding all not to do this.

A discussion on the flag and flag pole was held. A committee will see Mr. Hutchinson about having a flag on the P. H. S. flag pole.

At the next meeting a discussion on safety will be held. Bulletins will be printed on safety and be reported to the first hour classes.

From now on, all reports from this organization will be made in the first hour classes.

### Sanitation Committee

Just what part does outside exercise play in the health of high school students? Many boys and girls, who ride to and from school every day, do not realize how a good walk in the cold air can give them a quicker and clearer thinking ability.

After being in the house or school several hours a day, a good hike will help clear the brain and give the body a rested and refreshed feeling. Walking improves the circulation, helps in prevention of constipation and increases the appetite of the student for the more wholesome food.

Those who remain inside too much often do not have a desire for the best food, but eat too much candy and knickknacks.

Students who stay inside too much seldom have a good appetite. Walking in the fresh, outdoor air corrects a poor appetite and overcomes a sluggish disposition.

# Springfield Next Host to Dragons

## Pittsburgers To Invade Bulldog's Court Tonight

Touted to Be Tight Game; Both Teams Have Lost to Joplin By Two Points

### McDaniels Featured

Missourian Team Is Composed of Former Grid Stars Whom Locals Have Met

The probable lineups:		
Springfield	Pos.	Pittsburg
Bennett	f	Morgan
Carter	f	Stephenson
Stewart	c	Worthington
McDaniel	g	Simonic
Eagleberger	g	Gire

The Pittsburg high Dragons will invade the court of the Springfield Bulldogs tonight to attempt to avenge the double defeat they were handed last year.

The Dragons will meet the Bulldogs on even terms as both were beaten by Joplin by two points.

The Dragons have won nine out of thirteen games, losing to Chanut, Coumbus and Joplin. With second place in the league nearly clinched, the Dragons have gathered 419 points to the opposition's 319.

The Bulldogs won second place in a recent tournament at Lebanon and have beaten Houston, the winner of the Springfield invitation tourney. Their only defeat at Lebanon was to Competition high in a 32-29 overtime battle. They have won from Lebanon, 29-28, and lost to Joplin, 20-18.

Floyd (Froggy) McDaniels, captain of the Bulldogs, is the spearhead for the Missourians' attack playing at either guard or forward position.

Bob Bennett, forward, is their high scorer and if he is like the Bennett from Joplin, he needs watching.

When the Dragons meet the Springfield team tonight, they will again face part of the football team they beat last fall, 6-0. Captain McDaniels was the mainstay on the Canine grid team as were his four teammates.

The Dragons lost to the Bulldogs last year, both on the local court and in the enemy camp by 18-17 and 19-11 scores.

The first game was a tight affair but in the second one bad luck hit the Dragons as Jack Morgan went out in the second period with a sprained ankle and Lee Worthington got the cramps in the third round. With flags flying and their team at full strength, the Dragons will show the Bulldogs a healthy battle tonight.

## Yell Leaders Elected

P. H. S. Graduates Are Named at College as Pepsters

Pittsburg high school graduates predominate.  
Jack Henderson '35 was elected to help the boys lead yells this semester at K. S. T. C.

Three girls have been elected to join the others in their work for the semester. Eunice McElroy '36, who was yell leader when she attended high school and Pauline Butler '36 were the two graduates from this school. Pauline Thompson from Baxter Springs was the other leader elected.

The cheer leaders holding office from last semester are Jack Overman '36, Marcel Delmez '36, Margaret Bradshaw, Welch, Okla., Mary Helen Garrison, Pittsburg, Nadean Smith, Coffeyville and George Lewman, Iola.

## JACOBY, OF K. G. AND E., LISTENS TO DEBATEES

Mr. F. N. Jacoby, author of the K. G. and E. handbook, made a special trip from Wichita last week to give the debate squad information and suggestions on the negative side of the question which might help them in further debates. Each negative debater gave his speech and Mr. Jacoby criticised it.

Mr. Jacoby formerly was the debate coach at Independence, but now is with the K. G. and E. Co. at Wichita.

## MOTION PICTURE HELD LAST TUESDAY NIGHT

"King Kelly of the U. S. A.," a motion picture, was presented at the Roosevelt junior high school last Tuesday night. Besides the main feature, two short comedies were presented.

The show was sponsored by the Parent-Teacher Association. Admission was ten cents for students and fifteen cents for adults. The proceeds went to the P. T. A. for welfare work.

## AMATEUR NOTES

A glance at the track prospects in the S. E. K. for next year and a look at the Pittsburg roster of let-termen would indicate that the Dragons will do better than second place this year in the circuit meet.

One of the brighter spots on the team is Alvin Mielke, a fast senior dash man, who will be out again this year to bring glory to P. H. S. In the 100 yard dash last year Mielke won first in the Oarkamo at Springfield, the Joplin relays, the Pittsburg invitation meet and third in the regional. He averaged about 10.7 last year and promises to do better this season.

In the 220-yard dash Alvin won first at Springfield and Pittsburg, a second at the regional and a third at the Joplin relays. Last year he hit the pace at a 23.9 average.

Another man to be watched is Vance Rogers. Last year his fleet feet and flashing form brought about honor to P. H. S. Unable to beat Salzman of Girard and Roberts of Chanut he carried off nine second places for both high and low hurdles. In the Springfield meet he won first in both high and low hurdles. Salzman and Roberts were seniors last year and will not be in circulation.

Taking most of their races last year, the Pitt relay teams were outstanding. This year they are expected to be better than last year's teams. Another feature will be the half miler, Lewis, Ensmann, and Junior Bryan will be the three principal ones backed by many promising sophomores.

After twelve games thus far in the season, Albert (Si) Simonic leads the Dragon scorers with 92 points for an average of 7.8 points a game. "Gigolo Jack" Morgan is second with 74 points for an average of 6.2.

The Pittsburg high Dragons, Negro basketball team, defeated the Weir Flashlights 20-17 in the high school gym here Tuesday night. Howard Williams led the scoring with seven points.

The regional tourney will be held in Coffeyville March 12-13 for the teams in this district. It is rumored that Chanut will go to another city for their games which will be a good break for the Dragons. The state tourney will be held in Topeka, March 19-20.

Jim Kelly, the local flyweight champion, lost out by a default in the first bouts at Kansas City in the Golden Glove meet.

In the reserve game at Joplin Tuesday night there wasn't a score made in the last quarter. Both teams battled it out with many shots but were unable to sink one.

## BOY SCOUTS HAVE A JAMBOREE; BAND PLAYS

Pittsburg boy scouts held a jam-boree at the Mirza Temple Feb. 9 in observance of National Boy Scout Week.

The Lakeside junior high school band under the direction of Mr. Gerald M. Carney presented a concert.

William Miller, University of Michigan, scored all of their fourteen against Indiana in 1921.

The officers Hi-Y pins arrived last Friday and were distributed to the officers of the several chapters who had ordered them. A refund of nine cents was made to each.

## "ANNIE LAURIE" EXPECTED TO BE GREAT SUCCESS

There's still a treat in store for you in the play—"Annie Laurie." Don't forget it! It's going to be next Thursday at Lakeside. The date has been changed from Friday. Rehearsals are still underway, and from the looks of them the play is going to be a great success. The characters are having to let their hair grow as it should be long in the play. The penalty for one's getting his hair cut before the play is over is that he will have to buy a haircut for all the rest when the play is over. Since the play takes place in the old times, they will dress accordingly, so if anyone wants to see a historically beautiful as well as an entertaining play, he won't miss this one.

## CLASSES STUDY SERVING AND PREPARE SALADS

The first year boys foods classes show very much interest as they cook for the first time, according to Miss Calla Leeka, teacher of home economics. In this class there are seniors, juniors and sophomores.

The advanced class of boys are preparing different kinds of salads. This is the second year that this course has been offered in the high school. The girls in foods are also preparing salads.

The serving class which is composed of senior girls, is studying about the table, how to serve, and good manners at the table.

While studying about the different kinds of china, silver, linen and their places on the table, the girls brought examples from their homes.

Later in the semester the girls will serve some meals.

## TYPISTS APPLY FOR PINS AWARDED FOR 40 WORDS

Several students have applied for their 40-minute pins in the typing classes. Those students who are able to type at least 40 words per minute with an average of fewer than five mistakes are the only ones who are allowed to apply.

Those eligible are Margaret DeGasper, Betty Dene Hutcheson, Margorie Mangrum and Jane Laughlin. There have been several students who have reached the 40-word mark, but they have been unable to limit their mistakes to five.

## Pep Club Takes Pictures

"The Pep Club members will have their pictures taken next Monday," said Mr. Fritz Snodgrass at a Pep Club meeting called Tuesday after school. Those wishing to be in the picture are asked to be on time and be out in front of the building directly after school. The price for each individual is ten cents. It must be paid to an officer of the club as soon as possible.

## Grads Join Frat

Mildred Collins '35 and Anita Hinkley '35 were initiated into Phi Upsilon Omicron, national home economics honorary fraternity at the College, Saturday morning in Carney Hall. A luncheon followed at the Stilwell Hotel.

## Iola Here Sunday

The Iola girls glee club and mixed chorus will sing in the musical concert at the College Sunday afternoon. The College orchestra will play. President W. A. Brandenburg and the Iola superintendent, Mr. J. A. Fleming, will give short talks during intermission.

The officers Hi-Y pins arrived last Friday and were distributed to the officers of the several chapters who had ordered them. A refund of nine cents was made to each.

## Red and Green Tromp Dragons By 28-26 Score

Pitt Stages Last Quarter Rally But Unable to Overcome Joplin Lead

### Simonic Outstanding

Warden and Bennett Instrumental in Missourians Win; Cubs Lose First Game

Pittsburg and Joplin fans witnessed a thrilling exhibition of basketball in the Memorial building at Joplin last Tuesday night where two evenly matched teams met, with the determined Red and Green of Joplin nosing out the Pittsburg high Dragons, 28-26, after they stopped a last quarter attack.

The half time score was 11-6 in favor of the Joplin team.

The Dragons staged an eleventh hour rally in the last minutes of the game but were unable to overcome the Joplinites' early lead.

Simonic received the scoring honors in the game with five from the field and two charities from the free throw line. Boosting the locals' lead all the way, he was their mainstay in those last breath-taking moments. Morgan played an outstanding game at the forward position as Gire was brilliant at the defensive post.

Warden and Bennett were instrumental in padding the Joplin score.

With the purple trailing by ten points and five minutes to go, Fadler went in for Worthington and sank one to start the rally. Baskets by Morgan and Simonic put the Dragons within reach of the lead but Warden, Joplin forward, broke away for a basket to put Joplin four points in the lead with one minute to go. A quick tip and a perfect long shot again put the Dragons within two points of the lead but with 30 seconds to go. From here Joplin got possession of the ball and stalled until the final bell.

The Dragon Cubs lost to the Green wave from Joplin in the first game of the doubleheader by a 21-18 score.

Toeller led the Pitt reserves as White carried off high honors. Joplin at the half, 10-9.

The box score:

Pittsburg (26)	Joplin (28)
FG FT F	FG FT F
Morgan, f 3 2 3	Warden, f 3 1 2
St'ph'n's'n, f 1 0 2	Guinn, f 2 1 1

## Intramurals

Ramsey's Bulldogs passed over one of their greatest hurdles toward the intramural cage championship as they defeated Lundquest, 32-22.

Nogel led the attack for Ramsey with four field goals.

With Merlin Kirk, a south paw forward, hitting in fine style, the boys for Lundquest won 17-10.

White's Zephyrs clinched second place in the league as they trampled over Corporon's Tornadoes, 28-21.

Harold Lowe had a hot streak as he made six field goals and a free throw.

Corporon's "B" team won over White's 25-12.

Paced by Lester Ramsey, diminutive forward, the faculty pulled one out of the fire, to win, 19-18, from Lundquest.

Huffman's Green Flashes staved off a last quarter rally to win over Carnino's Red Devils, 19-15. Dixon, center, was high for Huffman, while Loftus led Carnino.

In the "B" team game Carnino forfeited to Huffman's undefeated "B" team.

## Y. M. C. A. PING PONG TEAM DEFEATED SATURDAY

The Y. M. C. A. ping-pong team was defeated at the local "Y" last Saturday by the Kansas City, Kansas, ping-pongers.

Kansas City won eight out of nine sets in the singles division, while in the doubles, Kelly and Wagner, of the visitors, beat Waymon Edwards and Russell Neas, senior.

Neas and Mike Reynolds defeated the same team at Kansas City a few weeks ago.

Three Kansas City girls put on an exhibition match.
