SCOPE AND CONTENT NOTE
The Edward J. Roitz Papers consist of correspondence, reports, publications, maps, memos, photographs, newspaper clippings, and miscellaneous materials pertaining to Mr. Roitz’s term in the Kansas State Senate, 1980-1984. The papers are arranged into four series: Correspondence, Resource Files, Subject Files, and Newspaper Clippings.

The Correspondence series is comprised of correspondence arranged chronologically. Included are invitations (social and business) from constituents, constituent organizations and political organizations; various memoranda; and constituent letters dealing either with subjects not included in the separate Subject Files or dealing with several such subjects. These papers may be of interest to social or political historians of the period, as well as those interested in southeastern Kansas history or issues.
The **Resource Files** series is comprised of two files: one containing various maps used by Mr. Roitz and his staff, and the other containing speeches made to constituency groups during Mr. Roitz’s tenure in the Kansas Senate.

The **Subject Files** series is comprised of publications, memoranda, and letters (especially constituent letters) sorted by subject. These subjects were considered of enough importance to merit individual files by Mr. Roitz and his staff. They may be of interest to social or political historians, those interested in specific health or public service issues during Mr. Roitz’s tenure (i.e., Social and Rehabilitation Services, Drunk Driving, Highway 69), and those interested in social, cultural, or historical matters related to southeastern Kansas (i.e., Big Brutus).

The **Newspaper Clippings** files contain newspaper clippings (and copies of clippings) related to Mr. Roitz’s actions in the Kansas Senate and to issues of interest to him.
