HCA Officers Travel To Boston For Conference

HCA Reaching Out To Alumni

HCA Reaching Out To Alumni

We are very excited about a new initiative this fall in the HCA. This is an initiative that was created and organized by the student membership and our goal is to attract and develop the program.

Dr. Fuchs and the four HCA officers took a trip to Boston in November. They were there for the National Collegiate Honors Council Conference, an event that brings together representatives from honors colleges all over the country from schools of various sizes.

The Honors College Association continues to grow and expand in their projects. The community service, special events, and public relations teams are becoming more active, and now we have added an alumni relations team who will be helping to promote the organization.

Student-mentee meetings have been set up, the first time ever that the program has been put into place. The program was set up with the help of the Peer Mentor Coordinator, Lakota Lee, who was the driving force behind the program. The Peer Mentor program (PMP) at the University of Pittsburgh at Greensburg (UPG) is a program designed to connect undergraduate students with their academic peers in the same or similar courses. The program is intended to help students develop a sense of community and belonging, to provide a supportive environment for academic success, and to encourage the development of strong relationships between mentors and mentees.

The Peer Mentor program (PMP) at the University of Pittsburgh at Greensburg (UPG) is a program designed to connect undergraduate students with their academic peers in the same or similar courses. The program is intended to help students develop a sense of community and belonging, to provide a supportive environment for academic success, and to encourage the development of strong relationships between mentors and mentees.

The program is designed to encourage students to engage in discussions about their academic, personal, and career goals. The program also provides an opportunity for students to develop critical thinking skills and to enhance their ability to work effectively in groups.
