THE CONCERT BAND

The Kansas State College Band is a select group of sixty musicians dedicated to the presentation of the best in band music. Personnel of the band includes students from many departments of Kansas State College. It is not necessary to be a music major to play in the band, membership being based on individual auditions. Many of the band members also participate in one or more of the other performing groups in the Music Department.

Besides giving its regular concerts, this band plays for convocations and for spring tour programs. In smaller groups, it makes up Pep Bands to play for college basketball games.

THE MARCHING BAND

This unit is a regular feature of Kansas State College's football games. A well-regarded group, the band performs varied and intricate maneuvers at half-time.

Membership to the Marching Band is open to all students with high school or college marching experience. Last fall they performed at Ft. Hayes State College during the half-time show of the Ft. Hayes-KSC football game.

THE ROTC BAND

This organization is a unit of the Military Science Department. It performs for military drill periods, parades, honor guard, retriats, etc. It is open to all military science students by audition. For several years this group has participated in the Mardi Gras Parade and has won several top ratings.

THE WIND ENSEMBLE

This group of approximately thirty-five musicians is selected from the concert band. They perform annually for the Fine Arts Festival and specialize in performing contemporary band originals.
