ELEMENT OF MYSTERY IN WOMEN'S HATS

While meandering merrily on my aimless and slaphappy way, dodging Christmas shoppers here and there, I casually glanced up over the heads of the crowd. I stopped and stared in amazement at the strange apparition approaching me. At first glance it appeared to be a small bird resting in a nest, a small sparrow resting in a nest of twigs! I rubbed my eyes again, this strange sight seemed to be floating toward me. As it came closer and I began to have a feeling that I should start running in the other direction. I took another look, a deep breath, and sighed with relief for it was only a woman's hat!

Feature Writer Needn't Be Crazy But It Will Help

Would you like to write feature stories for "The Booster"? The task is really simple if you are the right type of person.

The first qualification for the feature story writer is that he be mentally deranged. His actions must be so that the public gaze at him wondering what crazy idea he will try next. The feature writer takes a small unimportant event and tries to convince the readers that the happening is comical, sad, serious, or terrifying.

The second qualification is that the writers must have an enormous amount of brainstorms. When he is at the height of his mental illusions, he should write furiously before he regains his right mind again.

The third requirement is speed. Speed is essential because an abundance of material must be supplied for the editor to throw in the wastepaper basket. If the writer turns in material faster than the editor can throw it away, a story will occasionally make the paper.

The fourth and last requirement is that the amateur feature story writer reads an abundance of senseless articles like this one.

Welcome Home, Grads!

Welcome, grads! Representing both the students of PHS and the staff of the Booster, I wish to express the great pleasure, which is ours, in playing host today, to you who have preceded us. One thing, at least, we have in common—we are all at home together in the institution which at one time or another has fostered the ambitions, the plans, the hopes we each have built up for the time ahead when we must leave our alma mater to face the world. I have not the words at my command adequately to express the feelings we experience at seeing so many of the graduates of this high school return again to play homage to it. May we, the class of '39, be as loyal.

As a gesture of its appreciation The Booster asks that each of you accept a copy of our publication. We hope you have enjoyed returning "home" and will continue the practice with the passage of years.

Sincerely,

JOE STEPHENS

Booster Editor
Student Council President

Toys, Fun Galore As Santa Visits Journalism Party

Does the journalism class believe in Santa? Oh, yes!!!! Or, at least they should after all the toys he brought them at the party last Thursday night. Santa must have had quite a time in getting everything that the journalists asked for but he did quite a good job, it seems. Clowns! Dolls! Mickey Mouse! Turtles! Corn pads! Rattles! Figs! Drums! Horns! Can you imagine a greater variety of "wants" for Xmas? I wonder how a certain instructor felt when he open his gift from Santa and found before his eyes—a rattle!!! And another one when he opened his and lo! what did he find but a package of CORN-PADS! My kingdom for a camera? What a picture to see all the so-called journalists sprawled over the Country Club floor playing their toys. Well, anyway, I think Santa is a nice old guy, don't you, journalists? Or do you?

Maasman Appointed

Evelyn Maasman, junior, has been appointed to the position of assistant accompanist for the glee clubs and mixed chorus by Gerald M. Carney, director. All junior girls were eligible to try out for the position but as no one was going to compete for it, Miss Maasman was appointed.

Harris Honored

Wayne Harris '32 now a student in the Kansas City Art Institute, received the same as honorable mention when one of his works was published in the Institute annual catalogue. In the institute he studies under Thomas Hart Benton. When in PHS he studied in our art department under Miss Florence White.

Members of Miss Florence White's art classes have been painting Christmas symbols on the classroom doors. There were three different signs used: two candles designs wreathed with holly, and a lantern also wreathed with holly. The work on these motifs was done during class hours.

Christmas Cantata "Childe Jesus"
Presented by Mixed Chorus,
Pantomimers

Graduates of 40 years ago are honored guests today at the thirteenth annual Homecoming observance. Homecoming Day was declared an annual affair in 1926 by the student council. As the name implies, Homecoming is a day set aside for all the old grads to come "home" and talk over the past school days with old schoolmates and teachers.

The program as scheduled included scenes from the Nativity and the Christmas Cantata "Childe Jesus." A mixed chorus, directed by Gerald M. Carney, situated in the northwest side of the balcony, rendered the vocal accompaniment for the pantomime performance on the stage.

The pantomime cast was as follows: Mary, Irene Macari; Wisemen, Art Prince, George Bartholow, Frank Fretz; Angels, Virginia Figg, Jeanne Stevens, Naida June Brannum, Shirley Cornelius, Mary Kuebler, Imogene Plumlee, and Shirley Drummond; shepherds, Bob Little, Lacey Kent, Harold Fottorf, Bob Friggeri, and David Cunningham.

Joe Stephens, student council president, presided over the program and gave the welcome to the alumni. Joe Gaviglio '38, president of last year's council, gave the response.

The members of the cast were Margaret Agnes Naylor, Gene McClarrinon, Norma June Young, Bonnie Montgomery, Mary Grace Heckert, Jacqueline Smith, Jimmy Marchbanks, Donald Slagle, Virginia Davis, Helen Otto, Lois Mae Williamson, Lee Whitman, Mary Jane Keller, and Bob Akey.

VACATION — 10 DAYS STUDENTS JOYFUL

Hear Ye! Hear Ye! Hear Ye! It has been proclaimed that there shall be a 10-day vacation this year. Christmas time. Just think, ten days! Did you ever hear of any thing more colossal, more gigantic, more super, or something? That must account for the jovial smiles, the joyous countenances, and also that good (?) behavior of the PHS students. They know Santa won't come to visit bad boys and girls. Of course most of the students won't know what to do with all that time so they'll have to start planning now to get it all used up, maybe if they try hard, though, they can find something to do.

Do You Come To School Prepared For Work?

Do you rise in the morning feeling refreshed and ready for action? Do you come to school clear headed and prepared to work? If so, congratulate yourself. But if you're not that type, you must be the kind that comes to school tired, sleepy, worn-out the kind that sleeps every hour and by 3:38 is ready to start to work.

Why not follow the old saying, "Early to bed, early to rise?" see if it doesn't help.

—Shirley Sackett

Hobbies Make Work Fascinating Entertainment

Do you have a hobby? Something to do in your spare time? Of course, nearly everyone has at least one hobby. Work, so-called, is something that one does because he is ordered to do so. Often the same thing is done because one wanted and chose to do it. It then becomes fascinating play.

Some people enjoy such hobbies as dancing, photography, or stamp collecting. Some girls like sewing and cooking. Boys enjoy hunting and fishing. No matter who you are, or what you do, everyone should have some portion of play mixed with his work to help them to be glad and to cause them to laugh and to overcome the ordered tasks of the day.

Enjoy Life—End Monotonous Routine

In our present day life of hurry, scurry, and get to the top with all possible speed, have you allowed yourself to become one of the living machines? If so, why don't you try slowing down to a normal gait and enjoying some of the many pleasures the world contains. There is no reason why we should hurriedly build up an organization and then pass it up to look for something else. Consistency develops efficiency but but to be consistent, one does not have to impersonate a clock. Scheduled routine with variation soon becomes monotonous. Men of great accomplishment allow sufficient time for meditation and recreation. Wouldn't you rather be an enjoyer of life than a routine, unemotional machine?

—Harold Hyatt

Look Ahead—Have You Planned Your Future?

One will always see more when he is looking ahead than when he is looking behind him. Now is the time to be looking ahead. When looking ahead, we come first to graduation, the time when we decide, or wonder, what we are going to do henceforth. Then on ahead of graduation we see our future. For everyone there is a different vision and this vision is to be the goal for that individual. That vision is the thing that the person is going to work and plan for.

It is time for us to enroll for the new semester and for many the "last" semester. Now is the time for us to look ahead and plan the course of study that will help us move on toward that goal which we have set while looking ahead.

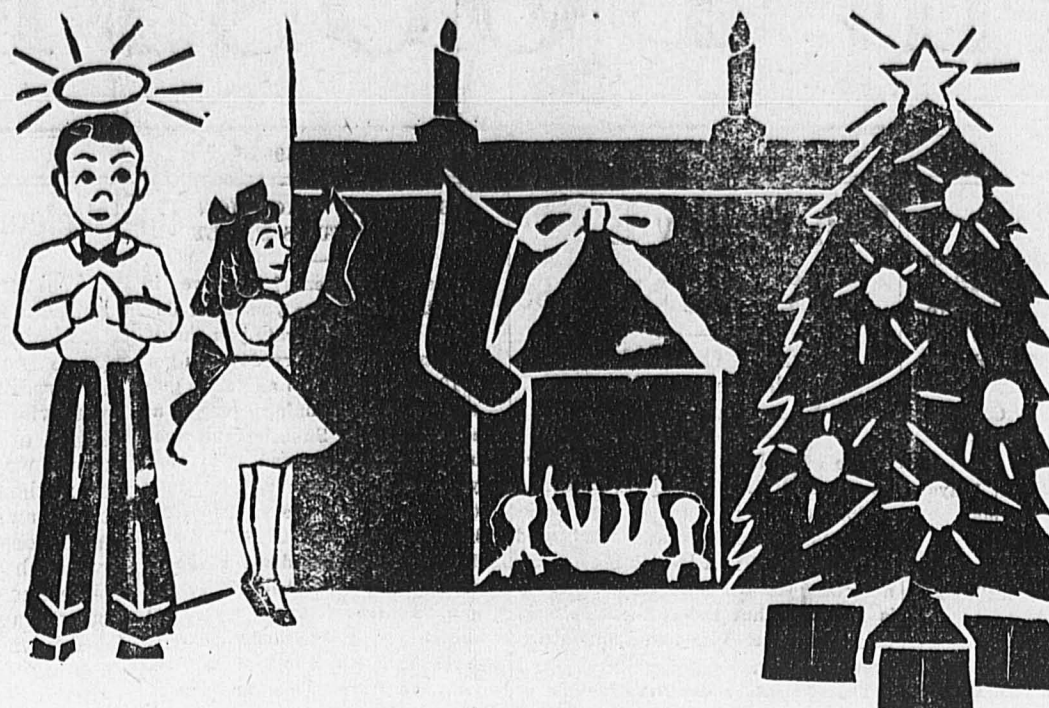

—Betty Hastings

Success Is Attained by Being On Time

To uphold the ranking of our high school each must assume the responsibility that is his. One way in which each may help is a sincere effort to cut down absence and tardiness.

Most cases of tardiness and absence are a habit

The Age of Innocence - - Oh, Yeah!

Come on, act your age, Elmer. Don't you think Santa knows you're no innocent angel? Tut, tut, you'll give your little sister bad ideas. Look at that stocking, and you a senior in high school, too.

Alice Lorraine Williams

rather than a necessity.

There are 850 pupils enrolled in the Pittsburg high school with an average of 24 absent each day, thus making 4,320 days lost in a year. Your parents are not getting value received for their tax money when so much valuable time is wasted. But this is not the greatest harm done. A pupil who is habitually tardy, or out of school on the slightest pretense, is failing to learn the secret of organized procedure of his daily life. This is a lesson that will at all times make the discharge of duties easier and success more assured.

The absent pupil not only misses needed instruction, but slows down the progress of the entire class. The school asks that we attend regularly and on time if possible. Let us each try to learn in youth to meet the requirements of the group which we are associated.

—Mary Jane Keller

Let's Travel! Obtain Your Passport At Libraries

Would you like to travel? To see England, France, the Orient and a thousand out of the way places that are the object of your dreams? We've learned from geography that the old world offers many experiences to those fortunate enough to have the time and money.

If you only knew it a little yellow or green card would be your passport, your steamship ticket and your spending money. Yes, you can travel all over the world via books and a library card.

Through the foresight of Andrew Carnegie and your own community you may travel all over the world visiting a million places, living vicariously throughout the pages of hundreds of good travel books, yet you insist to miss it all. Let's stop missing the better things in life.

—Betty Montgomery

Do You Think and Do For Yourself?

If someone would invent some formula that would make people think and do for themselves, that person would be a great hero as far as right-thinking people are concerned.

The most disgusting thing in a person's life comes when he has a chance to "show his colors" and then backs down because the rest don't think just as he does. So, to be like the rest, he throws away his belief and goes with the crowd. The young man or woman who feels it is not right to smoke or drink, but does it because he wants to be like the rest, truly is to be pitied. Just because he or she is afraid of what the others might say, he "pitches in" and does as they to be a "man" or "woman." But this really shows the cowardice in him.

Any person can do like the rest...float downstream, but the real man or woman is the one who obstacles, never flinching at the waves or persecution. This person will win out victoriously in the end.

—Wesley Butler

AMUSING THE MUSES

The little boy stood at the window,
Gazing at this beautiful place,
His eyes grew big as he looked in
At the tree by the big fireplace.

They were happy, he thought, as he watched them,
For they've everything they desire.

They'll have such a lovely Christmas,
Sitting there by the big warm fire.

Then the small boy inside was speaking,
"Oh, how happy I could be,
I'd give up my home, my toys and all,
If my mother would come back to me."

It sent a sharp pain to the little boy's heart,
Who out in the cold stood.
For he remembered the other boy's mother
Had died—now he understood.

Maybe he did not have a mansion
Or lots of toys like the other.
But he saw that he was happier still,
For in his home was a mother.

—Jeanne Stevens

A LITTLE BIRD TOLD ME

Merle Hadlock has an admirer named Virginia Davis, sophie. Since they both play the violin, it's a shame they can't have more than one thing in common.

While hiding behind the piano, Bob Friggeri read half a book when a certain girl came to call on his—mother.

A new combination, Louis Urban and Mary Bee Mills have decided to go steady.

As the past comes into view, we find that Bette Lu William's first boy friend was none other than Paul Resler.

New is can be told, quite a few of our steady girls had a lot of fun in Topeka at the debate tournament.

Sammy Van Gordon and Betty Claunch would get along all right if other people would leave them alone. A sophomore girl gave Sammy her picture and a sophomore boy who is going steady too, has tried to date Betty.

Hmm, it must be the real thing this time for a senior girl and Bob Pratt. Her initials are A. S.

Things have gotten serious between Homer and Lucille. He's even learning how to dance.

Say, do you "Uncle Mish"? There's a certain senior girl interested but, as yet, not to her advantage.

Bette Lu Williams and Joe Kiado from Columbus are getting along swell. She's taking him to the dances.

Betty Stonecipher just sits and stare off into space. The object of all this is none other than a college boy named "Wes".

ETIQUETTE

If you are sitting in assembly and someone wants to pass you, either turn your knees in the same direction he is going or stand up. To turn the body in the direction he is going is preferred.

If you are attending a lecture, or an entertainment, it is permissible to confer with your neighbors UNTIL the performance starts.

When you pass someone to get to your seat don't forget to say, "Excuse me, please," or, "I beg your pardon."

Letters To Santa Claus

Dear Sandy Claus,
Pwease bwing me a tall, dark, and handsome man with at least 2 million bucks.
Lovingwy yours,
Maudie Laney.

P.S. I dont insist on the tall, dark, and handsome but I'll divvy the "noot" with you on his delivery at my Christmas tree.

Dear Santa Claus,

I'd like very much to have a nice, sharp, razor blade to cut the throats of afew journalists who always put my name in the gossip columns. Do you suppose is could be arranged? It really isn't a terribly large thing to ask for, is it?

Patiently waiting,
Puffy.

Dear Mr. Claus,

I would like the following for Christmas,
(1) one formula for eating a chicken sandwich without losing any teeth.

(2) a better variety of odors, especially those that everyone likes such as Hydrogen sulphide.

(3) a lesson in juggling (preferably one dealing with croquet balls) as thus far all I've done is drop it on my students' toes.

(4) a chalk-dust remover so I can leave my class, looking less like a chalk-dust eraser.

Respectfully yours,
Charles Thiebaud.

Santa Dear,

I would like very much to have a handsome boyfriend (in a uniform) for Christmas. This is little to ask for, so please don't forget me.

Yours truly,
Wilma Jean Dean.

Dear Santa Claus,

I would like very much to have a permanent ball and chain in the form of Shirley Ann Gay. Big, blue eyes, blondish hair, etc. If you will grant me this on desire, I'll promise to stop running around the halls at school so much.

"Chuck"

Dear Santa,

Please keep "Chuck" for me. Don't leave him at any other's tree while I'm in Georgia.

Shirley Ann

Dear Santy Clause,

Pweeze bwing me Earl Majors and put him in my little sockie for Xmas. I'll be weal good to him.

Thanks so much,
Helen Glaze

Mr. Claus,

Listen, slug, you'd better cart a nifty little brown-eyed brunette along on this trip or it will be your last. She must be able to do the rumba as well as she used to, and about all, must be very short, say around five.

Waiting,
Merle Hadlock.

Dear Santa,

I would appreciate it very much if you would bring me some one to take to the dances. I am really very nice to get along with when you get to know me.

Sincerely,
Joyce Henney

Dear Santa,

Please make Bob Coulter forgive me for going with other boys because I really try hard to be faithful to him. I'll be real good if you'll do this.

June Mardelle Lowe

Dear Mr. Santa Claus,

I'd like to have Bill Graue pay a little more attention to me instead of having so much fun at debate tournaments.

Yours,
Madlyn Osterfelt.

Dear Santa,

Please bring me more debate tournaments for our school to enter. We always have so much fun. Don't debate about this.

Earl Majors

Dear Santa,

Please bring me a pair of black silk pajamas with big, red, pok-a-dots in them, and a bright red necktie, and some socks with orange, and green, and yellow and blue, and purple stripes in them. You see, Santa, I'm just timid, little boy who likes nice, soft colors. You can also bring all us speech kids lots of soap to keep our hands clean when we move into our new speech room.

Bill Row.

Dearest Santa,

If you would only drop a note at the Sig Tau house and notify Sonny Diell of where I live, I would be more than happy.

Longingly,
Virginia Pigg.

Dear Santa,

Please just keep Maxine Douglas in Kansas City and leave Joe Friend in my stocking.

Edna Mae Price

Santa Claus,

If you are "the children's friend" as I have heard, please bring me another camera so I can get some more pictures of those bee-outfit girls.

Yours truly,
Harold Doty.

Dear Santa Claus,

Surely Santa, you know how I need some new musicians in my band. So-if you please, old fellow, leave seven GOOD musicians at my house for Christmas.

Yours truly,
Paul Resler.

Dearest Mr. Claus,

I have heard many times how wonderful you are and I am intending to let you prove it to me. Please keep Phyllis Morgan away from Charlie P. for a short while. She has had him long enough.

Hoping
Mary Kuebler

RATES FOR "WIDOWS" AT HOLLY'S STUDIO
Attention!! All "widows" in the journalism classes will be given special Christmas rates on their annual picture at the Holly Studio. In case you didn't notice, this mistake was made in the Holly Studio ad which appeared in the Booster last week. It referred to the journalism "widow" (window) display which the Holly Studio had for the Coal Festival. Some well-meaning journalists left out the 'n' and this was the result.

Missourians Prove Too Tall for Locals; First Defeat of Season

Coach Molly Matthews' tall basketball cagers handed the Dragons their first defeat of the season last Tuesday night on the Neosho court.

Height and excellent shooting ability by the Missourians proved too much for the Hoffman cagers. Outstanding for the Neoshoans were Mitchell and Ayers, star forward and guard respectively.

Waymon Edwards and Ned Tryon led the Dragons scoring with eight points credited to each. Edwards played the whole game despite an arm injury.

This was Pittsburg's first defeat of the 1935-36 campaign after victories over Columbus and Fort Scott.

Baseball Men Talk

Many Attend Premiere of National League Picture

"The National Game," a motion picture of baseball, was shown last Monday night in the high school auditorium.

The American Legion band, under the direction of Gerald M. Carney, gave its first concert.

Several baseball men were introduced and made short talks. They were as follows: Ray Mueller, of Pittsburgh Pirates; Joe Becker, business manager of the Joplin Miners; George Barr, National League umpire; Runt Marr, scout for the Detroit Tigers; Fred Mayer, playing manager of the Joplin Miners; and "Bud" Arlitt, manager and first baseman of the Carthage Pirates of the Missouri-Arkansas League.

Bowling

Bowling in a doubleheader last Monday night. Bozick's split their two game series, 2-1, 0-3.

In the first game White and Scates bowled in a plenty hot fashion to lead Bozick's to a win over Mulberry. Cherokees, both having 204 single line scores. Scates was high for series to total with 575.

The second game was not a credit to the masterful performances of the first game and the Bozick lads dropped three straight to Eagle-Cherokee. Scoring honors went to Hoffman of Eagle-Cherokee who had a 226 single line and 568 series total.

Hi-Y Baskets to Poor

The local chapters of the Hi-Y have completed plans for providing Christmas baskets for needy families. Each chapter is cooperating in this benefit affair, by contributing to the Salvation Army, baskets of staple foods.

Special Meeting Held

A special Pep club meeting was held after school, Thursday, Dec. 15. A short talk was given by Principal J. L. Hutchinson. The subject of sportsmanship was brought up and discussed at the meeting.

Meet Jubilesta Queen

Six debaters were sight-seeing in the Union Station in Kansas City last Saturday night when all of a sudden they happened upon Irene Brannum '38 returning home from her trip to Europe. Evidently Miss Brannum had a larger reception than she expected.

Football Tactics Win for Invaders

'Bloody but Unhower' Losers Unable to Cope With 'Single Wings'

Led by Arkie (Bigboy) Hoffman, the junior high faculty team thoroughly trounced and ran over the senior high faculty quintet, 28-12, in a game Thursday, Dec. 15, after school.

Using a style of play similar to the single wing in football, the junior high gang came from behind in the first quarter never to be headed again.

The game was marred in many places by rough tactics and the referee had to stop the game many times to quiet the melee. Lundquest was caught once making faces at Dan Tevell, but was not penalized because of his age.

High-point man for the high school team was Claude (Biologist) Huffman, who scored six points. He was closely trailed by Snodgrass, who played a floor game typical to that used by wrestlers. Also outstanding but seldom able to hit the hoop were White and Thorpe.

The game ended completely out of the referee's hands with both teams slugging toe to toe.

GIRL'S SPORTS

Girl's in the physical education have been building pyramids. The hog piles are especially popular.

Basketball activities will begin after the Christmas vacation.

Miss Helen Lanyon, physical education instructor, has received an invitation to bring a group of girls to Columbus to participate in the basketball playday to be held there on Jan. 12. Miss Minerva Cheshire is the sponsor of the playday.

Further details will be published later.

The girls' intramural basketball tournament will begin after Christmas vacation. All girls interested in participation may give their names to their homeroom teachers. If there are not enough girls in each room for a team, several rooms will be put together to make up one team.

There will be two brackets. Losing once puts the team in the consolation bracket. The losers will play losers and the winners play the winners. One loss eliminates the team.

"Lady in Red" is a new room at the PHS. It is a room where the girls can go to get their hair styled and make-up done. It is a very nice room and is very popular.

"My, my some class!" are the remarks heard after pupils have seen her. Students from every room in PHS rush madly in to see this glamorous "lady." She wears a flashy red bonnet with a red feather in it. She is clothed in a dashing red dress with a beautiful blue and red plaid shawl to match. She wears glasses but this does not mar her beauty however. Photographers and reporters take up most of her royal highness' time.

She is quite a striking picture. Am I keeping you in an agony of suspense? Well, may I present her majesty "Lady Goose." P. S. She loves to have visitors. Boys, here's your chance.

Discuss Plans

Members of the safety club held a meeting 12:10 p. m., Friday, Dec. 9, under the supervision of Bruce Washburn, temporary chairman of the group. The time was spent in discussing plans for organization of the club and in reviewing a small booklet on safety.

Sport Gossip

Altho' the high school band will not get to perform in the new gymnasium this year, they will have a large band-box which will accommodate an 80-piece organization next year and the members should furnish plenty of pep for the basketball fans in the years to come.

Speaking of pep, the high school pep club has been furnishing plenty of that old "spirit" at the home basketball games. The new uniforms which the "Yell Artists" wear are about the classiest things that ever hit the high school.

We understand that Coffeyville has purchased new playing clothes and warm-ups for their basketball team. I wonder (and I am not alone) why the Dragons don't wear their new equipment. They would be the best dressed team in the league if they would drag out the new Purple and White (jockey satin) warm-ups. It is an old saying that "clothes don't make the man (or team)," but they will surely make a good man (or team) look better.

We were glad to hear of Ray Mueller's transfer to the club of the Pittsburg Pirates as No. 1 backstop. Ray was captain of the local high school quintet under Coach Charlie Morgan.

Mueller Goes to Pittsburgh Bucs

Former Dragon Athlete Goes From Boston Bees in Big Deal

Ray Mueller '30 was traded to the Pittsburgh Pirates in a deal which sent Al Todd, veteran catcher, and Johnny Dickshot, utility outfielder, to the Bees along with a "considerable" bundle of cash was the consummation by the Pirates in the current trading season.

Mueller began his baseball career on the Pittsburg, Kas., sandlots and played with Harrisburg of the New York-Pennsylvania League, a Bee farm, from 1932 through 1934. Recalled by the Bees, he was farmed out to Knoxville of the Southern Association in 1936 and returned to Boston in 1937.

Mueller is a product of the Pittsburg sandlots, having played his first semi-pro baseball with the old Kansas City Southern team while in high school here. Mueller also was one of the high school's football and basketball stars while in high school.
