Tuberculin tests were given this week to the Junior and Senior High Schools. As a result of these tests many students showed their physical condition. A number of students passed out not from the pain but from the nauseation. These tests are proving helphful and we wish to thank Dr. Cox and his helpers very much for their time and

John Ferguson was a visitor to PHS the other day. John is a graduate from PHS. He is now flying in a Ferry Command and has been practically around the world since 1939. We are proud to have these students remember our school and return to see it. Good luck always, John.

This has been a very busy week for a number of us. The track meet Tuesday took many students from school. The State contest today excused a few. So with Spring around our activities are increasing. Let's see what a good job we can do with our studies and also keep on the bright side by having

Again don't any of you girls and boys forget that tonite is the annual Sadie Hawkins dance. The girls are asked to kindly take part in all our dances. Let's not see one person sitting out any of the dances or any one sitting around looking glum. We are all going to have a wonderful time so don't miss out on one of the best times of the year.

An assembly today in which many of the talented PHSians participated was punctuated with corney jokes and tunes.

Tonight in the RJHS gym will be held the all school Sadie Hawkins party with fun for all. There will be games and frolic with something new in all school parties, wrestling matches. Apart from wrestling will be dancing, and games in the game room. "Ab" Sells and his Blackfriars will play for the dance.

Judges will again select the boy with the longest "peach fuzz" and the student with the best costume. Students will be admitted with their activity tickets.

Carol Price, Baton Twirling; Jean Cremer, Baton Twirling; J. T. Gardner, Cornet; Vada Allen, Clarnet; Frank Burch, Flute; Lewis Hanes, Baritone Horn; Mary Garrison, Xylophone and Laura Belle Rush, Soprano.

PHS Twins In DAR Contest

Each year the D.A.R. holds a State Garment Contest and the winning garment from each state is sent to the National Contest held this year in New York City The Kansas Sate Contest was held at Wichita.

Eva and Neva Evans entered identical shirts and blouses to be judged, but it was decided that only one shirt and one blouse could be entered. The skirt and blouse won second place but it's a case of mistaken idenity as to whose garment won. Superintendent Tells Views On PTA Conference

"Attendance was unsually large Child Health Day at the Parent-Teachers meeting held in Topeka, Tuesday through Thursday of last week", said Supt. Howard D. McEachen. "The meetings were held in the municipal auditorium. Five women representatives of the local PTA groups attended the convention. They are as follows: Mrs. W.M. Bill, Mrs. Harry McClanahan, Mrs. Albert Batten Jr., Mrs Ross Parmenter, Mrs. Basil Hennigh.

The theme was "Opportunities Are Responsibilities" Rev. Orlo Choguill of Emporia spoke with reference to the juvenile delinquency problem. He cautioned the listners lest they create problems by placing emphasis on delinquency.

On Wednesday a group of individuals working with youth in fields other than education conducted a panel discussion upon the subject. "To Work Together More Effectively".

At the banquea held Wednesday evening five hundred parents and teachers attended. One hundred and fifty were turned away at the doors. Dr. Kenneth McFarland superintedent of schools in Topeka spoke at the banquet. He pointed out that emergencies do not make great pople, but that great people are made little by little day by day and are ready when the emergencies arise. He said, "We should not throw away the rule book simple because we unable to understand the conditions today."

evelt has designated May 1, as Child Health Day, for the purpose of discussing measures for the building of buoyant health and valiant spirit in all boys and girls of this country. Youth groups through-out United States are urged to discuss various phases pertaining to these purpose. In past years adults have carried

out Child Health Day campaign, but this year a new plan has been adopted in which the youth of the country are advising what should be done to protect health in homes and communities. These ideas are to be brought forth in special meetings called for the purpose of discussing this vital home-front

Leader in this movement have out-lined topics to be discussed by youth groups. These include Food, Housing, Fun, Exercise, Safety, and Help From Others. Questions concerning proper food in schools, victory gardens, food waste, and other problems dealing in food conservation are to be discussion in the Food group.

In each separate division questions are outlined for the convenience of the group. Interested persons may select as many topics as they see fit, but is advised that this be limited to three or four.

Young people of the community are not asked to attempt to solve the total health problem of the community, but only to make suggestions for improvements which will make healthy and happy living for young people in war time and afterward...

Faculty Checks Students Excuses

The effect of tardiness of a student upon his grade is determined by the teacher, who follows her individual policy. Calls are frequently made to check upon the integrity of the student and the truth fulness of his excuse.

Students frequently place the blame for both absence and tardiness upon their parents. Admits are issued by Mrs. White,

Miss Stephens, and Mrs. Adams. V ...-Fourteen Drop School: Six Enroll This Semester

Four students have enrolled in PHS since the beginning of the second semester. They are Robert Shields, Dorothy Ford, Peggy Lou Roderic and Betty Cotsman. Two have re-enrolled. They are

Bob Braodhurst and Lillian Evans. Fourteen have dropped school to go to the armed services or other reasons. They are Dean Hall, Norman Hollaway, Tenbrook King, Kenneth Moger, Roy Seal, Earl Walker, Lela Beachetter, Klerth Allmon, Bob Hull, Elmer Sinn, Charles Stonecipher, Bob Murray, Jack Hutto, and Elmer Wisecarver.

Pittsburg High Offers Accelerated Program

Pittsburg High School administrators are working out a plan whereby next years senior boys who will be eighteen before the end of the first semester may graduate at that time by taking a unit and a half at the college this sum-

In commenting on this problem, Mr. Green went on to say, "The present junior boys next year, senior who become eighteen before the end of the first semester of 1944-45 will be given the opportusemester. They will be able to do this if they go to summer school and take a unit and a half of school work. Ordinarily students who go to summer school can only take one unit but we are recommending this that college high allow these

boys to take one and a half units. Mr. Green went with a smile to explain that there were eight boys who will have to get their credits before the end of the first semester of 1944-45.

There are four boys who will be eighteen before the next school term. These boys will not be able to finish their high school work. There are also twelve boys who are going to be eighteen during the second semester of 1944-45.

It is hoped that it will be possible for these boys to get their credit. If they have attended twelve weeks of school in the second semester, and have been doing passing work, they will be considered a high school graduate. V ...-

Their Doing It YOUR STATE

Kansas is one of the prairie states, and almost its whole surface is a gently rolling plain, with occasional rounded hills which never reach greater height than five hundred feet above the surrounding country.

In the east the plains are a part of the central prairie region; in the west they are of the great plain which forms one of the steps toward the Rocky Mountains. One does not realize as he travels that he has risen 3,000 feet. The lowest point, 725 above sea level, is in the Verdigris River Valley, in the southeast.

The northeastern part of Kansas lay ages ago in the region of glaciers and, like all other glaciated areas, it has very rich soil. The soil througout the state is chiefly loan of various types, and exceptionally fertile.

Kansas has a number of rivers some being small tributaries of the Arkansas and Missouri riers. They are the Walnut, the Pawnee, and the Little Arkansas, the Marais des Cygnes, the Verdigris, and the

It may be a trinket, a gadget or a gift which no longer has any value or interest to the owner. The "white elephants" donations are wanted in connection with the prom entertainment. The trinkets and donations brought by students will be given as prizes in games such as old favorite "bingo". Anything anyone is tired of, from a mouse trap to a grand piano, is a "white elephant" and the committee will accept it. Incidentally their gym floor is to be decorated as a south sea island atoll.

What I'm Doing To Help Win The War-Virginia Million won third prize in the poetry division of the Booster literary contest:

I am an American through and through, And I am certainly proud of the fact, For my country has so many qualities That all the other countries lack.

I have my freedom of religion, liberty, and speech And all the other things I wanted before, And just to preserve and protect those rights, My country is engaged in a war.

Yes, now my country is engaged in a war, It just isn't like it used to be, It's having to call upon us for help, Just ordinary people like you and me.

Oh, I thought that I was too young to help, Just as others thought they were too old, Until the blue star in the window next door, Automatically changed to gold.

Johnnie who lived next door to me, Was my best friend before, But like many other boys I know, Is resting now, bearing the honors of war.

And now, that he's gone, There's nothing that I can do for him, Except help to protect all his buddies, And help bring them back, safely, again.

They are all in there one hundred per cent, Doing all they can do, And I am working along beside them, Helping the Red, White and Blue.

I'm doing a part in helping win the war. And yet, I'm getting an education I go to school during the week, And work through week-end vacation.

I'm not old enough to work in a war plant, Or join in the service plan, But I'm helping to release others; Men and women who can.

What A High School Student Can Do To Help Win The War

This essay, written by Alice Comstock, won third prize in the literary contest sponsored by the Booster. The second prize winning essay will be printed next

What can a high school student do to help win the war? Many students all over the country are asking that very question. They want to do their small bit toward the war effort but are not sure what that small bit should be.

A high school student can do many things, but the most important is to stay in school. That is where he belongs. While in school he should apply himself as best as possible and be thankful that he is allowed to attend school.

Others believe that their education is not important. They believe they should quit school and get a job thus helping the man power shortage. It is believed better for a student to have a part time job and also to continue his school work. Many high school students in a district near a war plant work a short time every day. Students also are clerks in stores, soda jerks, and participants in other parttime jobs.

A high school student can invest to his utmost in war bonds and stamps. Instead of stopping at the drug store and buying a "coke", he can save his nickel for a war stamp. Instead of buying that "darling dress" for Easter, she can invest the mony in a war bond.

There are also the little things such as conserving electricity and fuel by using only necessary lights and by not overheating the house. Walking to school, town, and church conserves not only rationed gasoline but precious tires. A high school student can also help by seeing that he is physically fit at all times.

If every high school student in the United States would do these and other simple things, the high school students would play an important part in helping win the war and in promoting world peace.

Pittsburg's track season got off to a none too spectacular start with the defeat at the hands of Columbus. The Dragons weren't too "track conscious" anyway. Weather had prevented extensive practice and some weren't in too good a condition. Maybe PHS will turn its attention to a little baseball or softball. It has had almost every other sport this year with football, basketball, track, and wrestling.

Pittsburg tracksters had a bit of tough luck last Tuesday on a couple of races. Bob Schwanzle turned his knee on the last hurdle and was unable to finish the race. He also had a long lead. Johnny Glaser had a comfortable lead in the high hurdles when he hit the last hurdle... Joe Urban was ineligible to participate in the javenn and Jerry Rodgers did not participate. Joe threw the Javelin just messing around and beat the first place winner by ten feet.

RULE I High School Eligibility Rules

Outside Competition Sec. 6. Any pupil who, after as a member of a high school athletic team, participates in an athletic contest as a member of an outside team, or takes part in any other outside organized athletic competition, shall be ineligible for the high school team for the remainder of that season.

Interpretations 1. This preents a pupil from participating in any athletic contest as a member of an outside organization during the season he is participating on a school team, whether in the same sport or not. A game is a game is a game and if he is a competitor on any other team except that of his own school he becomes ineligible for high school competition. Practice games or or scrimmages played under game condition are the same as any other

contests. 3. This does not prohibit a pupil from competing on a special team within the high school, such as Hi-Y, Future Farmers, etc. However all members of such teams must be bonafide high school pupils and eligible according to the rules of

the Association. 3. In baseball, tennis, golf, or other games that are played during both the fall and spring seasons, with aseason between during which one pin. For the high single line Jamie-Boy Ludlow broke the league record for the second half of the league with the score of 223. Everyone knew he could do it so it did not come as a surprise to anybody "Duck" Overman took a very poor second place with 167, Billy Brumbaugh was terribly scratchy and as

a result took third place with 166. For the high boy double line, I'll bet you can't guess, that's right, it was Jamie-Boy Ludlow with the amazing score of 383. Duck Overman along with his ball rolled a 332 for second place. Blaine Walker amazed the public by scoring a 310

for third place. For the high girl single line "Sally" DuBois succumbed to Katie Pryor's bowling and her charms and as a result only got 119 for second place while Katie was getting a measly 185 for first place, Maurine Monson was exceptionally hot and rolled 98 for third place. Katie was unfairly given a 185 handicap, but in spite of this, the Wolfettes won over the Slickers. Bertie De Freese is a new V.12 added to the Wolfettes ranks.
