The organization consists of 60 members which includes the entire elementary staff and the faculty of the training school at the College.

They will have six meetings throughout the year the second being Nov. 1.

The object of the association shall be to provide a means by which members may achieve professional improvement and enjoy professional fellowship.

Miss Mary E. Leeper is the executive secretary of the national organization.

Chances To Win
New York TripAward to Be in Three Divisions for
Writings, Music Composing,
And Artistic Ability

There will be ten students who because of their skill in writing, painting, or music composing... or just because they have a good nose for news... will receive awards as winners of Scholastics' 15th annual awards in May, 1939.

They will go to New York with all expenses paid. They will look over the World's Fair and broadcast coast to coast over NBC network to tell the nation what the younger generation is doing in creative work.

There will be \$10,000 distributed this spring to hundreds of active student winners beside these ten.

Awards will be in form of prizes, scholarships, merchandise, and trips beside the national honors.

There will be three divisions, Scholastics' arts, and craft awards. The literary division and Scholastics' Third Annual Music Awards each will reward persons excelling in that field.

The dead line date set for the divisions of the awards is March 18, 1939. Rules and details appear in the Oct. 1, Scholastic. Any undergraduate in grades eight to twelve in any school may participate.

The plan used this year for the event is a comparatively new one though the same one that was used last year. The senior home rooms nominated as many as desired from the entire senior class. The names were approved by Principal J. L. Hutchinson.

Following roll call in the various home rooms, the students adjourned to go to the auditorium to vote for the officers.

Twins' in Name and Size
Cause Confusion

Just imaging going down the hall and finding yourself coming in the opposite direction. That is what happens when James Zimmerman meets James Zimmerman in the hallway.

Both James (E.) Zimmerman and James (C.) Zimmerman are in the Corporon home room. Both have played tackle position in football. Both are big and husky. Both are handsome.

When the secretary calls "James Zimmerman," either one or both of the young giants may answer "Here."

James E. is new to PHS, coming from Arcadia high school, where he played tackle on the football team.

There is a tendency toward double-talk when the "men of timber" are mentioned.

Herbert To Give
His Plain IdeasJunior Play Nov. 10 Will Be
Mixture of Laughter and
Salty Tears

Junior will have another feather in his cap after the presentation of "Big Hearted Herbert," the junior play, Thursday, Nov. 10.

"Big hearted Herbert" is the story of a self-made business man trying to inflect his ideas about plain tradition upon his wife and children. Laughter and tears mingle as the plot of this play unfolds.

"Big hearted Herbert" has been given on Broadway, where it was very popular and had a long run. It has also been made into a movie in Hollywood.

When "Big Hearted Herbert" was playing on Broadway, the New York Herald Times said of it:

"Even the soberest of us first nighters forgot our dignity at the Biltmore last evening and abandoned ourselves to shameless smiles—the producer deserves congratulations."

Owen D. Young said: "A comedy of laughter and inseparable."

THOUGHT FOR THE DAY

After love comes peace. A great many people are trying to make peace. But that has already been done. God has not left it for us to do; all that we have to do is to enter into it.

—D. L. Moody

Just Common Sense Is Best Safety Rule

Here are a few common safety rules that should be observed, and that some of our high school students are falling down on.

1. Do not run up or down the stairs or in the halls.
 2. Look in all directions before crossing the street.
 3. Do not step out from behind parked cars.
 4. Do not cross streets except at intersections.
 5. Do not throw burning matches on the ground.
- In other words, use ordinary, common, everyday horse sense.

—Kathleen Cooper

G. R. Stands for Best Kind of Sportsmanship

One of the great reasons for the popularity and "worthwhileness" of Girl Reserves is the fact that members believe in and follow the ten commandments of sportsmanship:

- Thou shalt not cheat.
- Thou shalt not quit.
- Thou shalt not sulk.
- Thou shalt not make excuses.
- Thou shalt not boast.
- Thou shalt not dispute the umpire.
- Thou shalt not steal thy sister's glory.
- Thou shalt not ask odds thou'rt unwilling to give.
- Thou shalt play for the game's sake.

—Helen Flynn

Good Name in Man or Woman, Dear My Lord

The reputation of your school depends upon your conduct and not just the teachers' and officers' conduct. If you go to a game to "boo" and make fun of the opponents or the officials you are lowering your reputation as well as the school's.

PHS has one of the best rankings of all high schools. It got this through the good behavior of the students. Let's each of us make it our duty to keep our good school name.

—Maxine Sims.

Proctors Desire Only to Help You IF You Let Them

The proctor system has always been a target for adverse criticism which has always come from students who do not understand its purposes and ideals. It is composed of your classmates—better than you? Not an iota. But simply anxious to help discipline in the school and conscientious in their desire to make it a "bit more beautiful and better because they have been in it."

Truly a worthy ideal but it cannot begin to succeed without your help and cooperation. Small is such a contribution from you, yet if everyone will give the same, and wholeheartedly, we will have a

Beware of These Ghosts

Two such fierce ghosts as "no study" and "tests" can easily scare the poor student, but they'll have a hard time scaring the boy who studies; he isn't afraid of ghosts because he knows all the answers. We hope you knew them, too!

school of which to be proud.

Out of pure courtesy, if nothing else, let us lend our support to this system and its executors, who donate their time and services to keep us on the alert to our mistakes in discipline that we may profit by them in the future.

—Joe Stephens

Books Are Friends; Injure Books and You Injure Friends

Take care of your school books! There's no need to leave them lying around on the floor or to throw them carelessly into your lockers.

If you have borrowed your books from the school, you want to be exceptionally careful because other people will have to use the same books next year and the next.

Also, if you wish to sell your own books next year, they will have to be in fairly good condition. Be careful and try to take good care of them. You'll find it easy—and helpful in the appearance of the books.

—Shirley Gilbert

Get Habit of 'Put Trash in Trash Can

We, the students of PHS, should be proud of our campus. Our campus is one of the nicest and best kept in Southeastern Kansas.

To keep the campus in this fine shape, we must not throw papers and trash around. Now, at the start of this new year, is the time to get in the "put-trash-in-trash-can" habit.

The trash containers are found in convenient places on the campus and in the halls. Let's use them!

PUPIL PORTRAITS

Junior Girl

A cute girl is crashing the column this week, and it's none other than that little redhead, Naida June Brannum, known to most of her friends as "Pinky." She came here from Roosevelt junior high school and you probably saw her leading the Coal Festival parade in the white majorette costume. It you don't know her you're missing something.

Junior Boy

The boy in this week's column is that tall and handsome Harry Stephenson. He graduated from Lakeside junior high school. He's a member of Mr. Carney's band and orchestra and you ought to hear him give those bell hot licks on Alexander's Rag-time Band. He's not bad. Do you know him?

AMUSING THE MUSES

The Riddle Now

Any color, style, size or shape,
A doughnut, saucer, roll or plate,
Bumper, cartwheel, tall or flat,
Yes, you're right. A woman's hat.

—Alberta Haverfield

May you live long,
Have good times;
And marry a man
Who has the dimes.

A boy's love is much like snuff—
Just a little and that's enough.
A girl's love is more like gold—
Hard to get and hard to hold.

Where'er you are, be noble,
What'er you do, do well.
When'er you speak, speak kindly.
Bring joy where'er you dwell.

—Margaret Henaley.

Queen Mary

(Dedicated to Mary Margaret Morgan)
You've honored our school so very much,
We think a lot of you.
You've made quite a hit with all the "kids",
And the faculty members, too.
Never lose those qualities,
And never change that smile,
You'll keep the whole town interested
In you and all your style.
The charming ways about you,
We never can forget,
And if there is a better girl—
We haven't seen her, yet.

—Jeanne Stevens

WE READ IT IN

(The Tyro Weekly)

Although not realizing it, the students of our high school are subscribers to one of the few self-supporting high school newspapers in Southern California. By self-supporting we mean one that is financed solely by business advertising and subscriptions. Unlike many school newspapers, all cost of printing, linotyping, et cetera, is met through these sources rather than by allotments from school funds. We are very proud of our independence and it is up to us to keep our standard of finance by patronizing our advertisers.

Remember that by buying our necessities and luxuries from Tyro advertisers you not only keep alive city business but enable the high school to put out a paper we are all proud of.

CLOTHES AND COLORS

Everybody's got the jitters! Well, not quite everybody but anyway they're taking this school by storm. A lot of smart senior girls (we haven't seen so many on juniors and sophomores) seem to be using this little chant for their theme song, and what could be more appropriate?

A tisket, a tasket,
A crazy Jitter Jacket,
You get twelve Jitters at the start,
Then add another packet!

Isn't that cute? I suppose you know now that I'm talking about those darling jackets with small figures in bright colored felt for decoration.

The jitters come in so many designs, too! Some of the cutest seen are pink elephants on scooters, dancers trucking and whirling, sailors, dogs, horses, and angry steer, a rooster, fruits, footballs, fishes, also hearts, Cupid, and a canoe for the sentimentalists.

Girls, if you haven't got the Jitters, get them, you can stick them on a blouse or sweater if you haven't one of the jackets.

CHARACTER SKETCH

This week's character sketch is a man teacher of PHS—well liked by every student in school. We are probably all familiar with his friendly disposition and winning personality. He will go to great trouble to render even the smallest assistance to anyone who may ask a favor of him. Part of his work consists of the analysis of human nature. His most important work, however, is directing students into vocations for which they are best suited. He is also an important factor in the Hi-Y activities. He and a group of students attended Camp Wood during the summer vacation.

Girl Friend (admiringly) How in the world do you think up such funny jokes, Bill?
Bill: I sit down and laugh and then think backwards.

A LITTLE BIRD TOLD ME

Have you heard the news? Jack Marquardt accepted Lucille Patterson's invitation to a dance; meanwhile he asked Katherine Gaston to go steady.

And speaking of making up your mind—Katie Karns and Al Mack are not getting along so well so she's turned to the old flame, Leo Enaman.

Woodrow Mills asked Harvey Evans if he'd heard of that certain POWER he read in "101 Ways to Win a Woman." Harvey answered dreamily, "Boy, she's got it!"

Extra—Extra! Laverna Castermann is getting sick and tired of waiting. Her sister Lavonne (Jerome) and her best girl friend are both going steady.

Oh Puffy! Who's that college boy your name is linked with now? It is said you wanted to take him to the dance.

The studious senior gets the studious junior—meaning Lacey Kent and Ida Louise Rush. Its been nearly a year, now, and they're doing fine.

Not mentioning any names, but what certain senior, whose initials are B. L. H., thinks she has found the real thing in Charles Davis.

Why does Junior Whiteman's face turn crimson at the mention of Frances Cumisky—and vice versa?

So many of our high school feds are picking on college boys. For instance, Colleen Hankins and Gordon Sallors.

Waldo Selburg, another promising junior, made news this week when he came to school with the print of lipstick on his face. He claimed it wouldn't come off.

Another triangle: Helen Soteropolus, Lloyd Sills, and his Sulphur Springs girl friend, Lloyd's steady lives in Sulphur so now he is just going with Helen until she comes back.

Why is it Helen Schneider wants to go walking every night? We heard the reason is Eugene Seely. Beverly Kent is engaged to that boy in K. C. but that's no reason for her eating at the Pure Delight every day. Harvey Evans seems to be the attraction.

Betty Lashbrook was heard inquiring whether or not Jack Mitchell was going to the Sigma Delta Chi party. Of course she didn't mind, but after all, she is a Sub-Deb.

Wanted: A date with Madlyn Osterfelt. Any one possessing information as to how to go about this, please get in touch with Hilliard Pierce.

Rex Kelly has finally fallen. He's supposed to be going with Marjorie Tenney (College Hi) but Betty June Frasco sort of knocked him for a loop.

Boys! Helen Winsby is back in circulation again—at least until George Atchison returns. Better work fast.

WHY doesn't a cute little junior boy give the senior girls a break? He has such dark hair and his name???? (Bob Frank)

Imogene Plumlee and Roger Masquellier have "called the calling off, off" and everything is swell. However, she has a date with the boy in the above item to go to a dance.???

Hmmm! Who is it that drives the new Plymouth down past Esther Cherry's house all the time? Could it be a senior named Francis McQueen?

INQUIRING REPORTER

Question: Do you think we should have noon-hour activities such as shows, etc. Why?

Mary Lou Taft—Yes, because it's entertaining, besides being educational.

Mr. Huffman—Selfishly, I would prefer no activity at noon. Mainly, because none of us can digest a meal in twenty or 30 minutes.

Miss Leeka—No, we need our noon hour for relaxation.

Melvin Hudson—No, so I can visit my gal.
Norma June Young—Yes, because it keeps the kids from congregating in the halls.

A. M. Brim—Yeah, for amusement.

ETIQUETTE

Girls—if, while waiting for your date, you should hear a car honk out in front don't dash out. A boy should have enough manners to come to the door when he calls for you.

At the movies girls should wait in the outer lobby until the boy buys the tickets. To go to the ticket window would be rude and you'd only find yourself in the way.

In the theatre the girl should follow the usher or if there is no usher, the girl lets the boy go first. Use the manners you've practiced up on if you must disturb people. "May I disturb you, please?" "Thank you" and "I'm sorry" show that you are polite and DO have some manners.

With the same fortunate man,
You have danced with him
Since the music began
Won't you change partners and dance with me?
Must you dance—oh, so close
With your lips touching his face,
When you know I'm longing to be in his place
Why can't you sit this one out
I'll ask the waiter to tell him
He's wanted on the telephone.
You've been loved
Won't you change partners and dance with me?
And when you're alone—
In his arms
Ever since Heaven knows when,
Won't you change partners and dance—
And you may never want to change partners again.

Names of Six Hi-Y Groups Have Origins in Well-Known Personalities of Then, Now

The origin of the six Hi-Y chapter names has created much interest in the high school. The names that they are named for are not fictitious but are names of outstanding personalities.

When Hi-Y was organized here it was one unit only. The first year there was only a small membership. But as the years went by, Hi-Y grew in such a way that it became hard to keep the over-growing group into one unit and do justice to the members. The need was felt that the group should divide up into what was known as chapters.

Joe Dance

The Joe Dance chapter was named for a former student who graduated in 1923. He was active in Hi-Y work in high school. He was prompt in attending "inner circle" regularly. After he graduated he went to work in the oil fields at Parko, Wyo., and was later transferred to Louisville. While there he was in an explosion, where he received injuries which caused his death.

In recognition of the great services of Joe Dance and his interests in Hi-Y, the members of this organization named one chapter after him.

B. V. Edworthy

The name B. V. Edworthy was chosen as a chapter name. This name belongs to a man who is widely known in Kansas, especially in Hi-Y and Y. M. C. A. work. He was a missionary to the Montana Indians for nine years and was in direct charge of religious work for the A. E. F. in France. For six years he was state boys' secretary of Kansas and then in 1926 he was transferred to Oklahoma, where he became boys' secretary of that state. He had a nickname of "B. V. D." When a name was to be chosen for a new chapter, this name was chosen above the others suggested.

Jimmie Welch

The Jimmie Welch chapter was named in honor of a former high school pupil. Jimmie was in this high school from 1919 to 1923. His loyal and cheerful spirit made him a real friend to all who knew him. He was active in Hi-Y work and also in athletics, especially in basketball. In this sport, he earned a letter. After his graduation he went to Bingham, U., to work. It was there while working in a copper mine, that he was killed in an accident.

Down through the 25 years of Hi-Y organization in P. H. S., the main factor has been the loyal and unending support of our good principal, J. L. Hutchinson. He has been ever ready to help in meetings and has always been on the lookout for helpful suggestions as well as new goals for meetings, camp, and conferences. When a new chapter was to be organized three years ago, his name, J. L. Hutchinson, was chosen as the name for that chapter. The boys who were members of that chapter and also the present members felt and still feel the challenge of Mr. Hutchinson's constant service to Hi-Y and to the students in general. Thus the chapter is honored by his name.

ROW HOME ROOM PLANS FOR MASQUERADE PARTY

William Row's junior home room is planning a masquerade party for Tuesday, Oct. 25. President Ruth Salina named the following committees to make the plans: program, Maxine Scott, Nadine Scavezze, Mary Sims, Waldo Selburg, Albert Swartz, and Bill Schumell; refreshments, Alma Stapp, Charlotte Spark, James Sill, and Eugene Sealey. They decided to serve cider, apples, and ginger bread.

A prize will be given for the best masked person. Each member may invite a guest if he so desires.

Mr. Peterson (in English Class): "Are you smoking back there, Mr. McGuire?"
McGuire: "No, Sir. That's just the fog I'm in."

Washington lived in the days before modern dental surgery, and, as a result, he seldom smiled. All of the pictures made of him in his later years attest to poorly fitted teeth.

Parking Rules

Several parking regulations have been set up for the drivers of cars who have been parked on the north side of the high school building, on Fourteenth Street, according to Principal J. L. Hutchinson. The drivers are asked not to park their cars between the two driveways or by the fire plug on the north side of the building. These regulations have been set up because of the constant use of the driveways for bringing supplies into the building and in case of fire.

Sanitation Notes

After walking about the building this week, we find that many of the rooms are spic and span while still others do not check just right. Laboratory rooms which have more waste materials than do many of the other rooms, were found to be some of the cleanest rooms in the building. Rooms found to be neat in appearance are Miss Gable's, Miss Leeka's, Mr. White's, Mr. Huffman's and Mr. Carnino's rooms. These conditions are brought about by the cooperation of both instructor and student in harmonious work.

Loss to Tornado Only Whets Appetite for More Struggles; Halfway Mark

The Purple Dragons will attempt to replace themselves into the S. E. K. race by means of a victory over the Fort Scott Tigers at 7:30 tonight, on Brandenburg Field.

Tonight's game will determine largely whether or not Pittsburg has a chance to share in the S. E. K. honors after dropping a close hard fought battle to the Coffeyville Tornado at Coffeyville last week.

This game is expected to be a closely contested battle since Lynn Steele's Tigers are always pulling surprises out of the bag.

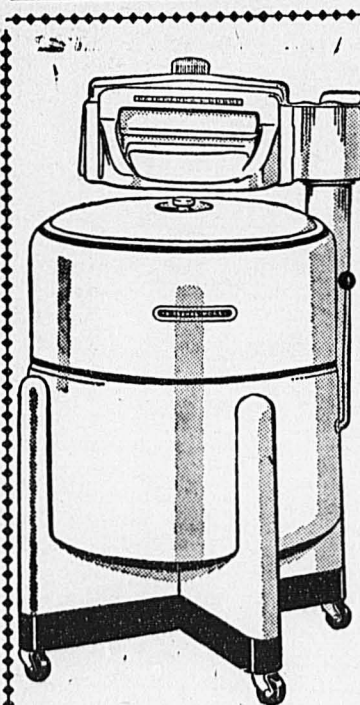

Pittsburg defeated both Independence and Chanute by the tune of 12 to 0, but lost to Coffeyville, 13 to 6. Fort Scott has lost one to Coffeyville and tied two, one with Iola and one with Independence.

SEK May Sponsor National Pastime In League

In an SEK league meeting at Parsons last Saturday plans were discussed of installing baseball as part of the sports program in the local conference.

Schools indicating a willingness to participate in this sport were Coffeyville, Columbus, Parsons, and Pittsburg high schools. No definite plans were made and the question was left open for discussion when another meeting will be held in Pittsburg next month. Those in attendance agreed that unless four or more schools sponsor teams there will be no baseball.

Principal J. L. Hutchinson was the Pittsburg representative.

DE MOLAYS FILL TWO POSITIONS AT MEETING

The De Molays had an election of officers at their last meeting. Due to an unusual situation there were two new officers elected.

Bill Robison '37 resigned, leaving the senior councillor chair open. The junior councillor had to be next master councillor so two new officers were elected. Finley Porter '36, by a motion before the house, was moved from junior councillor to master councillor and Melvin Remington '35 was elected senior councillor. George Seeley, senior was elected junior councillor.

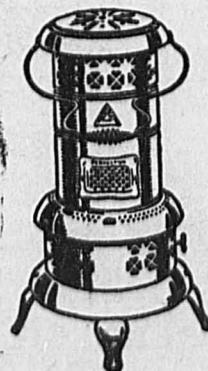

There will be a public installation at the next meeting, Wednesday, Oct. 26.

Golden Tornado Dashes Dragon's Hopes in S.E.K.

Pitt Outplays Coffeyville, but Is on Wrong End of 13-6 Score

Pass From Toeller to Keller Gives Locals Only Tally; Fumble Too Costly

The Pittsburg Dragon outplayed the Coffeyville Golden Tornado in everything but the score, Friday night on the Javatown gridiron. The final score was Coffeyville 13, Pittsburg 6, putting the Tornado in first place in SEK league standings.

Coffeyville scored the first touchdown of the game on the first play when Hon, halfback, went around the end for a 70-yard run and a score.

But Pittsburg took the kickoff and started a march that was good for five first downs. The march halted on the Coffeyville 3-yard line. The Dragons tried two plays and lost thirteen yards. Toeller then flipped a pass to Keller that was good for fourteen yards and a touchdown. A line plunge for point failed and the score remained a tie.

Coffeyville's winning touchdown was scored in the second period when Chronister recovered a Dragon fumble on the Pitt 26-yard line and started a drive. They picked up two first downs and Bartle passed to Miller for the tally. Tuttle made the extra point with a placekick.

In the third period, Toeller went through the line for 37 yards and was stopped on the Tornado 18-yard marker. The Dragons lost the ball on downs and the Coffeyville eleven threatened to score again. The attempt was ended by the gun. The game ended with the ball on the Dragon 15-yard marker.

PERIODICAL SIGNS AND CRIES NEXT WEEK

Oh, and ahs, sighs and cries will be heard in the halls the early part of the week when approximately 850 pupils will receive their first six weeks report cards, on which their scholastic achievements will be proclaimed.

Students who sacrificed their pleasures and held down the temptations of "following the crowd around" will be rewarded by receiving "excellent marks on their card." Others who "shut their books and dashed out to parties nearly every night" will sulk and resolve that henceforth they will catch up on their studies and then sleep. Are these resolutions kept? The cards will be issued in home rooms some day next week.

MOSQUITOES ENTERTAIN FACULTY GROUP

The mosquitoes of Lincoln Park had a picnic Thursday night last week. They entertained the Faculty Club as their guests. (The faculty brought the food.) and a good time was had by all, especially the mosquitoes.

The playful little mosquitoes as a token of their appreciation gave each member a BITING goodbye.

So if you see teachers in some peculiar positions, please excuse them, for it is their friendship for the "beloved" little(?) mosquitoes that puts them in such a predicament.

Athletic Ratings Given to Groups; PHS Is Low

Schools in the SEK circuit, according to a recent rating by the state athletic association, rank high in team sportsmanship, school efficiency in conducting sports events, and attitude of crowds at games.

Pittsburg high school has a very fine record, according to these statistics and has a fine chance to take over the lead if the students and patrons of school events will cooperate with the school officials in making PHS more sportsmanlike.

Out of a possible perfect rating of five, the following schools in the league are rated thus: Coffeyville 5.31, Pittsburg 5.70, Parsons 5.80, Chanute 5.94, Columbus 6.16, Independence 6.43, Iola 6.90, Fort Scott 7.25.

Sport Gossip

Everyone has been asking Don Gernan why he has that bandage on his nose that resembles an 'X', so I will help him out. Don received a fractured "nasturtium" in the Coffeyville game. "Nasturtium" in this case doesn't happen to mean a flower; in plain English, it is a broken nose.

The injury is not serious so he is not expected to be out of the game tonight with Fort Scott.

Frank Nogel '37, brother to "Dutch" Nogel, is recovering from a major operation which took place last Friday.

Frank played on PHS football teams his junior and senior years. Here's wishing you a hasty recovery, Frank.

Dennis (Duck) Noor, former Dragon all-around athlete, appeared in a basketball short feature at the Midland theatre a few days ago.

"Duck" was a prominent figure in all sports events when he attended PHS, having lettered in football, basketball, and track.

He is now attending the University of Southern California, and is playing on the football team there.

There is a possibility that Pittsburg might get a piece of the SEK league crown yet.
If Chanute should (remember I said "should") beat Coffeyville tonight and all three teams win the rest of their games—No cracks. It was just an idea.

Pitt Tracksters Start Practice

Prepare for Spring Competition Early This Year Chance for Championship Team

Several members of the high school cinder squad reported for fall practice Monday, Oct. 17. Among lettermen reporting were H. Little, Bill Poland, David Cunningham, and Denby Standlee. Coach F. M. Snodgrass will attempt to build a championship team around Little, star high jumper, broad jumper, and relay man, Rudy Fanska and Sam Miller, both outstanding milers, Bob Friggeri, in the sprints; and Milo Farneti, state champion, in the javelin throw.

Other lettermen expected later are John Toeller, Ray Lance, and George Ahrens, hurdles; Bill Williams, pole vault; Ned Tryon, javelin; David Cunningham, Denby Standlee, and Bill Poland, 440-yard dash.

Pittsburg's prospects are brighter for taking the S. E. K. crown this year by the weakening of the Independence Bulldogs through the graduation of their two stars, Dick Overfield, dash man, and Harry Pruitt, star hurdler. The three previous years have seen Independence win over the Dragons by scant margins. In 1936 and '37 they won by a 2-point margin, in 1938 they won by a 14-point margin.

Slavin Wins

Johnny Slavin, senior, outpointed Arnold Boisdrenghien, sophomore, Tuesday night in a 3-round bout at the Mirza Mosque. These bouts are being held as preliminaries of the Golden Gloves tournament to be held during January.

Arizona often is called the "Valentine State," because it was admitted to the union on Feb. 14, 1912.
