Annual Junior-Senior Affair Will
Be Held at Lincoln Park May 21

The annual junior-senior frolic will be held Friday, May 21, at Lincoln park. There will be the traditional tug-of-war between the juniors and seniors across Cow Creek. "Whistling Ranger" Lectures, Imitates Songs of Birds, Found in National Parks

(Marx Tavella)

Mr. Max Gilstrap, "The Whistling Ranger," gave an interesting lecture on "Our Western Wonderland" Wednesday afternoon, April 28. Mr. Gilstrap in his talk stated that his purpose is to teach the people "to treat our national parks as outdoor laboratories for study and stress inspiration and education along with recreation."

In his program Mr. Gilstrap whistled the "Glow Worm," "Trees" and the "Indian Love Call." Virginia Cooper, senior, was his accompanist. Last summer he whistled the "Glow Worm" for Mrs. Franklin D. Roosevelt.

His home town is Ardmore, Oklahoma, and he is a graduate of the University of Oklahoma. Mr. Gilstrap has been very active in the Boy Scouts and his interest for outdoor life led him to become a ranger. He spent several summers in Yosemite National Park where he learned to imitate birds and animals. He can give imitations of over thirty birds. The ranger whistled eight notes above the highest keys on the piano.

Mr. Gilstrap is twenty-five years old

Many Honors Shared Among School Dramas

Stephens, Carney, Laney And
Row Divide Laurels
As Directors

7 Plays Are Presented

"Guess Again," "Shirt Sleeves," 1-Act Plays, "Chimes of Normandy," "Vanity" Given

Tonight the senior play will climax the school's dramatic productions and bring them to a triumphant close all having reaped many honors and successes for their school. The coaches and the characters have cooperated together and made possible these entertaining plays—plays that the student body as a whole might justly be proud.

Each play in itself was a great success and linked together they form a chain of beautiful memories.

Remember? Remember how the juniors started the year off early with a bang? They presented "Guess Again" Oct. 23 with Bob Voss and Jacqueline Gore carrying the leads. Other members of the cast were as follows: Frances Louise Gray, Harold Walker, Fay Mozelle Degen, Norman Smith, Harvey Carney, Billie Heimdale, Irene Brannum, Maxine Hubbard, Don Riordan, Bob Rothrock, Lorraine Gire. The presentation held the audience's attention so well that it extracted the statement from Mr. Hutchinson that the audience was the best he had ever seen in some time. It was directed by Mr. William Row.

On Dec. 10 the G. R. and Hi-Y presented "Shirt Sleeves" a comedy of three acts. The characters were as follows: Mary Margaret Morgan, Harold Fields, Joan Shriver, Leo Webster, Bob Booth, Iris Keplinger, Maxine Petty, Julia Ann Pogson, Donna Loy, Bill Griffith, Earl Perry, Lawrence Endicott, Clyde Youngblood.

MOTHER'S DAY

Sunday, May 9, is being observed both nationally and internationally as Mother's Day. Its slogan is in honor of the "best mother who ever lived—your mother."

It originated through the efforts of Miss Anna Jarvis of Philadelphia, Pa. Her mother died on Sunday, May 9, 1907. She interested many of her friends in observing Mother's Day and as the results of her efforts Philadelphia observed May 10 in 1908.

She then extended her drive by writing a thousand letters to business men and influential people all over the United States. In 1913 a resolution passed the Senate and House of Representatives asking that the second Sunday of May be a national holiday. Pennsylvania had already made it a state holiday in 1913 before it passed Congress.

This day was beginning to be observed in England as early as 1913. The badge of the day is the red carnation if one's mother is living and a white if she has died.

Remember your mother on this day!

Row Nominated As Club Officer

Each School Represented in City
Teacher Group; Banquet
May 14

Mr. William Row, speech instructor, was nominated for the vice presidency of the City Teachers club at a meeting of the group's nominating committee Monday, May 3. Miss Ruth Thornton of Roosevelt was nominated for secretary-treasurer.

Since it has been the custom for the vice-president to move into the office of president, this year's vice-president, Mr. R. Woods of Roosevelt, will be president for next year. Vice president and secretary-treasurer are then nominated to be voted upon by all the teachers May 14. At the first of next year, there will be an assisting vice president elected from each school so that each building will have a representative.

The city teachers will hold their annual banquet at 6 o'clock Friday night, May 14. It will be held at the Stillwell hotel.

Miss Calla Leeka has charge of the menu, and Miss Patty Marsh of Roosevelt has charge of the program.

Contest For \$10 Prize Ends Soon

Insurance Essays in Next Monday;
Local Winners to Be Guests
at Banquet

All entries in the national life insurance essay contest must be in by next Monday. So more than 600 students of the junior high and senior high schools were reminded Tuesday. The reminder came at the meeting of committeemen at the Hotel Bease when local officials were issued supplies. Dio D. Daily, jr., chairman of the plans for the special week, May 17-22, announced at the meeting that many of the local teachers are using the essay contest as a basis for class work, thus motivating the students' work.

The best essayist in Pittsburg will receive a \$10 cash prize. Second place winner gets \$5. Winners in the two junior high schools, the senior high school, College high and junior high, and St. Mary's parochial school will be entertained by the Pittsburg Life Underwriters Association, at a dinner meeting during the special week. Only the "top" essay will be entered for the national honors. Thirty-four national prizes totaling \$1,525 will be given. Considering the large entry list from Pittsburg, chances are good that the national winner will be a Pittsburger.

The local judges are Prof. J. R. Pelsma, J. B. Towner, and F. H. Vandegrift.

Play in Assembly

The dramatics class presented the play, "It's in the Bag," in assembly yesterday morning. The members of the cast were Kenneth Bier, Mary Margaret Coles, Virginia Jacobson, Mozelle Dixon, Charles Ritter, Leonard Schroeder, Richard Alsap, Rex Wiles and Lorraine Shields. Laura Bain had charge of the devotions.

Miss Laney, Director, Pleased With
Entire Production, Especially
The Cast

After five weeks of hard practice, the senior play cast is ready to present the annual class play, "Vanity," at 8 o'clock tonight in the auditorium.

Headlight—PICTURE—Sun

In the above picture are the twelve members of the cast which includes, front row, left to right, Mary Virginia Hubert, Alene Michle, Betty June Carder, Nancy Dalton, Wanda Faulkner, and Jane Baxter; back row, left to right, Etzel Davis, Darrel Cochran, James Hand, Beverly McCracken, Robert Evestone and Paul Byers.

Debate Question Is Decided Upon

"Unicameral Legislation" Is
Chosen By Committee For
Subject Next Year

The subject for the debate question next year is on unicameral legislation, according to Mr. William Row, debate coach. This question of house legislation was decided upon by a committee of university debate coaches, who were appointed at the National Association of the Teachers of Speech convention, which was held at St. Louis this year.

When several subjects are chosen, they are sent to the various debate coaches throughout the U. S. to vote on. Other subjects considered were Preparedness, Labor Unions, and Cooperatives. The majority of the debate coaches and school executives in Kansas voted for the last one. Thirty-four states concerned also voted for the unicameral question. Nebraska will be somewhat handicapped in debating this question since they already have one-house legislation.

Mr. Row said, "I cast my vote for the question concerning preparedness. In my opinion this question is rather limited in material and in ability to hold the interest of the debaters."

Announcements Soon

The final orders for announcements have been placed and will arrive soon.

Buy Stage Furniture

Committee of Four Make Trip to
K. C. to Purchase

New furniture for the stage has been purchased through Paul Byers, at Abernathys of Kansas City by a committee of four, consisting of Miss Harriett Way, Miss Sara Stephens, Darrel Cochran and Mr. William Row, who made the trip.

Miss Maude Laney was also a member but could not go as she was at that time busy directing the senior play.

The new furniture consists of a two piece brown modernistic living room suite and a third chair which is green with a footstool to match.

Change in Classes

Plans Are Made to Incorporate Reading into English

Reading classes will be incorporated into sophomore English classes for next year, according to a decision made in a meeting of the English instructors last Monday morning in Miss Effie Farmer's room with Principal J. L. Hutchinson.

Plans have been made but the procedure has not been decided upon as yet. The text book to be used is "Following Printed Trails" by Hovious.

Lucietta Obtains Position

Ray Lucietta has obtained a position at Pineville, Mo., as a linotype operator. He succeeds his brother, George, who accepted a position at Caney. Ray left this morning but it was stated that he intended coming back in the fall to attend K. S. T. C.

Father of American School, Horace Mann, to Be Honored In Centennial Celebration

(Betty Dene Hutcheson)

Horace Mann, commonly known as Lincoln but very little is really known to the public concerning the life of this man.

Mann was born in Franklin, Mass., in 1796. His father died when he was only thirteen years old, throwing much responsibility on the child. This man who did so much for public education had very little schooling himself. Until he was fifteen, he never attended more than eight or ten weeks of school a year and the schools of that time were very poor. Later in life Mann served in the Massachusetts state legislature where he became interested in public educational causes.

THOUGHT FOR A DAY

Be not penny-wise; riches have wings, and sometimes they fly away of themselves, sometimes they must be set flying to bring in more.

—Lord Bacon.

TIME DRAWS NIGH

And, now, fellow seniors,
We're nearing the goal.
The last bell is ringing—
We've called the last roll
May the friendships we've made here,
Grow brighter each year.
And our parting bring forth
Both a smile and a tear.

Yes, this school year is rapidly drawing to a close. Only four more weeks and the pleasant hours spent in grade and high school will be over forever for those who are graduating.

Have you made the best of your time while in school? There is a greater goal in going to school than in making good grades. Have you made friends with your fellow students? Think back over the past twelve years—have they been what you wanted them to be?

Although this editorial is for the seniors—your juniors and sophies ought to take a hint from it and start in making your school life pleasant and something to remember while there is yet time.—B. A. H.

THINK OF YOUR HOBBY

All the world loves to play. We start in childhood and after reaching maturity we still have some hobby that offers recreation and pleasure; it is play and it is relaxation.

The person who doesn't play is missing one of the keenest enjoyments of life. But remember, even in play, one must conduct one's self properly. Be kind, unselfish and fair. Don't sacrifice the little courtesies that people notice so much in one.

Nothing betrays a person so quickly as unfairness, so remember to observe good manners and courtesies that characterize you and will make or lose a number of friends for you.—M. Todd

SENIORS WILL DECK OUT

It won't be long now till seniors decked out in the latest fineries will trip lightly across the stage before the eyes of a great many and receive that little purple and white piece of paper that means so much to the owner.

Seniors, do you think you really and truly are worthy of this honor? Are you satisfied with your three years of high school? Have you gained a little towards your ambition and goal in life? Have you welcomed every opportunity that has knocked at your door?

Think, seniors!—Jane H.

ARE YOU A SLACKER?

Golf! Tennis! Swimming! Picnics! Hikes! Of course, you know what we mean, it's summer. These are a few of the many things you are planning to do this summer. You are probably getting out the old tennis racket to see if it is fit for more use. The weather is warming up and everyone is thinking of getting out of school to begin the activities of the summer vacation.

Are you slacking in your work just because you have what is commonly known as "spring fever"? Remember that the teachers do not allow "spring fever" and they are not going to be any more lenient with your grades just because you have some day dreaming to do. Try to hold out for just three more weeks!—M. M.

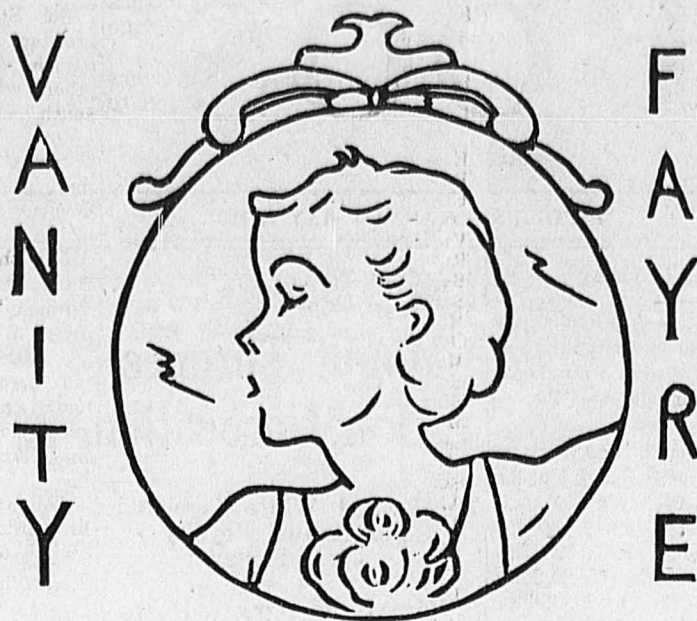

KNOCK OF OPPORTUNITY

Who's that knockin'? One usually goes to find out. That is not always the case here, however. There are some students who never find out and care less.

Don't say you never have opportunities for if you do, you are merely admitting that you do not know how to find them, for they are always there—for anyone who wishes, to find. Think about electricity, gas, etc.—they were always here for us but it took us a long time to realize their existence and a use for them. However, someone had the ingenuity to find out how to utilize them—so what?

The point is this—even as they found and took opportunities, so can you. And I mean—YOU!—G. W.

Just A Glance of—

—Nadine Hirni

The above is only a reflection of Miss Fayre in one of her many mirrors. But everyone can see her in person tonight.

Miss Fayre, who is a glamorous actress, is honoring the high school by appearing in our production of "Vanity."

WHAT OTHERS SAY

AN UNLUCKY MONTH

April, one of the loveliest months in the year, comes from a Latin word meaning "to open." This name is especially fitting, as April is the time for the opening of buds and is crowded with Nature's activity which makes for a great change in the appearance of the outdoor world. It is a season for new life everywhere. The young grass grows green, wild flowers push out through the fresh earth, and birds are coming from the south.

This transition month is especially known for its changeable weather. If you start out with a coat in the morning, you are likely to be much too warm before the day is out. If you start out without it in the morning you are likely to be shivering with cold before the day is out, or perhaps one of those supposed to be "spring showers" will come and turn out to be a chilling rain.

April has been rather an unlucky month in United States history, for nearly every war in which the country has been involved began in this month—The Revolutionary War, The Mexican War, The War of Secession, The Spanish-American War, and the United States entered the World War in April.

A huge fire broke out in Toronto, Canada, in April, 1914. President Lincoln was shot by J. Wilkes Booth in the same month, 1865. In April, 1912, the Titanic sank and about 1,600 persons were drowned. The disastrous earthquake and fire in San Francisco happened in April, 1906, and Hull, Canada, was nearly destroyed by fire during April, 1900.

In April, 1838, a fire destroyed 1,158 buildings in Charleston, South Carolina, and in April, 1845, a fire in Pittsburgh, Pennsylvania, destroyed 1,000 buildings. One of the greatest floods that ever devastated the Mississippi Valley began in April, 1927.

Evidently, April is a very unlucky month.

The special days in April are April Fool's Day, Arbor Day, a day set aside for planting trees, and Easter most often comes in April. The special flower and gem of April are the daisy and the diamond.

PUPIL PORTRAITS

Senior Girl

This senior miss has light brown curly hair—not a permanent either—brown eyes and an unusual sense of humor. Mr. Corporon is her home room teacher. Having a "nose for news," she is a Boosterite, or a member of the Booster staff.

Her name is in the jumble!

His name is in the mix-up.

FROM OUR PETS

WELL, WOULD IT?

Astronomers can prove to us

About the sun and moon,

Why snow comes in December

And sunshine comes in June.

They know the constellations

Which are formed by groups of planets

Such as Jupiter and Mars.

So of them I asked this question

And their answer should be right,

If the heavens shone in daytime

Would the sun shine in the night?

—"Smitty" Smith.

SPOTLIGHT SPOTTER

(Billie Ann Hutto)

Mrs. Dora Peterson's fourth hour biology class has posted a notice of an intended sit-down strike. . . . Purpose of the strike is to obtain better grades. . . .

This week's laugh:
Wesley Million—How do you spell 'kerosene'?

Carl Mathis—C-o-a-l-o-i-l.

Advice to the lovelorn:

Jack and Jacques, you'd better watch out! Bob and Mary V. certainly enjoy these after-school tete-a-tetes.

Fashion note:

Ruth Delaine Collins (speaking of the monotony of men's clothes)—Mr. Corporon, don't you get tired of wearing the same old thing all the time?

You'll enjoy this one if you know your algebra:

Miss Fintel—How long is it between May and October?

Bob Innis—You might figure it out with logarithms.

Bob Rothrock, the P. H. S. Fred Astaire, refused a date with Betty Lou Hastings with the excuse that he was such an awful dancer and didn't want to spoil her evening. . . . Humph!

And here's another Bob crashing the column:

"Wahoo" Stover enjoyed too much Kazowie at Mrs. Upmoot's social disturbance and not even "Minnie Hacha" Collins Collins could get a rise in temperature. . . . And a little question—Why does he call Betty June his temperature. . . . And a little question—might be because a "little child shall lead them" on.

Beverly McCracken—Oh, gee! I'm dizzy.

Howard Marchbanks—We know it! Alfred Gmeiner looked down the hall and shrieked:

"Ye gods! Look who's coming!" . . . The Spotter stared and beheld none other than that inoffensive little Puffinberger siren. . . . By that time, Alfred was concealed within an empty locker. . . .

Look alikes:

At the music festival a few weeks ago some one was heard to exclaim at the striking likeness between Jane Baxter and Margaret Tharrington. . . .

Drury Love would make a nice housewife for somebody. . . . He surely welds a wicked mop. . . .

Miss Stephens, who has been teaching her sophomore English classes how to apply for jobs, was heard to remark that she'd be dubious about accepting some of the applicants for jobs if their applications were any indication of measurement. . . .

Add look alikes:

Did you notice the resemblance the "Whistling Ranger" bore to Nelson Eddy?

Billie Heimdale is out after big game. . . . He's a college boy and his name is Ussel Coulson. . . .

"Wanda's a pest," says Jim, so he pulls off her shoe and threatens to dump it out the window. . . .

Virginia Cooper made quite an impression on that handsome ranger the other day. . . .

Whenever they go to a sad show, Si puts his arm around his girl when she starts to cry. . . . Betcha they go to all the sad shows! . . . Gee!

Chips:

Nell goes to Kansas City under the pretense of buying graduation clothes. . . . Oh, yeah? . . . Who were the girls who blushed when Mlle. Lan- you lectured on "necking"?

The Spotter's scandal notes are so dry they can be used to start a good blaze! . . . Just a warning to the old flames!

Every senior in 1915 had to write a thesis in order to graduate. Brace up, seniors of '37.

THE DRAGON WHISPERS

(Mary Virginia Hubert)

Lee Carl would like to tell Marjorie Wise's boy friend from Radley to stay in Radley where he belongs—Our dignified journalism instructor will be getting quite egotistical if these shop girls don't quit telling him how "cute" he is—Betty Coulter has stopped going steady so you had better hurry, boys, 'cause it probably won't last long—And Jack Bates, president of the Woman Haters Club, is going 'steady' with Betty Dene Hutcheson; good work, Betty Dene—There was quite a mixup when Bailey Williams asked Joe Begando for Julia Anne Pogson—Scoop, Earl Perry took Esther Packard home from the hayrack ride—At the same affair Betty Lashbrook was having an awfully good time with Richard Kennedy—Bob Booth and Betty June Carder have had a date for the senior play for several months—hope they don't forget tonight—Junior Bryan has been dating Billie Scroggins—Dorothy Mangrum had a date with Clyde Skeen, an ex-hero of P. H. S.—Alberta Haverfield has contracted a new nickname "ducky"—wonder if J. B. gave it to her—Leroy Uttley was trying to get Betty Lou Hastings to go steady with him again, but the little lady said—No! 'Tis rumored this week that Virginia Pryor is going places with Billie Ann's preacher from Chanute—Dorothy Wheeler ought to be ashamed of herself having her folks tell Ed she's not at home when he calls, she'd better be careful though, 'cause he might find it out—"I'll bite!" is what Betty Crain says and she did! Just look at the scars on Alvin—Selita Carlisle has another young Romeo to add to her string, this time it's Ed Pennel—must be the spring weather, folks—Here's some competition for Margaret Ann Tharrington; Mildred Wright is simply crazy about Joe Friend, but anyway Mildred still has Willard—Ed Fleming evidently didn't succeed in patching things up with Virginia Inwood, 'cause she is still hoping Harold Lowe will break down and ask her for a date—Billie Baer has another ardent admirer, and it's not Chuck Ray this time; he followed her at the festival for three whole days—The love bug must have bitten Virginia Fortino. At any rate it will take more than Flit to keep her away from Emil Williams—Don Frank German has a new girl from the College high—We hear that a certain junior would like to 'brain' the girl who started calling him 'sugar-foot,' take it easy, Kenneth.

SPARKLING SPITTERS

(Rollie Emmitt)

And now, my fair weather, I mean fine-feathered friends, you may again read my clever column of dry wit.

Since the Dragon has thrown a bit of mud at the once-sensational Woman-Haters, its old leaders have tried to revive it but so far Harold Walker hasn't had much success in getting the old members to reenlist.

Listen, my sophomores and juniors so dear,

And tonight you will hear

The senior play with all its cheer.

There'll be plenty of laughing and mirth

So you're sure to get your money's worth.

The author was not a member of the Liar's Club.

Bob Pratt really looked like a musician at the Fiesta, that is, he was sadly in need of a haircut.

After the first signs of spring and people begin to play tennis and golf, there comes an aftermath that is known as national groan week.

Was anyone surprised when Maxine McAnally told Betty Dene Hutcheson that she was about to snatch Jack Bates and B. D. H. cried, "Oh, you thing!" Yes, it was a shock that high school dignity should be so outspoken.

When a Walter Winchell goes around looking for wisecracks, it might be best to go where the individuals are wise.

The printers always get the worst end of the deal. When "spring fever" is so prevalent, they have a hard time lying on linotype mats.

Wanda Faulkner seemed slightly provoked when she discovered she had but one shoe. It became worse yet when it became known that Jim Hand was comparing the missing object with his own longfellow.

Most seniors are now looking forward to graduation and those who go on to college will be freshmen next year. May this verse be of significance to the senior boys:

On the college campus stands the college fresh

With pinkish flesh and bony hands,

The fresh, a mighty man is he,

With muscles strong as rubber bands.

DID YOU KNOW

The sophomore class in 1918 did not organize or elect officers.

The boys' glee club was organized in 1918 under the direction of Miss Winona McClotheshey. The girls' glee club sang at commencement exercises that same year.

Rain Halts Dual Meet

Local Golfers Are Ahead at End Of First Seven Holes

The dual golf meet between Pittsburg and Ft. Scott, Thursday, April 28, was greeted with a deluge of rain after the completion of about seven holes.

In every match Pitt was leading from one to six strokes. The standout player of the unfinished meet was Merlin "Tubby" Kirk who, after seven holes, was shooting par. The other members of the team were showing much better form than they had against the teams of this section in the SEK tournament.

Coach C. H. Lundquest expressed his desire to finish or to arrange for a new meet at the first opportunity. Coach Lundquest has also been corresponding to arrange a dual affair with Miami, Okla.

For the first time in the last few years there will be no golf regional tournament. There was expected to be one at Independence, with Independence the favorites; but this year that meet has been done away with.

Winning Medley Relay Team

Pittsburg's winning medley relay team, Ensmann, Dunn, Begando and Glenn, which won the event at the S. E. K. track and field meet with a time of 3:40.

Leo Ensmann, medley relay anchor man, is shown breasting the tape after he had overcome a 10-yard lead.

Amateur Notes

In glancing over the sports manual it is interesting to note that many of the high school athletes of today could have surpassed early Olympic records.

The first mark made in the discus was 95 feet 7 1/2 inches while the 134 feet 9 7-8 inches, the state mark, was not matched until 1912.

Ralph Miller's pole vault mark was not matched in the Olympics until 1908 when both Cook and Gilbert of the U. S. A. made 12 feet 2 inches.

Lemming's javelin throw of 178 feet 7 1/2 inches in 1908 is still not as good as Knight's mark last Friday.

Rogers of Independence made a record last week in the high jump that was not surpassed until 1920 in the Olympics.

So, all in all, if the high school youths of today could have lived twenty years ago and could have been as good athletes they might have shown their older brothers in the great art of track some fine form.

There will be nine regionals going on today or tomorrow over the state as different squads compete for a chance at the state.

matter where they go," the ranger stated. "The rangers hold camp fire circles in the parks where they contribute entertainment and lectures on birds, bears, and snakes."

This summer Mr. Gilstrap will be stationed in Grand Canyon as a ranger-naturalist.

The Independence Bulldogs captured the S. E. K. title last Friday afternoon on Brandenburg field as they nosed the Pittsburg Dragons out by two points. Taking the meet two years straight by the same margin, the Canine pack broke six of the eight records that were smashed.

With a battle that saw the two teams fighting for the lead till the last event, the Dragons took only four firsts as Glenn and Lewis, with the mile and medley relay teams, came in ahead.

Ralph (Cappy) Miller, the only man not on the Independence team to break a record, broke marks in both the pole vault and the low hurdles. Also taking a first in the shot put, he won individual honors as he collected fifteen points.

Milton (Flash) Glenn ran the fastest race of his career as he tied the old 440-yard dash record formerly held by Mead Smith, Independence. Lewis showed his old form as he won the half mile in 2:07.9. The two relay teams, with Ensmann and Worthington as the anchor men, came from behind to win.

Harry Pruitt, Negro freshman from Independence, took the wind out of the locals' sails as he won the high hurdles from the Pitt favorite, Vance Rogers. Mielke, also expected to win one first, was beaten by Overfield, Bulldog sprinter.

Coffeyville Wins Dual

Rex Wiles Only One to Win For Pittsburg Tennis Team

Coffeyville literally walked away with all honors at the tennis meet held here last Saturday, May 1. Pittsburg lost all the doubles games and all singles with the exception of one—Rex Wiles winning his match.

The boys from here who played were Eugene Reidy, Norman Smith, Richard Alsop, J. B. Stacy, Ralph Taylor and Rex Wiles. The team was seriously handicapped because of the absence of Jack Mitchell, who was unable to attend.

Coffeyville was a much more experienced team having competed in several more matches than our boys. Their players have been matched with Tulsa, Bartlesville and others. Bad weather has been a serious set-back to our netters.

Smith and Alsop teamed together to be beaten by a 6-4, 8-6 score. Reidy-Wiles lost their set by a 6-1, 6-3 lacesion, and Taylor-Stacy lost 6-2, 6-1.

Of all the singles Alsop and Wiles turned in the best scores. Wiles won after a battle 19-7, 8-6. The with a final score of 5-7, 9-7, 6-2.
