As Youth Symphony Rehearsed

STUDENT performers on the strings are seen in serious practice as the Mid-America youth symphony prepared for the initial concert of the organization Sunday afternoon in Music hall at the College. There have been weekly rehearsals of the combined Kansas - Missouri orchestra preparatory to the concert which will see two organizations in action. There will be one composed of high school student musicians. The other will be of students in junior highs. Many towns and cities in the area are represented. Walter Osadchuk of the College music department is in charge of the program aimed at promoting appreciation of better music. The concert will be at 3 o'clock.

[1967]
