R. EARL FARNSWORTH  
EDITOR-IN-CHIEF  
PERDUE B. GRAVES  
BUSINESS MANAGER

IF THESE pages call to mind pleasant memories which have gone, we are partly repaid for our troubles. It has been the hope of the editors to build a book which will show the growth of our college—our alma mater-to-be—made during the last twenty-five years. If we have failed it is not because our motto was not good. It was, "Not the college deserving of the book, but the book deserving of the college."

MANY FOOTSTEPS have passed over the threshold of K. S. T. C. and still they say we are in our infancy. Many hearts beat faster at the thought and naming of our school. Many lives have grown to add to the honor and glory of this college. To these hearts and lives which have come and gone to and from old K. S. T. C. and to those who are here—faculty and students, we humbly dedicate this volume—the 1928 Kanza.

## GREETINGS

To Alumni, Students, and Friends, Kansas State Teachers College, Pittsburg, Kansas:

We have just celebrated our Twenty-fifth Anniversary. Twenty-five years since the Bill was passed creating the College!

These have been years of struggle, arduous service, and yet years filled with pleasure and great satisfaction.

The reputation and popularity of our College today, is most gratifying.

The first degree class in 1913 numbered 13. Last year's degree class numbered 249. This year's class will apparently reach 275 to 280. Our enrollment during the regular year is the largest in the history of the school. Our graduates are teaching in about three-fourths of the states of the Union. We are receiving students not only from practically every county in Kansas, but from quite a number of other states as well.

We have been blessed by considerate legislatures from biennium to biennium, and a host of friendly tax-payers in our state, thus enabling us to develop a physical plant hardly surpassed by any state teachers college in our country.

While these achievements are gratifying in many respects to us, and I think to you, they can but speak one thing: Greater opportunities for service through our beloved institution.

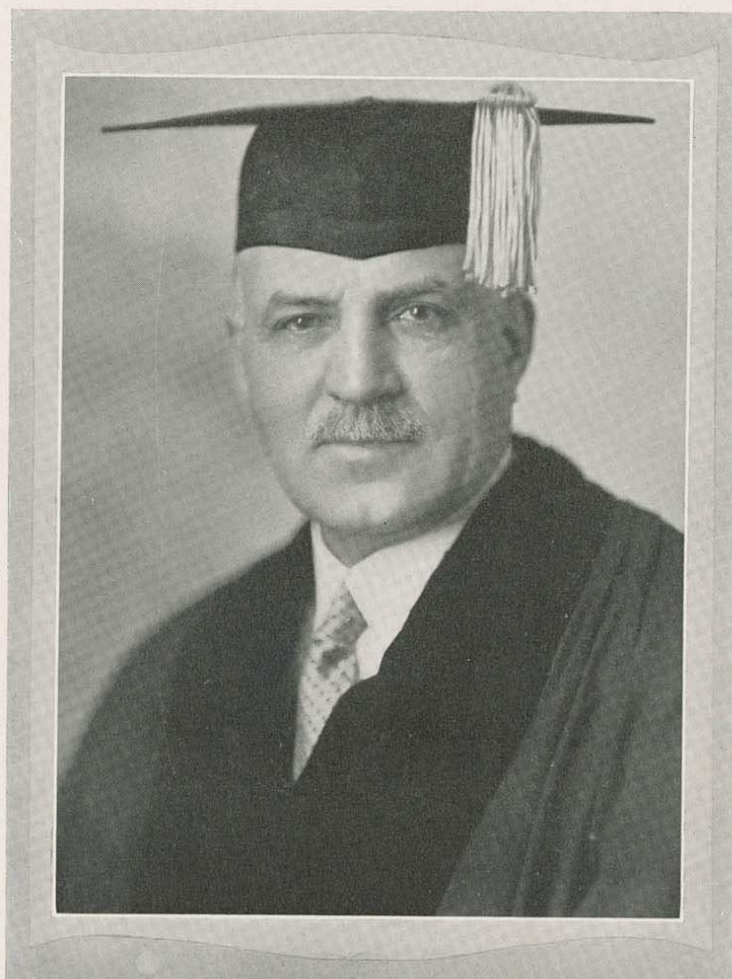

With our hundreds of graduates today we are as much interested in you individually, and wish to give you the same assistance as we did when a few years ago our numbers were small. Your expressed needs of help will ever be our pleasure.

Yours for a greater and better K.S. T. C. during the next 25 years,

"PREXY."

W. A. BRANDENBURG, LL. D.  
President

KANZA

## GREETINGS

The Kanza Staff has been kind enough to ask me as Dean of College to extend greetings to students, faculty, alumni and friends of this institution in commemoration of its twenty-fifth anniversary. It seems scarcely possible as I glance backward over these twenty-five years to realize the great changes that have taken place in the growth and development of one of the largest educational institutions in the State of Kansas.

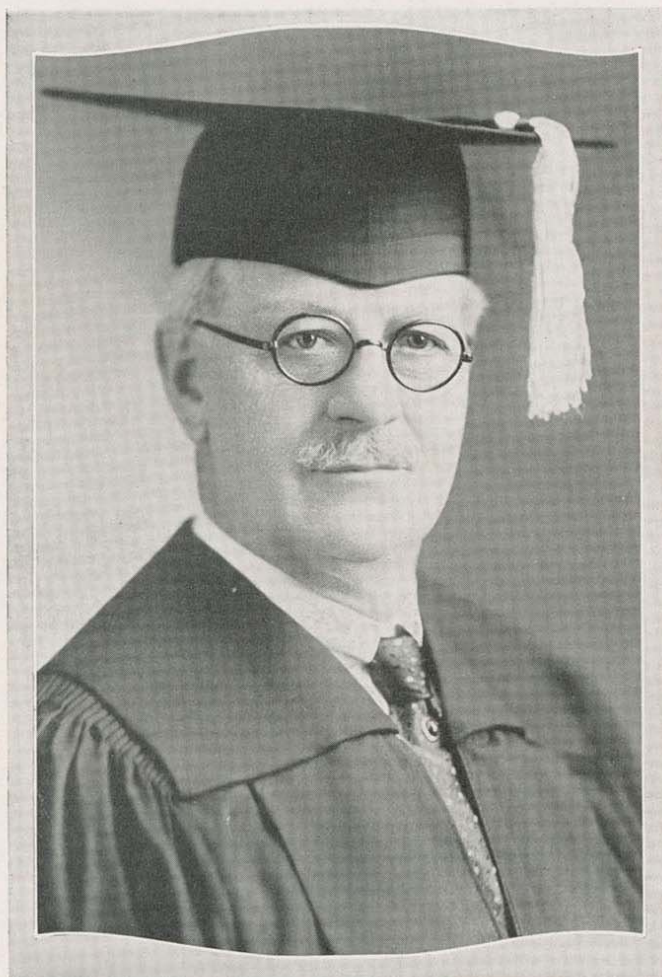

It was my privilege to be present at the opening exercises of the first day the institution opened its doors for the acceptance of students, and to extend greetings to the forty-five students and five members of the faculty upon that occasion. This small assembly met in a small room of one of the grade buildings of our City. We were happy in the thought that a new educational institution was being set up in our midst. We could not at that time with the greatest stretch of our imagination see K. S. T. C. twenty-five years hence having ten large, well-equipped buildings together with an up-to-date practice house for home economics and with one of the best stadiums for an institution of our kind in the United States. Add to this physical equipment an enrollment during the past year of 5, 099 students from almost every State in the Union, and you have a picture of the group for whom I am speaking in bringing to you the greetings of the college which I have the honor to represent as Dean. May the next twenty-five years be as fruitful in the growth and development of the institution and its democratic ideals as have been the past twenty-five.

Sincerely yours,

G. W. TROUT,  
Dean of the College.

## WHY GO TO COLLEGE?

What's the difference, anyway?

"The trained life for service,  
The untrained life for burden."

Are the things that make up college life worth while?

"Anything is worth while that links yesterday with  
today and makes us stronger, happier for the day that  
is yet to be."

What makes a person educated in the highest sense?

"An educated man is one with a compass in his head  
and a magnet in his heart."

If I forget what's in the text and lose my notebook, and  
my diploma burns up, what is left of my college days?

"For shelter is gone when the night is o'er,  
And bread lasts but a day,  
But the clasp of your hand and the sound of your voice  
Lives in the heart of youth alway and alway."

If a boy is going to turn out to be nothing but a mule driver,  
why encourage him to go to college?

"To put as much difference as he can between himself  
and the mules."

Cordially,

DEAN OF WOMEN.

25<sup>th</sup> ANNIVERSARY

MRS. HATTIE MOORE MITCHELL, A. M.  
Dean of Women

## GREETINGS

To the students and friends of K. S. T. C., I extend Greetings.

You are welcome to K. S. T. C. campus, to a share in its pleasures, its spirit of service and loyalty; best of all you are welcome to the great opportunity it affords you for intellectual training and self development. That is the fundamental purpose of the institution; toward that end its real energies are directed and its resources are expanded. If it fails in this, it fails in the object for which our K. S. T. C. was created and is maintained.

College represents opportunity. Getting and giving an education is a co-operative affair. Seize this opportunity, and you can make of yourself an individual of intellectual power; neglect it and college can do nothing for you.

I sincerely hope that every man enrolled in the College has come with an earnest purpose; furthermore, I hope he can work hard and play hard and find pleasure in both without being deflected from that purpose. The College wants to help him realize every worthy ambition, and it will gladly do its full share toward that end on condition that he will do his.

Sincerely yours,

L. M. COLLINS,  
Dean of Men.

## GREETINGS

J. F. MITCHELL, A. M.  
Registrar and Examiner

We wish to emphasize stronger than ever that this office is yours and we want to urge you to command us whenever we can be of any assistance to you in furthering your interests and those of the institution as a whole.

Sincerely yours,

J. F. MITCHELL,  
Registrar and Examiner.

KANZAS

# GREETINGS

BELLE PROVORSE  
Secretary to the President

As the time draws near for the observance of the Twenty-fifth Anniversary of the Institution that is dear to the heart of every student, alumnus, faculty member, and friend, I wish to extend heartiest greetings, and to express my appreciation of your association, your co-operation, and your friendship. An opportunity to be of service to students entering the Institution for the first time, and to the friends and co-workers of K. S. T. C., will always be welcome.

"Count that day lost  
Whose low descending sun  
Views from thy hand  
No worthy action done."

## CHEMICAL AND PHYSICAL SCIENCES

J. A. Yates, M.S.  
Head of Department

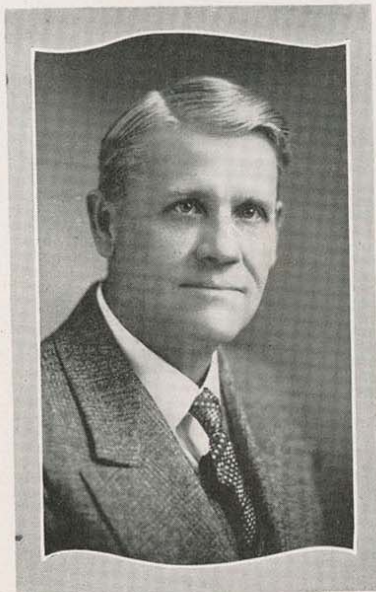

This year we celebrate our twenty-fifth anniversary. The founders of the institution saw the great need for the schools of our country to give that training which would function in the life of the majority of the boys and girls who pass through our schools. To propagate this idea, the founders selected the task of preparing teachers to spread the plan. This scheme utilizes in a very important way the work of applied science. However, before we can have applied science we must have some science to apply; hence science has played a strong part in the development of this institution and in maintaining the ideals of its founders. This department has kept pace with the rapid advancement of the institution. When the institution was six years old, the science department was divided into two co-ordinate departments, physical and biological sciences. This department has most earnestly urged and tenaciously held the idea that the proper preparation of a teacher of pure or applied science gave excellent preparation for leadership in the industrial world. While the larger part of our graduates are found in the field of education, there are many others in more lucrative industrial positions.

W. H. Matthews, B.S. Charles Thompson, B.S. G. E. Abernathy, E.M. L. C. Heckert, Ph.D.  
E. W. Jones, E.E. Margaret Coventry, A.B. W. B. Parks, Ph.D.

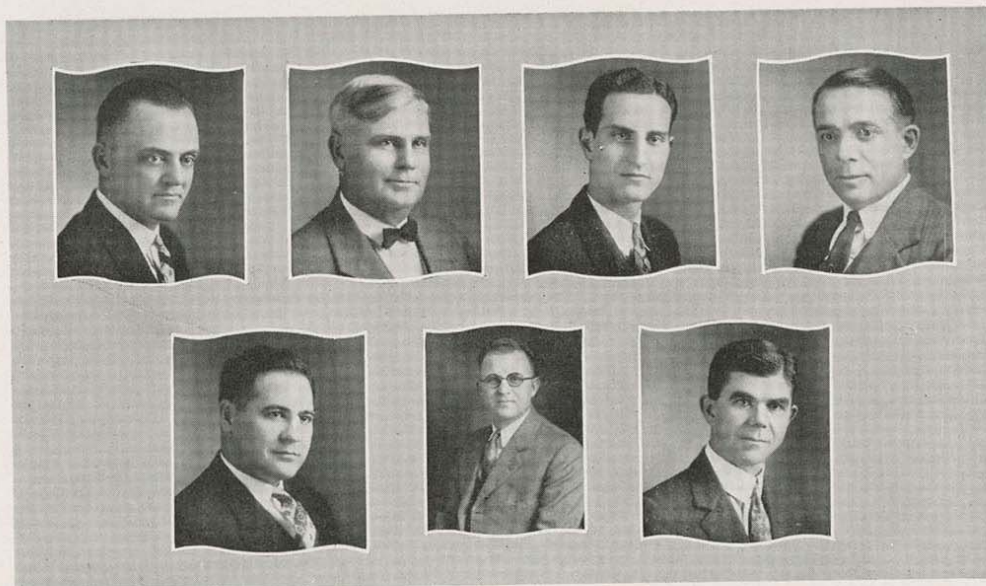

## BIOLOGICAL SCIENCES

O. P. Dellinger, Ph.D.  
Head of Department

To teach men how to live and grow old with a healthy body and an optimistic mind; how to live comfortably and peaceably with other men, and in tune with God and the forces of nature are the aims and ideals of biological instruction. From its inception in this institution as a separate department in 1909, Biology has been organized around the thought that knowledge finds its function in the conduct of life. The carrying out of a program embodying this idea began when Dr. O. P. Dellinger taught a few students enrolled in Botany, Zoology and Physiology. During the nineteen years that this department has been in existence in K. S. T. C., it has enjoyed not only a most remarkable record, but today occupies an enviable position of influence and respect not only in our college but in the community, the state and the nation.

The nineteen years of growth and development in the department is evidenced by the 2,542 students enrolled in 1927 and a total of fifty-three different courses offered all of which have been generously recognized by the administration of the institution by providing a teaching staff of seven instructors and six student assistants, and adequate physical equipment without which the department could not hold its present position of influence and respect.

G. R. Rinehart, M.S.    C. H. McDonald, M.S.    A. S. Bradbury, B.S.

## HISTORY AND SOCIAL SCIENCES

G. W. Trout, M.A.  
Head of Department

As Head of the Department of History and Social Sciences, I again have the honor of extending to the readers of this Annual the greetings of the Department. Our ideals have not changed, in spite of the fact that the number of instructors has increased in the last ten years from two to eight, all of whom are carrying heavy loads to meet the demands made upon the Department. We are endeavoring to do for the men and women who go out from this institution to teach the thing that will be most practical and useful to them in their particular field of service. We feel sure that we have as efficient instructors in the Department and that we are offering courses in History, Economics, Sociology and Political Science as efficiently and thoroughly as does any educational institution in the country. Our reason for this good opinion of ourselves is the large number of enrollments in our Department for the foregoing subjects.

The Department wishes to extend fraternal greetings and well wishes to all its friends and patrons.

## MATHEMATICS AND APPLIED MECHANICS

When new manufacturing processes are developed, it generally becomes necessary to construct special tools and appliances for these new processes. As these tools become more intricate in design and exact in construction, they are made by specially trained artisans called tool makers.

Just so mathematics has been developed by specialists in computational processes, in order to provide means of concisely and clearly expressing the relations between the factors involved. Without these formulae and the operations on them it would be impossible to grasp the intricate relationships which are encountered in almost every line of human thinking.

This department desires to help in every avenue where mathematics is needed. We therefore have courses of all grades from the practical mathematics of the tradesman to the highest type of undergraduate subjects.

We particularly aid the prospective teacher of mathematics, the engineer, the student of economics and business, and the scientist. There are however a number of courses in the department of great value to the school administrator and educator.

We are also giving the first two years' work of four-year curricula in civil and mechanical engineering. This work is under the instruction of well trained civil and mechanical engineers, and we have received excellent reports from our students who have completed their work at some of the large engineering colleges.

## INDUSTRIAL ARTS

R. E. Williams, B.S.  
Head of Department

The founders of this college were champions of industrial education, and they built well the foundations for industrial and vocational education in Kansas. The Industrial Arts department has had a phenomenal growth because of its great opportunity for service. Following is an extract from President Russ' letter to students and alumni, July 31, 1911—"My sole desire and ambition has been to secure a Manual Training Normal School, and to make that school the equal in efficient service to any school in Kansas, or any other State in the Union." This idea dominates the administration today as it did in 1911.

Industrial Arts, then known as "Manual Training," was started in the Central Grade Building, 5th and Walnut Street, in 1903. More extensive quarters were provided and new equipment added at the time of the transfer to Russ Hall in 1909. The present Industrial Arts Building was completed and \$15,000 worth of equipment added in 1913; the floor space in this building, together with the shops in the Mechanics Arts Building, totals more than 44,000 square feet.

More than 70 courses leading to the degree are offered in Drawing, Woodwork, Printing, and Metal Work. About 190 college men are majoring in the department and many are doing related work in drawing or shop work.

F. H. Dickinson, B.S.    Charles F. Kopp,    H. V. Hartman, B.S.    O. A. Hankammer, B.S.  
B.S. in E. E.

## MUSIC

The Music Department the past year enrolled more than 1200 in class work and private lessons. Our enrollment this year promises to exceed that of last. We now have 55 graduates of Music Supervisor's course in the field teaching, and we have many others in other lines of music work.

Each year from various high schools there comes to us more and more students, who have become interested in music through their orchestras, glee clubs, and theoretical courses, and who have elected to take the amount of music units allowed them for graduation, to give a better foundation for their music major in college.

To this foundation we add courses of academic training, which fit our supervisors to become efficient educators and team workers along with the other members of a faculty. Then there is added the great amount of musical theory and applied music, such as sight singing, history, harmony, voice, piano, violin, orchestration, conducting and chorus, which fit our supervisors to become efficient musicians and community leaders in directing the voice and instrumental work of the whole school system or a building. Through the theoretical subjects they build up the musicianship of the students, and help to foster in the community an appreciation of finer things in life.

Miriam Welty, B. Mus.      Otto Booker      Carl Carter, B.S.      Rose Buchmann

# ENGLISH

The English Department is doing its best to maintain its reputation for common sense. Instead of the fanciful and temporary types of literature, the more permanent character-building, thought-provoking pieces receive the closest attention. Encouragement is given to the commital of corrective poems, of oration and of stories. Rather than long themes, the short one is made the basis of writing; rather than paragraph, the sentence is made the basis of thought. Grammar also is emphasized, for the fifty ways of starting a sentence are all grammatical ways. Correct forms and right words receive due consideration. For those who would write, courses are offered each semester in creative writing, both expository and narrative.

Elmina Graham, A.M.  
Lucy Harmon, A.M.

## HOME ECONOMICS

Zoe Wolcott, M.A.  
Head of Department

Home Economics includes within its scope a study of some of the most essential needs of mankind. It deals with the sanitary, aesthetic, scientific, economic and social aspects of food, clothing and shelter, and with the best development and well being of the individuals of the family group.

Home Economics represents a progressive field, which is rapidly expanding and developing to include every activity related to the home. Such a department must of necessity offer a wide range of subjects. At present sixty courses are offered, giving the student a wide opportunity of choice.

Graduates of this department are successfully filling positions as homemakers, teachers of Home Economics, dietitians, institution managers, and as demonstrators in the business world, as well as other positions.

The work of the department is not planned alone for those specializing in the subject but has something of value to offer to every girl and man, too, enrolled at K. S. T. C.

We extend to the student body and alumni our most cordial greetings, with the assurance of our desire to be of service to you at any time or in any way the opportunity may present itself.

## PRINTING AND LINOTYPE

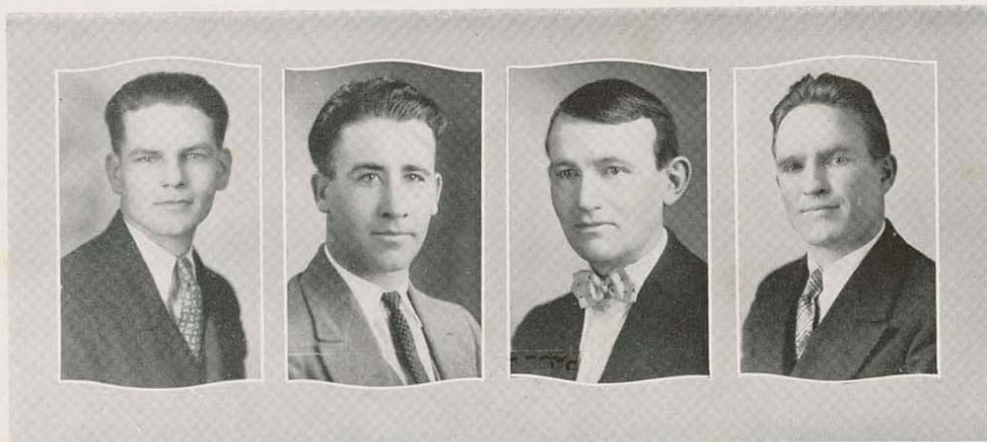

Ralph M. Coffelt  
Supervisor

At a special assembly in the spring of 1910 the students subscribed about \$400 to start a school paper. With this money they bought a job press and 200 pounds of type. In June of that year the first number of "The Manual Normal Light," a monthly magazine, was published.

Such was the foundation of the present printing department. Equipment includes seven linotypes, six job presses, one of which has an automatic feeder, two cylinder presses, and one paper folder. Twenty three courses are offered leading to a degree in printing.

Prof. Lester A. Reppert came to K. S. T. C. in 1915 as the first printing teacher. Before that time no attempt had been made to give organized instruction in this kind of work.

After the World War the United States government selected the College as one of the schools to rehabilitate ex-service men for vocational work, and furnished part of the equipment in the printing department. Prof. R. M. Coffelt succeeded Professor Reppert as supervisor of printing in 1923, and outlined a four-year course which was accepted. A major in printing was first offered in 1923.

## GENERAL OFFICE

Every student sooner or later finds his way to that place known, and stamped on the door: "General Office." It may be to pay an enrollment fee, to ask how to find a particular instructor, where a certain class is meeting, or possibly to glance in the mail box for a letter from home or sweetheart; but whatever the mission, feel free at any time to make your wants known. Every girl in the office will be glad to be of assistance to you.

"Count that day won whose hour we spend  
In help and service for an inquiring friend.  
Gives us the time this fertile seed to sow,  
The task is ours to help this glorious plant to grow.

Like pilgrims to the appointed place we tend;  
The world's a job; to serve, the journey's end."

Belle Provorse  
Secretary to President

Martha Schneider

Chloe Dodds

# EDUCATION AND PROFESSIONAL TRAINING

H. C. Pryor, Ph. D.  
Head of Department

Kansas State Teachers College finishes her first quarter-century this year. She has passed through an era of pioneering and development. The department of Education and the Training School have shared in this development.

The twenty-fifth year has brought about a great change. Chrysalis-like, the Training School has burst the bonds which have hindered its growth and has entered upon a new era. The elementary grades are in the beautiful new Horace Mann building. The Junior and Senior Training High Schools now occupy the whole first floor of Russ Hall and in addition use different department laboratories. The elementary school, the Junior Training High School, and the Senior Training High School each has its own principal and staff working on teacher-training problems. Every department in the College is contributing its bit to the cause, some of them in all three divisions of the Training School.

In response to a demand that teacher-training be made more specific and concrete, all professional courses are focused on training problems. An opportunity is offered for student teachers to learn by doing the things they will need to do later in their own schools. Theory is being linked more closely with practice. The result will be not only better teachers but better schools, better teaching, and better training of future citizens in the ideals and purposes of a democracy.

H. C. PRYOR

Temple Hill

# EDUCATION AND PROFESSIONAL TRAINING

O. E. Michie, M. S.  
High School Principal

W. E. Matter, B. S.  
Junior High Principal

Jane Carroll, M. A.  
Horace Mann Supervising  
Principal

The Senior Training High School finishes its first quarter-century of activity this year. Its history and development are linked closely with that of the College. Beginning as a school with a limited number of courses, it has grown to the point where it is fully accredited by the Kansas State Department of Education and the North Central Association of Colleges and Secondary Schools.

Although the school exists as a separate unit from the College, it offers students of the latter practical experience in doing the things which will become a regular part of their duties when they enter the teaching field. From its wide range of courses the student is able to obtain the fundamentals for any vocation he wishes to fit himself for in college. It is indeed a school for training the individual to live in a democracy.

O. E. MICHIE

The twenty-fifth year greets the Junior Training High School in its infancy, but finds it ever expanding. The Junior Training High School was organized in 1920. Its curriculum and enrollment have increased until now a supervising staff of principal, three full-time teachers, part-time teachers in seventeen other departments, all assisted by over fifty student teachers in training, is giving its services. The main floor space has more than trebled, and the school year has been extended to include regular work during the summer term. Many pupils find it pleasing and profitable to spend the summer here, thus gaining an additional unit of standard work towards graduation from their home school.

W. E. MATTER

The Horace Mann Training School is a complete elementary school containing the kindergarten and the first six grades. It is housed in a beautiful new building north of the campus. The purpose of this school is twofold: to aid the child to live in a satisfying way, and to train students who expect to teach in the elementary grades of the public schools. Each grade has a suite of three rooms and is supervised by a supervisory teacher who has been trained for the double duty of training students to teach and of teaching children. The supervising principal directs the entire school.

JANE M. CARROLL

## PSYCHOLOGY AND EDUCATIONAL PHILOSOPHY

C. B. Pyle, Ph.D.  
Head of Department

One year ago the Department of Psychology and Educational Philosophy was organized as a separate department. Notable advance has been made during the year. Two additional professors have been added to the Psychology staff. Several hundred dollars of apparatus have been supplied for the new experimental laboratory which is enjoyed by the students of Psychology. Hitherto eleven courses have been offered. Thirteen new courses will appear in the new catalogue making a total of twenty four.

For the first time in the history of K. S. T. C. students desiring to major in Education may do so by taking the majority of professional subjects in this department, or by expressing their desire to major in the department.

Harrison L. Euler, A.M.

L. D. Morgan M.A.

## DRAWING

Elsie Leitch Bowman  
Director

The aim of this department is to prepare students to meet the needs of the public schools for art instruction and to supply the demand for supervisors and departmental teachers of art. It also gives training for those who expect to make art their life work. The degree of Bachelor of Science in Education with a major in Art is now offered.

## RURAL EDUCATION

E. E. Stonecipher, M. A.  
Head of Department

The Department of Rural Education has as its special function the serving of the rural and village schools. It offers eleven courses in the field of Rural Education and has a Rural Teachers' Curriculum consisting of two years of college work at the completion of which the student is entitled to a Life Certificate to teach in the elementary schools of Kansas.

Bertha Spencer, B.S.  
Art

May Hare, B.S.  
Rural Education

LIBRARY

Odella Nation, B.S.

Helen B. Hinn  
Geography

## LANGUAGES

S. J. Pease, A.M.  
Head of Department

Thanks to the studies, now nearly completed, made by thousands of teachers, specialists and investigators, foreign language students are now at the threshold of a new world. More than forty first and second-year Latin textbooks have appeared in the last two years; Spanish has received a new impetus through Lindbergh's goodwill tour; French is a universal standard for reading knowledge for graduate work and for appreciation in the study of speech, literature and the fine arts; German is rapidly recovering a position of equality with the other modern languages.

## DEAN OF WOMEN

Hattie Moore-Mitchell, A.M.  
Dean and Director

Frances Willard Hall, dormitory for college women, which accommodates one hundred and nine girls, has all the conveniences of a modern hotel. Spacious parlors, fully equipped laundry and a kitchenette on every floor, gives to those who are fortunate enough to be residents of the Hall the fullest measure of ease and comfort any college girl could experience.

One slogan is the secret of the management of the Hall:

"In this Hall, you can do anything which every other girl could do without question or comment."

Mary Martin, B.S.  
Languages

Leeta Guernsey, A.M.

Eleanor Kase  
Willard Hall

Inez L. Risk  
Sec. to Dean

PHYSICAL ED.  
Women

Eva P. McKee, A.B.  
Acting Head of Department

It has been our constant endeavor to help you build a well functioning body; to give you a strong and lasting love of play that shall continue long after school days are over; to help you discover your own power of creative expression.

This department maintains a major course that trains students to carry the ideals and activities of Physical Education into our public schools and recreation centers.

The Women's Athletic Association and Red Cross Life Saving Corps, open to all women on this campus, are two organizations that are sponsored by this department.

PHYSICAL ED.  
Men

G. W. Weede, D.D.S.  
Head of Department

Twenty-five years ago when K. S. T. C. was founded the idea of physical activities as a vital part of general education was hardly given a serious thought. Today the use of play and games is considered one of the most effective methods of developing our physical, social and moral natures.

The ambition of the Department of Physical Education for Men is to make it possible for every boy to have an opportunity to secure the values which come from competitive sports. Not every student can be a candidate for a college team; but every student can derive similar benefits from intramural participation.

Hazel Cave, A.B.

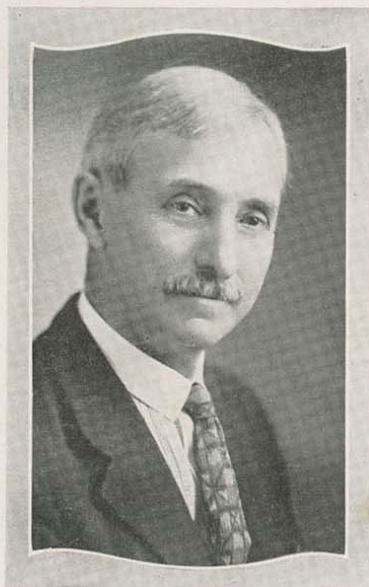

Ruth Wilson

John Lance, B.S.

George Walker, A.B.

## REGISTRAR

J. F. Mitchell, A. M.  
Registrar

The passing of the years and the experience that widens and deepens with the changing scenes of college life strengthen our conviction that "democracy in education" will prove to be the most effective preventive of freshman scholastic "cemeteries." We are convinced that much of the scholastic mortality of the initial year of college life is due largely to the "go-hang" attitude toward freshmen of many members of college faculties and upper classmen. Democracy in education to us means a close and most sympathetic relation between the college "youngsters" and all the college faculty and upper classmen. We are glad to have a part in the administration of an Educational Institution that believes in and practices such a policy.

REGISTRAR MITCHELL

## EXTENSION

L. A. Guthridge, B. S.  
Director

The Kansas State Teachers College of Pittsburg was one of the first teachers' colleges to recognize that at times it might be very inconvenient, if not impossible, for some people to go to college to satisfy all their desires for higher education. Therefore, this college decided to go out to such people. In other words, it is trying to answer the call, "Come over and help us."

The Extension Department is that division of the colleges, which, by sending out members of the faculty to conduct extension classes in various towns and cities, and by conducting home study through correspondence, brings the college as near to you as your own city or your own mail box. This may be an illustration of opportunity knocking at your door.

Eva Edwards  
Assistant Registrar

Mary Iori

Nettie Hembree

Ethel Greef

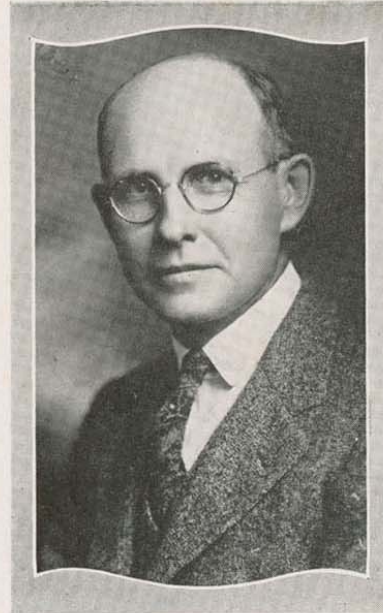

## SECRETARIES

The department of Smith-Hughes Vocational Education, of which Laurence Parker is director, has been designated by the State Board of Vocational Education as the teacher-training agency for trade and industrial teachers. One of the activities of the department is the conducting of conferences of foremen, under the supervision of Marion W. Smith.

The Young Women's Christian Association was first organized on this campus May 16, 1910 with an active membership of 29 and seven associates. Eighteen years later we have an active membership of 318 girls. The purpose of the Y. W. C. A. in its work on the campus is the power which holds this group together.

The Y. M. C. A. on the campus is an active agent in dealing with the social life of the boy. Many speakers are brought to the campus by this organization, among the greatest of whom is Sherwood Eddy, of international fame. The growth of the group has been great and under the direction of George Small, secretary, it will likely continue to grow.

The Service Bureau extends greetings to the readers of the 1928 Kanza. We trust that we have been able to help you in some way during the time you have been on the campus of K. S. T. C. We did not get acquainted with everyone but our intentions were good. When you come back again drop in and you will find a welcome corner.

Laurence Parker, B. S.  
Director of Smith-Hughes

1901-1928

KANZA

## GOLD AND CRIMSON

Alma Mater Song of K. S. T. C.

On the plains of southeast Kansas,  
Neath an ever-cloudless sky,  
Far away from surging ocean  
And the storm bird's plaintive cry;  
With her prairies rolling westward  
Where the redman once roamed free;  
With her ensign proudly waving,  
Stands our dear K. S. T. C.

Let her worthy sons and daughters  
For our College proudly stand,  
Shielding zealously her honor  
In one brave unbroken band;  
Let them hold aloft her banner  
With a stout and steady arm,  
Rallying her children round it  
From the city, town and farm.

Let us greet the Gold and Crimson  
With a strong and cordial cheer;  
Let our hearts be ever loyal  
To our Alma Mater dear.

25<sup>th</sup> ANNIVERSARY

## O ALMA MATER, BEACON BRIGHT

Dedicated to alumni and students of Kansas State Teachers College, Pittsburg  
By EDGAR MENDENHALL

O Alma Mater, Beacon Bright  
Of southeast Kansas plains,  
Thy sons and daughters lift their love  
In these deep, heartfelt strains.  
Thy classrooms, halls, thy fields of strife  
Our heart-strings intertwine;  
Our souls, our minds thy imprint bear,  
Their dross thou didst refine.

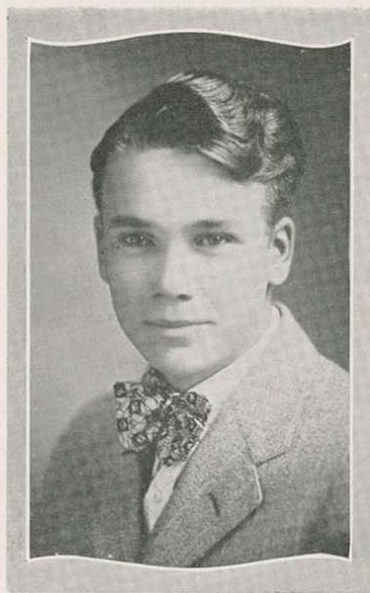

Pierce darkness, Mater, shed thy rays  
Upon tradition's chain;  
Unfetter minds and haste the time  
When Truth and Justice reign.  
Shine on, O Mater, Beacon Bright  
Of southeast Kansas plains,  
Light others' steps to heights beyond  
Our vision and refrains.

Burn bright, O Beacon, in our hearts  
Shall altar embers glow,  
Vestalled by Love's eternal flame,  
Unquenched by Age's snow.  
O Alma Mater, Beacon Bright  
Of southeast Kansas plains,  
We pledge our constant love for thee  
In these, our heartfelt strains.

Melody: America, the Beautiful

## IF

If you can keep your head when all about you  
 Are losing theirs and blaming it onto you;  
 If you can trust yourself when all men doubt you  
 But make allowance for their doubting too;  
 If you can wait and not be tired by waiting,  
 Or being lied about, don't deal in lies;  
 Or being hated, don't give way to hating,  
 And yet don't look too good, nor talk too wise.

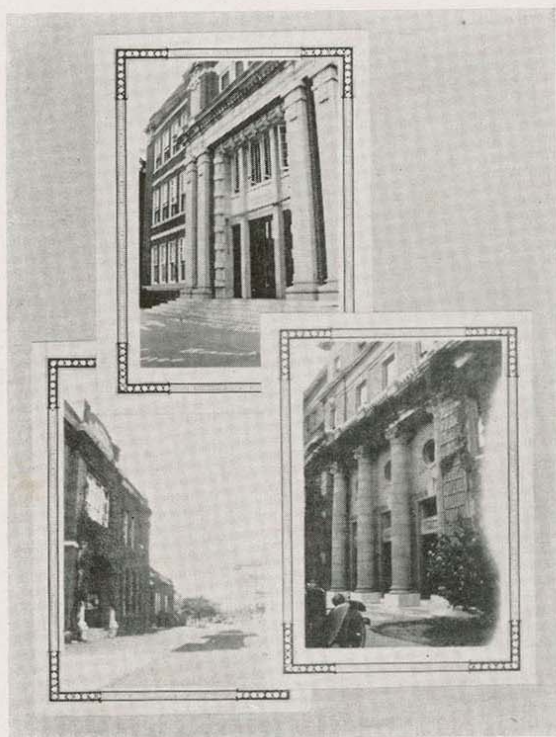

If you can dream—and not make dreams your master;  
 If you can think—and not make thoughts your aim,  
 If you can meet with triumph and disaster,  
 And treat these two imposters just the same;  
 If you can bear to hear the truth you've spoken  
 Twisted by knaves, to make a trap for fools,  
 Or watch the things you gave your life to broken  
 And stoop and build them up with worn out tools.

If you can make one heap of all your winnings,  
 And risk it on one turn of pitch and toss  
 And lose, and start again at your beginnings  
 And never breathe a word about your loss;  
 If you can force your heart and nerve and sinew  
 To serve your turn long after they are gone,  
 And so hold on when there is nothing left within you  
 Except the will which says to them "Hold on."

If you can talk with crowds and keep your virtue  
 Or walk with kings nor lose the common touch,  
 If neither foes nor loving friends can hurt you,  
 And all men count with you, but none too much;  
 If you can fill the unforgiving minute,  
 With sixty seconds full of distance run,  
 Yours is the earth and everything that's in it,  
 And—which is more—you will be a man, my son.  
 —Rudyard Kipling

## PANHELLENIC COUNCIL

Prudence Scovell  
Heinbaugh

Peterson  
Purkey

Graham  
Curnow

The Panhellenic Council is the assembly of all sororities on the campus and is composed of four delegates from each sorority, including the sponsor and the president, and two members selected by the president of the sorority in the council. The aims of the council are to encourage the local chapters to take an active part in all college affairs! to establish a feeling of sisterhood among the different sororities, as well as within the sorority; and to keep down barriers between sorority and non-sorority girls. The duties of the organization are to pass and enforce all rushing rules, to fix dates of all activities in which all the sororities participate, and to regulate all matters which pertain to local sorority life.

Alpha Chapter of Alpha Gamma Tau was established at this institution in the fall of 1924. The purpose of this fraternity is to bring the students of chemical, physical, and geological science into closer relationship.

During the last four years its influence has been felt in bringing closer fellowship to those majoring in the different divisions of the department.

Theta Chapter of Pi Kappa Delta was organized in K. S. T. C. the evening of April 20, 1921, at the home of Dr. J. H. Bowers, with fifteen charter members.

The policy of the organization has been to foster debating and oratory by extending the opportunity to as many students as possible, rather than to confine the activity to only a gifted few. This policy has resulted in fewer victories, but with corresponding greater benefit to the many. But with this plan, approximately three-fourths of the debates where a decision was involved resulted in a victory for K. S. T. C.

# 25<sup>th</sup> ANNIVERSARY

## MEN'S GLEE CLUB

The Men's Glee Club has had excellent training, under the direction of Professor Booker. The present season, which is Mr. Booker's first season with the club, has been very successful. The soloists with the club are Miss Opal Clark, soprano; Clyde Neibarger, tenor; and Miss Georgia Nation, reader.

### Officers

Paul Smith .....	President
Paul Ham, George Duerkson .....	Business Managers
Dwight Davis .....	Librarian
Lucille Walker .....	Accompanist

### Personnel

First Tenor—Lloyd Lyons, Ermal Finley, A. M. Hillegas, S. B. Turner.  
 Second Tenor—Melvin Taylor, Paul Smith, Lawrence Simon, Clifton Huff.  
 First Bass—Dwight Davis, Eugene Frank, Paul Ham, George Duerkson.  
 Second Bass—Clyde Clark, Perdue Graves, John Wackerle, Jr., Archibald Russell, Floyd Clark.

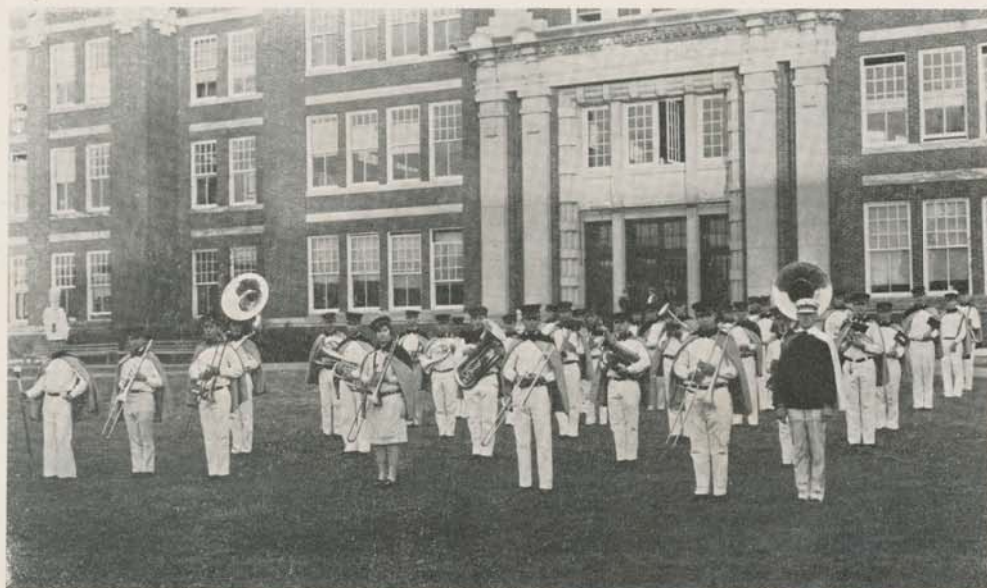

The work done by the club has been of a serious nature. The music studied has been that of the best. Such numbers as "Where'er You Walk," from "Semele," by Handel; "John Peel," English hunting song, by Andrews, and others of a like caliber have aroused much favorable comment among discriminating audiences. Some of the music has been of a lighter character, making the programs given by the club well balanced.

Every year the Men's Glee Club appears in various cities of Kansas and Missouri. The types of programs given here helped build a reputation as a music center for Pittsburg.

A male quartet, made up of Finley, Smith, Frank, and Clark, finds a place on the program, adding variety to every concert.

The college band has had a steady growth in the last two years. It started last year with but a few members and grew to about 25 regular members. This year it started with about 25 members and has grown to about forty members who assisted in the concerts and the stunt fest.

This year has marked the college band as a regular organization, with new suits and some new instruments and a drum major second to none in the state. Mr. Nation has led us well in these last two years, Emporia reporting that his work down there on the day of the game was great.

We look forward to an even better band next year than this year.

#### Paderewski Concert

K. S. T. C. was host to a large number of music lovers from three states at the Paderewski concert held here February 23, 1928. Three-fourths of the capacity house which heard Paderewski in concert were from out of town. The program was enjoyed by all who heard him. After several encores everyone regretfully left, but with the realization of having heard a true artist.

Miss McKee  
Miss McPherson

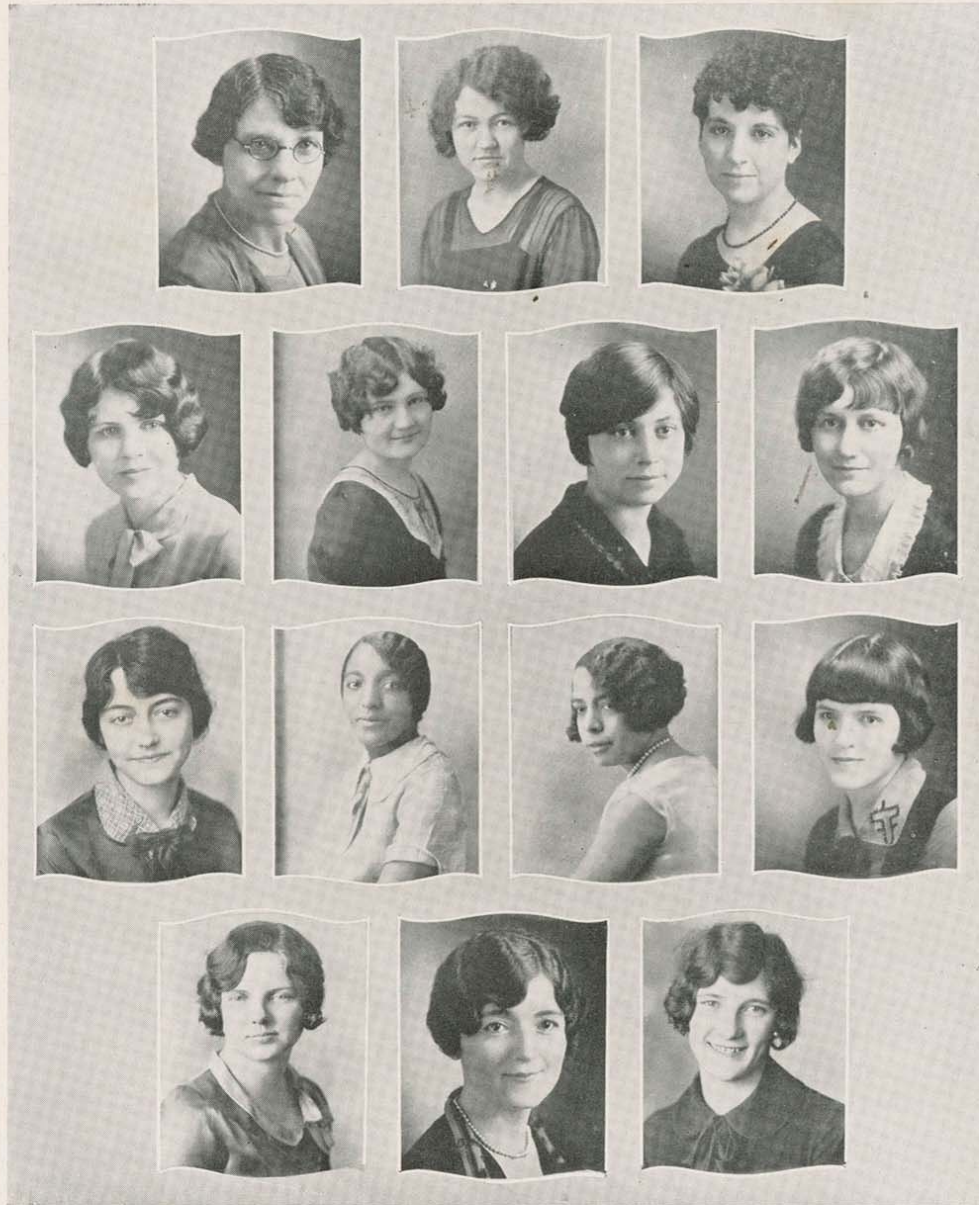

While our College is 25 years old, the Young Women's Christian Association on our campus is only 18 years of age. It was organized May 16, 1910, with twenty-nine members from the student body and seven from the faculty women. During these eighteen years it has realized a steady growth until at present time the membership numbers 328 from the student body and practically every woman member of the faculty.

The purpose of the Y. W. C. A. is to discover how the experience we call "religion" and the one we call "education" can re-inforce and stimulate each other and so illuminate life. No other phase of College is so vitally connected with the inner and the deeper life of College girls than is the Y. W. C. A. Its aim is to meet the needs and changing conditions of women students; to raise the standards of social activities and to develop Christian characters. The source of the greater power comes from the devotional meetings which are held each Tuesday morning at 10:00 o'clock in Carny Hall. These meetings have had as their fundamental purpose the idea of helping girls to "to put first things first" in their lives. The standards Jesus gave while He was on earth are the standards of the organization.

The purpose of the English Club is to advance the interest and the study of the English language and literature, especially the writings of contemporary authors; to encourage worth-while reading; and to foster a spirit of fellowship among those specializing in English.

## CHEER LEADERS

Haddock      Tharp      Woodard      Huffman      Ziesenis      Clark

This year the cheer leaders were selected by the Gorilla and Kampus Kat organizations. The Gorillas elected three boys to represent them and the Kampus Kats elected three girls.

Charles "Chig" Haddock was selected head cheer leader. Kenneth Clark and Arno Ziesenis were his assistants from the Gorillas. The Kampus Kats chose Christine Tharp, Veva Woodard, and Winifred Huffman. These cheer leaders have rendered good service, being especially "Peppy" at all the games.

# 25<sup>th</sup> ANNIVERSARY

## KAMPUS KATS

Horton

Ludvickson

Risk

Weede

Lutes

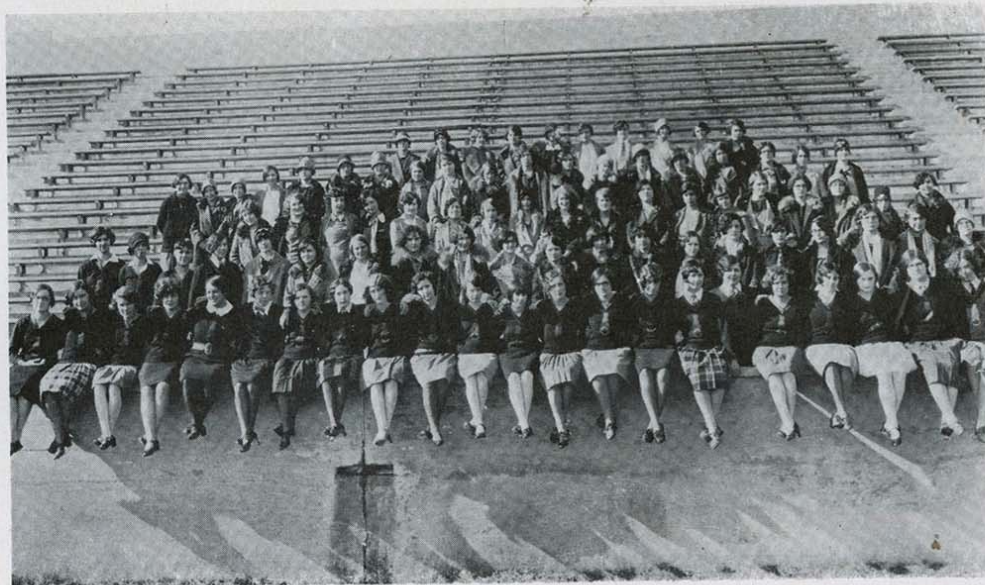

Yearly the Kampus Kat organization grows. This is the fourth and biggest year of its existence. The charter members number fourteen, the second year there were 40 Kampus Kats at K. S. T. C., last year there were 200, but this year the membership campaign was snappy at the first of school and the roll numbers 250.

Two features were brought into the organization this year that were new and notable. First, the Kampus Kats has an executive council, consisting of the officers—Hazel Horton, president; Thora Ludvickson, Dorothy Weede, Doris Lutes, Mrs. Risk—and a representative from each class—senior, Priscilla Waggoner and Mabel Rosenberger; junior, Doris Runyan; sophomore, Mary Belle Nation; freshman, Agnes Mae Pearson. The second new feature was the appearance of nearly one hundred crimson and gold sweaters with cat on the front as the standard Kampus Kat sweater.

25<sup>th</sup> ANNIVERSARY

## KAMPUS KATS

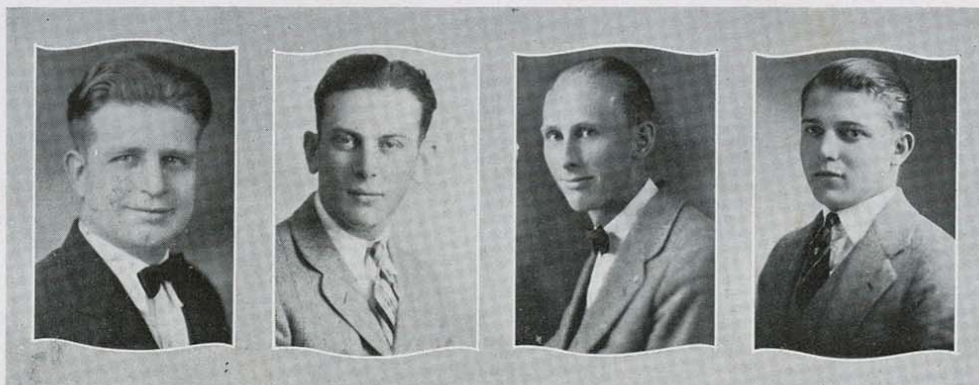

The Kampus Kats have taken an important part in pep meetings, parades, and at the athletic games. Nor has the social side been neglected. In co-operation with the Gorillas, all sorts of parties, hikes, and picnics have been held.

The cheer leaders are Veva Woodard, Winnifred Huffman, and Christine Thorp. We are especially proud of them.

## GORILLAS

Jack Keller  
President

Melvin Buzzard  
Vice-President

Irvin Stuckey  
Secretary

Charles Haddock  
Field Marshal

The Gorillas are a group of College men that are organized to promote "pep" and "enthusiasm" among the students for various athletic and school activities.

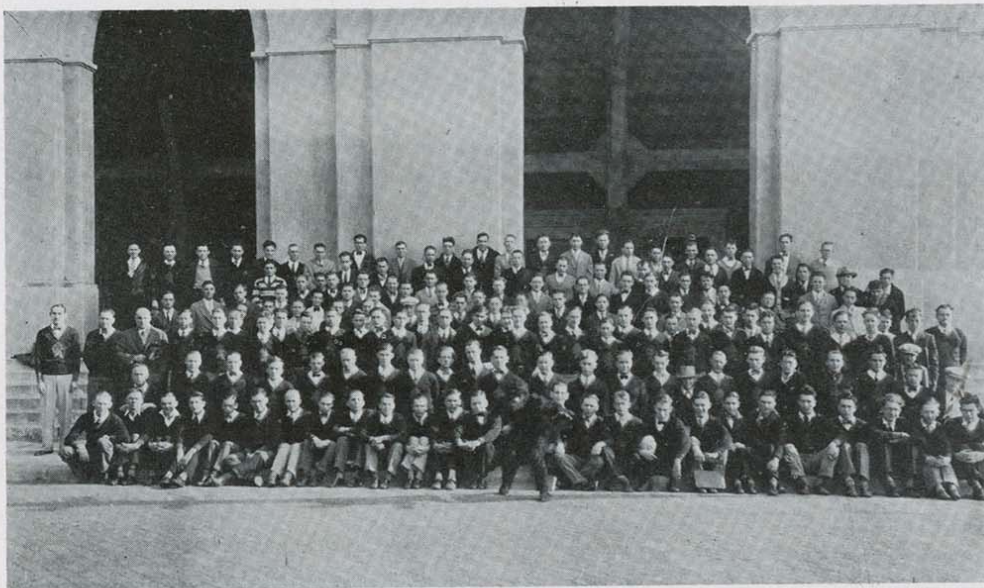

They are also engaged in many other activities for the "betterment of college life."

Their purpose is to elect cheer leaders, organize pep parades before games and promote celebrations after victorious athletic contests; boosting special trains from K. S. T. C., and buying trophies for their championship teams.

## HOME ECONOMICS CLUB

### Officers

Dorothy Nichols .....	President
Charlotte Donnelly .....	Vice-President
Gladys Pinder .....	Secretary
Marceitis Ware .....	Treasurer
Mabel Beebe .....	Parlamentarian

The Home Economics Club was organized December, 1919, the purpose being to further the intellectual, civic, and social development of the Home Economics Department.

The first issue of the Home Economics Bulletin was published in June, 1920. Since then it has been published quarterly, with increasing success. The purpose of the bulletin is to bind the alumna and students together in promoting the best interests of the department. The bulletin is edited by a staff of home economics students representing each college class. It is the only student-edited bulletin of its kind in the United States.

The club has a project of furnishing the reception office of the department. Last year a quilt was pieced using a double Irish chain design. The members of the club pieced the quilt, and the proceeds after the sale of the quilt helped pay for part of the furnishings. The club has also paid subscriptions to the Ellen H. Richards scholarship fund. Each state has a quota in this fund and clubs are among those helping to raise the state's quota.

Thelma Cornelson .....	Vice-President
Priscilla Waggoner .....	Secretary-Treasurer
Hazel Cave .....	Captain
Eunice Wilson .....	Instructor
Eva McKee .....	Medical Officer

The Red Cross Life Saving Corps was organized on the campus the spring of 1926. The objects of the Corps are (1) to develop sentiment and facilities for safe guarding human life from drowning. (2) To teach precautions that should be observed on water and preventive measures necessary to avoid accidents. (3) To prevent drowning by teaching swimming, holding swimming and life-saving exhibitions, promoting swimming and life-saving competitions, and giving instructions in the various methods of performing artificial respiration. (4) To rescue those in peril of drowning. (5) To resuscitate persons apparently drowned.

# 25<sup>th</sup> ANNIVERSARY

## COLLEGE ART CLUB

Frances Haigler  
President

### Officers

Frances Haigler	President
Helen Keltner	Vice-President
Margaret McCune	Secretary
Harry Wells	Treasurer

The aim of the College Art Club is the promotion of interest in art and appreciation of it. This has been done through exhibits of local work, financing of traveling exhibits, and the sponsoring of several art contests.

The club was organized in 1921 by Helen Waskey, Edith Buchanan Jepson, Mildred Congdon, Mrs. H. L. Roscoe and Waylande Gregory, who were all students majoring in art, with Miss Elsie Bowman and Miss Bertha Spencer as faculty advisers.

Six exhibits have been sponsored by the club during the annual Spring Festival. In 1922 the exhibit was of American Contemporary oil painters; in 1923, of American illustrators; in 1924 and 1925, collections from English and American painters; in 1926, early and contemporary American painters; and in 1927, chiefly American painters.

Five pictures have been presented to the College to be hung in some building on the campus—an etching by Frank Brangwyn; a painting, "Willows," by Della Miller; "The Birches" by Coach Henry; "The Mountains," by Albert Bierstadt; and an Italian head by Frigerio.

## W. A. A.

Daisy Bible  
President

Thora Ludvickson  
Vice-President

Veva Woodard  
Secretary-Treasurer

Georgia McCollister  
Recording Secretary

Miss Hazel Cave  
Sponsor

Membership in the Women's Athletic Association is open to any girl enrolled in the college who is interested in working for points under the point system of the association. One hundred points are required to gain membership—50 per cent from sports and athletics, 30 per cent from health, and 20 per cent from the general section.

The W. A. A. strives to have its members become "all-around college students. Although it is primarily an athletic association, this side is not stressed at the expense of the other activities of the student's life.

The school year is divided into three sport seasons. Hockey and soccer are offered in the fall, basketball in the winter season, armoryball and track in the spring. At the end of each sports season a tournament between the two teams is played. The tournament consists of three match games, and the team winning two out of three of the games is declared the victor in that sport. At the close of each sports season a test over the rules of the game is given, in which the girl must make a grade of at least 80 per cent. From those who pass this test the team is chosen according to their playing ability.

Some of the miscellaneous activities, such as tennis, horseback riding, swimming, tumbling, skating, and hiking, are also enjoyed by the members.

W. A. A. cordially invites any girl wishing to work in the organization, and urges that she begin her activities at the beginning of the school year.

## STUDENT COUNCIL

Huff  
DonnellySmith  
ThomasChute  
MarshCarlyon  
Wells

The Student Council is composed of eight members—two from each of the four college classes—and a president elected by the student body at large. In accordance with its constitution the council assumes charge of all activities not controlled by other organizations, and has power to initiate new policies. Included among the responsibilities of the Student Council are: Sale of freshman caps, freshman rules, school and class elections, Hobo Day, Stunt Fest, and school excursions and picnics.

This year's council inaugurated the policy of holding a student reception.

The members of the council are:

Jack W. Wintle, president.

Seniors—Charlotte Donnelly, and Paul W. Smith, treasurer.

Juniors—Edith Thomas, secretary; Clifton Huff.

Sophomores—Clara Marsh and W. Deward Chute.

Freshmen—Helen Wells and Lemoine Carlyon.

# ARDEN PLAYERS

The Arden Players, a dramatic organization of the college, has completed a very successful year, under the direction of Miss Elizabeth Reherd, dramatic coach and supervisor of dramatic art.

On December 8, 1927, "Icebound," a drama in three acts, was presented in Carney Hall before a large and appreciative audience. The cast included:

Henry Jordan.....	Phonce Mitchell
Emma Jordan.....	Velma Totten
Nettie.....	Catharine Upchurch
Sadie Fellows.....	Annie Lindsay
Orin.....	Georgia Nation
Ella Jordan.....	Mildred Skourup
Ben Jordan.....	Paul Ham
Dr. Curtis.....	Halliday Jones
Judge Bradford.....	Hobart Sallee
Jane Crosby.....	Virginia Bailey
Hannah.....	Winifred Burkett
Jim Jay (sheriff).....	Leland Gier

The organization has produced several outstanding plays during the last few years, and, judging from the rapid growth, will continue to present a worthy brand of entertainment.

The following officers were elected for the coming year at a banquet given in honor of the Arden Players:

Hobart Sallee ..... President

The Arden Players includes all active students in the college who have taken an active part in an Arden play.

The official student publication of any College should serve three purposes, namely, it should contain all routine news and serve as an advertising medium of the college students and faculty; it should keep the alumni and friends of the College informed of its progress; and it should advertise the school, interest the prospective student yet in high school, and keep the public informed of its activities.

The staff of the Collegio believes that this publication has fulfilled these functions, its best efforts having been directed toward that end.

From a small monthly magazine of uncertain life the Collegio has grown until in 1927 it ranked in the highest ten per cent of all university and college publications, according to a survey conducted by Sigma Delta Chi, Illinois University, national journalism fraternity. This year second place in the Columbia Interscholastic Press Association, Columbia university New York, came to the Collegio in the Teachers college class.

## Officers

Charles Yoos .....	Chairman
Mary Jugg .....	Secretary
Ernest Bennett .....	Treasurer

The Board of Student Publication was created by By-Law 19 of the Constitution of the Student Council. The personell of the board consists of one member from each of the three upper classes elected by the classes, one member from the student body at large elected by the Student Council, and three faculty members appointed by the president.

The purpose of the Board is to hire the Kanza and Collegio staff, and to "make and enforce policies and rules governing the sponsoring and supervision of the publications over which it has jurisdiction." This Kanza is the first produced under the supervision of the Board.

As a teachers college education club, the Charles W. Eliot Club is of necessity born of the nature of the institution. This being its second year here, it has endeavored to bring to its members a worth-while professional organization, and to instill into the members' hearts the profound significance of education.

Its members have a duty threefold—that of the first part, association; second, to solve educational problems; third, improvement of the teaching quality.

The second annual geology field trip was made to the Rocky Mountain National Park of Colorado. About ten days were spent on the way out, camping in city camp parks at Fredonia, Wichita, Dodge City, La Junta, Colorado Springs, and Denver. Side trips were made to the Royal Gorge, Skyline Drive, Pike's Peak, Phantom Canyon, Garden of the Gods, etc. A half day was spent in the state museum and in the Colorado Museum of Natural History at Denver. A two-week camp was made at Ward, Colo., the group occupying four large cottages. Side trips from Ward included trips to glaciers, glacier lakes, gold mines, Specimen Mountain, Long's Peak, and up Fall River Pass over the Continental Divide.

The field trip for August, 1928, will be another trip to the Rocky Mountains of Colorado.

K. A. N. Z. A.

## FOOTBALL

As a fitting reward for his stellar performance during three seasons on the gridiron, Carl Killion, from Howard, was elected to captain through the 1927 squad. Killion has filled his position well. He went through the line for consistent gains much to the opponent's disgust. He was a real leader for the fighting Weede-men.

Captain Carl Killion  
Halfback

Frank "Arkie" Hoffman was one of the main stays around which the Gorilla line was built. The big ex-Pittsburg High man was a power at center and his work both on defense and offense caused him to be named by several sport critics as an all-state man. Arkie has played his last game for old K. S. T. C. We shall miss him greatly in the line up.

Frank Hoffman  
Center

Ross Barndt, playing his fourth year at halfback, gave several exhibitions of brilliant football playing during this year's season. Jake was exceptionally shifty and frequently wriggled through the line for a long gain. He was also sure to be under a forward pass.

Ross Barndt  
Halfback

## FOOTBALL

James Ewing  
Tackle

James Ewing, junior from Iola, came to Pittsburg after playing one year on the freshman team at Kansas State Agriculture College. He played tackle and was on hand at every game this season. Jimmie is quite a chunky fellow and his help will be one of our great strengths next year.

Floyd Scott  
Guard

Another one of the more hefty members of the Gorilla squad, Floyd Scott, senior guard from Independence. His 195 pounds was felt in every game, and he will greatly missed next year.

Jean Bennet  
Backfield

Jean Bennett, Haviland, backfield ace, was probably the fastest man on the Gorilla roster. He is well built, but not heavy, and he is as fleet as an ostrich. You could depend upon Jean for a long gain when he had the ball. Jean was an all-round backfield man, being adept at ball carrying, defense and interference running.

Edward Shilts  
Tackle

Eddie Shilts, Wilson, held a very important position as tackle. Eddie is also the official fun-maker for the Gorilla squad. However, "Doc" will have to get another man to fill his office because he is a senior. When the debris resulting from a mass play was cleared away you could always depend on seeing Eddie with his arms entwined around the ball carrier.

## FOOTBALL

Lee Bournonville  
Quarterback

Everett Nicholson came to Pittsburg from Blackwell, Oklahoma, where he had won the distinction of being an all-state high school back. "Chief's" work in college this year shows that they had good judgement. He has two more years to play with the Gorillas and he will be welcome indeed.

He is very short, not very heavy, and how he can play football. He is the smallest man on the Gorilla squad, tipping the beam at barely 130 pounds. He is exceedingly shifty, and this together with football head, made him a fit quarterback.

Everett Nicholson  
Fullback

Prentice Gudgeon  
Quarterback

Brock was a member of the half-back quartet. His playing always netted the Gorillas several yards gain. He was very fleet and could always find holes in the opponents wall and could twist himself free from any would-be tacklers.

Prentice Gudgeon, elongated ex-College High man, was a valuable man at quarterback. His passing arm started many heaves which resulted in long gains and his generalship in directing the plays was cool and heady. We like his playing.

Henry Brock  
Halfback

## FOOTBALL

Kenneth Pettit  
End

Lester Rice hails from Missouri, Lamar is the town. He has cotton-colored hair, and he made his first letter in his first year at college by playing utility fullback. He is just a mere lad but he fills his position as well as any stellar player would.

Husky and speedy end, Kenneth Pettit was always in play. He played his first year for K. S. T. C. on the Reserve squad. Pettit took care of his wing very well, always having it advanced as far as possible. He will be with us next year.

Lester Rice  
Fullback

Howard Baird  
End

Baird played at end and also at fullback. The punting of Baird was his chief asset to the Gorilla football players. He is large, strong and well qualified to play on such a team as ours.

John Ogden is a new one. He shows up real well however, and in a short time he will be playing one of the stellar parts on our gridiron.

John Ogden  
End

## FOOTBALL

Carlos Pruett  
Guard

Carlos Pruett, beefy, strong, always there, gave our line quite a formidable appearance. He played a very good game at guard and defended our goal more times than once.

Howard Adams is one of our fleetest ends. He comes to us from Urbana, Illinois. We like his style of work. He makes a good team mate for Pettit. Adams is a junior and has one more year to play with his Alma Mater.

Howard Adams  
End

Mackay Whitten  
End

Another flashy, part time end. Whitten played a very good game. He is fast, and can always be depended on to be in the right place at the right time. He is a freshman and so he has ample time to improve. He will be one of our best ends in the near future.

Green is one of our best guards. He is heavy, has determination, and lots of power. He is a very valuable asset to the Gorilla line up.

Earl Green  
Guard

## FOOTBALL

Jess Anderson  
Halfback

Jess "Red" Anderson, Wetmore, is one very fast halfback. He has demonstrated his ability several times. He also has skill in defense. When it comes to running interference, Andy is right on the job. He won his letter by his ability to get down the field under passes.

White shows much versatility at football. He plays end, center, and tackle with very much skill. He was unlucky last year, breaking his collar bone at the first of the season. He has shown up very well this year. Our team would be seriously handicapped without him.

Walter White  
End

William Baker  
Guard

Pittenger a new man on the squad. He is a freshman and will have three years to show his mettle. He has shown a very good brand of work and under the tutelage of "Doc" and "Jawn" he will make a fine tackle.

William Baker is one of the few who has risen from a position on the reserve squad to a position on the varsity. It has taken much hard work and perseverance to do this. Baker has all the qualities of a good football player. He has two more years here and much is expected of him.

Lonnie Pittenger  
Tackle

## BASKET BALL

Frank Hoffman  
Captain and Guard

Don't know why they named this boy "Arkie," unless, as Noah's battered old tub was big and strong and steady, so is this Hoffman kid big and strong and steady. He possessed two of each species of talent necessary on the court. Yes, and then some. Sport writers have heaped upon him every title from All-conference to second All-American. The school donated the nomenclature, All-time, and we add, All-everything. He has performed on four successive championship teams, piloting the last. Pittsburg is his home and he wears four stripes. But graduation robs us of him—we will miss him—as Markham said, "leaving an open space against the sky." He scored 133 points in 22 games.

Herbert Cormack  
Guard

The original wise man of the squad is Herb Cormack from up Kinsley way. John Lance's clanging war-cry "think two steps ahead of your feet," meant nothing to this rangy guard. He raised the famous John one, made it three, and has been playing the court game since. And displaying it as it should be played. While not a heavy scorer, his goals usually came at critical moments when the Crimson was faltering, or to begin a winning rally. A fit running mate for the big "Arkie," a cool alert performer, a three-year man, he leaves this year with cap and gown. Herb played in 22 games, scoring 58 points.

Jess Anderson  
Forward

If a greyhound, a sharpshooter, and a buffoon could be combined into one creature a likeness of one Jess Anderson would pop forth. But since this is impossible, one must say that "Red" Anderson is "Red" Anderson. There is no other way to explain him. He is a flash on his feet, having covered all season the "third man" through the Gorilla defense—a lung-racking task. He cages the most uncanny, unorthodox, unexplainable deliveries—besides making you grin and like it. In spite of all this he is a good basketball player, a three-striper, and a native of Wetmore. He led the Gorillas in the season's scoring with 196 points from participation in 22 games.

## BASKET BALL

Tom Scott

Forward

Thomas Jeremiah Scott of Pittsburg first stepped into the limelight last year as a forward. Finding the Kleig-rays to his liking he decided to stay—and stay he did. Although ineligible until the second semester of this season he practiced steadily along until after the holidays, then on a moment's call resumed his former position. He is fast and shifty, with facile fingers and a clever fake shot, which makes him an ideal man to pass to in scoring area. He was at his best here against the touted Emporia Yellowjackets, garnering six goals to lead the revenge-thirsty Gorilla horde in their decisive triumph. Two more seasons are ahead of him. He participated in 15 games, scoring 92 counters.

Clifford Breithaupt

Forward

Every player has his specialties, and following his mates shots, together with injecting spirit into the game by scrapping for the ball, belong to Cliff. He had the rare knack of entering the fracas late, announcing his arrival with a spectacular goal, and emerging with the evening's scoring honors. He had more than this—an ideal basketball build. Rangy, agile, and swift, he was a valuable reserve to unleash and let go at top speed. He is from Eudora, wears two stripes, and returns in September. Cliff entered 15 contests and scored 65 points.

Kay Goforth

Forward

This tow-head flash from Winfield needs no introduction. Rather a hoop, a sphere, and half-a-chance to lead the pack in scoring honors. He has done this trick twice now—once while yet in high school over in the Ark Valley circuit and again this season in the hectic Central conference chase. Besides his excellent offensive attainment he was dependable on defense, putting a perplexed frown on the brow of more than one guard who futilely tried to get around him. Skill in these two phases brought him this year a unanimous selection for all-star honors. Two other campaigns in a Crimson suit lie ahead of him. He scored 193 points in 22 games.

## BASKET BALL

Herbert Benson

Forward

Nimble, dexterous, feeling in his quickness, the papers named Herb as a "clear-eyed lad from Colorado" while he was flashing around the colossal Convention hall court at the A. A. U. tournament snatching games from the "fire" for Pittsburg with last second victory goals. Give "Hot-Shot" an even break with the fastest guard in the conference and he will outrace him and score. He filled the role of regular at the beginning of the season and even afterwards performed in varsity fashion when "Jawn" allowed him. This season's work netted his first letter in basketball. He is from Canon City, Colo., and will be back next year. In 19 games he scored 59 points.

Elmer Johnson

Forward

A homo-genus triphammer for driving power and aggressiveness. A human bundle of mercury for elusiveness. Johnson at times looked like an All-American. And again not so good. When he was off form he was decidedly off. No half way marks about his fiery style. Either all or none. However, he has three more seasons in which to settle down and produce. At any rate he will bear watching. He entered school here from Hutchinson, where he had made an enviable reputation on a fast independent quintet. He added 57 points to the seasons total and saw action in 18 games.

## BASKET BALL

This is not the first season wherein Queen Pittsburg State Teachers college and her train have tasted the chalice of victory.

For three years before, Gorilla court teams—buoyant with championship ability and fighting spirit—have bobbed at the top of the conference pool.

In 1925 the Gorillas vied and tied with the Washburn cagers of Topeka for the throne position. Again in 1926 the two were tied, but that year the Gorillas won the right to claim a moral crown if not an actual one by defeating the Ichabods at the A. A. U. Tournament in Kansas City after the league season had closed. In 1927 they stepped out far enough ahead—figuring on a percentage basis—to lay a clear claim to first place. This season again found them in a tie—this time with the touted Emporia Yellowjackets.

These two quintets stood about even, splitting their two-game series with each other and each defeating lower teams which had whipped the other. The Gorillas held the better scoring record.

However the reign of 1928, although shared, was different in several respects from the proceeding ones.

First, there was stronger competition throughout. Second, each team, following a round-robin scheme, played all the other teams twice. This made it impossible for an outfit to ride through undefeated by scheduling a row of easy games.

Third, seven schools—the crew of the old Kansas conference—had recently withdrawn to form a powerful circuit of their own. Pittsburg was one.

Fourth, Pittsburg, thrice champions, was a common target for every opponent. "Wallop the Gorillas," seemed to be the silent war-cry of the conference.

Fifth, basketball has so speeded up in the conference that if a team was caught below par for but one night it went down to defeat. The canter was truly a survival of the most consistent.

In personnel the team was a characteristic Lance aggregation. Lanky, stalwart guards in Hoffman, Cormack, Lewis, Heady, and Blizzard formed a bulwark of defense, while smaller but faster forwards, Goforth, Anderson, Benson, Breithaupt, Scott, and Johnson, dependable offense.

However, strictly speaking, there were no forwards nor guards. When a crimson player held the ball every man was a forward weaving to the front. When an opponent held the sphere every man was a guard shifting cautiously to defense.

The 1927 season started off smoothly enough with the Gorillas winning three successive games by top-heavy scores, from the Tahlequah Teachers and the Old Grads. Fandom thought the team had the championship edge but were not certain. It had not as yet met real competition.

Then came a sudden set-back at the hands of the fighting Springfield Bears. The Bruins waxed torridly "hot" on their small court and lifted the game from the Gorillas in the last minutes of play. The score was 50 to 40. Fandom worried. Would the team reproduce as it had in the three preceding years?

As a little side diversion the Gorillas defeated the C. C. C. Club of Kansas City by an overwhelming score after holding them to one field goal in the first half.

The next game against Washburn gave promise that the gang would produce. The Crimson lads unmercifully whipped the Ichabods who then were leading the conference. Score 48—17.

But the rain must follow the sunshine. Wichita came, fought, and conquered. The score was 31 to 27.

Springfield drove over en-masse to sink a second dose of defeat in the Gorilla. But they fought an opponent different. They fought a Gorilla that had just been beaten—with his back to the wall. Needless to mention who won. The score was 41 to 22. Nearly doubled.

Southwestern paid the Pittsburg camp a conference call, bringing along one of the likeliest teams ever seen on the local court. But their size availed them nothing against the accurate goal-shooting of their hosts. The decision stood 40 to 31.

A two-day road trip was next on the program. On the first evening the gang lost to the Emporia Teachers, 43 to 37. Spectators said the game was the best played on the Yellowjacket court in years. It was furious. On the second evening however the College of Emporia actors were completely routed from the stage, and the game turned into a Mack Senate specialty. Cormack and Kopelt had a little act all their own. Score? Sure 13 to 19.

On February 3 the Hays Tigers came from out the West. They went back much faster on the short end of a 54 to 17 score.

On the following week the Gorillas embarked on a second road-trip defeating Wichita on its own court, 42 to 40, and Southwestern on the next night. The Wichita game was a hard-fought encounter throughout.

The next week uncovered another trip. This time to Topeka and Hays. Washburn was disposed of 43 to 26 but the Hays Tigers took the reins between their cusps and pulled the Gorillas over the brink of defeat before the surprised Monks could steady themselves. The count stood 21 to 20.

Two hurdles remained—Emporia Teachers and the College of Emporia. To win both meant a possible tie for championship. To lose one meant a hopeless failure as far as the title was concerned. Fandom held its breath.

## BASKET BALL

(continued)

The Yellowjackets were first. Confident and exultant they came. What a battle it was. A capacity house yelled itself hoarse and then started all over again. The Gorillas won 38 to 26.

Nothing could hold the Crimson typhoon now. It swept over the Emporia Presbyterian at high tide, 50 to 10, to finish the conference season.

Fandom mopped the sweat from its brow and settled down to watch what the league-leading Emporians would do. Then one fair night he leaped all the bounds of restraint. Washburn had beaten the Yellowjackets and this threw Pittsburg into a tie for first place. Four consecutive championships—Whee!

## The National A. A. U. Tournament

The National A. A. U. Tournament at Kansas City attracted the Gorillas attention.

Although crippled and lame they cut a wide swath through three rows of independent quintets, climbing into the quarter finals before they were beaten.

In the first round they cut their way through the Ameth DeMolays of El Paso, Teas, 49 to 22. The second team was against another Dixie entry, the New Orleans Gymnasts. The Gorillas won this contest easily, 45 to 29.

After these easy games they met a formidable foe in the Kansas City Life quintet but won 37 to 35.

The next game was their nemesis. The Sterling Milks from Oklahoma City furnishing the necessary punch.

# WRESTLING

Jimmy Delaney  
115 pounds

Jimmy was the midget. From way up in the balcony and along the side lines he looked every bit his minute part. But to his 115-pound opponent he appeared considerably enlarged. Jimmy qualified for his first letter this season. He wrestled smoothly, never taking any unnecessary chances nor running unwarranted risks. His defense ability balanced his aggressiveness. He is from Pittsburg and has two more seasons ahead of him.

Ballard from Winfield performed for the first time with the Gorilla grapplers this season. Having already gained considerable experience in high school, he readily adopted Walker's theory and did his bit to make the Gorillas feared in the conference. While not the aggressive, lunging type, he was extremely valuable to pile up points on decisions. Above all, he was dependable, lending his best in every match. He earned his first insignia this season, and will return in September.

Chester Ballard  
158 pounds

Calvin Garvin  
145 pounds

Garvin was another of these lithe lads who packed a surprising amount of strength. He was always willing to mix freely with his opponent. "The bigger they come, the harder they fall," served well as a motto to denote his style. Perhaps his outstanding characteristic was his consistency. Always dependable, always steady, he performed like clockwork. Walker used him in the majority of the season's matches and he gave a commendable account of himself. He is from Wetmore and will be back.

In the phraseology of baseball, Fooshee would be known as a great pinch-hitter. In the terms of the grappling art he is an aggressive, hard-fighting 175-pounder. He did not earn a berth on the team right off. But when he was called upon at the last minute to go to Emporia, he was ready. Even when the gong had sounded for his match, Walker hesitated to let him use his initiative, fearing his inexperience would lead him into a trap. And victory depended upon this match. Walker would have been satisfied with a draw. But not Fooshee. He went into the melee, threw his opponent and pinned his shoulders. A pinch hitter, indeed.

Alvin Fooshee  
175 pounds

## WRESTLING

Herbert Wise  
Unlimited

Without a doubt the heaviest heavy-weight in the conference. That much is conceded. But to show that he had more than mere avoirdupois, his record needs only be consulted. Here it is: He did not lose a single match all season. A draw was the best any opponent could wrench from him. And he wrestled in every match on the Gorilla schedule. Herb hails from Winfield and he earned his first "K" this season in the mat sport. His grizzly bear tactics will be watched again next year.

The Houdini of the squad. Johnny could slip out of grape vines and scissors faster than his opponents could clamp them on. Besides his well nigh impenetrable defensive ability, he excelled most of the conference 135-pounders in aggressiveness. His quickness and suppleness gained for him numerous advantageous holds, and his skill and strength enabled him to keep them. He is from Pittsburg and a two-year man. He will return in September.

John Curran  
135 pounds

Irvin Pumpelly  
125 pounds

"Pump" won a majority of his matches by the time-decision route. It is difficult to describe him. First he was here, then there, and finally the other place. Wrestling doggedly, resisting stubbornly, or attacking fiercely. But when an opening occurred he was quick to seize its advantage. He was one of the few veterans who earned their places on the team a second time. His recommendation to the athletic council brings a second letter. He will return.

## TRACK

William Nicholson

Distance (left)

Williams Nicholson showed his mettle last year, when, upon his arrival from Wichita, he promptly broke the school record in the mile run, running the mile in four minutes and thirty-four seconds. Nicholson runs in all of the distance runs and he also is a cross-country runner. He also holds the state record in the two-mile run. He has been doing some very good work while in training this year.

John Hatfield

Jumps (right)

Another member of the pole vaulting triumvirate. He also hails from the middle of the state, Little River being his home town. Johnny rarely ever faltered in this event and it was by only soaring to a new record that Butterfield was able to beat him. He also competed in the high jump and broad jump.

Herbert Butterfield

Pole Vault (right)

"Percy" hails from Mulvane in Midwestern Kansas where they are taught to jump like grasshoppers. He has done his share in bringing home the bacon to old K. S. T. C. He has placed in state meets and has threatened the conference record many times.

Ralph Titus

Dashes (left)

Titus stars in the hurdles and some of the middle distance events. Because of his prowess in these events, as well as in others, he was chosen by his fellow track men to be their captain. Titus has done much to bring many laurels to this school. His versatility is shown in his ability as a broad jumper and in the Gorilla relay work.

## TRACK

Victor White  
Shot Put

The shot is well taken care of by a great big husky from Oswego. Vic has improved over last year. He is a Sophomore and has two more years to compete for old K. S. T. C., and he should bring much honor and many laurels to our school. He also throws the discus.

Jimmie hails from Florence. He is one of our star distance runners and also a cross-country man. Another reason that he is very popular is because of his exceeding handsomeness. Jimmie makes the fair co-ed's heart jump out of her mouth when he appears on the track field. Wancr' will be with us for three more years and we are looking to him for many gains.

James Waner  
Distance

Jean Winchester  
Distance

Winchester hails from Maryville. He is a mile man, also one-half miler. He does good work and we are proud of him. He will be here for some time yet and we are sure that he will make good. He trains consistently, works hard, and is proud of his school, and therefore he should be a real track man by next year.

Missouri has done us a good turn. Perhaps she doesn't know it, but nevertheless she has. The reason is, Keithly comes from that state, Nevada being his home town. Keithley is one of our fastest dash men. He runs like a streak of greased lightning. He also runs in the sprint relays. We couldn't do without Keithley.

Roland Keithley  
Dashes

## TRACK

Charles Higgins  
Weights

Higgins is another Missouri man. He comes from Sheldon. He is well qualified to fill the position of tossing the weight. Discus and the shot are his meat, he just eats them up.

Evan, a Tyro man, is still making an excellent showing in the javelin event. He pushed Kuck, Emporia star, for honors in this event. He has thrown the javelin 198 feet, and holds the K. S. T. C. record. He must have received his practice fishing in some wide river.

Evans Travis  
JavelinFloyd Shaw  
Dashes

Floyd Shaw, comes from Winfield. This is his second year with the K. S. T. C. track team. He has a string of records after his name a mile long. He is a sprinter and sprint relay runner. Shaw and Williams, of Emporia, another flash, are great rivals. Shaw is winner and then to be nice he lets Williams win. Nevertheless Shaw will beat him some day for good.

## TRACK

Clem Morgan  
Weights

Morgan comes to us from the West. We like his brand of work. He stars in the throwing of the discus. If height should enhance chances of throwing the discus a long way, Morgan can surely out throw all competitors. Morgan is a sophomore and will probably do some fine work before leaving college.

Herbert Benson  
High Jump

Benson is a two time athlete. Besides his skill in basketball he is also skilled in jumping. Benson is a sophomore and has not had much chance to show up but with that old bull dog determination he has, he will be our star high jumper. He comes from a way out west in Kansas.

Leonard Haws  
Hurdles, High Jump

Oklahoma has also furnished us with material for a winning track team. Leonard Haws comes from Foss, Oklahoma. He is a good track man. He takes the hurdles at a low swinging stride which soon puts him across the tape line. Also Haws can high jump. He clears the bar at a good distance from terra firma.

Max Laffery  
Pole Vault

Max, with the misplaced eyebrow, can rival our best in pole vaulting. He comes from Fredonia. Max makes the third member of the pole vaulting triad. He fills qualifications to belong, being short, willing to work and a high jumper.

## TRACK

Harry Fox  
Middle Distance

Fox is another of these short athletes. Our track team has many short men but they cannot be spared. Fox comes to us from Severy. He is fast and has plenty of endurance.

No, they are only brothers. But boy how they run. James is a worthy running companion for Bill. They run around the track on each others heels for hours at a time, never seeming to tire the least bit. Jimmie's events are distances. He eats up the miles.

James Nicholason  
Distance

Orville Deming  
Low Hurdles

Deming is another Oklahoma man. He jumps the hurdles in a very short time. He threatened the school record with his running. Deming tries hard and we are for him.

A home town man, coming from Pittsburg high. He is a good distance runner and has been showing up well in practice. He will bring honor to our school in the near future.

Robert Poncha

## TRACK

Jean Bennet  
440 Man

Jean is a Kansas product, hailing from Haviland. We like Jean's style of work. He runs the 440 as though he were out for a stroll with some sweet co-ed. He likes to run and we like to see him. He has that determination in him to win or, if he can't win, to come as near winning as possible.

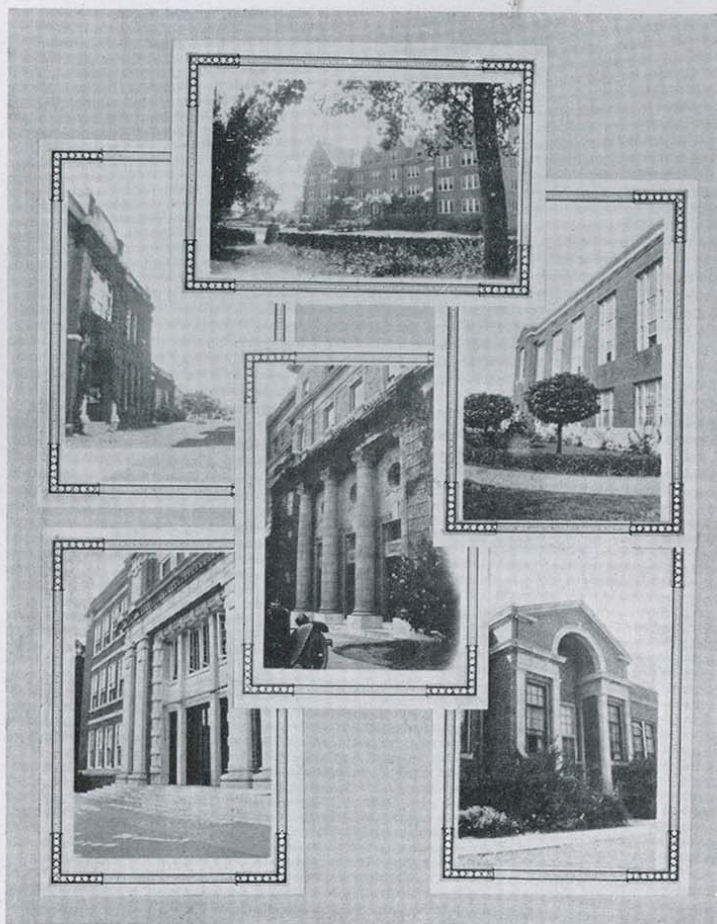

Trout has won a "K" in the half-mile event. Trout is a Pittsburg man and has entered college competition with the same brand of work that made him outstanding in high school athletic circles. He has been doing fine work this year.

Wilma Wiles .....	Secretary-Treasurer
Prof. Straley .....	Sponsor
Eugene Abernathy .....	Reporter
Green and White .....	Class Colors

The Sophomore class, while somewhat small, got into action early and has enjoyed a number of good activities. The class was well represented in both football and basketball. The captain elect for the football team next year—Roland Millard, and the head cheer leader, Harold Gore, are both Sophomores.

Under the leadership of our sponsor and officers we have had a very successful year.

KANZAS

### WE THANK YOU

The Kanza Staff wishes to thank each merchant and business whose ad appears in this, the 1928 Kanza's advertisement directory.

As the College has grown so has the commercial element of the city and has kept pace with the institution. In fact, the local business men have made it possible that the College can grow.

Pittsburg, as well as the teachers college is especially fortunate in having business men so loyal to the worthy causes which they heartily support.

In behalf of these merchants, whose ads appear in this book, the Kanza staff urges that each student on the campus makes these stores his headquarters for such articles as they need while in Pittsburg.

We thank you, merchants of Pittsburg.

Perdue B. Graves,  
Business Manager.

R. Earl Farnsworth,  
Editor.

## BRIEF STATEMENT OF AIMS AND OBJECTIVES OF THE KANSAS STATE TEACHERS COLLEGE

A teachers college is an institution of higher learning with curriculum broad enough, and with scholastic standards high enough to merit the title "college." Not only should it be a college in every sense of the word scholastically, but professionally as well.

A teachers college of today should not be a college bound by out-grown educational traditions; but an institution whose educational cross section is a replica of the social life of the community to be served by its graduates.

As far as possible a teachers college should be a practice school wherein prospective teachers may observe, receive instruction in, and participate in real life processes; a thing which can never be accomplished in any college which isolates itself from the social and occupational processes constituting the social life of the people. The correctness of this statement requires no proof to those who have had experience with, or who have made a careful study of modern educational problems.

The Kansas State Teachers College was established in 1903 in response to the demand arising out of changing conditions—a demand that our public schools provide broader curricula—curricula which would prepare for useful occupations that large per cent of pupils in our public schools who go no farther than the high school. In response to this demand it has become necessary for the Kansas State Teachers College to become in a certain sense, a sort of polytechnical institute, wherein academic, technical, and professional curricula are advantageously articulated and correlated. We believe that the degree of efficiency of any teacher is to be determined by the extent to which he is able "to share" in that which he teaches. We think there is truth in the following statement from Emerson: "No one is worthy to promote the cause of education who is not thoroughly familiar with the life conditions, and the environment where the education he is promoting is to function."

Last, but not least: A college which leaves out of its educational program the deepest concern, and the most adequate provision for the conserving and promotion of christian faith and activity, is a college whose educational program is far from complete.

## DIARY AND CALENDAR

Sept. 11, 1927

Sunday. Everybody is meeting trains, to see who is coming. Free rides and such are surely welcome—must be 100 in the shade.

Sept. 12, Monday

Professors are busy getting students "lined up," and everyone is cussing or discussing the weather. We see some green ones here and there.

Sept. 13, Tuesday

Still hot or hotter, and it is enrollment day. It is the early bird who catches the worm. Clarence Best, sophomore, was first out this year. Good-bye \$22.50.

Sept. 14, Wednesday

To class and we find that the profs are getting stiffer and require more each year. The College Inn is most popular place today.

Sept. 15, Thursday

Money gone already and nothing to show for it but some red suspenders. "Prexy" said he was glad to see me back at chapel, and Jack Keller read the "decree" to the Frosh.

**Sept. 16, Friday**

Suscribed for Collegio enrollment day and got stung. They won't be printed until next week. Y. M. and Y. W. Staggs and Jolly-up were held tonight—some parties.

**Sept. 18, Sunday**

Its cooler.

**Sept. 19, Monday**

Professor said school was to start in earnest today. Poor Earnest. But it rained and turned cool, so let 'er go. Education courses have ceased to be snaps, I hear.

**Sept. 20, Tuesday**

Freshman greeting extended on campus, quite warm. First "Y" meetings. Primary elections for class officers today.

**Sept. 21, Wednesday**

Football men out, with lots of promising material working hard. Have some heavy fellows out and are working hard for the Old Grad game, Saturday, Oct. 1, Yea, Doc, here's wishes for a winning team.

**Sept. 22, Thursday**

Lots happened today. The general election for officers was held. New presidents are soaring among the clouds. Orchestra appeared in chapel today and did fine. Gorillas entertained Kampus Kats, and Tunney whipped Dempsey.

**Sept. 23, Friday**

Collegio came today and had an extra page—gues Derr and Seem are working overtime. The Mixer was well—yes, very well attended this evening and we know exactly how long "Chig" has been weaned from the bottle—he told us.

**Sept. 24, Saturday**

That tennis date is ruined—why must it rain on Saturday. Well, I slept late and studied a little.

**Sept. 25, Sunday**

"Prexy" returned from California, where he was with his sister, Mrs. Ralph Christensen, who was ill.

**Sept. 26, Monday**

More rain and it si cooler. The bright spot we had today when a pretty young thing in a brazen red slicker splashed in and sat down by us in education.

**Sept. 27, Tuesday**

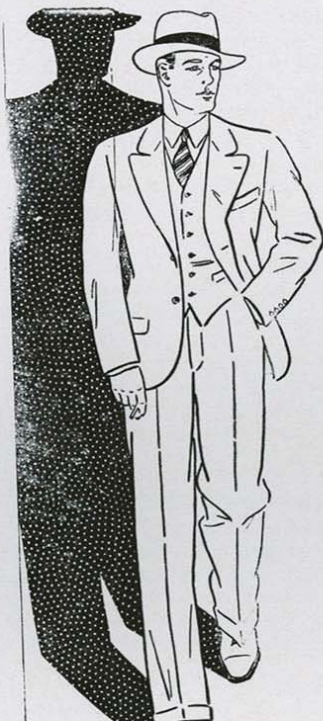

"Y" meetings as usual. Miss Uhland told of being "over there." Special class meetings. Turned cold; going to send home for my "heavies."

**Sept. 28, Wednesday**

Sun shone for the first time this week. The Gorillas had a special meeting and business pertaining to playograph for football was discussed.

KANZA

## For Young Men Who Take Nothing for Granted

On the campus of every college, in the conference rooms of every business house young men are standing up and rejecting time worn ideas. They are going to work things out for themselves,—and those young men of the much abused younger generation are the hope of this nation! To them we dedicate Nottingham Fabrics,—clothes designed without fear of tradition or regard for precedent. You'll want to see the new spring showing,—it's ready now!

### Sept. 29, Friday

Reserves played Pittsburg High and Parsons. Lost to Pittsburg, 6-0, and tied Parsons, 7-7. College High met defeat at Arcadia.

### Oct. 1, Saturday

Old Grads picked a mighty wet day for their game and the result was a 0-0 tie. Did it rain? I wonder. It was great to meet them all again, wasn't it?

### Oct. 2, Sunday

Professor Sholtz died last night.

### Oct. 3, Monday

Gorillas! Are you a Gorilla? I am. And I know how I got that way. Ask any one of the many who joined; they can tell you.

### Oct. 4, Tuesday

Bishop Wise here —joint meeting of the "Y." Kampus Kats are guests of Gorillas at Colonial, seeing "Swim, Girl, Swim."

### Oct. 5, Wednesday

School dismissed from 1 to 3 for Professor Sholtz's funeral. World series is a great attraction for all—who thought Yanks would win, five to four? Industrial Arts society organized and held first regular meeting, and Professor Dickinson made the coffee.

### Oct. 6, Thursday

Special memorial chapel held for Professor Sholtz.

### Oct. 7, Friday

Gorillas broke up classes in afternoon and held special chapel. Marched downtown and raided shows. Faculty reception and all-school party tonight. Let's beat Friends—what do you say, fellows?

### Oct. 8, Saturday

Gorillas pummelled the Quakers good, 32-0. No rain today and game was greatly appreciated.

### Oct. 10, Monday

First regular "Messiah" practice. Gorillas planned trip to Wichita U. game by bus.

### Oct. 11, Tuesday

Dean Mitchell spoke at Y.

### Oct. 13, Thursday

Gorillas have pajama parade and had a great time downtown. What a variety of colored night clothes. Ask Johnnie Nation and Gerald Steele how they sleep.

### Oct. 14, Friday

Gorillas wiped up St. Benedicts, 58-0. More of a track meet than a football game. Wasn't it great to see Arkie gallop down the field. The funeral at night added another corpse to Gorilla graveyard.

### Oct. 17, Monday

Regulation Gorilla sweaters adopted by organization. Soon we will see them around.

We take this opportunity to thank the students of K. S. T. C. for their liberal patronage of this store the past year.

Very truly yours,

COULTER & McGUIRE

#### Nov. 11, Friday

Too bad! Anyway they played a good game. An all school party tonight to arouse our dejected spirits. We had special chapel and parade before game. Doc. Weede is ill.

#### Nov. 14, Sunday

Gorillas plan to have dance next Friday night. Kampus Kats are going to give an outing for Gorillas. It is a cold rainy night.

#### Nov. 16, Wednesday

Again nothing happens but classes.

#### Nov. 17, Thursday

We had a visitor from Oklahoma today. They have to come to a good state once in a while. Kats are taking the Gorillas on an "outing." Rather cold but the Kats always have "hot" affairs.

#### Nov. 18, Friday

The outing was a success—sure. Many went and many thought there were no "eats" but were there? The Gorillas returned the favor by a dance in Carney hall this evening. Alphas and Scimitars have parties, too.

#### Nov. 19, Saturday

Theta Sig formal tonight. Last day for Kanza pictures.

#### Nov. 21, Monday

Drinkwater's "Abraham Lincoln" on campus and so was Jack Keller for the first time since his sickness. Hello Jack.

KANZA

**Nov. 23, Wednesday**

Special chapel today at ten and "Prexy" dismissed classes to catch trains. Everyone thankful. The campus was about deserted at 5 p. m.

**Nov. 28, Monday**

Nothing unusual happened today. Everyone seemed to be pondering over vacation joys. Prof. Pelsma and bride were charivariated at their new spanish home—no luck.

**Nov. 30, Wednesday**

This is the last day of November and nothing worthwhile happened except that the first lasting snow fell this morning. It surely is pretty and part of it stayed on.

**Dec. 1, Thursday**

No chapel today but have the regular assembly tomorrow, when the Board of Regents is to address us on their annual visit.

**Dec. 2, Friday**

No other colors allowed on this campus. Senator Vincent bows to our rule and adopts one of our Freshman caps. Bring your friends back again, Mr. Morgan. All school football party.

**Dec. 3, Saturday**

George Small is busy today. Annual Hi meeting. Went over big. "Hoosier Schoolmaster" well attended.

**Dec. 5, Monday**

Only forty-six reported for basket ball this afternoon. K. S. T. C. under "Jawn's" leadership should have a winning team. Here's luck.

**Dec. 6, Tuesday**

Something unusual—chapel today Y meetings Thursday. Some special visitors—vocational education leaders. Gorillas had their pictures taken for the Kanza. "Chig" is the gorilla and Prexy is the fellow with his hand over his heart.

**Dec. 7, Wednesday**

Doesn't seem to be any news of interest today, except that it is cold. Thermometers varied from two to eight below. Whatever it was, it was enough.

**Dec. 8, Thursday**

Regular "Y" meetings. "Icebound" was given tonight. Miss Reherd surely knows her stuff about directing plays. And it seems that either Catharan Upchurch or Virginia Bailey are leading double lives, or maybe M. A. B. stands for Mechanical Arts Building.

**Dec. 9, Friday**

Special class parties tonight. We see too that the seniors haven't changed or outgrown their kiddish ways. The dormitory has two new Christmas trees and that the Sigma Tau H---- Week is over.

**Dec. 14, Wednesday**

It is nice out today—no rain and a lot warmer. It seems too good to last.

**Dec. 15, Thursday**

Dr. Pyle talked in chapel today. He also spoke at the Industrial Arts Society meeting tonight. Cockerill girls beat Lawton in the College gym.

**Dec. 16, Friday**

The intra-murals are on in full swing. Some one is going to be eliminated. The Pittsburg Senior High School gave a musical program in Carney Hall. The Del-tas gave a Snow Ball in Russ Hall and we know that it was no cold affair.

**Dec. 18, Sunday**

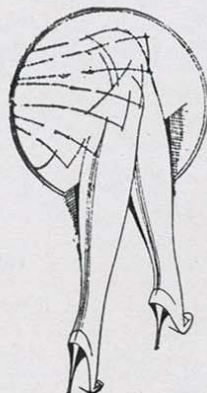

Christmas vespers. We are getting the Christmas Spirit.

**Dec. 19, Monday**

Today is the day to start Christmas off. Tonight the festival chorus and orchestra will give a program in Carney Hall.

**Dec. 20, Tuesday**

The girls in Willard Hall rose early this morning. It was a feature of the Christmas week, in which setting Miss Kase was a prominent figure. She served hot breakfast to all the girls. A Christmas party was held the night before.

### Dec. 21, Wednesday

Tomorrow is the last day of school we  
will have this year. Hurrah! We all  
hate to pay good money to go to school  
and yet we are glad to get vacations.  
What funny people we are.

### Dec. 22, Thursday

Chapel as usual but everyone a little dis-  
appointed because prexy didn't dismiss us  
and that we have to make up two days  
Oh well, we won't mind that during vaca-  
tion.

### Jan. 4, Wednesday

Most everyone got back after the big  
snow and the Christmas holidays. Many  
new ties, handkerchiefs, etc., are in evi-  
dence. We learn with regret that Prof.  
Bowen has broken his leg and will be out  
of school for some time.

### Jan. 5, Thursday

Doc. Weede is back. He was at chapel  
today. The doctor forbids him to exert  
himself so he only made a bow at chapel.  
Saturday school was announced again.

### Jan. 7, Saturday

It isn't so bad to go to school Saturdays  
maybe because we had a short week. Our  
boys beat the alumni in basketball by a  
large score. I guess we are good—better  
each year.

25<sup>th</sup> ANNIVERSARY

## What is Your Idea of A Bank?

A newspaper reporter was asked, "What do people in general think about a bank?"

He said, "Too many people think of a bank as something outside their sphere of living. Men and women who are quite at home in a department or furniture store, in a lawyer's office, the public library or a meat shop, are often not at ease in a bank. They don't think about the bank as simply a part of their community."

The First State Bank has become an institution of this City. We want all our friends to have a sense of ownership in it—we want every person in this district to know that this bank is for his use and that he may ask us for **EVERY BANKING SERVICE** with assurance of the same cheerful response that he expects from the furniture store or the public library.

Test our sincerity.

### Jan. 9, Monday

A short week end we had but that won't last long. But there is nothing unusual today unless it's the weather, which is like spring.

### Jan. 10, Tuesday

Springfield teachers beat us fifty to forty in basketball, which isn't so good. That looks bad for the team. We will see what they can do when they meet Washburn on the home court Tuesday night.

### Jan. 11, Wednesday

The four one-act plays, "Good Medicine," "Where the Whirlwind Blows," "A Woman of Character," and "Matinata," were well given.

### Jan. 12, Thursday

Prof. Pelsma talked in chapel. He had been away to a convention. I hope his young aspirants won't criticize him tomorrow. And we beat Washburn by an awful score—but it was a good game.

### Jan. 13, Friday

Seems as though today should be unlucky but besides having some quizzes there seems to be but little difference.

### Jan. 14, Saturday

Six days of school in a row. Maybe I can get my dates straightened out now. "The Barbarian" was quite a good show. We beat the Catholic Community Club team by an awful score.

**Jan. 16, Monday**

This is the last "blue" Monday of the semester. And it is plenty 'blue.' Too much school on Saturday.

**Jan. 17, Tuesday**

The conducting class gave a recital in Carney Hall this evening. Robert Wilson, state secretary of student Y. M. C. A. was here today.

**Jan. 18, Wednesday**

Wichita U. beat our Gorillas tonight by four points. Too bad! It is the first conference game lost on the home court for some time.

**Jan 19., Thursday**

Prexy announced in chapel today that those too poor to go to school another semester could make "arrangements" with him. Let's go. Senator Vincent was in chapel and spoke a word of greeting.

**Jan. 20, Friday**

The last day of school. "Ain't it a grand 'n glorious feelin'?" The all-school party this evening was well attended. Seemed like everyone was celebrating the semester's close.

**Jan. 21, Saturday**

Movies, and lots of them tonight in Carney hall. Five shows and all different.

### Jan. 23, Monday

Enrollment day again. We will have to eat lightly for the rest of the semester. Springfield brought plenty of rooters for the game tonight but it didn't do them a lot of good for be beat them.

### Jan. 24, Tuesday

First classes today and the professors still tell their stock jokes. Everyone is happy to have a change of schedule. New faces are seen on the campus.

### Jan. 25, Wednesday

Three hour classes met today. A move has been made to limit classes to a working size—according to our instructors. I believe that they are all going to have us work, no matter what the size of the class, from the amount of work assigned.

### Jan. 26, Thursday

The Kanza queen candidates were introduced in chapel today. Some beauties! I wonder who will be "it." Kappa Delta Pi pledged tonight.

### Jan. 27, Friday

Pan-Hellenic party for girls only in the social rooms tonight. I wonder why just girls?

### Jan. 28, Saturday

We beat the Moundbuilders but not as badly as we outplayed them. However, ask fandom if they didn't snap out of it.

## YOUR IMPORTANT LOCAL INDUSTRIES

### J. & P. RAILWAY CO.

There are four basic industries, which have the largest influence in this community. They are (1) The Coal Industry; (2) The Kansas State Teachers College; (3) The Steam Railroad Shops, and (4) The Joplin & Pittsburg Railway.

It is the aim of the management of the Joplin & Pittsburg Railway Company to join in every good movement in the district. The recent editorials in the Headlight and Sun on "Beautifying the City" makes one reflect keenly to the condition of our tracks on Broadway, which are now being rehabilitated, at great expense. New steel is being laid from Twentieth Street to Broadway and Quincy, the entire length of our most important highway. It is absolutely essential that this work be carried forward to bring about the traffic conditions so urgently needed, as is pointed out by certain editorials in the Headlight and Sun.

All possible money that is spent, not only in this rehabilitation, but for maintenance, is spent in Pittsburg, with the object to foster every local industry in every possible way. Every dollar of income is being put into improvements for the betterment of the service, and this will continue, providing full support is given by all good citizens, until the Joplin & Pittsburg Railway will be the most up-to-date railway in this country.

The J. & P.'s 200 employees, which means practically 900 residents of Pittsburg, are dependent on the success or failure of the Company. Last year the pay roll amounted to \$264,000, and, in addition, \$82,000 was spent for materials and supplies, all of which money was distributed to the Pittsburg merchants.

It is our ambition to have the most modern tracks and equipment obtainable. When you use our service, your money will make possible these improvements. The more the service is used, the sooner these improvements can be made.

Ride the cars and by so doing help out the good industry.

### Feb. 2, Thursday

Queens introduced in chapel today and presented gifts. A rope of pearls was given the queen and sterling silver compacts to the maids of honor. Mary Cumiskey won the individual prize, selling near eighty books and the Thetas won the organization prize.

### Feb. 3, Friday

Men's glee club sings in Arma tonight. "Skinner's Dress Suit" at Carney tomorrow night. Hays lost to the Gorillas here, 54 to 17.

### Feb. 6, Monday

We also beat the Hays wrestlers. Our mat prospects are bright.

### Feb. 7, Tuesday

I. G. Wilson speaks to Y. M. C. A. on "Truth Makes You Free." A short playlet was given in the Y. W. C. A. The Zimmer harp trio was well received by those few who attended.

### Feb. 8, Wednesday

Indoor track tryouts were held in the gymnasium today. Winners go to K. C. Indoor meet, Feb. 18.

### Feb. 9, Thursday

Dr. Germaine spoke in chapel today. He used as his subject: "To think, without confusion, clearly." He is a fine speaker. The Hess-Dorn recital is tonight.

## WHY P. & G. BREAD IS BETTER

It is made in an up-to-date, sanitary plant with modern machinery, personal supervision of Pomeroy & Graham with over 22 years experience in baking. Training all our own help, our foremen of cake and bread have been with us over 17 years. We use the best ingredients that can be bought. No smoking allowed in shop or on trucks, dependable service, managed so as to insure fresh bread daily, by clean efficient, honest help, in clean trucks. Our dough room is a cork insulated room built like the best of refrigerators to insure even temperature which insures uniform fermentation, two high speed gluten developer dough mixers make a fine grain, white velvety loaf, plenty of pure lard and sugar used which makes an even brown toast. Wrapped by automatic wrapping machines. We make a bread to suit every taste, Graham, Rye, Life o' Wheat, a pure whole wheat Health bread, Sandwich, Buns, Doughnuts, Cakes, and Pastry, and all kinds of special orders; also do all kinds of fancy or special decorating of cakes.

Bakery always open for inspection, visitors always welcome to every part of the plant, we are always glad to have you come in and see the

## P. & G. BAKERY

Sandusky, Ohio

### Mar. 29, Thursday

Gorilla tracksters preset two silver tro-  
phies in chapel this morning that they  
won while on their trips to Texas and Illi-  
ois. Besides these we hear they brought  
home sixteen watches. Some girl is go-  
ing to be lucky.

### Mar. 30, Friday

Wrestling tournament is now in progress.  
Another feather in the hat of K. S. T. C.

### Mar. 31, Saturday

Douglass, Kansas wrestlers took first  
place in the tournament by winning 19  
points.

### Monday, April 1

Much disappointment felt that April 1  
did not come on a school day.

### Tuesday, Apr. 3

Ho hum! Spring fever is about to get me  
down. Guess I won't keep a diary any  
more. I am getting too lazy to write.  
S'long

The neighbor's kids got hold of my  
diary and swiped a page which was later  
found. Here it tis—a little late, but quite  
as good as ever.

—The Editor.

### Oct. 24, Monday

The Gorillas buried Wichita U. with due  
ceremony at the graveyard. The sexton  
who placed the stone was laboring hard  
in the cinders and finally said, "I wish  
the poor devil had died in wet weather."

### Oct. 25, Tuesday

Revivalists from the Christian church at  
a joint meeting of Y.

### Oct. 26, Wednesday

Sousa is here today—whoopee. I guess  
this is a chance of a life time. The mat-  
inee was well attended by college stu-  
dents and the crowd was enthusiastic.  
Five high school bands played well.

### Oct. 27, Thursday

Prexy announced the vacation to come  
on account of Teacher's meeting. Not  
much happened. Yelled some. Tonight  
the Kampus Kats are going to entertain  
the Gorillas. Wonder what they will do?  
Beat C. of E.

### Oct. 28, Friday

This seems to be a school for girls. Boys  
are at Emporia. All school party to-  
night. Lost to C. of E.

### Oct. 29 Saturday

Douglass MacLean played in "Never Say  
Die" at Carney hall and a good number  
of students attended. This is the first  
free movie of hte year and we hope it  
continues.

## ACKNOWLEDGEMENT

We have tried to present to the school a book of which it might be proud, and how well we have succeeded it is impossible to tell just now.

We hope there are very few mistakes, as the staff has done its best to keep them at a minimum, but we are only human, and all that can be said is that we have done our best.

This book is presented to the student body, the school, and all friends of the school, with the feeling that the wonderful records made by our college in all the fields of its activities during the past year, have, in at least a small way, been preserved for the future students to look back upon, and strive to excell. If this has been done, then we are satisfied; if not, we are sorry, as that was the aim from the beginning.

If you like it, smile. If you don't like it, smile anyway, and hope that the next staff will do better.

The 1928 Kanza staff wish to thank the following persons for their efforts in making this Kanza a success:

R. M. Coffelt.  
O. A. Hankammer.  
Design 5a Class, Related Arts, Home Economics Department,  
under the direction of Miss Mamie W. Engel.

Editor-in-Chief.

PERDUE B. GRAVES,  
Business Manager.

## COLUMBIAN BALLADS

(With apologies to all other sob ballads)

## THE LAST FAREWELL

## I

The long, happy school days were drawing to close  
 Vacation was near at hand,  
 A boy and a girl who were caught in love's throes,  
 Their respective summers had planned;  
 The girl was awaiting, with interest not dim,  
 The new men she soon would meet;  
 Removing the boy's pin, she said to him,  
 In accents soft and sweet:

## Chorus

"Tonight is the night of our last farewell,  
 This is our sad goodbye,  
 When we'll meet again nobody can tell  
 Forgive me, my dear, if I sigh.  
 This pin must return to its owner tonight,  
 I know you will think that I'm right,  
 And though it hurts me,  
 You're better off free!  
 This is my last farewell."

## II

The boy took his pin, stunnedly stared at the ground,  
 Wondering why she'd be free;  
 Why should she want to go shopping around,  
 Thought the boy, "she already had me."  
 Then slowly thoughts came of the maids he had met  
 The summer before at the lake,  
 Of Maisie and Daisy, and sweet Violet,  
 He bravely spoke through his heartbreak:

Chorus, etc.

—Dorothy B. Flanagan.

*Memories Live  
through pictures*

The visual image of these dear spots will recall good times—friendships—loves. Through SWECO master-engraving, each tender memory has been preserved for you. "Your Story in Picture—Leaves Nothing Untold"—should you later have use for engraving, will you not remember kindly—
