# THE BOOSTER

Dance  
At The Ball

VOLUME XXV.

PITTSBURG, KANSAS, MARCH 29, 1940

No. 24.

## Headliners

Gene Coppedge

For the first time in the history of the school, we will have our King and Queen installed with a coronation ball. Much of the credit goes to "Jumping" Gene Coppedge. For the story, cast your eyes at the front page somewhere else.

Kenneth Hunt

● A home-made diving helmet landed Kenneth Hunt the job of secretary of the Junior Academy of Science last year at K. U. Today, he is in Wichita busily writing down the procedure of the budding scientists. Elsewhere on this page appears a story about the convention at Wichita.

● This generation has not yet forgotten their parents. Lauretta Ashline reaped great dividends for the tribute she gave her mother. Her poem "Mother" will be published in "We, the People," a book of outstanding literary work of the year.

● That girl from the South has turned tomboy. Shirley Ann Gay as Terry "Growing Pains" makes a first rate one. Adolescence are crazy things. Proof of this can be found in Bill Graue's antics as George. Terry's brother. For the story of the play see page one.

## Will Go To Ft. Scott

The Pittsburg tracksters will journey to Fort Scott for a track meet with the Tigers on the afternoon of April 2. The Pittsburg squad has many veterans returning this year. Bill Poland, senior, will run the 440-yard dash while Donald Patrick is looking good in the mile run. Both boys placed many times last season.

George Aherns is running the hurdles again this year. He should give the team much assistance. Bob Friggeri and Tommy Askins will lead the Dragon dash men.

Jack Broadhurst is looking good in the division of high jumping, while Harry Bradshaw will do the broad jumping.

Petroski is expected to be the outstanding Fort Scott trackster. He runs the half mile. Joe Gray, sophomore, and Clifford Gregg, junior, will be out to stop him. Tommy Shultz is being depended upon to take the weight division. Last year Pittsburg placed first in the SEK-League while Fort Scott was well down the list.

## Forum Club Hears Hitler

The group was sitting around a small machine. No one made a sound except a voice, and it sounded like Hitler, was coming out of the machine. "Gee," breathed one of the group to another, "is that really Hitler?"

"It sure is, and we have more records of other famous men to listen to. All of these speeches were made before the war in Europe started," said another boy. The Forum Club met Wednesday to hear recorded speeches instead of their regular discussion.

## Several Students Enter Contest At Chanute

With memories of the many great silver-tongued orators in their minds, the P. H. S. speech and dramatics voices will ring forth in all their eloquence at Chanute tomorrow.

"Let's Be Different" and "The Census" are the titles of Al McClure and Charles Davis' after dinner speeches. Entries in declamation are Margaret Agnes Naylor and Shirley Ann Gay. Their selections, "Humoresque," and "The Tell-Tale Heart," won the preliminary contest held in the Little Theatre, March 20.

Harvey Lanier and Al McClure are entering in standard oration with the selection, "The Big Parade." This oration won the Interstate College Oratorical in Kentucky in 1935. An original oration, "Is Our Education of Any Value?" will be given by Dean Amick. Naida Chandler is also entered in this contest.

Entrants in extemporaneous speaking are Jane Pratt and Georgeanne Switzer. Their subject is the various phases of the neutrality question.

"Last Flight Over," a play in one act, is being entered by the speech and dramatic classes. Participating in the play are Jane Pratt, Anne Caroline Keck, Jack Collins and Gene Coppedge. Plans are being made also to enter an original radio play by Dan J. Tewell, speech and dramatics teacher.

No awards or place ranking will be given in these contests unless three or more S.E.K. schools enter in each contest. In this case, the contest will be classified as an S.E.K. speech contest and ratings will be given the individuals. Otherwise, ranking will be on the basis of highly superior, superior, excellent, good, fair, and poor.

"This is the first time that P.H.S. speech students have entered a contest of this type," asserted Mr. Tewell, "and even if they don't all place high it will be a good experience for them."

## Announces Contests

The Patriotic Instructor of Circles is holding an essay contest for juniors and seniors in the high school. "What America Means To Me," is the theme of the essay.

The members of the committee whom the Circle may appoint will judge the essays, and the essay that is considered the best, in the opinion of the judges will be forwarded to the Department Patriotic Instructor, who will judge the prize essays from the circles.

The essay that is judged the best by each Department Committee in convention assembled is to be forwarded by the Department Patriotic Instructor or to the National Patriotic Instructor. Likewise, the prize essays sent to the National Patriotic Instructor will be judged by a committee at National Convention.

The essays will be judged on the following basis: pataote fervor, 35 points; originality, 25 points; composition, 20 points; neatness, 20 points. The award for the first prize is fifteen dollars and ten dollars for second. All the essays must be completed before April 1.

## Speak To Leeka's Class

"Tuberculosis is the price one pays for the way he lives," declared Mrs. E. A. Massman, field agent for the Kansas Tuberculosis Association, who spoke in Miss Leeka's home living class last Thursday morning.

Good health is a priceless gift that everyone wants. Fresh air, rest, proper diet and sunshine are essential for good health. Tuberculosis is attributed to a germ, not heredity, as some persons think.

Our responsibility is to help those who have tuberculosis and prevent others from having it," Mrs. Massman concluded.

Mary Ramsey had the program for Thursday in Mr. Briggs' home room. Friday, Frances Ryan talked on sports.

Having finished the Civil War before the Easter vacation, Mr. Briggs' American History classes began the reconstruction period.

The fourth hour French class is reading *Colomba*, a novel dealing with the feuds on the island of Corsica.

## Exhibit Art at Roosevelt

Can you name all the pictures painted by DaVinci and recognize a number of good pictures at sight, to describe them, to be familiar with the artist's names, pictures and style? It is your chance to show your appreciation of art as studies in our school today.

The desire to know good pictures may be realized by visiting the Exhibits of Fine Art Prints which will be on display at Roosevelt Junior High School, Tuesday, Wednesday, Thursday, and Friday, March 26 to 29, in room 201, starting at 8:15 and lasting until 4:30. The admission will be ten and fifteen cents.

## Musicians Attend Festival At Joplin Today

Today the orchestra and mixed chorus journeyed to Joplin, Mo., to attend the second annual Joplin Junior College Spring Festival. The chorus left this morning by bus and returned at noon. They gave Tchaikovsky's "Pilgrim Song," and "Prelude" by Roland-Cain at the High School auditorium.

The orchestra, leaving at noon by bus and private cars, will play the "B Minor Symphony" by Schubert, and "Merry Wives of Windsor Overture," by Nicolai. Their performance will take place at the Memorial Hall.

The soloist who made the trip yesterday were assigned rooms at the Junior College. "The Meistersingers," the Junior College choral organization, will hold open house for all visiting students at the Junior College auditorium this afternoon. Dancing and other forms of entertainment will be provided.

The evening program will be of a clinical nature of particular interest to conductors and their advanced students. The critics will appear and discuss their findings after three days of observations. The aim of the clinic is to give the performers or groups every possible constructive comment and advice which will make for better artists.

The soloists who made the trip yesterday were Harvey Lanier, Jack Barber, Frank Freeto, Robert Friggeri, H. B. Cheyne, Zoe Wilma Baade, Evelyn Massman, Don Schwab, Lois Williamson, Helen Otto, and Virginia Lee Davis.

## Tennis Elimination Held

An elimination tournament is being held in the tennis spotlight in PHS to decide which performers will compete in the school team. Ellsworth Briggs, coach of the team, expects to use about seven or eight boys on the squad.

This tourney will be played in two divisions, a winner's division and a loser's division. Those who lost in the original bracket, compete with other losers in the consolation brackets. This gives each boy more chances to show his worth.

The tourney games are played either on the Lakeside courts or on the College courts. The players turn in their scores as soon as they finish their games and these are recorded on the brackets according to win or loss. So far, Ozbun, Timmons, Lemler, Waltz, and Graue are leading the winner's division.

## Proposes Study Of Honor Letter

There has been no action taken this year toward working out a plan for the awarding of the honor "P." Some action was taken last year but it was never carried out, according to a statement by Mr. Hutchinson, Tuesday evening.

It has been suggested that a committee and a subcommittee, composed of teachers and students, be installed to set up a tentative plan. No honor "P's" could be given this year as there is not enough time left in this school year to work out a plan and count up all the points.

"The program should have a thorough study before any action is taken to make out plan out and it will take some time for this to be accomplished. Also, the plan should be a definite one which would not be altered each year," Mr. Hutchinson asserted.

## Music Concert Will Be Given Next Friday

Soloists for the annual music concert next Friday night are Helen Otto, soprano; Mac French, tenor; and Bob Akcy, baritone.

The concert which is an annual event of the music department, will be presented in the High School auditorium Friday night, April 5. It will begin at 8:00, and admission is to be fifteen cents for high school students and twenty-five cents for adults.

The concert will open with the overture, "The Merry Wives of Windsor," by O. Nicolai, played by the orchestra. Among other numbers by the orchestra are "First Movement" and "B Minor Symphony" by Schubert, "Country Gardens" by Graingens, and "Victor Herbert Favorites" arranged by Sandford. Helen Otto, Mac French, and Bob Akcy will sing solos with the last mentioned.

The Girls' Glee Club will sing "On the Stupe" by Gretchaninoff, and "Pierrot" by Andrews. The Boys' Glee Club will sing "Come Where My Love Lies Dreaming" by Foster, and "Song of the Jolly Roger" by Candish.

"Listen to the Lambs, by Dett, and "Prelude" by Ronald, will be sung by the Mixed Chorus. These are all numbers that will be used for the contests at Chanute and K. S. T. C. This concert is being given to help finance the trip to the Chanute contest, April 12, and Mr. Carney assures that "every nickel" that is taken in from tickets sales will be used to finance the trip to Chanute.

## Eight Scientist Go To Wichita

Eight members of the Junior Academy of Science went to Wichita today to participate in the state convention. This is held annually in connection with the Kansas Academy of Science. The meeting begins in the morning with programs from the various schools. After the afternoon session there will be a banquet. Group and individual awards are given for the best performance. Kenneth Hunt is secretary of the group.

Those from Pittsburg are: Billy Scott, electricity; Martha Ruth Howard, how to make silhouette pictures, metals, Frank Thogmartin, Homemade Lauretta Ashline, precipitation of rare gun, Don Isenberg, automatic crossing signal, Harold Kerby transmitter-receiver, Billy Albers, radio.

Two years ago when the state meeting was at the college Harold Green won first in individual competition, and the club received third place group award. At that time Bob Akcy was elected president. Last year the meeting was at KU where Kenneth Hunt was elected secretary.

## What are Friends?

Friends! Have you a friend? Is that person a true friend? Would that so-called friend do anything for you that you wanted he or she to do?

A friend, in this writer's opinion, is one that you can have faith in; one who would be truthful if nothing else; one you could have confidence in; one you could have confidence in; one you could trust to the very end; one you could believe.

If there is such a friend on this earth that person is a true friend. Of course, this feeling would have to be mutual.

Do you have a "Pal" that you consider your best friend? Do you always agree with that person whether you really believe that way or not? Do you consider the other persons feelings before your own? If you do, you are near enough to being the so-called friend.

## Will Choose Tennis Teams

Tennis players in PHS will soon have their first meet, after Ellsworth Briggs, coach of the team, has chosen the boys who are expected to compete in this sport. The meet will probably be held at Fort Scott.

Only two players were lost by graduation, Fred Bumgarner and Drury Love, while there are five returning. The five are Bill Waltz, Paul Ozbun, D.W. Cheek, Charles Thomas, and Don Kuebler.

## Calendar Of Events

March 29 ---April 5

Friday  
Glee Club, Band to Joplin, Eugene Field School Operetta, Academy of Science, Wichita

Monday  
Allied Youth, noon

Wednesday  
Forum club, noon

Thursday  
Girl Reserves, auditorium

Hi-Y, groups

Quill & Scroll Election

Friday  
Band Concert, 8:00

Coronation Ball, 9:30

## Hi-Y Athletes To Joplin

The local Hi-Y clubs have selected their entries to represent Pittsburg in the Annual Tri-State basketball, swimming, track and table tennis tournament. This meet is held at Joplin and sponsored by the Hi-Y clubs of that city.

Last year Pittsburg took first in the swimming, track, and table tennis in basketball and second in table tennis. Joplin was runner up in both track and swimming and first in basketball and table tennis. Photography and essay contests were also held, in which Pittsburg took first and second in the photography and did not place any in the essay contest.

Basketball is captained by Bob Johnson, and squad members are Laverne Pelphry, Jack Lemon, Don German, Martin Lee, "Mokie" Edwards, George Pyle, Max Rose, and Bob Sybert. A team of the Methodist church represented the club in last year's contest and ended up in second place being defeated by Joplin in the finals.

Bob Friggeri is captain of the track squad with Don Patrick, Bob Swan, Claude Huffman, Rex Daily, William Moore, Sam VanGordan, and Arnold Boldsrenghein composing the squad. This team will have to work hard to meet the mark set by the team last year.

Paul Ozbun, last year's runner up in table tennis, will head the table tennis duet, with Charles Wheeler making the other half of the team. Swimming, another division in which the local group won before, will be headed by Harry Bradshaw. Herbert Butler, Charles Sample, Bob Goodman, are the remainder of the team.

## Graue and Gay

Shirley Ann Gay and Bill Graue, leading characters in "Growing Pains" are both enthusiastic at being selected to fill these parts in the annual senior play.

Shirley who planned to go to a dramatic school this summer says, "I was never so thrilled about being in a play before as I was this one."

Having had the lead in the Junior play last year and when she was in the ninth grade, Shirley has had experience in dramatics. Bill Graue played opposite Shirley Ann in the Junior play last year.

"I think the play is okay and it'll be a lot of fun," Bill commented.

"Growing Pains centers around the trials and tribulations of the McIntyre family of which Harvey Lanier, as professor McIntyre tries to keep under control.

Charlotte Sparks, as Mrs. McIntyre portrays the common everyday trials of a mother in a real life.

Miriam (Madlyn Osterfelt), Jane (Lorraine Blacett), Vivian (Margaret McCoy), and Patty (Naida Brannan) are the usual high school girls, who scheme and worry over parties, while Prudence Darling (Naida Chandler), the local flirt, has her mind on boys, especially Dutch (Al McClure).

"The rehearsals will get under way next Tuesday giving us plenty of time for practice before the play, April 26," Mr. Tewell, director, stated.

## Coronation Ball Next Friday Night Will Be Gala Event

The first coronation ball in the history of PHS will be given Friday night, April 5. At this ball, Queen Barbara and King A. M. will be crowned.

The grand march starts at 9:30. It is to be led by two pages, Mary Margaret Kerr and Martha Ruth Howard. Next are to be the "Ladies and Gentlemen in Waiting," who were the other Purple and White contestants. Following that will be the King and Queen.

Gene Coppedge, master of ceremonies, will give a coronation speech and will afterwards crown the King. The King will in turn crown the Queen. After the crowning, dancing will be started by the King and Queen.

Queen Barbara's gown is to be purple satin trimmed in white that is to have the effect of ermine. Her train is to be nine feet long.

The dance is to follow the band concert that is to be given under the direction of Gerald Carney. The public is invited to attend the ball and will be seated in the balcony.

"It is not to be formal but we hope everyone will dress up," stated Gene Coppedge, business manager of the Purple and White and who is in charge of the Coronation Ball.

## Participate In Tourney At Wentworth Today

Three PHS boys, accompanied by Mr. Dan Tewell, speech and debate instructor, left Thursday to attend an invitational debate and after-dinner speaking tournament at Wentworth Military Academy, March 29-30.

It is an annual affair for the Academy but the first time Pittsburg has been honored with an invitation. Among those competing are the state champions of seven or eight states, the runner-ups and teams with exceptionally good season records.

The tournament is restricted to boys. Bob Akcy, Philip Norman, and Al McClure are representing PHS. The subject to be debated is "Government Ownership and Operation of Railroads." "Let's Be Different" will be the topic of Al McClure's after-dinner speech. Scholarship of \$500 and \$200 will be awarded to first and second ranking debaters. Gold medals will be given to the four debaters in the final contests; also the school winning the round will be presented with a loving cup.

Elimination will be held Friday and the finals, Saturday. "There will be severe competition for everyone," remarked Mr. Tewell.

## Present Operetta

An operetta "White Gypsy," with a cast of approximately 150 principals and chorus members, will be presented by the Eugene Field school in the senior high school auditorium tonight.

Vernon A. Hoggatt, Principal, is director, and Miss Alma Lucas music teacher, is music director. Principal members of the cast are Joyce Jane Roland, Ray Seal, Betty Jean Goodman, Donald Phelps, Buddie Billings Newton, Lippitt, Tommy Anderson, Deloris Sloan, and Alice Gacher.

## Faculty Hears Report

The faculty club met at Mr. and Mrs. Snodgrass' home Tuesday, March 19. Miss Stephens read the co-operative study group report which Dr. Twente of Kansas University and Dr. Diefendorf wrote after their study of this system Feb. 7, 8, 9. Mr. J. L. Hutchinson gave a report on his trip to St. Louis.

Assisting the hostess was Mrs. Lewis, Mr. Tewell, Miss Leeka, and Mrs. John White. The next meeting will be announced later, according to Mr. Thiebaud, chairman of the hospitality committee.

The Southeast Kansas Industrial Arts annual meeting will be held at Independence, April 6. The Industrial Arts teachers of P. H. S. are planning to attend.

## We Think

### School Baseball Should Not Have Been Abolished

SCHOOL baseball has been abolished, but as yet no really important reasons have been made public. Several advances have been made as to some of the reasons: one offered is that the boys are not interested in the program; there is no place to play; and the activity has not proven successful.

Indeed the latter may be serious problems to cope with; but, as to the boys being interested, there should be no trace of doubt in the minds of people who have actually inquired about this fact and observed the many interested in baseball. Without exaggeration, one could say there are at least fifty boys who would be more than glad to play in organized baseball in our high school.

Last year, practicing took place at the Lincoln Park diamond, and, regardless of conditions, there were never less than twenty-five boys out trying to improve their skill. Even if the team wasn't exceptionally strong all the players enjoyed the game and thought that baseball was in to stay as a PHS sport. How badly mistaken they were.

Softball has replaced the nation's most popular sport. Baseball offers a future for the athlete, and if not played for a living, it offers a good method of recreation. Baseball should not have been abandoned.

### We Commend The Americanism Plan of The Student Council

The Student Council has come forward with a proposal that we have a flag-raising program before school in the morning on certain days in order to stimulate Americanism. The Booster wishes to add its approval and commendation of this.

We do not feel that the student body is in any way un-American, but a little flag waving and patriotism never hurt anybody. We feel there is something thrilling about seeing the flag go up and hearing the band play. It always affects us.

But then, too, as with every new proposal, there are some things to be overcome. There are always those who think it is smart to act cynical and jeering when the flag is raised. This student body is no exception.

But in spite of those few, and they are a minority, the plan could be perfected. It is to be hoped that this plan for having a flag-raising ceremony in the morning can be passed in a legal way and started to work as soon as it is possible for the Student Council to do it.

Of course, it isn't merely an accident that the orchestra and the Hi-Y all went to Joplin on the same day.

The Science club is planning a trip to Wichita. Well, boys, if you blow it up, remember to do a good job.

### Seniors Want Honors Letters This Year

SENIORS want honor "P" this year. The plan outlined in last week's Booster for the presentation of honor letters to ranking students is meeting with much approval. This year's seniors, in endorsing such a proposal, naturally feel that if adopted, the plan should become immediately effective to include the class of 1940.

Nothing would be lost by the juniors, if the points earned during the last three years can be credited to them. It seems entirely reasonable that the seniors this year should share in this very commendable plan.

## Party Line

Number please—Give us the students of P. H. S. r-r-i-n-g Hello students—this is B&B speaking over the party line. We phoned to give you some of the latest doings of your friends. If you have the phone up to your ear, we'll begin—

Spring is here, and a young man's fancy should be turning to love—but instead it seems that Denny Davidson is through with it. Or at least that's what Dorothy O'Laughlin thinks. Maybe the love he has had for so long is taking a vacation.

Bob Frank has a new girl friend. She is from out of town. He says she is really cute. Are our Pittsburg girls losing their technique? ? ?

It hasn't been so very long since that dignified senior Ray Trumble went stepping with a very cute little sophie, Doris Vincent. What's the matter "Cutter" don't the senior girls suit you? ?

That quiet little Senior, Luella Lortz, has been going steady with Bill Spence for quite some time. We don't know what anyone else thinks but we would say Bill is a very lucky boy!!

"Talk about a peach of a pair," Yes sir they certainly are. We saw them with our two little eyes. They are Marjorie Hubbard and Art Bicknell. Don't you all agree with us? ? ?

What four sophisticated seniors went for a jolly walk the other night in the moonlight. Would someone please do some investigating and let us know what you find out? ? ?

What is the cause of the lovelight shining in Nancy Soper's eyes? It couldn't be a certain boy from the college could it Nancy? ?

Oh yes!! Kids we have one more thing to tell you before we hang up. Along with spring comes another new couple, Virginia Tucker and Louis Hite. My! Isn't love grand! Listen for our call again next week.

So Long  
B&B

## People

by Ida Louise Rush

You've all heard of the "tan Packard convertible;" but do you know its driver? (Usually the poor Packard is so packed that you can hardly tell who really is driving it!) He's a senior that loves dabbling with his chemicals. (He hasn't made nitroglycerine yet though.) Hoping to be an M.D. someday is his foremost ambition. Now that spring is here, he's most likely to be found playing tennis at Lakeside park. Do you know "Gulliver"? ?

Twins! Hope they don't mind being described together. They're quite famous girls with a story having been printed about them in the Booster at the first of the year. Both are "residents" of Mr. Nation's home room, sit together, and are each other's locker partners. 'Tis said that they're simply "whizzes" in taking dictation and writing shorthand! Their first names begin with "A" and "F".

"A second Ish Kabibble"—That's who he wants to be! Maybe he could get a job with the Ritz Trumpeters too, if he wished. He has a faculty member for a brother or vice versa! 'Fraid this is too simple — three guesses as to who "Little P. O." is? ?

"I'm going to be a detective!" she says. "Find 'em, Catch 'em, Soak 'em" is the thrilling slogan for this world-famous detective agency will be situated on the same site on that "Everyone's a crook, except me." This agency which is created on the proposition which P.H.S. may now be found. (We think it's still here, anyhow) If you don't know "Hedy la Huffman", just ask anyone, they'll know!

### THE COMING OF SPRING

The trees are getting green;  
Grass can now be seen,  
The little birds are singing  
Childish voices ringing,  
All heralding this arrival,  
All cheering this revival,  
It is the coming of Spring.  
"Chuck" Gilliland

## Candid Commentary

Chuck Davis

BOY, DOES YE COLUMNIST FEEL great today. We've been wearing a key chain with the initials C. O. D. inscribed on it. Today H. B. Cheyne came up and took one look at it. "Does that say god on there?" It just shows that you never know how important you really are in the eyes of others.

WE REALLY HAD our heart set on winning that prize wrist watch given away by the Junior Chamber of Commerce for the prize winning essay on their recent hobby show. After all, the swimmin' season is coming on soon, and what is there to swimming the water. We know we've ruined several that way.

WE READ WHERE an X-ray of an expectant mother in Miami, Florida showed she was soon to be the mother of quintuplets. Calling Dr. Kildare!

THE CAMPAIGN UPON which the Booster embarked some weeks ago for an honor "P" is still coming along, in case you didn't know. We selfish seniors would like to see the plan pushed to completion this year. Mr. Hutchinson is fully in favor of it and we can see no logical reason whatsoever for any further postponement of the idea. Incidentally, the Student Council has had the plan "under consideration" for some time. Not sure just how long, but we know they had it last year. Of course, it probably takes two or three years to work such a thing out in the Council. Remember, that the Booster has put forth a workable plan that only needs adoption, IN A LEGAL MANNER.

IN THE READER'S DIGEST this month is a clipping from the Wall Street Journal which points out that while we are prone to speak of the decade of the thirties as a period in which there was no forward activity, there really was and have many things we had not even thought of in 1929. Streamline trains, television, transoceanic air passenger service, fluorescent lighting, plywoods stronger than steel, many plastics are only a few of the more important of the new inventions. Even during times of depression, business and industry forges ahead.

## Borrowed Bits

### TEACHERS PLEASE NOTE

The Beaumont, Texas, high school seniors will not be given final exams if they make passing grades. Say, in the words of one P. H. S. arrival from Texas, "I want to go back to God's country." ? ? ?

The Big Chief of Seminole, Okla., announces that in Big Chief artist's contest a portrait of Charles Boyer placed first over one of Hedy Lamarr. Bet that's the first time Mr. Boyer ever figured, when Miss Lamarr was around. ? ? ?

The moon was high,  
The road was dark,  
A perfect place  
To stop and park.  
I gave sigh,  
I gave a groan,  
I cursed the fates—  
I was alone.

—The Central High Recrod

A professor of Menomone, Wis., has conducted considerable research on blonds and brunettes (as what man hasn't). But his findings were a little different than usual. He reports blonds are positive, dynamic, during, aggressive, domineering imperative, active, quick, hopeful, speculative, changeable, and vanity loving.

Brunettes were found to be negative, static, conservative, imitative, submissive, cautious, painstaking, plodding, slow, deliberate, serious, thoughtful, and specialized. Well, one must admit this is a new type of date analysis. But don't try it, boys, the girl might object to being a guinea pig for your observations of female characteristics. ? ? ?

Some folks think fleas are black  
But I don't think that's so,  
Cuz Mary had a little lamb  
With fleas as white as snow.

The El Dorado Hi-Gusher, El Dorado, Ark. announces the opening of its annual contest of who's who. Each year this event enables the pupils of E.H.S. to select their favorite campus characters.

Balloting will be for the following: Prettiest girl, most popular girl, most popular boy, most handsome boy, best athlete, best dressed boy, best dressed girl, most conceited boy, most conceited girl, boy-crazy boy, most intelligent boy, cutest couple, cutest girl, biggest sissys, biggest baby laxient boy and biggest pest.

They say that an apple a day keeps the doctor away. If so, our teachers will probably need several doctors now that the senior play cast is selected, and the faculty will get no more polished apples.

We read that the Purple and White is planning a coronation ball for the winners of the national election. While they are at it, they might as well go the whole hog and put up the candidate for president. It's quite the thing now, you know.

## THE NEWS IN CARTOON

Staff Artist —Mary Lois Smith,

Mr. Hutchinson has officially put his O. K. on the plan for an honor letter. It shouldn't be long now.

The Science Academy also is in Wichita today. If you hear an explosion, you'll know its them.

### Graduation looms, it is dismal and sad, yet bright and cheerful

In twelve weeks an "event" will take place in the lives of many high school students. It may be looked forward to happily or it may seem grim and dismal to the seniors. The word for it is simple—graduation. But that one word covers "miles."

"I'll surely hate to graduate. Mother and father can't afford to send me to college and I don't have a job so I just don't know what to do." This may be the problem facing some of the students.

Another viewpoint is in the instance where a student has the chance to get a good job but his parents insist that he attend college first because they have set a side the money for his education.

"Oh gee. I don't need to go to college because all girls get married sooner or later and all of my money would just be wasted on education," this is the opinion of some high school girls.

Next, there are the students who have their careers outlined and planned for years to come because they have been looking forward to graduation and now they can have a promising future.

Any one of these and many other problems may confront the seniors. Now is the time for them to begin to save their money for their class rings, clothes, announcement cards, and their pictures.

### Hats Flowers, Birds, Bows Add Much Variety To Spring Hats

Girls! Do you realize just how much the little robin that woke you by that chirping sound under your window this morning has to do with the styles this spring? The great designer have been aware of the little creatures just as you have, and have allowed them to play a definite part in the styles this spring.

Even the lilting bird-notes of spring have been captured in the bird cage perfume. This perfume is very cleverly placed in a tiny bird cage. More birds are shown in a turquoise porcelain, strung on a white card to make a necklace, but most of the birds are shown on the hats this spring.

Hats are designed to give a spontaneous effect of lightness and movement, which is the reason for the gay twisted moire ribbon or deep pleats and folds, sometimes tied with a ribbon or bow as delicate and graceful as birds in flight. These birdlike hats are trimmed with pink and blue birds instead of ribbon and bows.

The sailor type is, also, very good. Hats are showing brilliant flashes of red this year. Ida Louise Rush wears a popular sailor. It is red with a large veil. Red is the top-notch color for spring and summer.

Some of the bonnets are made entirely of ribbon or flowers. Naida Chandler and Madlyn Osterfelt have very cute new bonnets or should we say "top knot" bonnets. They are a solid bouquet of flowers. Naida's being a sleeping blue and Madlyn's being a "rose mist." Many felt "sling hats" are worn way back on the head. They have a rolled brim and narrow band.

The Juniors seem to be having a little trouble in selecting a new cheerleader. If they would merely get an assembly program and have a speech on temperance, it would be an easy job to go through the auditorium and pick out some loudmouths.

When "Swiss Family Robinson" was ship wrecked and left alone on that island, they did alright in providing for themselves. Reminds us of what some girls can do with a little paint.

Mr. Nation's government classes next year will have a true to form election at the time of the national election. While they are at it, they might as well go the whole hog and put up the candidate for president. It's quite the thing now, you know.

A mass exodus started from the high school this morning when the musicians of the school went to Joplin for a contest.

### Wanderin' And Listenin'

"Butch" Coghill, an unsophisticated senior of the Lil' Abner type evidently believes in early Springs. He spends his fourth hour in peaceful meditation with his shoes off. His gay colored stockings certainly brighten up the Foreign Relations class.

Jack Barber either has spring fever pretty bad or else he's just a "yes" man. Nodding his head slowly back and forth, he soon had the whole chemistry class nodding with him.

Several students from Lakeside Jr. High have been coming up to PHS to rehearse with the orchestra for the KSTC music contest. They are Nancy Freeto, Bob Hallman, Maxine Alburth and Mary Cronin.

If you noticed Eugene blushing the other day you were mistaken for Eugene wasn't blushing. (for the moment, anyhow) It was just the way he rubbed the war paint off his face after the play "Dress Reversal". And another thing Eugene's hair stood straight up on his head. Of course, it wasn't stage fright, no doubt, no doubt.

You know the old fable, "If you tell a lie your tongue will turn black." Well, Bill Graue is sticking to his story that Nadine Scavezze gave him some licorice candy, but everybody's entitled to their own opinion.

At last the great secret is out. For years we've wondered and at long last we know why Charles Davis is unusual (?) The great (quarter, please) Davis was born on April 1st. We-e-ll draw your own conclusions.

### Freedom Of Speech

Dear Booster, It seems to me that something should be done about the way students behave during the noon concerts. It looks like if they didn't want to listen they could get up and leave quietly between numbers and not during them.

We would like to know why we couldn't get the honor "P" letters this year if we deserved them until next year?

Four Seniors

I've heard from Ed "Decan" Booth himself, and from others too, that he doesn't like women. Several articles and poems to that effect have been written by the great Booth; and yet still he persists in going with the hated women. Doesn't this seem to you that women have something?

Wondering

## Has Dinner - Dance

Mrs. H. H. Spencer entertained Saturday night with a dinner-dance for two house guests, Miss Margaret Whitehead and Miss Jean Brownley, who are students of K. U. The dinner dance was given in the Swedish room of the Besse Hotel.

Guests were: Margaret Whitehead, Jean Brownley, Joan Veatch, Mary Kuebler, Mary Jane Keller, Mary Nettles, Mary Ramsey, Joe Stevens, Otto Kiehl, Charles Davis, Jack Van Hoy, Jim Marshbanks, Bob Akey, and Charles Spencer.

Mrs. O. H. Smith announces the marriage of her daughter, Jacquelyn Rose, to Norman Edward Finley, Feb. 28, at Lamar Mo. Miss Eulalia Jean Smith, "38", sister of the bride, accompanied the couple.

Mr. and Mrs. Finley are at home at 1114 West Euclid.

Miss Marilyn Sweeney spent the Easter vacation visiting in Kansas City.

## Charles Davis Entertains

Charles Davis entertained with a dinner at his home and, later, a line party Friday night, March 22. Guests were: Margaret Whitehead, Jim Marshbanks, Jean Brownley, Joe Stevens, Charles Spencer, Mary Ramsey, and the host.

Miss Barbara Jean Wolf of Ft. Scott was the week end guest of Madlyn Osterfeld.

Miss Janet Malcolm spent the Easter vacation visiting her sister in Havan, Kansas.

A divinity student named Tweedle Once wouldn't accept his degree.

Cause its tough enough being called Tweedle

## Hair-Oil Prints

### Identify Students

Have you ever wondered what that delicate little headpiece of yours would look like without those treasured locks? If so, the following article may help to satisfy your curiosity.

No doubt, all of you are familiar with the means of identification via fingerprinting, but have you heard the latest P.H.S. report about head-printing? Rumors from Mr. Thiebaud's room state that this method is, however, only in the experimental stage.

This system work on the following basis: Proceed to Mr. Thiebaud's room enter and seat yourself in the back row of seats. Next, place your head against the wall. Incidentally, if your hair is oily, results are much more satisfactory. Allow your head to stay in this position for several minutes, thus permitting the print to become clearer.

After this turn around and view the masterpiece. If you see a well-groomed head printed there, you can be proud! But if the view shows bulges and is disappointing, then maybe this accounts for some of those unexplainable ones on the wall.

In case, you are still in doubt as to the moral of this little tale, venture up to Mr. Thiebaud's room and see for yourself the different varieties of "wall-decorations" that have been placed there unconsciously by some of the "back rowers" of P.H.S.

## Symptoms of Spring

### Appear In Flying Snow

hectic days. My head feels like a barrel, and my poor body just aches all over. Maybe I'm catching the flu.

I looked over my lessons. Three tests. Ho hum! Just another one of these tomorrow, but why should I worry? I'd just as soon make three F's as three A's. I certainly have the teacher's wondering what's wrong. I'm usually at the head of the class, but lately I just sit staring into space.

Susie asked me to her Leap Year Party, but I'm not going. Broke several dates that I already had, so don't have anything planned for the next two weeks.

Even had Mom wondering what was wrong for awhile. But she's recognized the symptoms now. Saw her mixing the sulphur and molasses, and you can guess what that means. Reckon I'll have a spoonful poked down me every morning until this ailment wears off. Oh, Spring Fever! you come but once a year, and when you do, you bring everything but cheer!

## When's a Man Not a Man?

A name within a name! Initials are very often thought of, but looking around we see a MAN—in fact two of them. They come in the initials of Margaret Alice Nail and Margaret Agnes Naylor.

There once WAS a girl who still is—Wreatha Agnes Shultz. Such a character could not MAR, so Margaret Anita Ray's initials deceive.

Do you know ME? If you don't you're missing Marvin Edwards. A HAM is good, even when compared with Harry Alfred Meool.

JAM is usually either a situation or something we eat, but this time it is Jimmie Arthur Myers. Entering the classroom, we see a MAP—but drawing closer we see it is Martha Ann Packard.

We have two CAPs in high school. One is Cecil Albert Perry, the other Carl Albert Pethel. Does anyone want a JOB? If you do, ask J. O. Biggs about it.

Calling all hunters!—Look for one LEG, to you—Lester Edwin Gohr. Here is a JAY, but we won't say jaybird, because it is Jimmy Alexander Young.

To top it all off, we hear a scornful BAH from Billy Al Hazen.

## Inside Dope!

Teachers are funny things, aren't they? Always trying to keep their inner life hidden. But yet, if you look at their bulletin boards you can usually tell what they think and do.

Sometimes when you're passing Mr. Proctor's room, look at his bulletin board. It is covered with newspapers showing various kinds of propaganda.

Now hurry up to the third floor and look at Mr. Thiebaud's bulletin board. In it you will see articles concerning Allied Youth, one of the clubs he helps sponsor.

Right next door you enter Miss Laney's room. The bulletin board is next to the door so you can't miss it. On it you're sure to find a map of France or a scene of some part of France.

Down the hall a bit you enter Miss Gable's room. Her bulletin board is usually covered with the latest styles for girls. Also, you will find Girl Reserve material posted there for the Girl Reserves.

So if you want to know just what a teacher thinks about certain things, just look at his bulletin board and see what it says.

## Speech Students Debate

### In Various Classrooms

Mr. Tewell's speech classes studied argumentative speaking last week by debating in different classrooms. The question for debate was "Resolved: That the United States should cease using public funds to stimulate businesses."

The debates were conducted in the rooms of Miss Lewis, Miss Laney, Miss White, Mr. Tewell, Mr. Snodgrass, Miss Waltz, Miss Lanyon, and Miss Matton.

Some of the participants were Rex Dailey, Margaret McCoy, Clifford Duncan, Daphne Shoup, Evelyn Roebber, Wanda Maier, Harvey Lanier, Eugene Vietti, Elaine Meier, Albert Swartz, Waldo Selburg, Freda Perko, Mary Lois Smith. According to Mr. Tewell, his classes will use the same subject in the study of extemporaneous speaking, with sides and cases being changed.

## Lice Eat Up Type

Did you know that there are actually little bugs in the print shop? (forgetting all printers). There are bugs are called type lice and do not bear any resemblance whatsoever to those belonging to the human race.

These insects are so rare that Mr. Huffman doesn't have any in the biology rooms because they thrive only in the printing department. If you have never seen any of these queer little individuals, Mr. White would be delighted to show you some.

The latest thing out in printing! Our department in PHS just got a new kind of ink. It is striped ink and is used in printing posters. It comes in most any color and is very effective.

We are badly in need of a type shrinker in this school. Of course, you all know the purpose of a type shrinker; sometimes a word is too long to fit on a line and the proper syllable divisions cannot be made. In a case like this, we need a type shrinker.

A type stretcher also comes in handy and is used for just what the name suggests. If you have ever tried to shrink or stretch lead and antimony, you can see why these devices are needed.

## Girls Discuss

### Graduation

Miss Maude Laney, senior sponsor, called the senior girls together Monday, March 18, to discuss the plans for graduation clothes.

There was not a vote taken as to whether the girls would have three complete outfits. As it is customary for them to have three costumes, Miss Laney stresses the fact that there was not a vote taken, therefore, not making it compulsory. The approximate costs were discussed and Miss Laney asked several girls to tell what they have estimated the cost of their clothes to be.

## Great Train Wreck

### Proves Fatal To Dollie

Crash—a jumble of shrieks and a din of voices, and the silver streamliner jumped the track and bounded through the station, wherein were seated several people.

It completely wrecked the little station and severely injured many whose arms and legs and necks were broken. 'Mid the groans of the victims and the tumbling rafters came the welcome sound of the ambulance sirens.

With unusual gentleness and dexterity the wounded were lifted onto white stretchers and taken away to the hospital not far distant.

But what happened to the train? It lay where it had fallen, completely overturned 'mid the ruins of the station.

Slowly, a hand reached down, picked up the train, and a voice was heard remarking in scornful tones: "A fine train you are—why, you can't even stay on the track. Just look what you've done to my station; why I used almost all my blocks building it, and you have to go and ruin it!"

Thus the Sunday afternoon wreck of the six-year old's train was ended. True, it had mortally injured the tiny dolls-injured them beyond even the usual glue and adhesive repair.

Such is life on Sunday afternoon when all the toys, dolls, blocks, and games are brought out of the week's hiding merely to be wrecked and totally disabled!

## Easter Loses Meaning

"Oh, I'm so happy to be in the Easter parade, this year. My dad gave me the money to buy a new outfit just to 'shut me up', says one modern Miss of P. H. S.

'The only importance Easter is to her is in the form of new clothes and perhaps, she will go to Church for the first time since Christmas.

To another observer of Easter who may be a boy in high school, Easter might remind him of the masy kind acts his mother has done for him. He may show his appreciation by giving her an Easter lily.

In every high school, there are students who remember the true significance of Easter—the crucifixion and resurrection of Jesus. To the majority of people, Easter just means new clothes. But, to others, it brings to their minds all the trials and misery, that Jesus, our saviour, lived through in his last days.

Gerry Lewis, one of our sophomore artists, was walking down the hall the other day to go to class when it suddenly dawned on her that she was going in the wrong direction. Quickly, she turned and ran down the hall to Miss Radell's room arriving just as the tardy bell rang.

## Novelty Pins Add Variety To Dresses And Hats of Girls

Perhaps if you looked around in the halls, you might get the impression that some girls were "kindergartners." For novelty pins of all sizes, colors and types seem to be very popular with P.H.S. gals. At any rate "seniors" or "youngsters" we think they're cute.

Margaret Nail has a small date book which she claims is a very handy article. Accompanying it is a small pencil making the outfit even more complete. For those who have trouble keeping dates correctly, we suggest you use a system similar to hers.

"Hitch Your Wagon to a Star" could easily be Lorene Blacett's motto. Her pin features a small red and green wagon with the handle attached to a large gold star. We're sure you're familiar with that old adage which her pin represents.

One of the most useful of these pins, we believe, is Betty Jean Navarre's "kiss-timer." In case, you haven't seen it, it is similar to an egg-timer but with an entirely different thought behind it. Anyone interested may rent it for twenty-five cents a night.

Mary Lois Smith believes in practical novelties. Her pin displays a pink comb, brush and mirror. Barbara Huffman has installed a dial telephone for her own personal use. In fact, you can usually find it adorning her dress.

Several girls have proven that they are really school conscious. These girls have pins which feature a ruler, a pencil, a slate and a grammar.

## SNOOKIE BARKS AGAIN

Did you ever hear of "Snookie," that smart bulldog belonging to Mardell Mangrum? No? Well, let me tell you.

One night about 1:30, Snooks was in bed asleep, when thieves entered the house. Snookie heard a noise and got up. She went in to investigate. When she saw who it was, she quickly turned around and went back to bed and crawled under the covers.

A little later the police came to check up on the robbery. Again Snookie was awakened. She ran in the living room again but this time Snook barked louder than she had ever barked before, because Snooks knew it was safe to bark at a policeman.

The speech classes are studying debate this week. The question is "Resolved, That the United States Should Cease to Use Public Funds for Stimulation of Business." The classes are divided into thirty-five teams. One of the members of the team takes the constructive speech, and the other the rebuttal. Delivery, platform manners, and debating technique are emphasized.

## Dragon Golfers Meet Defeat At Chanute

The Dragons lost their first match of the present season to the golfers of Chanute on the enemy links. Playing took place under adverse conditions as the course was soft and strange and the mercury was at a low level. Leland Kirk took low score honors for both teams while Ingle of Chanute was only one stroke above him.

Leland Kirk, Fred Turner, and Eugene Vietti won over their opponents but Edwards and Smith dropped their matches.

Kennedy Smith, a sophomore, played his first match under the Purple and White colors, and even though he lost his match, he is expected to be an up-and-coming golfer.

None of the scores was especially outstanding because of weather conditions, but "Pittsburg did the best they have ever done against Chanute," says Coach "Pop" Lundquest.

Player	Points
Turner beat	3 1/2
Chauncey	3
L. Kirk beat	3
Ingle	1
Vietti beat	3
Justice	1
Deay beat	4
Edwards	4
Prindle beat	4
K. Smith	0
Total	9 1/2 10 1/2

## From Where We Sit

The softball program started last Tuesday with eight entries in the league. The circuit consists of three senior teams, three junior teams, and two from the sophomore division. It is being supervised by Mr. Thorpe, former baseball coach.

Harry Stringham and Jack Broadhurst have advanced to the quarter finals in the golf tournament. Broadhurst came up via Thogmartin and Kenney Smith while Stringham defeated Marvin Edwards and Eugene Vietti to gain his standing. Both these boys are ineligible for the teams as Jack is going out for track soon and Harry left school last year on account of sickness and has attended school just six days too many. He ranked fourth in the city tournament last summer.

With weather conditions preventing track workouts the team as a whole is in poor shape for a meet scheduled for April 2 at Fort Scott. Coach Steele, of the Bourbon county lads, asked that the meet be postponed from March 26 to the standing date and it now looks as if the meet will have to be postponed a second time. You fans undoubtedly remember how nice and warm it was at last year's invitational meet held at Brandenburg Field, ole man Mercury was soaring at about 32 degrees.

The local golfers made a fine showing at Chanute early this week but are out to avenge their defeat at Ft. Scott today. Two Juniors, Turner and Kirk, are top notch golfers of the present squad and with several sophomores and freshmen coming up, the future for golf look, exceptionally bright for coming years as well as the present. After the softball teams have finished two games of the first round in it. As a whole the teams are well balanced and evenly matched and good sportsmanship has prevailed throughout.

As little as 50c a week will put a new Goodrich tire battery or Motorola Auto Radio on your car

## Juniors Win Inter-Class Meet

The Juniors copped the crown in the inter-class track meet held this week with 57 1/2 points. The seniors came in second, with 56 points and the Sophomores finished up third netting 50 1/2 points. Trumble, Poland, Broadhurst, Patrick, and Ahrens were the leaders of the Senior outfit. Friggeri, Shultz, German, Gregg, and Velia were high point men for the winning juniors.

Big Red Lottman was the outstanding performer of the meet as he took first in the shot but, the javelin, and in the discus as well as placing in many other events. Joe Gray also made many outstanding feats in the meet as he placed high in many events and along with Lottman was the backbone of the Sophomore team.

### TRACK RESULTS

100 Yard dash.  
First -Trumble-Senior, second Friggeri-junior, third Askins-Junior, fourth Poland-Senior.

Time 10.8 seconds Mile run.  
First Patrick-senior, second Gray-soph, third Gregg-junior, fourth Poland-senior. Time 5 minutes 18 seconds.

110 Low Hurdles  
First Ahrens-senior, second Gray-soph, third Broadhurst-senior, fourth Tucker-junior. Time 13.8 seconds.

Shot put  
First Lottman-soph, second German-junior, third Walton-soph, fourth Ahrens-senior. Distance 44 feet 8 inches.

Pole vault.

## Bowling

Six teams of high school students, three boys' and three girls' teams, were organized during the past week and scheduled to play on Saturday afternoons at the "Y". This week on account of the Easter vacation, the contest was played Friday. The Dragons won two games from the Drag-

onets. Walton had 158 high single and Bradshaw 293 for the series. Pla-Mor and Kansas Cyclones each won one, Lemon had 190 for high single and 302 for the series. Gunners won two from Alley Rats, Sybert had 159 for high single and 288 for the series. Each contest in the high school division consists of two games.

Averages for each student will be kept and a handicap established for each. Tentative plans for an out-of-town match with Fort Scott have been made. An interested in bowling have been invited to participate, Mary Nelson is the sponsor. The scores:

Pla-Mor  
1st 2nd 3rd  
Game Game Game Tie.
