

THE BOOSTER

Dedicated to the best interests of Pittsburg Senior High School

Volume XXXI

PITTSBURG, KANSAS, MARCH 8, 1946

No. 19,

Survey Reveals 'Symphony' First

"Symphony" heads the PHS musical hit parade, as well as the Nation one. In a recent survey, to find songs students would like to sing in a musical assembly it headed the best with "I Can't Begin To Tell You" "Dream" and "Till the End of Time" is close behind.

The Booster staff plans to have the lyrics minographed for the assembly, which will be the latter part of March of the first of April.

Some of the old songs requested most frequently were "Let Me Call You Sweetheart," "Bells of St. Mary's," "Stardust" and "You Are My Sunshine."

Red Cross Projects Due End Of April

At the beginning of the year, home rooms signed up for junior Red Cross projects. These were to be turned in by the end of April. Up to now very few articles have been turned in.

The following homerooms have signed up for projects: Mr. Cromer's home room to make 100 cartoon books; Miss Farner's home room to make 12 card table covers; Miss Fintel's home room to make 20 comic strip booklets and 50 Crossword puzzles; Mr. Huffman's home room to make 100 wash cloths; and Miss Messenger's home room to make an afghan and cartoon books.

Miss Nelson's home room has made 30 joke and cartoon books, 30 Christmas carol books and furnished four checkerboards and checkers.

Miss Radell's home room signed up for an afghan while Miss Waltz home room will contribute 15 card table covers.

Miss White's art classes have decorated 500 paper napkins which were printed by Mr. White's printing class.

Mr. Wood's home room will furnish memorandum pads.

Printers Prepare Tournament Folders

Much of the success of the regional tournament is due to Mr. White and the twenty-six members of his two printing classes.

Along with their other duties, the printing department has printed the season tickets, the regular tickets, and the posters that have been put up all over town. The programs with the pictures on the cover were furnished by the Coca Cola Bottling Company, but the printing was done by the PHS printing department. Cuts of the three winning schools were also made and printed.

Hi-Y Boys May Spend Time At Summer Camp

Hi-Y boys of PHS will have an opportunity to attend Camp Wood this year. Camp Wood is a Hi-Y Camp located 36 miles south of Emporia, Kans.

Eight or ten boys from PHS will be chosen to go to Camp Wood. The transportation of the boys will be paid but they will pay the cost of staying at Camp Wood. Two sponsors will accompany the boys on the trip.

This camp is a combined recreation center for Hi-Y clubs in the state of Kansas. The average attendance of the camp is 250 boys and leaders.

Girl Scouts Present Play Over KOAM To Honor Anniversary

Not everyone knows it, but there are several budding radio stars hidden among the students of this talent-packed high school. This is in reference to the two Senior Service Scout troops.

These two troops will present a radio program Tuesday, March 12, at 4:15 over KOAM, to celebrate the thirty fourth anniversary of Girl Scouting in the United States.

Seven members of the senior troop will present a skit entitled "The Search for Peace." These "Ethel Barrymores of the Air Waves" are Marilyn Markham, Virginia Huffman, Harriet Hilboldt, Shirley Sherman, Shirley Ball, Betsy Caput, and Anita Hilboldt. Several songs will be presented by members of the sophomore troop.

Council Revising Student Handbook

Work has been started on the revision of the Student Handbook, by the Student Council Handbook Committee. The book was last brought up to date in 1942. The Public Relations Department supervises this Relations Department since it is to give all students entering PHS.

Contents of the book will be approximately the same as last time.

Teachers have been asked to bring descriptions of their courses up to date. A few have already been turned in.

Several clubs and organizations have been discontinued in P.H.S. They will be dropped from the book. Sponsors of the new organizations have been asked to furnish material on these.

Yells, songs and so forth will be included in a new section on school spirit. The section on athletics is being changed to fit the schedule of this school.

Miss Waltz, Arthur Delmez, David Lane, and Judy Veatch are on the committee to revise this handbook.

Favorite Snapshots Could Rate Prize

One grand prize of \$500 will be awarded for the best snap shot turned in to the National High School Photographic Awards contest.

This should interest a number of students around school since the rules state that one may use any type of camera, any type of film and the pictures may be any size that can be developed by a commercial developer.

In addition to the \$500 prize, four prizes of \$100, \$50, and \$30 will be offered. In addition to these prizes, 306 merit awards will be offered.

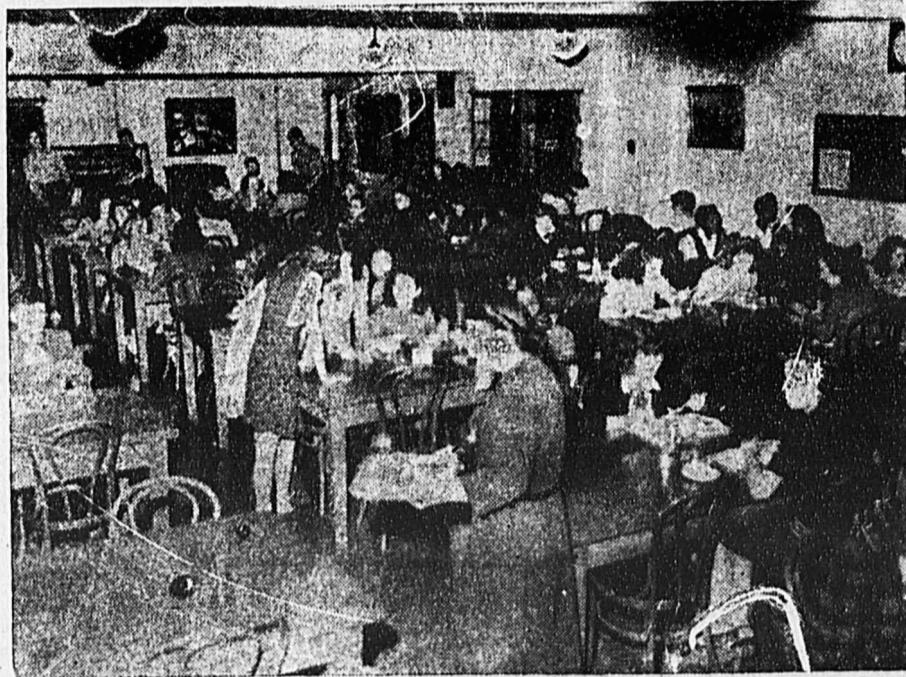

Prize will be given for scenes and still life studies, pictures of adults, children, and babies which show mood, recreation, people at work.

Students may enter any number or photos in each or all classes. Any student in high school may enter shots up to seven inches at the longest point.

Several students who have been taking pictures around PHS have some fine shots which may be entered in this contest.

Entry blanks may be obtained at the Journalism room.

Cafeteria Serves Many Students

Pittsburg Out Yells, Out Sings, But Couldn't Out Play Columbus

Many of the Pittsburg spectators who fought their way through the wall of humanity crowded in the lobby of the Roosevelt gym. Most of them turned out to be fans of the Columbus basketball team—thought the worst part of the evening was over; but they soon learned the folly of their "thinkuns".

For entering the gym proper was like entering a lions den. One had to fight to get a seat, and after that one had to fight twice as hard to keep it. The contest on the court was only one of the many going on. The Columbus band did its best to out toot the Pittsburg band with little success. The two cheering sections almost blew the roof off the school. Columbus had little success here too, for Pittsburg proved to be

more "loud mouthed and long winded" than their guests. The only thing Columbus came ahead on was the basketball game, 43-18.

As usual the spectators got their usual amount of wise cracks in. Neil Ridley, star of the Columbus football and basketball teams, soon became "Wonder-boy" to the fans on the bleachers. When the fans found out McCall's, Columbus guard nickname "Lulu" they started singing "Oh little Lulu, yo ho!" Chuck Boulware of the Columbus team earned a new nickname last Friday night. He was soon just plain "Bollweevil" to Pittsburg.

During the last quarter, people started rubbing their eyes. Were they seeing things? Or were they not seeing things? Were there

Operetta Practice Reveals Real Talent

Mark Anthony and Cleopatra would be jealous if they could see the love scenes that are played in the Operetta "Tune in."

To Jackie Brown, Bill Brumbaugh, Betty Ann Cole, and Roy baugh, Betty Ann Cole, and Royce Carney, this is just work, but enjoyable work. In the words of Mr. Johnson, "oomph seems to be the rule of the day."

Johnny Grisham, as Mr. Kroggins, makes a good, steady but hen-pecked husband. Roberta Evans, the one who does most of the henpecking, has endeavored to show all cast members just how those high notes should be sung. All in all, "Tune In" sounds like a big hit, to be shown next Friday evening, March 15.

SC Members Usher At Tournament

In case anyone has been wondering who those beribboned creatures helping the teachers at the tournament are, put their minds at ease. They're Student Council representatives acting as ushers.

Eight members of the council, plus the officers and sponsor, are working every night at the tournament. A representative and teacher is stationed at every door leading into the gym. The Council member hands out programs, helps take tickets and handle pass-outs.

Art Delmez, President; David Lane, Vice-President and Miss Waltz, sponsor, along with Mr. Woods, tournament manager, are stationed in the lobby to direct visiting teams to their dressing rooms and give information to bewildered spectators.

Drafting Classes Make Floor Plans

Original drawings in Mr. Price drafting classes are being made by a several of its members.

Ronald Holler a senior, is designing a horse while Cecil Wilson and John Gibson, sophomores, are drawing floor plans. Arthur Halliday worked partnership with his mother in drawing his floorplan "Halliday's drawing might be used someday," stated Mr. Price. George Quier is closing his sleigh this six weeks with some original work.

"We have also been having better luck in the woodwork department. We just received 200 feet of walnut and two ¼ inch panel boards", added Mr. Price.

New Staff To Steer Booster; Barber Is Editor

Betty Barber will steer the Booster "ship of staff" for a period of six weeks beginning with this issue.

As page editors, Nancy Smith will head first page, while Anita Hilboldt will take care of the second page. Third page will be edited by Nancy Messenger. Robert Scott is fourth page editor.

The business staff will be headed by Berniece Standlee as business manager and Bette Boyd as advertising manager. Marilyn Hyatt will be the circulation manager. Nolene Rinehart will be the exchange editor.

The sports department will be under the direction of Merlin Knaup, sports editor. Jack Thomas will be the photographer for the paper.

Bowlers Have Last Practice Wed. Night

Rolling their last practice game Wednesday evening before starting regular league play next Wednesday evening, the home room bowling teams scattered pins at the Bowl in grand fashion.

In one of the games, Mr. Lundquest's and Mr. Cromer's home rooms split winning one game each. Mr. Lundquest's group won the first game 605 to 596. The second game was won by Mr. Cromer's group by 671 to 539.

Miss Bailey home room and Mr. Huffman's home room also won one game each. The first game to Mr. Huffman's group by the score of 659 to 450. The second game was won by Miss Bailey's home by 597-579.

Sadie Hawkins Committee Wants Students Ideas

Various Committee reports were given at the regular Student Council meeting last Tuesday.

Polly Lashbrook mentioned that her committee is open for Sadie Hawkins Day suggestion. The one having a suggestion may turn it in to their homeroom, representative a member of the committee, Polly, or Miss Waltz.

This is an all school affair and it is up to the students to make it successful, and given due consideration by this committee.

Song Titles Show Student's Humor

"Hey Mabel, Get the Hammer, There's a Fly on Baby's Head" is only one of the non-existence songs listed by students in a popular song survey conducted by the Booster.

Of the 50 or 60 different songs mentioned, about six existed only in the minds of certain PHS students.

"Who kicked Nelly in the Belly in the Barn" was another song favorite with one student. "Don't Hit Him In The Face He's Just Tongue Tied" was also written down.

Some songs that do exist but are funny ones are "Minnie The Mermaid" "Its Only An Old Beer Bottle," and "I Wish I Was a Little Bar of Soap."

"Now She's Selling What She Used To Give Away" and "I Wish I Was a Fishy in the Brook" was also written down in this list.

It's Worth Thinking About

There Just 'Ain't' Justice For Guys Like Big Mouth

"I wasn't running very fast and besides everyone else was running too," yelled a big husky of a boy. "And that kid I knocked down—it didn't hurt him, but that crazy teacher didn't have anything better to do so she had to bawl me out," he continued.

Yes, Mr. Big Mouth had his usual corner and had attracted quite a crowd, all listening to his troubles.

"Yea, and the other day all I did was to push in front of a couple of girls in the cafeteria line and then I got yanked out of place and put back to the end of line, there just isn't any justice around this place."

"Then just the other day I was having a little fun, and I pulled a chair out from under some kid and I got bawled out just for having a little fun," he continued to yell to high heaven.

Yes, for this poor lad there just isn't any justice.

Snapshots, More Snapshots Are Needed For Exchange

Pictures, pictures, pictures, and still more pictures. That what is wanted for "snapshot exchange." Some pictures have already been turned in at the journalism room, but there is room for still room for more.

If you have a favorite shot of "your gang" or some PHS activity, bring them in. Someone else might have some you missed. The pictures have been numbered and placed on a bulletin board. You make your selection and pay the cost of having the pictures printed; that's all there is to it. The number of pictures is unlimited as long as your pocket book holds out.

If your interested bring your pictures and negatives to the journalism room. They will be returned in good condition.

Bells Of St. Marys Is Here At Last

Betty Barber

Three academy award winners in a single picture is a rare treat for anyone. Bing Crosby, Ingrid Bergman, and Leo McCarey directing in the Rainbow Productions "Bells of St. Mary's" which opens today at the Midland.

The picture everyone has been waiting for is here at last. Father Church O'Malley, Bing Crosby, is back again to fill your heart with song and adoration. Along with him is the Mother Superior, Ingrid Bergman. All will thrill to the sound of Crosby and Bergman harmonizing. There are songs galore including the one and only "Bells of St. Mary's".

Don't miss this picture. It is one that cannot be seen often. Thrill to the Bells of St. Mary's

THE BOOSTER

Published by the Journalism and Printing classes of the Pittsburg Senior High School,

Hi-Ball Developed By Ancestor Of Senior Girl

Getting such results as we did from the ancestor story we thought about writing another one. Remember this is all in fun.

For the first ancestor of the past there is Shirley Ball. This long-ago relative invented the now famous Hi-Ball. This is the way he made it.

While fooling around in his lab, he mixed a lot of chemicals together, as they foamed and bubbled, he thought it looked good enough to drink. So he took a sip and presto he decided to bottle this beverage and sell it under the name of Ball's Hi-Ball.

The only reason for this name was that his last name was Ball and he was high at the time.

George White's ancestors all got their last names for being the first white men to set foot on America, also all of George's relatives were white. Quite a coincidence his being white and having the last name of White.

Helen Johnson, that senior Betty Hutton, had a famous ancestor who was a robber but not the ordinary kind of thief. This Johnson guy grabbed candy from small babies, The "ole meanie." On sunny days he could average 10 to 15 suckers, the big lollipop variety, a day by this simple act of simpleness.

Schools Show Variety Of Humor

Mary had a little lamb, Her father killed it dead, Now Mary takes the lamb to school Between two hunks of bread.

Newtonian

Now I lay me down to sleep, The lecture's dry; the subject deep, If he should quit before I wake, Give me a poke for goodness' sake!

Vandal War Cry

Is this school haunted? No. Why?

Well, there are always talking about the school spirit.

"Stolen"

Nolene Rinehart

All PHSers have heard of business men who cheat just a little other people. Well, long ago the business men also cheated. The one I'm going to tell you about ran a trading post near an Indian reservation. He cheated the Indians so much they began to call him "Chief Cheatin' Reed. Yes, a PHS boy has the last name of Reed but has Bill as a handle at the first.

Edna Taylor, junior, also has an interesting relative. This uncle is none other than that romantic, handsome, wonderful man of the movies, Robert Taylor. And girls, Robert Taylor is still living, so-o-o how about his address, Edna.

This is all of the ancestors for this week but I'll be back in a flash next week with some more of these so called wonderful ancestors.

'Split Seconds' Is Timely Track Book

Nolene Rinehart

As springtime is just around the corner and with spring comes tracktime, the book in review is "Split Seconds" ten stories of the cinder track.

This book was written by Jackson Scholz, a famous Olympic champion. Mr. Scholz is not only a champion runner but a good writer as well.

These ten tales of the cinder track should appeal to athletes.

The first short story is "The Winning Bug," which tells of a boy who wanted to win so much he would by either fair means or foul.

Another story is "The Hoodoo Stone." The athlete in this one is superstitious and so carries a little stone in one of his shoes.

"Medium Boiled" is another story of Laxon Demming, who was also in the first story. In this last one he does not have the "winning bug" but has the wrong idea of sportsmanship.

These are only three of the stories found in this book.

Grantland Rice, famous commentator, has written an interesting introduction to this book.

Floppy Eared Dog

Is Favorite Picture

"My hobby is collecting snapshots and pictures for my portfolio," smiled Margaret Robinson. I started this hobby when I was in the ninth grade and I now have a large selection of pictures," continued Margaret.

She has a number from places visited. This includes many of the states.

"Also I have a collection of individual pictures of my special friends.

Her favorite picture is of her floppy eared cocker spaniel.

Students Celebrate March Birthdays

The March Hare

Every day of the year is famous for some reason, so delving into the past and finding out what PHS'ers have birthdays between

Mar. 1 and Mar. 15, this old one is going to piece them together and do some fantastic "handwriting on the wall."

March 1 is St. David's day. He was the patron saint of Wales and since this is the birthdays of NORMA TETER, RUBY STARKS and NEWTON LIPPITT they will always be good in heart.

EDWARD GRANDLE will always love his freedom if there is anything to his being born on the date of Texas Independence, Mar. 2

BETTY JO ROGERS, BARBARA LEHMAN and PAUL FARRIS will have to content themselves with doing some very outstanding things in the world of scientific inventions because Mar. 3, is only Alexander Graham Bell's birthday.

March 4 used to be Inaugration Day and also the time of the "bank holiday." So from that information it is inevitable that MARGARET SHIRLEY and ETHEL DORIS MARTIN will become very rich someday.

Bill Stroud will someday be seen on "Broadway"—not Pittsburg's, you dope—as one of the greatest stage actors of our generation. People will say he is another Edwin Forrest whose birthday was also Mar. 9.

March 10, 1797, Albany became capital of New York.

MARJORY PEASE and VADA LEE ALDEN have birthdays on

this eventful date so they will be legal minded and in the near future, Congresswomen.

RICHARD SLINKMAN will always be allergic to cold weather and cold food, because March 11 is the date of the great blizzard of 1888 when there was so much snow that in someplaces, it reached the second floor of houses.

SALLY SHONK, IRIS COCHRAN, CHARLENE GLASER, and BILL ANDERSON will be concerned with the well being of youth all over the U. S. and will try to establish organizations for them. Yes you guessed it, they were born on Mar. 12, GirlScout Day.

The famed discover of oxygen,

Joseph Priestly, was born on Mar. 13 so it is predicted that TEDDA LEE ROBINSON and DARLENE JACKSON will follow in his footsteps and formulate a 3 minute recipe for concentrated atomic energy.

EUGENE ZIMMERMAN and BILLY SNIDER will patent the first rocket ship capable of taking a round trip of the planets without stopping on a star and saying "Filler up with Super Ethyl-Plus." Mar. 14 was the date that the cotton gin was patented.

Maine was admitted into the Union, Mar. 15, 1820. Since Barbara Banta has a birthday on Mar. 15 she will spend her summers in Maine for 15 years.

Crime Inc.

Tess The Mess

Here are a few songs picked up that fit a few people and things around here. "Can't Help Singing" - Chorus, "Pig Foot Pete" - Harvey Grandle, "Symphony" - Orchestra, "Will The Spearmint Keep It's Flavor On The Bedpost Overnight" - Larry Douglas, "Oh, Your Father's Mustache"-Paul Farris, "Huba Huba" - Girl's Gym Classes, "Till The End Of Time" - from noon until 3:46, I Love Life and I Want To Live" - Boys Gym Classes, "Smoke Gets In Your Eyes" - Coney at Noon.

Slow, steady steps coming towards the bleachers; everyone held their breath— uuh!

Was the referee going to pick them out for making so much noise? No! He only wanted to borrow their cow bells, since the buzzer was broken.

This was the experience of Nancy Messenger and Anita Hilboldt at the Columbus game last Friday. Just address the girls at the Nervous-breakdown Ward, local hospital.

QUESTION OF THE WEEK Have you had the urge to go fishing yet?

Wanted — man between the ages 15 19 must be tall, dark and not gruesome, must have good reference, must be a letterman in basketball, football, track, must be able to bowl, sing, eat, swim.

Yours truly, Desperate

Congrats go to the social committee of the student council. The dance was super.

The eyes and ears of PHS noticed a few twinkle toed instructors cutting a mean rug along with the Eleanor Powells and Fred Astairs of school. Swell!! We like our teachers to join in student activities.

Jimmy came into the lab thinking he knew plenty; He took a bottle, Ignored the tab.

Funeral Friday 2:20

Hot Dogs-Caviar Are Popular Food

Chinese eat rice, Argentines eat beef, Americans like potatoes but there are other peculiarities in the food line beside these.

"Pickle in the middle and the mustard on top just the way you like'em and they're all red hot," is one way of describing a popular food in the United States. Yes, it is the well known—"hot dog."

Gay "Parie" is known for its champagne and crepe suzettes, while Englanders in the fog and rain enjoy tea and biscuits at four in the afternoon.

In the U.S.A. down Florida way, they eat snake meat and in the east, around the Hudson River, it is eels.

Goose liver and caviar are well known in Roumania and Russia. While way up north, the Eskimos like blubber and seal meat and down the other way, south of the border, Mexican's go for hot stuff such as chili and enchilladas.

Four Boys Appointed To Take Summerfield Scholarship Test

Arthur Delmez, Howard Hallman, David Lane and Fred Plagens have been appointed to take the Summerfield Scholarship Test. The first test will be given March 25 and the finals April 29 and 30.

To receive one of these scholarships is an honor of the highest significance. Every effort is made to discover boys who are unmistakably superior in training, character, ideals and promise of future usefulness. The scholarships are awarded annually during the eight semesters provided holders continue to maintain the high personal and scholastic standards.

Appointments are made for merit only. The number of boys chosen must not exceed five percent of the graduating class. Candidates will be notified by mail as to selection of these places.

From those who take preliminary examination approximately 30 of the best candidates will be invited to the University for a final examination. As many awards will be made to those who stand highest in this final test as the Summerfield Scholarship fund will warrant.

Peanuts Take Place Of Milky Way Bars

"No, we don't have any Milky Ways, but we do have peanuts," is often the reply made by Mr. John Biddle, industrial arts teacher in Roosevelt. Mr. Biddle and the junior Hi-Y has charge of the candy sale in the lobby of the gymnasium at basketball games.

The usual nights sale is \$3 or \$4 but earlier in the season when candy was easier to get, the best night's profit was \$7. This money goes in the treasury for the junior and senior high Hi-Y.

Disgusted Junior Proud Of Seniors

To: The Booster Staff, Mr. Cromer, and the Students of Pittsburg High School.

I was very much pleased to read the article in last week's Booster that I had written. I thank you, the Booster. But now I want to say this: I don't know what came over the seniors at the pep chapel Monday, but, whatever it was it was really good to see. In fact, it made me very happy for them to have all the pep that any good senior or any student should have.

I wish to congratulate all seniors and I hope to goodness that they keep up the good work. Not only do I want to thank the seniors but also the sophies and juniors. You've all done a fine job of cheering for our football and basketball teams, whether we win or lose. Some of you probably already know who I am but I'll tell you this.

I am a cheerleader. As a cheerleader I know from experience how hard it is at times to get you kids to yell, but I'll say this, you've all really done a great job of yelling this year. From all your cheerleaders comes a great many thanks for a job well done. More power, to the Dragons against Columbus and also in the Regional tournament.

I was a "disgusted junior"

BUT

Now I'm just a junior.
D. E. O.

Summer Vacation Is 54 Days Away

Kids, get ready for the marvelous summer vacation. It is only 54 days till everyone can walk out the front door and not worry about coming back until next year.

Better make those plans now. There isn't much longer to go.

How To Become Popular In Five Lessons Easy This Way

Do you want to be popular? Of course you do. Here is how it can be done in five easy lessons. Just listen to ole "Doc Know-it-all."

First, boys, you must remember that vitalis is back!! Use it on that wind-blown hair for that sleek look. Also don't let that "five o'clock shadow" grow on you. LOOK SHARP! BE SHARP! USE GILLETTE BLUE BLADES for that smooth look every girl likes to feel. If this doesn't work, here is a sure fire way to get your woman. Just have a pretty new BUICK convertible tucked away in your back pocket.

Take a CORRESPONDENCE COURSE! That's a quick way to get to be the person everyone likes to know. There are just dozens of these courses one can take. Just thumb through any magazine and you'll find one somewhere in the book. This is guaranteed to work on anyone, male or female.

Girls, you want to be popular, don't you? That's what I said. Well, don't let that hair string. It can be as glamorous as any movie star's hair. Give it a new CHARM-KURL SUPREME COLD WAVE. It ought to get your man.

Too, here's another way to help out in crisis. Always have some cold COKES and SANDWICHES in your ice-box. You know the old saying, "The way to a man's heart is through his stomach". Well here's a way to try out the theory to see if the old boys knew their stuff.

Oh yes, and girls you must always have that "come hither" look about you. Use SWEET-HEART SOAP to get a sweetheart. And it's always nice when your friend can come to your house and dance with you to soft music from the radio and the lights are low. So, girls, for heavens sake get rid of your kid brother or sister before the "one and only" arrives. Remember "A word to the wise is sufficient".

Well, I guess I have given you enough advice for the time being. Just follow these ideas and like the MOUNTIES you will GET YOUR MAN.
Voice of Experience Cornelia Burp

Pantograph Wants Stories On Kansas High Schools

School activities of PHS, size of school, number of students, classes offered, and area served will be featured in an article of The Pantograph, the Wyandotte High School newspaper.

This student publication will do a series of articles on schools in Kansas and Pittsburg will be one of them.

Conover Gets Job As Disney Artist

Since this interview, Bob has received a telegram from Walt Disney asking him to get there as quickly as possible, to go to work.

Bob Conover, recently discharged from the marines, has just returned from Burbank, Calif. where he was interviewed by two animators at the Walt Disney Studios.

Bob stated that the artists liked his style of cartooning and that he will be employed within a year. He also has an application at Metro Goldwin Mayor for Looney Toons. The studio is hiring all of their returning veterans before taking on new help.

Bob saw Mr. Disney in the studio but did not get to talk to him personally.

Bob said the Disney studio is a very large place with one thousand young people employed.

Library Should Consider Comfort Of Tired Students

Why don't they have big easy chairs with nice comfortable foot stools for the library. And instead of those "behind the times" magazines like Fortune, Time, and Newsweek have some good comics like Super-Man, Little Lulu and others. We might even squeeze in a Esquire so Mr. Woods could have a few good laughs.

Then why don't we have a movie or so every day. Some of those educational films like Abbott and Costello in Hollywood or maybe some musicals like the Harvey Girls, there's nothing like the classical to broaden one's mind.

Yes, and for growing high school students there should be certain intervals during the day when cokes and sandwiches should be served. Growing boys and girls need food for the body as well as for the mind.

Dragons Defeat Parsons Vikings; Macheer High

Although the score in the Parsons — Pittsburg game was close and never more than one or two points difference for most of the time up to the fourth quarter, the Pittsburg Dragons finally pulled away from the Viking team in the final period to win 27 — 22.

This game was hard fought all the way due to the fact that the winning team whether it wins or loses in the finals, will get to travel to the state tournament at Topeka.

Don "Gabby" Macheers was the high scorer of the game, sinking 11 points for the Dragons. Bolinger of Parsons, sank 9 points for the Parsons squad. Hoffmann of Pittsburg and Lancaster of Parsons both netted six points each.

Pittsburg will meet Columbus in the finals Saturday night. Columbus defeated Fort Scott in one of the best floor games of the evening.

The box score.

In This Corner

Jack Thomas
— PHS —

Baseball will hit a new high in Pittsburg this summer with three teams playing here. There will be an American Legion team, a Ban Johnson team, and a class 'D' professional team. High school athletes may compete in either American Legion or Ban Johnson ball and still retain your eligibility in high school if you wait until high school is out before starting the season. If any fellows play in the professional league they will forfeit their eligibility.

Students and teachers who are working at this tournament have a tough job and put in a lot of hours each evening. If you can help the people in any way please do so. They will appreciate anything which you do to help them.

Last week's game with Columbus was over-officiated. A total of 57 fouls were called. This slows the game down to the point that it isn't interesting to fans nor is it fun for players. Maybe the officials decided before the game that it was going to be rough so they were out to stop it.

Dragon fans who have followed their team have found a group of personalities in the boys as well as the basketball teams. They know all of the little characteristics which the boys have and thus the game is often interesting to them if the boys win or lose. The Dragons have noticed the fans who follow them and they appreciate it.

New track uniforms have been ordered along with a group of new warm ups and twenty five pair of new track shoes.

Spring sports are about to begin again. We have talked about the sports which PHS would offer and mentioned tennis, golf, and track. We are sure about the track team but as yet the school authorities haven't given us any information on tennis or golf.

What happened to Richard Lance and Douglas Story? They are calling Story 'B.O. Plenty' but don't embarrass him by asking why.

A letterman's club has finally been organized and they are planning on carrying out several projects around PHS. Their first job was to clean out the seven trophy cases in PHS and move a few of the better looking trophies to the case in the lobby of the gym.

The Booster has changed staffs and have appointed Merlin Knaup as the new sport editor. I have tried to bring both humorous and serious information which you readers would enjoy. Please give Merlin as much help and sports information as you can when he starts on his new job next week.

Spring must be here for sure. Fellows have started playing baseball at noon on the football field and really seem enthusiastic about having a team of some kind. As far as we can find out there will not be a school team because of the conflict it will cause with track.

LAST YEAR PITTSBURG WAS GRADED DOWN ON ATTITUDE OF THE CROWD AT BASKETBALL GAMES. WE HAD THE BEST RATING ON GYM, DRESSING ROOMS, SCHOOL OFFICIALS AND BASKETBALL OFFICIALS. PLEASE HELP PHS TO GET THE BEST GRADE POSSIBLE THIS YEAR BY WATCHING YOUR ATTITUDE AT THE TOURNAMENT.

PHS
Refinishing the gym at PHS really added a lot to the tournament. It makes the gym look larger and adds a lot of class to it.

"Butch" Hallman Plays Basketball, Football, and Rail Billiards

of the time he is most likely practicing his "fiddle".

Howard has been doing a fine job of playing basketball this year. P.H.S. will be losing a good man this year when "Butch" graduates.

Softball Is Popular Sport With Boys

Spring is in the air and already the boys gym classes are going outside for a snappy game of softball.

Softball is a popular spring sport at PHS and provides for recreation after the basketball season.

Boys have time for about four innings each period.

Two changes have been made in the rules this season. Previously, a softball team was composed of ten men. Now there will be only nine. The short fielder has been cut out. Another change has been the shortening of the baseline by five feet.

These changes will undoubtedly speed up the game as there will be one less man to chase the ball and the runner will reach the base quicker.

Boys really enjoy having gym outside.

"Butch" Hallman is this week's basketball sports personality of Pittsburg Senior High School. "Butch" has been on the squad of basketballers for three years.

Howard is "Butch's" real name but hardly anyone calls him by Howard.

He has been game captain eight times for the Purple quintet this year. Four of these games were the four that P.H.S. won.

"Butch" also played football, was on the track team, and plays in the orchestra. He can be found most of the time shooting three rail billiards with Jack Thomas. The rest

All G. A. A. members pay Lad-orchestra. He can be found most of ne Meiers 30 cents for their pin before March 20. Be sure of having thetime shooting three rail bill- before March 20. Be sure of having iards with Jack Thomas. The rest one this year.
